

February 28, 2019

Indiana Department of Workforce Development
Dislocated Worker Unit
10 North Senate Ave.
Indianapolis, IN 46204-2277

Dear Sir or Madam:

This letter will service as notice pursuant to the Worker Adjustment and Retraining Notification Act of 1988 ("WARN"), which requires employers to give notice to the State dislocated worker unit of a pending plant closure.

The Kentuckiana Medical Center ("Hospital"), located at 4601 Medical Plaza Way, Clarksville, Indiana 47126, is expected to permanently close no later than May 1, 2019. In conjunction with this closure, the employment of all Hospital employees will end. These employment terminations are expected to be permanent. While the actual closure date is as yet unknown, Galichia Hospital Group (which employs all non-provider staff at the Hospital) has provided its affected employees with written notice and will ensure that those employees' employment continues through the 60-day notice period as required by WARN. A list of the affected employees' job titles and classifications and the number of affected employees in each classification is attached to this letter.

Employees at the Hospital are not represented by a union, and no bumping rights exist.

Should you have any questions concerning this matter, please contact Michael Phillips, CEO, at 316-641-1560.

Thank You,

Michael Phillips, CEO, Galichia Hospital Group

Galichia Hospital Group LLC
