Public Notice Regarding Renewal of the Community Integration and Habilitation Waiver and Family Supports Waiver

In accordance with public notice requirements established at 42 CFR 441.301 the Indiana Family and Social Service Administration Division of Disabilities and Rehabilitative Services intends to submit a renewal of the Community Integration and Habilitation waiver and a renewal of the Family Supports waiver to the Centers for Medicare and Medicaid Services for consideration. These waiver renewals will allow DDRS to continue providing home and community-based services to individuals who, but for provisions of such services, would require institutional care. The anticipated effective date is April 17,2020.

The FSW and CIH waivers provide Medicaid HCBS services to participants in a range of community settings as an alternative to care in an intermediate care facility individuals with developmental disabilities or related conditions. These waivers serve persons who have a developmental disability, intellectual disability or autism and who have substantial functional limitations, as defined under the paragraph for “Persons with related conditions” in 42 CFR 435.1010. Participants may choose to live in their own home, family home, or community setting appropriate to their needs. Participants develop a Person-Centered/Individualized Support Plan using a person centered planning process guided by an Individualized Support Team. The IST is comprised of the participant, their case manager and anyone else of the participant’s choosing but typically family and/or friends. The DDRS, Bureau of Developmental Disabilities Services has proposed the following changes to be effective with April 17, 2020 renewals:

- Add Environmental Modification as a service option under the FSW, using the same definition and rate methodology as provided under CIH waiver.
- Add Electronic Monitoring as a service option under FSW, using the same definition and rate methodology as provided under CIH waiver.
- Increase the rate for Community Transition on the CIH waiver from \$1,000 to \$2,500.
