

Ravinia State Forest

Property Overview

- Established in 2020
- 1,421 acres
- Located in Morgan County near Paragon, IN
- 17 parking areas
- Hiking trails
- Wildlife viewing opportunities
- Hunting
- No camping

Completed Projects

- As part of the ForestIN program, 30.5 acres of open land was planted to trees. Approximately 38,000 seedlings were planted:
 - Chinkapin oak (4,800)
 - Swamp chestnut oak (4,500)
 - Northern red oak (12,900)
 - White oak (10,400)
 - Bur oak (5,000)
 - Bald cypress (400)

Upcoming Projects

Thanks to a generous donation by Duck Energy the following infrastructure improvements are planned for Ravinia 2021-2022:

- Construction of two (2) shelters for public use
- Road improvements
- Installation of a primitive style restroom (i.e., precast concrete)

Tree Plantings

A couple tree plantings are planned at Ravinia State Forest for 2021. The Division of Forestry, in cooperation with the Natural Resource Foundation, will partner with the following companies to complete these projects:

- Clif Bar Baking Company to plant 10 acres
- Duke Energy Foundation to plant 10 acres.

As with previous plantings, these will focus on planting oaks, which are not regenerating well naturally throughout Indiana.
