# INFORMATION GATHERED FROM HEALTH PROFESSIONALS

# NON-SPECIFIC LICENSURE SURVEY

- Drafted to standardize information collected from new health professionals (those not previously surveyed but licensed by Boards that fall under SEA 223) in following content areas:
  - Labor market indicators
  - Educational background
  - Practice characteristics

  
**INDIANA UNIVERSITY**  
SCHOOL OF MEDICINE  
Bowen Center for Health Workforce Research and Policy

**Generic Licensure Survey Instrument**

These general survey questions were drafted to apply to any license/profession that is newly required to provide the following information related to 2018 SEA 223:

- (1) The practitioner's specialty or field of practice.
- (2) The following concerning the practitioner's current practice:
  - a. The location or address.
  - b. The setting type.
  - c. The average hours worked weekly.
  - d. The health care services provided.
- (3) The practitioner's education background and training.
- (4) For a practitioner that is a prescriber (as defined in IC 25-1-9.5-4), whether the practitioner delivers health care services through telemedicine (as defined in IC 25-1-9.5-6)

The professions likely to be receiving the below drafted survey may include, but not be limited to:

- Acupuncturists
- Anesthesiologist Assistant
- Medical Teaching Permit
- Genetic Counselor
- Diabetes Educator
- Pharmacy Technician
- Etc.

---
