

AMENDMENT #2

CONTRACT #00000000000000000000032138

This is an Amendment to the Contract (the "Contract") entered into by and between the **Indiana Family and Social Services Administration, Office of Medicaid Policy and Planning** (the "State") and **MDWISE INC** (the "Contractor") approved by the last State signatory on May 13, 2019.

In consideration of the mutual undertakings and covenants hereinafter set forth, the parties agree as follows:

The Contract for providing risk-based managed care services to Medicaid beneficiaries enrolled in the State of Indiana's Hoosier Healthwise program is hereby amended to update Exhibits 1.A., 2, and 5.A.

Exhibit 1.A, which outlines the Scope of Work, is hereby superseded and replaced by **Exhibit 1.B**, which is attached hereto and incorporated herein.

Exhibit 2, which outlines the Contract Compliance and Pay for Outcomes, is hereby superseded and replaced by **Exhibit 2.A**, which is attached hereto and incorporated herein.

Exhibit 5.A, which lists the State's Capitation Rates, is superseded and replaced by **Exhibit 5.B**, which is attached hereto and incorporated herein.

The consideration of this contract is unchanged. Total remuneration under the Contract is not to exceed **\$1,021,373,336.18**.

All matters set forth in the original Contract and not affected by this Amendment shall remain in full force and effect.

THE REMAINDER OF THIS PAGE HAS INTENTIONALLY BEEN LEFT BLANK

Non-Collusion and Acceptance

The undersigned attests, subject to the penalties for perjury, that the undersigned is the Contractor, or that the undersigned is the properly authorized representative, agent, member or officer of the Contractor. Further, to the undersigned's knowledge, neither the undersigned nor any other member, employee, representative, agent or officer of the Contractor, directly or indirectly, has entered into or been offered any sum of money or other consideration for the execution of this Amendment other than that which appears upon the face hereof. **Furthermore, if the undersigned has knowledge that a state officer, employee, or special state appointee, as those terms are defined in IC § 4-2-6-1, has a financial interest in the Contract, the Contractor attests to compliance with the disclosure requirements in IC § 4-2-6-10.5.**

Agreement to Use Electronic Signatures

I agree, and it is my intent, to sign this Contract by accessing State of Indiana Supplier Portal using the secure password assigned to me and by electronically submitting this Contract to the State of Indiana. I understand that my signing and submitting this Contract in this fashion is the legal equivalent of having placed my handwritten signature on the submitted Contract and this affirmation. I understand and agree that by electronically signing and submitting this Contract in this fashion I am affirming to the truth of the information contained therein. I understand that this Contract will not become binding on the State until it has been approved by the Department of Administration, the State Budget Agency, and the Office of the Attorney General, which approvals will be posted on the Active Contracts Database:

https://hr.gmis.in.gov/psp/paprd/EMPLOYEE/EMPL/h/?tab=PAPP_GUEST

In Witness Whereof, Contractor and the State have, through their duly authorized representatives, entered into this Amendment. The parties, having read and understood the foregoing terms of this Amendment, do by their respective signatures dated below agree to the terms thereof.

SCOPE OF WORK – HOOSIER HEALTHWISE

This Scope of Work is part of a Contract to provide risk-based managed care services to Medicaid beneficiaries enrolled in the State of Indiana's Hoosier Healthwise program. The State is looking to contract on a statewide basis with managed care entities (MCEs) with a demonstrated capacity to actively manage care for this low income population.

Because Hoosier Healthwise is financed in part by federal Medicaid funds, Contractors shall meet all applicable requirements of Medicaid managed care organizations under Section 1903(m) and 1932 of the Social Security Act, as well as the implementing regulations set forth in 42 CFR 438, which defines requirements for Medicaid managed care programs. Contractors shall also ensure that its network providers, including out-of-state providers, enroll in the Indiana Health Coverage Programs (IHCP) before they begin providing health care services to members. Further information about IHCP provider enrollment is located at:

<http://provider.indianamedicaid.com/become-a-provider/ihcp-provider-enrollment-transactions.aspx>

Unless otherwise indicated, the requirements set forth in this Scope of Work apply to the Contractor's responsibilities under the Hoosier Healthwise program.

1.0 Background

The Office of Medicaid Policy and Planning (OMPP) of the Indiana Family and Social Services Administration (FSSA) manages the Hoosier Healthwise program. For purposes of this Scope of Work, the term "FSSA" shall refer to the agency and its divisions, including, but not limited to OMPP. Hoosier Healthwise is a Medicaid program that helps approximately 600,000 Hoosiers.¹ The program's aim is to provide comprehensive health care coverage for Hoosier families.

The State is interested in contracting with MCEs that can perform the administrative functions of a typical insurer, as well as address the unique challenges of low income children and families and can manage and integrate care along the continuum of health care services. Goals for Hoosier Healthwise include:

- Improve health outcomes
- Promote primary and preventive care
- Foster personal responsibility and healthy lifestyles
- Assure the appropriate use of health care services
- Develop informed health care consumers by increasing health literacy and providing price and quality transparency
- Improve access to health care services
- Encourage quality, continuity and appropriateness of medical care
- Deliver coverage cost-effectively
- Identify high risk members and provide effective disease management, care management and complex care management programs for those that would benefit from such services
- Coordinate health and social services
- Integrate physical and behavioral health services
- Develop innovative member and provider incentives
- Use technology to ease administrative burden and help accomplish program goals
- Develop innovative utilization management techniques that incorporate member and provider education to facilitate the right care, at the right time, in the right location
- Emphasize communication and collaboration with network providers, and

¹ The enrollment figures provided in this Scope of Work are current figures only. Enrollment in the Hoosier Healthwise program may increase or decrease in the future based upon federal policies, program priorities, available funding, etc.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Engage in provider and member outreach regarding preventive care, wellness and a holistic approach.

Contractor shall ensure that they follow all program requirements as described in the Hoosier Healthwise MCE Policies and Procedures Manual as updated and amended periodically.

2.0 Managed Care Entity- Contractor Requirements

2.1 State Licensure

Prior to the Contract effective date, and as verified in the readiness review, the Contractor must be:

- An Indiana-licensed accident or sickness insurer; or
- An Indiana-licensed health maintenance organization (HMO).

2.2 National Committee for Quality Assurance (NCQA) Accreditation

As required by IC 12-15-12-21, the Contractor shall be accredited by the National Committee for Quality Assurance (NCQA) on or before the Contract start date. When accreditation standards conflict with the standards set forth in the Contract, the Contract prevails.

2.3 Administrative and Organizational Structure

The Contractor shall maintain an administrative and organizational structure that supports effective and efficient delivery of integrated services to all members in a family. The organizational structure shall demonstrate a coordinated approach to managing the delivery of health care services to its Hoosier Healthwise members. The Contractor's organizational structure shall support collection and integration of data from every aspect of its delivery system and its internal functional units to accurately report the Contractor's performance. The Contractor shall also have policies and procedures in place that support the integration of financial and performance data and comply with all applicable federal and state requirements.

Prior to the Contract effective date, FSSA will provide a series of orientation sessions to assist the Contractor in developing its internal operations to support the requirements of the Contract (i.e., data submission, data transmissions, reporting formats, etc.).

The Contractor shall have in place sufficient administrative and clinical staff and organizational components to comply with all Hoosier Healthwise program requirements and standards. The Contractor shall manage the functional linkage of the following major operational areas:

- Administrative and fiscal management
- Member services
- Provider services
- Marketing
- Provider enrollment
- Network development and management
- Quality management and improvement
- Utilization and care management
- Special investigations and waste, fraud and abuse detection
- Behavioral and physical health
- Information systems
- Performance data reporting and encounter claims submission

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Claims payments
- Grievances and appeals

2.4 Staffing

The Contractor shall have in place sufficient administrative, clinical staff and organizational components to comply with all program requirements and standards. The Contractor shall maintain a high level of Contract performance and data reporting capabilities regardless of staff vacancies or turnover. The Contractor shall have an effective method to address and minimize staff turnover (e.g., cross training, use of temporary staff or consultants, etc.) as well as processes to solicit staff feedback to improve the work environment. These processes will be verified during the readiness review.

The Contractor shall have position descriptions for the positions discussed in this section that include the responsibilities and qualifications of the position such as, but not limited to: education (e.g., high school, college degree or graduate degree), professional credentials (e.g., licensure or certifications), work experience, membership in professional or community associations, etc.

2.4.1 Key Staff

The Contractor shall employ the key staff members listed below. The State requires the Contractor to have key staff members dedicated full-time to the Contractor's Indiana Medicaid product lines. In some instances key staff must be dedicated to Hoosier Healthwise. Contractor must employ sufficient staff to achieve compliance with contractual requirements and performance metrics.

The Contractor shall have an office in the State of Indiana from which, at a minimum, key staff members physically perform the majority of their daily duties and responsibilities, and a major portion of the Contractor's operations take place. The Contractor shall be responsible for all costs related to securing and maintaining the facility for interim start-up support and the subsequent operational facility.

Upon award of the Contract, the Contractor shall deliver the final staffing plan within thirty (30) calendar days after notice of award; such plan will include a resume for each proposed key staff person outlined below for acceptance by FSSA. FSSA reserves the right to approve or disapprove all initial and replacement key staff prior to their assignment to Hoosier Healthwise. FSSA shall have the right to require that the Contractor remove any individual (whether or not key staff) from assignment to the program.

The Contractor shall ensure the location of any staff or operational functions outside of the State of Indiana does not compromise the delivery of integrated services and the seamless experience for members and providers. The Contractor shall be responsible for ensuring all staff functions conducted outside of the State of Indiana are readily reportable to OMPP at all times to ensure such locations does not hinder the State's ability to monitor the Contractor's performance and compliance with Contract requirements. Indiana-based staff shall maintain a full understanding of the operations conducted outside of the State of Indiana, and must be prepared to discuss these operations with OMPP upon request, including during unannounced OMPP site visits.

Except in the circumstance of the unforeseeable loss of a key staff member's services, the Contractor shall provide written notification to OMPP of anticipated vacancies of key staff within five (5) business days of receiving the key staff person's notice to terminate employment or five (5) business days before the vacancy occurs, whichever occurs first.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

At that time, the Contractor shall present OMPP with an interim plan to cover the responsibilities created by the key staff vacancy. Likewise, the Contractor shall notify OMPP in writing within five (5) business days after a candidate's acceptance to fill a key staff position or five (5) business days prior to the candidate's start date, whichever occurs first.

In addition to attendance at vendor meetings, all key staff must be accessible to OMPP and its other program subcontractors via telephone, voicemail and electronic mail systems. As part of its annual and quarterly reporting, the Contractor must submit to OMPP an updated organizational chart including e-mail addresses and phone numbers for key staff.

OMPP reserves the right to interview any prospective candidate and/or approve or deny the individuals filling the key staff positions set forth below. OMPP also reserves the right to require a change in key staff as part of a corrective action plan should performance concerns be identified.

The key staff positions include, but are not limited to:

Chief Executive Officer – The Chief Executive Officer or Executive Director has full and final responsibility for plan management and compliance with all provisions of the Contract.

Chief Financial Officer – The Chief Financial Officer shall oversee the budget and accounting systems of the Contractor for the Hoosier Healthwise program. This Officer shall, at a minimum, be responsible for ensuring that the Contractor meets the State's requirements for financial performance and reporting.

Compliance Officer – The Contractor shall employ a Compliance Officer who is accountable to the Contractor's executive leadership and dedicated full-time to the Contractor's Indiana Medicaid product lines. This individual will be the primary liaison with the State (or its designees) to facilitate communications between OMPP, the State's contractors and the Contractor's executive leadership and staff. This individual shall maintain a current knowledge of federal and state legislation, legislative initiatives and regulations that may impact the Hoosier Healthwise program. It is the responsibility of the Compliance Officer to coordinate reporting to the State as defined in Section 9 and to review the timeliness, accuracy and completeness of reports and data submissions to the State. The Compliance Officer, in close coordination with other key staff, has primary responsibility for ensuring all Contractor functions are in compliance with the terms of the Contract. The Compliance Officer shall meet with the OMPP Surveillance and Utilization Review Unit (SUR) on a quarterly basis.

Information Systems (IS) Coordinator – The Contractor shall employ an IS Coordinator who is dedicated full-time to the Contractor's Indiana Medicaid product lines. This individual will oversee the Contractor's Hoosier Healthwise information system(s) and serve as a liaison between the Contractor and the State fiscal agent or other FSSA contractors regarding encounter claims submissions, capitation payment, member eligibility), enrollment and other data transmission interface and management issues. The IS Coordinator, in close coordination with other key staff, is responsible for ensuring all program data transactions are in compliance with the terms of the Contract. The IS Coordinator is responsible for attendance at all Technical Meetings called by the State. If the IS Coordinator is unable to attend a Technical Meeting, the IS Coordinator shall designate a representative to take his or her place. This representative shall report back to the IS Coordinator on the Technical Meeting's agenda and action items. For more information on the IS program requirements, see Section 8.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Medical Director – The Contractor shall employ the services of a Medical Director who is a licensed Indiana Health Care Provider (IHCP) provider board certified in family medicine or internal medicine. If the Medical Director is not board certified in family medicine, they shall be supported by a clinical team with experience in pediatrics, behavioral health, adult medicine and obstetrics/gynecology. The Medical Director shall be dedicated full-time to the Contractor's Indiana Medicaid product lines. The Medical Director shall oversee the development and implementation of the Contractor's disease management, case management and care management programs; oversee the development of the Contractor's clinical practice guidelines; review any potential quality of care problems; oversee the Contractor's clinical management program and programs that address special needs populations; oversee health screenings; serve as the Contractor's medical professional interface with the Contractor's primary medical providers (PMPs) and specialty providers; and direct the Quality Management and Utilization Management programs, including, but not limited to, monitoring, corrective actions and other quality management, utilization management or program integrity activities. The Medical Director, in close coordination with other key staff, is responsible for ensuring that the medical management and quality management components of the Contractor's operations are in compliance with the terms of the Contract. The Medical Director shall work closely with the Pharmacy Director to ensure compliance with pharmacy-related responsibilities set forth in Section 3.4. The Medical Director shall attend all OMPP quality meetings, including the Quality Strategy Committee meetings. If the Medical Director is unable to attend an OMPP quality meeting, the Medical Director shall designate a representative to take his or her place. Notwithstanding the Medical Director's sending of a representative, the Medical Director shall be responsible for knowing and taking appropriate action on all agenda and action items from all OMPP quality meetings.

Member Services Manager – The Contractor shall employ a Member Services Manager who is dedicated full-time to member services for the Contractor's Indiana Medicaid product lines, which shall be available via the member helpline and the member website, including through a member portal. The Member Services Manager shall, at a minimum, be responsible for directing the activities of the Contractor's member services, including, but not limited to, member helpline telephone performance, member e-mail communications, member education, the member website, member outreach programs, development, approval and distribution of member materials. The Member Services Manager manages the member grievances and appeals process, and works closely with other managers (especially, the Quality Manager, Utilization Manager and Medical Director) and departments to address and resolve member grievances and appeals. The Member Services Manager shall oversee the interface with the Enrollment Broker regarding such issues as member enrollment and disenrollment, member PMP assignments and changes, member eligibility and newborn enrollment activities. The Member Services Manager shall provide an orientation and on-going training for member services helpline representatives, at a minimum, to support accurately informing members of how the Contractor operates, availability of covered services, benefit plans and limitations, health screenings, emergency services, PMP assignment and changes, specialty provider referrals, self-referral services, preventive and enhanced services, well-child services and member grievances and appeals procedures. The Member Services Manager, in close coordination with other key staff, is responsible for ensuring that all of the Contractor's member services operations are in compliance with the terms of the Contract. For more information regarding the member services program requirements, see Section 4.

Provider Services Manager – The Contractor shall employ a Provider Services Manager who is dedicated full-time to the Contractor's Indiana Medicaid product lines. The Provider Services Manager shall, at a minimum, be responsible for the provider

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

services helpline performance, provider recruitment, contracting and credentialing, facilitating the provider claims dispute process, developing and distributing the provider manual and education materials and developing outreach programs. The Provider Services Manager oversees the process of providing information to the State fiscal agent regarding the Contractor's provider network, including PMPs, via Provider Healthcare Portal (Portal). The Provider Services Manager, in close coordination with other key staff, is responsible for ensuring that all of the Contractor's provider services operations are in compliance with the terms of the Contract. For more information regarding the provider services program requirements, see Section 5.

Special Investigation Unit Manager – The Contractor shall employ a Special Investigation Unit (SIU) Manager who is dedicated full-time to the Contractor's Indiana Medicaid product lines. The SIU Manager shall be located in Indiana. The SIU Manager is responsible for directing the activities of Special Investigation Unit staff, attending meetings with FSSA and reducing or eliminating wasteful, fraudulent, or abusive healthcare billings and services. It is the responsibility of the SIU Manager to coordinate the timeliness, accuracy and completeness of all suspected or confirmed instances of waste, fraud and abuse referrals to the OMPP PI Unit. The SIU Manager shall report to the Compliance Officer and meet with the OMPP Program Integrity (OMPP PI) Unit at a minimum of quarterly or more frequently as directed by the OMPP PI Unit. The Special Investigation Unit Manager shall be a subject matter expert in Medicaid program integrity and hold qualifications similar to those of state program integrity unit managers. The SIU Manager shall be required to interview with the OMPP PI Unit prior to obtaining FSSA approval.

Quality Improvement Management Manager – The Contractor shall employ a Quality Improvement Management Manager who is dedicated full-time to the Contractor's Indiana Medicaid product lines. The Quality Improvement Management Manager shall, at a minimum, be responsible for directing the activities of the Contractor's quality management staff in monitoring and auditing the Contractor's health care delivery system, including, but not limited to, internal processes and procedures, provider network(s), service quality and clinical quality. The Quality Improvement Management Manager shall assist the Contractor's Compliance Officer in overseeing the activities of the Contractor's operations to meet the State's goal of providing health care services that improve the health status and health outcomes of Hoosier Healthwise members. For more information regarding the quality management requirements, see Section 6.

Utilization Management Manager – The Contractor shall employ a Utilization Management Manager who is dedicated full-time to the Contractor's Indiana Medicaid product lines. The Utilization Management Manager shall, at a minimum, be responsible for directing the activities of the utilization management staff. With direct supervision by the Medical Director, the Utilization Management Manager shall direct staff performance regarding prior authorization, medical necessity determinations, concurrent review, retrospective review, appropriate utilization of health care services, continuity of care, care coordination and other clinical and medical management programs. The Utilization Management Manager shall work with the Special Investigation Unit (SIU) Manager to assure that service billing and utilization issues are documented and reported to the SIU, and matters requiring SIU review or investigation shall be timely submitted within five (5) business days to enable recovery of overpayments or other appropriate action. For more information regarding the utilization management requirements, see Section 6.

Behavioral Health Manager – The Contractor shall employ a Behavioral Health Manager who is dedicated full-time to the Contractor's Indiana Medicaid product lines. The Behavioral Health Manager is responsible for ensuring that the Contractor's behavioral health operations, which include the operations of any behavioral health

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

subcontractors, are in compliance with the terms of the Contract. The Behavioral Health Manager shall coordinate with all functional areas, including quality management, utilization management, network development and management, provider relations, member outreach and education, member services, contract compliance and reporting. The Behavioral Health Manager shall fully participate in all quality management and improvement activities, including participating in Quality Strategy Committee meetings and in the Mental Health Quality Assurance Committee. The Behavioral Health Manager shall work closely with the Contractor's network development and provider relations staff to develop and maintain the behavioral health network and ensure that it is fully integrated with the physical health provider network. The Behavioral Health Manager shall collaborate with key staff to ensure the coordination of physical and behavioral health care as set forth in Section 3.7 and coordination with Medicaid Rehabilitation Option (MRO) and 1915(i) services as set forth in Sections 3.11.1 and 3.11.2. The Behavioral Health Manager shall work closely with the utilization management staff to monitor behavioral health utilization, especially to identify and address potential behavioral health under- or over-utilization. The Behavioral Health Manager or designee shall be the primary liaison with behavioral health community resources, including Community Mental Health Centers (CMHCs), and be responsible for all reporting related to the Contractor's provision of behavioral health services.

If the Contractor subcontracts with a behavioral health organization (BHO) to provide behavioral health services, the Behavioral Health Manager shall continue to work closely with the Contractor's other managers to provide monitoring and oversight of the BHO and to ensure the BHO's compliance with the Contract. (See Section 2.7 regarding requirements for OMPP's approval of subcontractors.)

Data Compliance Manager. The Contractor shall employ a Data Compliance Manager who is dedicated full-time to the Contractor's Indiana Medicaid product lines. The Data Compliance Manager will provide oversight to ensure the Contractor's Hoosier Healthwise data conform to FSSA and OMPP data standards and policies. The Data Compliance Manager must have extensive experience in managing data quality and data exchange processes, including data integration and data verification. The Data Compliance Manager must also be knowledgeable in health care data and health care data exchange standards. The Data Compliance Manager shall manage data quality, change management and data exchanges with FSSA, OMPP or its designee(s). The Data Compliance Manager shall be responsible for data quality and verification, data delivery, change management processes used for data extract corrections and modification and enforcement of data standards and policies for data exchanges to FSSA and OMPP as defined by the State. The Data Compliance Manager shall coordinate with the State to implement data exchange requirements.

Pharmacy Director. The Contractor shall employ a Pharmacy Director who is an Indiana licensed pharmacist dedicated full-time to the Contractor's Indiana Medicaid product lines. The Pharmacy Director shall oversee all pharmacy benefits under this Contract as outlined in Section 3.4. This individual shall represent the Contractor at all meetings of the State's Drug Utilization Review (DUR) Board meetings and the Mental Health Quality Assurance Committee (MHQAC). If the Contractor subcontracts with a Pharmacy Benefits Manager (PBM) for its Hoosier Healthwise pharmaceutical services, the Pharmacy Director shall be responsible for oversight and Contract compliance of the PBM, including pharmacy audits, as well as any other audits or responses.

Grievance and Appeals Manager. The Contractor shall employ a Grievance and Appeals Manager responsible for managing the Contractor's grievance and appeals process. This individual shall be responsible for ensuring compliance with processing timelines and policy and procedure adherence as outlined in Section 4.9. The Grievance

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

and Appeals Manager shall ensure the Contractor has appropriate representation and/or provides adequate documentation in the event that a member appeals to the State.

Claims Manager. The Contractor shall employ a Claims Manager dedicated full-time to the Contractor's Indiana Medicaid product lines and responsible for ensuring prompt and accurate provider claims processing in accordance with the terms of the Contract. This individual shall work in collaboration with the IS Coordinator to ensure the timely and accurate submission of encounter data as delineated in Section 8.5.

2.4.2 Staff Positions

In addition to the required key staff described in Section 2.4.1, the Contractor shall employ those additional staff necessary to ensure the Contractor's compliance with the State's performance requirements. Suggested staff includes but are not limited to:

Grievance and appeals staff necessary to investigate and coordinate responses to address member and provider grievances and appeals against the Contractor and interface with the OMPP and the FSSA Office of Hearings and Appeals.

Technical support services staff to ensure the timely and efficient maintenance of information technology support services, production of reports, processing of data requests and submission of encounter data.

Quality management staff dedicated to perform quality management and improvement activities, and participate in the Contractor's internal Quality Management and Improvement Committee.

Utilization and medical management staff dedicated to perform utilization management and review activities.

Case managers who provide case management, care management, care coordination and utilization management for high-risk or high-cost members receiving physical health and/or behavioral health services. The case managers must identify the needs and risks of the Contractor's membership, including social barriers; serve as a coordinator to link members to services; and ensure that members receive the appropriate care in the appropriate setting by the appropriate providers.

Member services representatives to coordinate communications between the Contractor and its members; respond to member inquiries; and assist all members regarding issues such as the Contractor's policies, procedures, general operations, benefit coverage and eligibility. Member services staff should have access to real time data for members, including eligibility status, benefit package, balance and transactions, PMP assignments and all service and utilization data. Member services staff shall have the appropriate training and demonstrate full competency before interacting with members.

Member marketing and outreach staff to manage marketing and outreach efforts for the Hoosier Healthwise program.

Special Investigation Unit staff to support the Special Investigation Unit Manager and help review and investigate Contractor's providers and members that are engaging in wasteful, abusive, or fraudulent billing or service utilization. The SIU shall have, at a minimum, one full-time, dedicated staff member for every 100,000 members, excluding the SIU Manager. Accordingly, for example, plans servicing 360,000 members shall have a Special Investigation Unit Manager and 3.6 FTE additional staff. A majority of SIU

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

staff including the SIU Manager shall work in Indiana to enable sufficient onsite audit capability and facilitate in-person meeting attendance as directed by FSSA.

Compliance staff to support the Compliance Officer and help ensure all Contractor functions is in compliance with state and federal laws and regulations, the State's policies and procedures and the terms of the Contract.

Provider representatives to develop the Contractor's network and coordinate communications between the Contractor and contracted and non-contracted providers, paying particular attention to educating and encouraging providers to participate in the Hoosier Healthwise program and other Indiana Medicaid product lines to ensure continuity of care for members transitioning between programs.

Claims processors to process electronic and paper claims in a timely and accurate manner, process claims correction letters, process claims resubmissions and address overall disposition of all claims for the Contractor, per state and federal guidelines, as well as a sufficient number of staff to ensure the submission of timely, complete and accurate encounter claims data.

Member and provider education/outreach staff to promote health-related prevention and wellness education and programs; maintain member and provider awareness of the Contractor's programs, policies and procedures; and identify and address barriers to an effective health care delivery system for the Contractor's members and providers.

Website staff to maintain and update the Contractor's member and provider websites and member portal.

Transition Coordination staff to support and oversee all member transitions in and out of the various benefit plans available in the Contractor's Indiana Medicaid programs, as well as in an out of the Contractor's enrollment. The Transition Coordination staff shall be responsible for ensuring continuity of care and member and provider communication through all benefit plan and MCE transfers.

2.4.3 Training

On an ongoing basis, the Contractor must ensure that each staff person, including members of subcontractors' staff, has appropriate education and experience to fulfill the requirements of their position, as well as ongoing training (e.g., orientation, cultural sensitivity, program updates, clinical protocols, policies and procedures compliance, management information systems, training on fraud and abuse and the False Claims Act, HIPPA, etc.). The Contractor must ensure that all staff members are trained in the major components of the Hoosier Healthwise program. The following staff members shall receive additional training specific to the Hoosier Healthwise program and their roles:

Utilization management staff shall receive ongoing training regarding interpretation and application of the Contractor's utilization management guidelines. The ongoing training shall, at minimum, be conducted on a quarterly basis and as changes to the Contractor's utilization management guidelines and policies and procedures occur.

The State-developed Hoosier Healthwise MCE Policies and Procedures Manual shall be provided to the Contractor's entire staff and shall be incorporated into all training programs for staff responsible for providing services under the Contract. The Contractor shall update its training materials on a regular basis to reflect program changes. The Contractor shall maintain documentation to confirm its internal staff training, curricula, schedules and attendance, and shall provide this information to OMPP upon request and

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

during regular on-site visits. For its utilization management staff the Contractor shall be prepared to provide a written training plan, which shall include dates and subject matter, as well as training materials, upon request by OMPP.

2.4.4 Debarred Individuals

In accordance with 42 CFR 438.610, which prohibits affiliations with individuals debarred by Federal agencies, the Contractor must not knowingly have a relationship with the following:

- An individual who is debarred, suspended or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in non-procurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549, which relates to debarment and suspension
- An individual who is an affiliate, as defined in the Federal Acquisition Regulation, of a person described above

The relationships include directors, officers or partners of the Contractor, persons with beneficial ownership of five percent (5%) or more of the Contractor's equity, or persons with an employment, consulting or other arrangement with the Contractor for the provision of items and services that are significant and material to the Contractor's obligations under the Contract.

In accordance with 42 CFR 438.610, which prohibits affiliations with individuals debarred by Federal agencies, if OMPP finds that the Contractor is in violation of this regulation, OMPP will notify the Secretary of noncompliance and determine if this Contract will be terminated.

The contractor shall have policies and procedures in place to routinely monitor staff positions and subcontractors for individuals debarred or excluded. As part of readiness review, the Contractor shall demonstrate to OMPP that it has mechanisms in place to monitor staff and subcontractors for individuals debarred by Federal agencies.

The Contractor shall be required to disclose to the OMPP PI Unit information required by 42 CFR 455.106 regarding the Contractor's staff and persons with an ownership/controlling interest in the Contractor that have been convicted of a criminal offense related to that persons involvement in Medicare/Medicaid or Title XX programs.

2.5 OMPP Meeting Requirements

FSSA conducts meetings and collaborative workgroups for the Hoosier Healthwise program. The Contractor shall comply with all meeting requirements established by FSSA, and is expected to cooperate with FSSA and/or its contractors in preparing for and participating in these meetings. FSSA reserves the right to cancel any regularly scheduled meetings, change the meeting frequency or format or add meetings to the schedule as it deems necessary.

FSSA reserves the right to meet at least annually with the Contractor's executive leadership to review the Contractor's performance, discuss the Contractor's outstanding or commendable contributions, identify areas for improvement and outline upcoming issues that may impact the Contractor or the Hoosier Healthwise program.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

2.6 Financial Stability

The Contractor shall meet and comply with all requirements located in Title 27, Articles 1 through 15, of the Indiana Code. This includes, but is not limited to, the requirements pertaining to financial solvency, reinsurance and policy contracts, as well as administration of these processes.

FSSA and the Indiana Department of Insurance (IDOI) will monitor the Contractor's financial performance. FSSA will include IDOI findings in their monitoring activities. FSSA shall be copied on required filings with IDOI, and the required filings shall break out financial information for the Hoosier Healthwise line of business separately. The financial performance reporting requirements are listed in Section 9.1 and are further described in the Hoosier Healthwise MCE Reporting Manual, which shall be provided following the Contract award date.

2.6.1 Solvency

The Contractor shall maintain a fiscally solvent operation per federal regulations and IDOI's requirements for a minimum net worth and risk-based capital. The Contractor shall have a process in place to review and authorize contracts established for reinsurance and third party liability, if applicable.

The Contractor shall comply with the federal requirements for protection against insolvency pursuant to 42 CFR 438.116, which sets solvency standards for managed care entities. These requirements provide that, unless the Contractor is a federally qualified HMO (as defined in Section 1310 of the Public Health Service Act), the Contractor shall:

- Provide assurances satisfactory to the State showing that its provision against the risk of insolvency is adequate to ensure that its members will not be liable for the Contractor's debts if the entity becomes insolvent
- Meet the solvency standards established by the State for private health maintenance organizations, or be licensed or certified by the State as a risk-bearing entity

2.6.2 Insurance

The Contractor shall be in compliance with all applicable insurance laws of the State of Indiana and the federal government throughout the term of the Contract. No less than ninety (90) calendar days prior to delivering services under the Contract, the Contractor shall obtain Fidelity Bond or Fidelity Insurance, as defined in IC 27-13-5-2, from an insurance company duly authorized to do business in the State of Indiana.

No less than thirty (30) calendar days before the policy renewal effective date, the Contractor must submit to OMPP its certificate of insurance for each renewal period for review and approval.

2.6.3 Reinsurance

The Contractor shall purchase reinsurance from a commercial reinsurer and shall establish reinsurance agreements meeting the requirements listed below. The Contractor shall submit new policies, renewals or amendments to OMPP for review and approval at least one hundred and twenty (120) calendar days before becoming effective.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Agreements and Coverage
 - The attachment point shall be equal to or less than \$200,000 and shall apply to all services, unless otherwise approved by OMPP. The Contractor electing to establish commercial reinsurance agreements with an attachment point greater than \$200,000 must provide a justification in its proposal or submit justification to OMPP in writing at least one hundred and twenty (120) calendar days prior to the policy renewal date or date of the proposed change. The Contractor must receive approval from OMPP before changing the attachment point.
 - The Contractor's co-insurance responsibilities above the attachment point shall be no greater than twenty percent (20%).
 - Reinsurance agreements shall transfer risk from the Contractor to the reinsurer.
 - The reinsurer's payment to the Contractor shall depend on and vary directly with the amount and timing of claims settled under the reinsured contract. Contractual features that delay timely reimbursement are not acceptable.
 - The Contractor shall maintain a plan acceptable to the IDOI commissioner for continuation of benefits in the event of receivership. The Contractor must finance the greater of \$1,000,000 or total projected costs as calculated by the form set forth in 760 IAC 1-70-8.
 - The Contractor shall obtain continuation of coverage insurance (insolvency insurance) to continue plan benefits for members until the end of the period for which premiums have been paid. This coverage shall extend to members in acute care hospitals or nursing facility settings when the Contractor's insolvency occurs during the member's inpatient stay. The Contractor shall continue to reimburse for its member's care under those circumstances (i.e., inpatient stays) until the member is discharged from the acute care setting or nursing facility.
- Requirements for Reinsurance Companies
 - The Contractor shall submit documentation that the reinsurer follows the National Association of Insurance Commissioners' (NAIC) Reinsurance Accounting Standards.
 - The Contractor shall be required to obtain reinsurance from insurance organizations that have Standard and Poor's claims-paying ability ratings of "AA" or higher and a Moody's bond rating of "A1" or higher, unless otherwise approved by OMPP.
- Subcontractors
 - Subcontractors' reinsurance coverage requirements must be clearly defined in the reinsurance agreement.
 - Subcontractors should be encouraged to obtain their own stop-loss coverage with the above-mentioned terms.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- If subcontractors do not obtain reinsurance on their own, the Contractor is required to forward appropriate recoveries from stop-loss coverage to applicable subcontractors.

2.6.4 Financial Accounting Requirements

The Contractor shall maintain separate accounting records for the Hoosier Healthwise line of business that incorporates performance and financial data of subcontractors, as appropriate, particularly risk-bearing subcontractors. The Contractor's accounting records shall be maintained in accordance with the IDOI requirements. If the Contractor does not provide Hoosier Healthwise-specific information, FSSA may terminate the Contract. The Contractor shall provide documentation that its accounting records are compliant with IDOI standards.

In accordance with 42 CFR 455.100-104, which defines ownership and control percentages and requires disclosure thereof, the Contractor shall notify OMPP of any person or corporation with five percent (5%) or more of ownership or controlling interest in the Contractor and shall submit financial statements for these individuals or corporations. Additionally, annual audits shall include an annual actuarial opinion of the Contractor's incurred but not received claims (IBNR) specific to the Hoosier Healthwise program.

Authorized representatives or agents of the State and the federal government shall have access to the Contractor's accounting records and the accounting records of its subcontractors upon reasonable notice and at reasonable times during the performance and/or retention period of the Contract for purposes of review, analysis, inspection, audit and/or reproduction. In addition, the Contractor shall file with the State Insurance Commissioner the financial and other information required by the IDOI.

Copies of any accounting records pertaining to the Contract shall be made available by the Contractor within ten (10) calendar days of receiving a written request from the State for specified records. If such original documentation is not made available as requested, the Contractor shall provide transportation, lodging and subsistence at no cost, for all state and/or federal representatives to carry out their audit functions at the principal offices of the Contractor or other locations of such records. FSSA, IDOI, OMPP and other state and federal agencies and their respective authorized representatives or agents shall have access to all accounting and financial records of any individual, partnership, firm or corporation insofar as they relate to transactions with any department, board, commission, institution or other state or federal agency connected with the Contract.

The Contractor shall maintain financial records pertaining to the Contract, including all claims records, for three (3) years following the end of the federal fiscal year during which the Contract is terminated, or when all state and federal audits of the Contract have been completed, whichever is later, in accordance with 45 CFR 74.53, which sets retention and access requirements for records. Financial records should address matters of ownership, organization and operation of the Contractor's financial, medical and other record keeping systems. However, accounting records pertaining to the Contract shall be retained until final resolution of all pending audit questions and for one (1) year following the termination of any litigation relating to the Contract if the litigation has not terminated within the three (3) year period.

In addition, OMPP requires Contractors to produce the following financial information, upon request:

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Tangible Net Equity (TNE) or Risk Based Capital at balance sheet date
- Cash and Cash Equivalents
- Claims payment, IBNR, reimbursement, fee for service claims, provider contracts by line of business
- Appropriate insurance coverage for medical malpractice, general liability, property, workers' compensation and fidelity bond, in conformance with state and federal regulations
- Revenue Sufficiency by line of business /group
- Renewal Rates or Proposed Rates by line of business
- Corrective Action Plan Documentation and Implementation
- Financial, Cash Flow and Medical Expense Projections by line of business
- Underwriting Plan and Policy by line of business
- Premium Receivable Analysis by line of business
- Affiliate and Inter-company Receivables
- Current Liability Payables by line of business
- Medical Liabilities by line of business
- Copies of any correspondence to and from the IDOI

2.6.5 Reporting Transactions with Parties of Interest

Any Contractor that is not a federally qualified HMO (as defined in Section 1310 of the Public Health Service Act) shall disclose to OMPP information on certain types of transactions they have with a "party in interest," as defined in the Public Health Service Act. (See §§1903(m)(2)(A)(viii) and 1903(m)(4) of the Social Security Act.) For purposes of this Scope of Work, the following reporting requirements will apply to all Contractors in the same manner that they apply to federally qualified HMOs under the Public Health Service Act.

Definition of a Party in Interest--As defined in §1318(b) of the Public Health Service Act, a party in interest is:

- Any director, officer, partner or employee responsible for management or administration of an HMO; any person who is directly or indirectly the beneficial owner of more than five percent (5%) of the equity of the HMO; any person who is the beneficial owner of a mortgage, deed of trust, note or other interest secured by, and valuing more than five percent (5%) of the HMO; and, in the case of an HMO organized as a nonprofit corporation, an incorporator or member of such corporation under applicable state corporation law;
- Any entity in which a person described in the paragraph above is director or officer; is a partner; has directly or indirectly a beneficial interest of more than five

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

percent (5%) of the equity of the HMO; or has a mortgage, deed of trust, note or other interest valuing more than five percent (5%) of the assets of the HMO;

- Any person directly or indirectly controlling, controlled by or under common control with a HMO; and
- Any spouse, child or parent of an individual described above.

Types of Transactions Which Shall Be Disclosed – Business transactions which shall be disclosed includes:

- Any sale, exchange or lease of any property between the HMO and a party in interest;
- Any lending of money or other extension of credit between the HMO and a party in interest; and
- Any furnishing for consideration of goods, services (including management services) or facilities between the HMO and the party in interest. This does not include salaries paid to employees for services provided in the normal course of their employment.

The information which must be disclosed in the transactions between the Contractor and a party in interest listed above includes:

- The name of the party in interest for each transaction;
- A description of each transaction and the quantity or units involved;
- The accrued dollar value of each transaction during the fiscal year; and
- Justification of the reasonableness of each transaction.

In addition to the above information on business transactions, the Contractor may be required to submit a consolidated financial statement for the Contractor and the party in interest.

If the Contract is an initial contract with FSSA, but the Contractor has operated previously in commercial or Medicare markets, information on business transactions for the entire year preceding the initial contract period shall be disclosed. If the Contract is being renewed or extended, the Contractor shall disclose information on business transactions which occurred during the prior contract period. The business transactions which shall be reported are not limited to transactions related to serving the Medicaid enrollment, that is, all of the Contractor's business transactions shall be reported.

2.6.6 Medical Loss Ratio

In calendar year 2017, the MLR shall be calculated as follows:

On an annual basis the Contractor shall calculate and submit to FSSA its Medical Loss Ratio (MLR), based on standards and forms established by the National Association of Insurance Commissioners (NAIC). A separate MLR shall be calculated for the Contractor's Hoosier Healthwise line of business. The MLR calculations shall be exclusive of any taxes. In addition, the State provides the following clarifications:

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- The MLR calculation shall be performed separately for each MLR reporting year.
- The MLR calculation shall be performed separately for each program. The MLR for the Hoosier Healthwise program shall be calculated separately from other managed care programs.

The Contractor shall maintain, at minimum, a MLR of eighty-five percent (85%) for its Hoosier Healthwise line of business.

The MLR will be calculated exclusive of reimbursement for the health insurance providers' fee (see Section 2.6.7).

The Contractor is required to submit MLR reporting as described in the MCE Reporting Manual for Hoosier Healthwise.

FSSA shall recoup excess capitation paid to the Contractor in the event that the Contractor's MLR, as calculated by FSSA on an annual basis, is less than eighty-five percent (85%) for the Hoosier Healthwise line of business.

Beginning in calendar year 2018, the MLR shall be calculated as follows:

The Contractor shall calculate and submit to FSSA its Medical Loss Ratio (MLR). The calculation must fully comply with 42 CFR 438.8. In addition, the State provides the following clarifications:

- The MLR calculation shall be performed separately for each MLR reporting year.
- The MLR calculation shall be performed separately for each program. The MLR for the Hoosier Healthwise program shall be calculated separately from other managed care programs.
- For each MLR reporting year, a preliminary calculation will be performed with six months of incurred claims run-out, and a final calculation will be performed with 18 months of incurred claims run-out.
- Incurred claims reported in the MLR should relate only to members who were enrolled with the MCE on the date of service, based on data and information available on the reporting date. (Claims for members who were retroactively disenrolled should be recouped from providers and excluded from MLR reporting).
- Under Sub-Capitated or Sub-Contracted arrangements, the MCE may only include amounts actually paid to providers for covered services and supplies as incurred claims. The non-benefit portion of Contract payments should be excluded from incurred claims. The MCE should ensure all subcontracts provide for sufficient transparency to allow for this required reporting.

The Contractor shall maintain, at minimum, a MLR of eighty-five percent (85%) for its Hoosier Healthwise line of business.

The Contractor is required to submit MLR reporting as described in the MCE Reporting Manual for Hoosier Healthwise.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

FSSA shall recoup excess capitation paid to the Contractor in the event that the Contractor's MLR is less than eighty-five percent (85%) for the Hoosier Healthwise line of business.

2.6.7 Health Insurance Providers Fee

Section 9010 of the Patient Protection and Affordable Care Act Pub. L. No. 111-148 (124 Stat. 119 (2010)), as amended by Section 10905 of PPACA, and as further amended by Section 1406 of the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152 (124 Stat. 1029 (2010)) imposes an annual fee on health insurance providers beginning in 2014 ("Annual Fee"). Contractor is responsible for a percentage of the Annual Fee for all health insurance providers as determined by the ratio of Contractor's net written premiums for the preceding year compared to the total net written premiums of all entities subject to the Annual Fee for the same year.

The State shall reimburse the Contractor for the amount of the Annual Fee specifically allocable to the premiums paid during this Contract Term for each calendar year or part thereof, including an adjustment for the full impact of the non-deductibility of the Annual Fee for Federal and state tax purposes, including income and excise taxes ("Contractor's Adjusted Fee"). The Contractor's Adjusted Fee shall be determined based on the final notification of the Annual Fee amount Contractor or Contractor's parent receives from the United States Internal Revenue Service. The State, following its review and acceptance of the Contractor's Adjusted Fee, will retroactively adjust the Contractor's capitation rates to provide reimbursement for the Contractor's Adjusted Fee.

To claim reimbursement for the Contractor's Adjusted Fee the Contractor shall submit a certified copy of its full Annual Fee assessment within sixty (60) days of receipt, together with the allocation of the Annual Fee attributable specifically to its premiums under this Contract. The Contractor shall also submit the calculated adjustment for the impact of non-deductibility of the Annual Fee attributable specifically to its premiums under this Contract, and any other data deemed necessary by the State to validate the reimbursement amount. These materials shall be submitted under the signatures of either its Financial Officer or Executive leadership (e.g., President, Chief Executive Office, Executive Director), certifying the accuracy, truthfulness and completeness of the data provided.

2.7 Subcontracts

The term "subcontract(s)" includes contractual agreements between the Contractor and health care providers or other ancillary medical providers. Additionally, the term "subcontract(s)" includes contracts between the Contractor and another prepaid health plan, physician-hospital organization, any entity that performs delegated activities related to the Contract and any administrative entities not involved in the actual delivery of medical care.

FSSA shall approve all subcontractors and any change in subcontractors or material change as outlined in Section 2.10 to subcontracting arrangements. FSSA may waive its right to review subcontracts and material changes to subcontracts. The State encourages the Contractor to subcontract with entities that are located in the State of Indiana.

According to IC 12-15-30-5, subcontracts, including provider agreements, cannot extend beyond the term of the Contract between the Contractor and the State. A reference to this provision and its requirements shall be included in all provider agreements and subcontracts.

The Contractor is responsible for monitoring and the performance of any obligations that may result from the Contract. Subcontractor agreements do not terminate the legal responsibility

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

of the Contractor to the State to ensure that all activities under the Contract are carried out. The Contractor shall oversee subcontractor activities and submit an annual report on its subcontractors' compliance, corrective actions and outcomes of the Contractor's monitoring activities. The Contractor shall be held accountable for any functions and responsibilities that it delegates.

The Contractor shall provide that all subcontracts with other prepaid health plans, physician hospital-organizations, any other entity that performs delegated activities related to the Contract and any administrative entities not involved in the actual delivery of medical care, indemnify and hold harmless the State of Indiana, its officers and employees from all claims and suits, including court costs, attorney's fees and other expenses, brought because of injuries or damage received or sustained by any person, persons or property that is caused by an act or omission of the Contractor and/or the subcontractors. This indemnification requirement does not extend to the contractual obligations and agreements between the Contractor and health care providers or other ancillary medical providers that have contracted with the Contractor.

The subcontracts shall further provide that the State shall not provide such indemnification to the subcontractor.

Contractors that subcontract with prepaid health plans, physician-hospital organizations or another entity that accepts financial risk for services the Contractor does not directly provide shall monitor the financial stability of subcontractor(s) whose payments are equal to or greater than five percent (5%) of premium/revenue. The Contractor shall obtain the following information from the subcontractor at least quarterly and use it to monitor the subcontractor's performance:

- A statement of revenues and expenses
- A balance sheet
- Cash flows and changes in equity/fund balance
- IBNR estimates

At least annually, the Contractor must obtain the following additional information from the subcontractor and use this information to monitor the subcontractor's performance: audited financial statements including statement of revenues and expenses, balance sheet, cash flows and changes in equity/fund balance and an actuarial opinion of the IBNR estimates. The Contractor shall make these documents available to OMPP upon request and OMPP reserves the right to review these documents during Contractor site visits.

The Contractor shall comply with 42 CFR 438.230 and the following subcontracting requirements:

- The Contractor shall obtain the approval of FSSA before subcontracting any portion of the project's requirements. Subcontractors may include, but are not limited to a transportation broker, behavioral health organizations (BHOs) and Physician Hospital Organizations (PHOs). The Contractor shall give FSSA a written request and submit a draft contract or model provider agreement at least sixty (60) calendar days prior to the use of a subcontractor. If the Contractor makes subsequent changes to the duties included in the subcontractor contract, it shall notify FSSA sixty (60) calendar days prior to the revised contract effective date and submit the amendment for review and approval. FSSA must approve changes in vendors for any previously approved subcontracts.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- The Contractor shall evaluate prospective subcontractors' abilities to perform delegated activities prior to contracting with the subcontractor to perform services associated with the Hoosier Healthwise program.
- The Contractor shall have a written agreement in place that specifies the subcontractor's responsibilities and provides an option for revoking delegation or imposing other sanctions if performance is inadequate. The written agreement shall be in compliance with all the State of Indiana statutes, and will be subject to the provisions thereof. The subcontract cannot extend beyond the term of the State's Contract with the Contractor.
- The Contractor shall collect performance and financial data from its subcontractors and monitor delegated performance on an ongoing basis and conduct formal, periodic and random reviews, as directed by OMPP. The Contractor shall incorporate all subcontractors' data into the Contractor's performance and financial data for a comprehensive evaluation of the Contractor's performance compliance and identify areas for its subcontractors' improvement when appropriate. The Contractor shall take corrective action if deficiencies are identified during the review.
- All subcontractors shall fulfill all state and federal requirements appropriate to the services or activities delegated under the subcontract. In addition, all subcontractors shall fulfill the requirements of the Contract (and any relevant amendments) that are appropriate to any service or activity delegated under the subcontract.
- The Contractor shall submit a plan to the state on how the subcontractor will be monitored for debarred employees.
- The Contractor shall comply with all subcontract requirements specified in 42 CFR 438.230, which contains federal subcontracting requirements. All subcontracts, provider contracts, agreements or other arrangements by which the Contractor intends to deliver services required under the Contract, whether or not characterized as a subcontract under the Contract, are subject to review and approval by FSSA and must be sufficient to assure the fulfillment of the requirements of 42 CFR 434.6, which addresses general requirements for all Medicaid contracts and subcontracts. FSSA may waive its right to review subcontracts, provider contracts, agreements or other arrangements. Such waiver shall not constitute a waiver of any subcontract requirement.

The Contractor must have policies and procedures addressing auditing and monitoring subcontractors' data, data submissions and performance. The Contractor must integrate subcontractors' financial and performance data (as appropriate) into the Contractor's information system to accurately and completely report Contractor performance and confirm contract compliance.

OMPP reserves the right to audit the Contractor's subcontractors' self-reported data and change reporting requirements at any time with reasonable notice. OMPP may require corrective actions and will assess liquidated damages, as specified in Exhibit 2, for non-compliance with reporting requirements and performance standards.

If the Contractor uses subcontractors to provide direct services to members, such as care coordination and/or behavioral health services, the subcontractors shall meet the same requirements as the Contractor, and the Contractor shall demonstrate its oversight and monitoring of the subcontractor's compliance with these requirements. The Contractor shall require subcontractors providing direct services to have quality improvement goals and

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

performance improvement activities specific to the types of services provided by the subcontractors.

While the Contractor may choose to subcontract claims processing functions, or portions of those functions, with a state-approved subcontractor, the Contractor shall demonstrate that the use of such subcontractors is invisible to providers, including out-of-network and self-referral providers, and will not result in confusion to the provider community about where to submit claims for payments. For example, the Contractor may elect to establish one post office box address for submission of all out-of-network provider claims. If different subcontracting organizations are responsible for processing those claims, it is the Contractor's responsibility to ensure that the subcontracting organizations forward claims to the appropriate processing entity. Use of a method such as this will not lengthen the timeliness standards discussed in Section 8.4. In this example, the definition of "date of receipt" is the date of the claim's receipt at the post office box.

2.8 Confidentiality of Member Medical Records and Other Information

The Contractor shall ensure that member medical records, as well as any other health and enrollment information that contains individually identifiable health information, is used and disclosed in accordance with the privacy requirements set forth in the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule (see 45 CFR parts 160 and 164, subparts A and E, which address security and privacy of individually identifiable health information). The Contractor shall also comply with all other applicable state and federal privacy and confidentiality requirements.

2.9 Internet Quorum (IQ) Inquires

The Contractor shall respond to IQ inquiries within the timeframe set forth by FSSA. When forwarding an IQ inquiry to the Contractor for a response, OMPP shall designate that the inquiry is an IQ inquiry and will identify when the Contractor's response is due. IQ inquiries typically include member, provider and other constituent concerns and require a prompt response. Failure by the Contractor to provide a timely and satisfactory response to IQ inquiries will subject Contractor to the liquidated damages set forth in Exhibit 2.

2.10 Material Change

A material change to operations is any change in overall business operations, such as policy, process or protocol which affects, or can reasonably be expected to affect, more than five percent (5%) of the Contractor's membership or provider network.

Prior to implementing a material change in operation, the Contractor shall submit a request to OMPP for review and approval at least sixty (60) calendar days in advance of the effective date of the change. The request shall contain, at minimum, information regarding the nature of the change, the rationale for the change, and the proposed effective date. Contractor may be required, at the direction of OMPP, to communicate material changes to members or providers at least thirty (30) days prior to the effective date of the change. Any member or provider communication material is subject to the review and approval of OMPP in accordance with Section 4.5.

2.11 Future Program Guidance

The State shall make its best efforts to publish a Hoosier Healthwise MCE Policies and Procedures Manual on or before the Contract award date and no later than the Contract start date. In addition to complying with the Hoosier Healthwise MCE Policies and Procedures Manual, the Contractor shall operate in compliance with all future program manuals, guidance

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

and policies and procedures, as well as any amendments thereto. Future modifications that have a significant impact on the Contractor's responsibilities, as set forth in this Scope of Work, will be made through the Contract amendment process.

2.12 Conflict of Interest

The Contractor shall ensure compliance with applicable laws and conflict of interest safeguards in accordance with 42 CFR 438.3(f).

3.0 Covered Benefits and Services

The Contractor shall provide to its Hoosier Healthwise members, at a minimum, all benefits and services deemed "medically reasonable and necessary" and covered by the IHCP, and included in the Indiana Administrative Code and under the Contract with the State. A covered service is considered medically necessary if it meets the definition as set forth in 405 IAC 5-2-17.

The Contractor shall deliver covered services sufficient in amount, duration or scope to reasonably expect that provision of such services would achieve the purpose of the furnished services. Costs for these services are the basis of the Contractor's capitation rate and are, therefore, the responsibility of the Contractor. Coverage may not be arbitrarily denied or reduced and is subject to certain limitations in accordance with CFR 438.210(a)(4), which specifies when Contractors may place appropriate limits on services:

- On the basis of criteria applied under the State plan, such as medical necessity; or
- For the purpose of utilization control, provided the services furnished are sufficient in amount, duration or scope to reasonably be expected to achieve the purpose for which the services are furnished.

3.1 Covered Benefits and Services

Hoosier Healthwise covered services include Medicaid (Package A), Presumptive Eligibility (Package P) and CHIP (Package C) covered services. The Indiana Administrative Code at 407 IAC 3 sets forth the CHIP Package C covered services and the Indiana Administrative Code 405 IAC 5 details the Medicaid covered services. The Indiana Administrative Code at 405 IAC 2-3.2 sets forth the Package P covered services. Exhibit 3 of the Contract provides a general description of the Hoosier Healthwise benefit packages and the services and benefits that are available.

During 2018 Package P members will be transitioned to HIP. Only existing Package P members on 2/1/18 will remain in HHW Package P until determined eligible for Medicaid or the member loses presumptive eligibility coverage.

3.2 Self-referral Services

In accordance with state and federal requirements, the Hoosier Healthwise program includes some benefits and services that are available to members on a self-referral basis. These self-referral services shall not require a referral from the member's PMP or authorization from the Contractor.

The Contractor shall include self-referral providers in its contracted network. The Contractor and its PMPs may direct members to seek the services of the self-referral providers contracted in the Contractor's network. The Contractor cannot require that the members receive such services from network providers.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Hoosier Healthwise members may self-refer to any IHCP provider qualified to provide the service(s). When Hoosier Healthwise members choose to receive self-referral services from IHCP-enrolled self-referral providers who do not have contractual relationships with the Contractor, the Contractor is responsible for payment to these providers up to the applicable benefit limits and at 98% of Indiana Medicaid FFS rates.

Members may not self-refer to a provider who is not enrolled in IHCP.

The following services are considered self-referral services. The Indiana Administrative Code 405 IAC 5 (Hoosier Healthwise) and provides further detail regarding these benefits.

- Chiropractic services may be provided by a licensed chiropractor, enrolled as an Indiana Medicaid provider, when rendered within the scope of the practice of chiropractic as defined in IC 25-10-1-1 and 846 IAC 1-1 who has entered into a provider agreement under IC 12-15-11.
- Eye care services, except surgical services may be provided by any provider licensed under IC 25-22.5 (doctor of medicine or doctor of osteopathy) or IC 25-24 (optometrist) who has entered into a provider agreement under IC 12-15-11.
- Routine Dental services may be provided by any in-network licensed dental provider who has entered into a provider agreement under IC 12-15-11.
- Podiatric services may be provided by any provider licensed under IC 25-22.5 (doctor of medicine or doctor of osteopathy) or IC 25-29 (doctor of podiatric medicine) who has entered into a provider agreement under IC 12-15-11.
- Psychiatric services may be provided by any provider licensed under IC 25-22.5 (doctor of medicine or doctor of osteopathy) who has entered into a provider agreement under IC 12-15-11.
- Family planning services under federal regulation 42 CFR 431.51(b)(2) require a freedom of choice of providers and access to family planning services and supplies. Family planning services are those services provided to individuals of childbearing age to temporarily or permanently prevent or delay pregnancy. Family planning services also include sexually transmitted disease testing. Abortions and abortifacients are not covered family planning services, except as allowable under the federal Hyde Amendment. Members may self-refer to any IHCP provider qualified to provide the family planning service(s), including providers that are not in the Contractor's network. Members may not be restricted in choice of a family planning service provider, so long as the provider is an IHCP provider. The IHCP Provider Manual provides a complete and current list of family planning services.
- Emergency services are covered without the need for prior authorization or the existence of a Contractor contract with the emergency care provider. Emergency services shall be available twenty four (24)-hours-a-day, seven (7)-days-a-week subject to the "prudent layperson" standard of an emergency medical condition, as defined in 42 CFR 438.114, which relates to emergency and post-stabilization services, and IC 12-15-12. See Section 3.6 for more information.
- Urgent care services are covered for members on a self-referral basis. See Section 5.2.13 for specific urgent care network requirements.
- Immunizations are self-referral to any IHCP-enrolled provider. Immunizations are covered regardless of where they are received.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Diabetes self-management services are self-referral if rendered by a self-referral provider. See Section 3.10 for more.
- Behavioral health services are self-referral if rendered by an in-network provider. Members may self-refer, within the Contractor's network, for behavioral health services not provided by a psychiatrist, including mental health, substance abuse and chemical dependency services rendered by mental health specialty providers. The mental health providers to which the member may self-refer within network are:
 - Outpatient mental health clinics;
 - Community mental health centers;
 - Psychologists;
 - Certified psychologists;
 - Health services providers in psychology (HSPPs);
 - Certified social workers;
 - Certified clinical social workers;
 - Psychiatric nurses;
 - Independent practice school psychologists;
 - Advanced practice nurses under IC 25-23-1-1(b)(3), credentialed in psychiatric or mental health nursing by the American Nurses Credentialing Center; and
 - Persons holding a master's degree in social work, marital and family therapy or mental health counseling (under the Clinic Option).

3.3 Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Services

EPSDT is a federally-mandated preventive health care program designed to improve the overall health of Medicaid-eligible infants, children and adolescents from birth to twenty-one (21) years old. HealthWatch is the name of Indiana's EPSDT program. HealthWatch includes all IHCP-covered preventive, diagnostic and treatment services, as well as other prior-authorized treatment services that the screening provider determines to be medically necessary.² In addition, EPSDT services include the provision of medically necessary services to members less than twenty-one (21) years old in institutions of mental disease (IMDs).

The primary goal of HealthWatch is to ensure that children enrolled in IHCP receive age-appropriate comprehensive, preventive services. Early detection and treatment can reduce the risk of more costly treatment or hospitalization resulting from delayed treatment. The Contractor must provide all covered EPSDT services in accordance with 405 IAC 5-15-8. In covering well-child visits, the Contractor shall follow the latest guidance from the American Academy of Pediatrics (AAP). See 405 IAC 5-15-8 and the IHCP HealthWatch EPSDT Provider Manual for details regarding components and further information. The failure to provide covered services as outlined above may subject the Contractor to non-compliance remedies identified in Exhibit 2.

The Contractor shall educate pregnant women and work with prenatal clinics and other providers to educate pregnant women about the importance of EPSDT screenings and encourage them to schedule preventive visits for their infants.

Lead level screening is an important component of HealthWatch. Based on the State's obligation to monitor the Contractor's performance in this area, in accordance with IC-12-15-12-20, OMPP requires Contractors to screen children for lead poisoning. It is a priority for OMPP that all IHCP children between nine (9) months and six (6) years are tested for lead

² For CHIP, coverage of treatment services is limited to the Package C benefit package coverage limitations.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

poisoning and that children with elevated lead levels are identified and receive the recommended follow-up treatment.

3.4 Pharmacy

Prescription drugs are a benefit under the Hoosier Healthwise program to be covered by the Contractor. The Contractor shall support FSSA in promptly responding to public and legislative inquiries involving the design and management of the Contractor's pharmacy benefit. If the Contractor elects to subcontract with a PBM, the Contractor shall ensure compliance with all subcontracting requirements outlined in Section 2.7, including but not limited to conducting regular audits and monitoring of the subcontractor's data and performance, as well as requiring their PBM to conduct regular audits of their pharmacy provider networks.

The Contractor shall not be responsible for member pharmacy claims incurred prior to the effective date of this contract.

The Contractor shall provide a proposal which considers a common or "unified" preferred drug list (PDL) for the pharmacy benefit. Unification of the PDL would include prior authorization (PA), step edit and utilization edit criteria.

The Contractor shall, at the direction of the Secretary, implement specified fee-for-service PDL and/or prior authorization, if unified PDL is not implemented.

The Contractor shall develop an escalation process for specified unique review processes and requests submitted by state or federal legislators, the Governor, the Secretary, news media and/or of a controversial nature.

The Contractor shall assure that all claims (including emergency claims) from a non-IHCP pharmacy will reject. In addition, all claims (except emergency claims) from a non-IHCP prescribing provider will reject.

The Contractor shall provide for ninety (90) days of continuity of care for all pre-existing drug regimens for all new members. This will allow time for the PBM to work with the prescribing provider to negotiate future drug regimens.

The Contractor shall assure proper and complete PBM agent training.

The contractor shall ensure that at all times during the term of this contract its pharmacy benefit fully complies with applicable provisions of IC 12-15-35 and IC 12-15-35.5.

3.4.1 Drug Rebates

The Contractor shall ensure compliance with the requirements under Section 1927 of the Social Security Act. In accordance with the Affordable Care Act, manufacturers that participate in the Medicaid drug rebate program are required to pay rebates for drugs dispensed to individuals enrolled with a Medicaid Managed Care Organization. To facilitate collection of these rebates, FSSA shall include utilization data of Hoosier Healthwise MCEs when requesting quarterly rebates from manufacturers as well as in quarterly utilization reports to the Centers for Medicare and Medicaid Services (CMS). Thus, the Contractor shall timely submit their pharmacy encounter data completely and accurately to the State, in a manner required by the State. The Contractor shall comply with all file layout requirements including, but not limited to, format and naming conventions and submission of paid amounts. The State intends to use and share the

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Contractor paid amount information on the State's pharmacy claim extracts for rebate purposes. Requirements for pharmacy encounter claims are outlined in Section 8.5.

The report will include information on the total number of units of each dosage form, strength and package size by National Drug Code (NDC) of each covered outpatient drug dispensed to Contractor members and such other data that the Secretary of CMS determines necessary for the State to access rebates. This reporting shall include physician-administered drugs. For more information on reporting, please refer to Section 9, as well as the Hoosier Healthwise MCE Reporting Manual.

The Contractor shall comply with 340B-related policies and procedures set forth in IHCP Provider Bulletin BT201754, and any updates thereto. The Contractor shall monitor claims for provider compliance of federal and state billing requirements pertaining to 340B-sourced drugs. The Contractor shall, at the request of the State, require providers to use 340B claims modifiers the State deems necessary to accurately assess rebates.

Additionally, the Contractor shall assist OMPP or the State's PBM Contractor in resolving drug rebate disputes with the manufacturer.

3.4.2 Preferred Drug List and Formulary Requirements

The Contractor shall maintain a preferred drug list (PDL) for the Contractor's Hoosier Healthwise packages.

The Hoosier Healthwise formulary shall support the coverage and non-coverage requirements for legend and non-legend drugs by Indiana Medicaid. More information can be found in 405 IAC 5-24-3, 405 IAC 5-24-4, 405 IAC 5-24-5 and 407 IAC 3-10-1.

Prior to implementing a PDL or formulary, the Contractor shall: (i) submit the PDL or formulary to OMPP for submission to the Drug Utilization and Review (DUR) Board; and (ii) receive approval from OMPP in accordance with IC 12-15-35-46.

At least thirty-five (35) days before the intended implementation date of the PDL and formulary, the Contractor shall submit its proposed PDL and formulary to OMPP. The OMPP shall submit the PDL and formulary to the Drug Utilization Review (DUR) Board for review and recommendation. The Contractor shall be accessible to the DUR Board to respond to any questions regarding the PDL and formulary. The DUR Board will provide a recommendation regarding approval of the PDL and formulary in accordance with the terms of IC 12-15-35-46. OMPP will approve, disapprove or modify the PDL and/or formulary based on the DUR Board's recommendation. The Contractor shall comply with the decision within sixty (60) days after receiving notice of the decision.

The Contractor shall utilize a Pharmacy and Therapeutics Committee which shall meet regularly to make recommendations for changes to the PDL and/or formulary. In accordance with IC 12-15-35-47, prior to removing one (1) or more drugs from the PDL and/or formulary or otherwise placing new PA criteria on one (1) or more drugs, the Contractor shall submit the proposed change to the OMPP which shall forward the proposal to the DUR Board. Such changes shall be submitted at least thirty-five (35) calendar days in advance of the proposed change. The Contractor shall also meet with OMPP staff, as directed by OMPP, to answer questions about the clinical rationale for the proposed change. The DUR Board will provide a recommendation regarding approval of the proposed change to the PDL and/or formulary in accordance with the terms of IC 12-15-35-47. OMPP will approve, disapprove or modify the PDL and/or formulary based on the DUR Board's recommendation. The Contractor is not required to seek approval from the State in order to add a drug to the PDL or formulary; however, the Contractor shall

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

notify the OMPP of any addition to the PDL and/or formulary within thirty (30) days after making the addition.

The PDL and formulary shall be made readily available to providers in the Contractor's network and to members. The PDL and formulary shall be updated to reflect all changes in the status of a drug or addition of new drugs. The Contractor shall also support e-Prescribing technologies to communicate the PDL and formulary to prescribers through electronic medical records (EMRs) and e-Prescribing applications. See Section 3.4.5 for additional requirements on e-Prescribing. Consistent with the requirements of Section 5.7, the Contractor shall develop provider education and outreach aimed at educating providers about the Hoosier Healthwise PDL and formulary as well as the utilization of e-Prescribing technologies to ensure appropriate prescribing for members based on the member's benefit plan.

Assure that non-drug products approved for use in compounding are not subject to rebating manufacturer requirements.

3.4.3 DUR Board Reporting Requirements

In accordance with IC 12-15-35-48, the DUR Board shall review the prescription drug programs of the Contractor at least one (1) time per year. This review shall include, but is not limited to, review of the following:

- An analysis of the single source drugs requiring prior authorization in comparison to other contractor's prescription drug programs in the Hoosier Healthwise program.
- A determination and analysis of the number and the type of drugs subject to a restriction.
- A review of the rationale for the prior authorization of a drug and a restriction on a drug.
- A review of the number of requests a Contractor received for prior authorization, including the number of times prior authorization was approved and disapproved.
- A review of patient and provider satisfaction survey reports and pharmacy-related grievance data for a twelve (12) month period.

The Contractor shall provide OMPP with the information necessary for the DUR Board to conduct this review in the timeframe and format specified by OMPP. In addition to the DUR Board approval, the Contractor shall also seek the advice of the Mental Health Medicaid Quality Advisory Committee, as required in IC 12-15-35.5, prior to implementing a restriction on a mental health drug described in IC 12-15-35.5-3(b).

The Contractor shall supply, on a quarterly basis, a report to the Office and the DUR Board of the number of member days of missed therapy due to prior authorization. The format of this report will be agreed upon by the Contractor, the Office and the DUR Board. In addition, the Contractor shall comply with any additional reporting requests required for submission to the DUR Board. Please refer to the Hoosier Healthwise MCE Reporting Manual for more information on pharmacy reporting requirements.

The Contractor shall provide the DUR Board statistics at the DUR Board's monthly meetings. These statistics may include information on drug utilization or prior authorization reports as requested by the State.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

3.4.4 Dispensing and Monitoring Requirements

The Contractor shall administer pharmacy benefits in accordance with all applicable state and federal laws and regulations. The Contractor shall comply with the requirements of IC 12-15-35.5-3 in establishing prescribing limits to mental health drugs. For any drugs which require prior authorization, the Contractor shall provide a response by telephone or other telecommunication device within twenty-four (24) hours of a request for prior authorization. Additionally, the Contractor shall provide for the dispensing of at least a seventy-two (72) hour supply of a covered outpatient prescription drug in an emergency situation as required under 42 U.S.C 1396r- 8(d)(5)(B). The Contractor shall employ an automated system for approval of a seventy-two (72) hour emergency supply of a restricted drug. The automated system shall allow the pharmacist to dispense the seventy-two (72) hour supply and then follow-up with the Contractor or provider the next business day.

The Contractor, implementing a unified PDL, shall implement prior authorization approved for all plans, by the DUR Board. The Contractor shall participate in the development and recommendation of PA criteria brought before the DUR Board. If it elects to utilize its own PA process, the Contractor may require prior authorization requirements, such as general member information, a justification of need for drug related to the medical needs of the member and a planned course of treatment, if applicable, as related to the number drug provided and duration of treatment. The Contractor will be required to have a process in place to allow drugs that are medically necessary but not included on the formulary to be accessed by members. The Contractor will be required to accept prior authorization requests via telephone, fax, web-based system, or in writing.

The Contractor shall provide online and real-time rules-based point-of-sale (POS) claims processing for pharmacy benefits. The Contractor shall maintain prospective drug utilization review edits and apply these edits at the POS. Independently developed and implemented PA criteria will be displayed, in a common format, alongside fee for service and other Contractor criteria.

Additionally, the Contractor shall implement retrospective drug use review to identify patterns of fraud, abuse, gross overuse, or inappropriate or medically unnecessary care, among physicians, pharmacists and individuals receiving benefits, or associated with specific drugs or groups of drugs.

1. Administration of all criteria, common or independent, shall be performed by the Contractor or its subcontracted PBM. The MCE shall regularly report findings on audits performed and outcomes completed by the PBM on providers;
2. The MCE shall regularly report findings on audits performed and outcomes completed by the MCE on its PBM
3. The MCE shall immediately report, to OMPP,
 - a. claims processing outages experienced by the MCE and/or its PBM
 - b. The MCE shall provide a root cause analysis of the outage to the Office in a timely manner
 - c. Claims processing errors
 - i. The MCE shall provide a root cause analysis of the claims processing error to the Office in a timely manner

The Contractor shall monitor their PBM and report to OMPP when the PBM does not meet the following Service Levels:

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Escalation of requests to the appropriate contact within one business day
- Notification to the requestor of all escalations within one business day
- Provide call logs requested by the Contractor within one business day
- Answer at least 90% of all calls within 30 seconds (“answered” means the call is picked up by a qualified staff person)
- Average hold time shall not exceed 30 seconds
- Resolve all PA requests within 24 hours
- Resolve 95% of all call queries with the first call
- Notification to the Contractor of call breaches or system downtimes within 1 hour

3.4.5 E-Prescribing

The Contractor shall support e-Prescribing services. Much of the e-Prescribing activity is supported by prescribing providers through web and office-based applications or certified electronic health record (EHR) systems to communicate with the pharmacies. When EHR systems are used, the Contractor shall supply the EHR systems with information about member eligibility, patient history and applicable PDL or drug formulary.

The Contractor should consider an automated PA process using a rules-based clinical editing algorithm that integrates paid medical and pharmacy claims.

The Contractor agrees to work with OMPP and the fee for service PBM to transition the pharmacy benefit back to the FFS PBM if OMPP decides to implement the FFS pharmacy benefit for Hoosier Healthwise members.

3.4.6 Required Copayments for Package C Members

As required under 407 IAC 3-10-3, for Package C members only, Contractor shall require copayments in the following amounts for prescription drugs:

- Three dollars (\$3) for generic, compound, and sole source drugs;
- Ten dollars (\$10) for brand name drugs.

Contractor shall require copayments to be paid to providers, who may deny services if member does not make the required copayment.

3.4.7 Carve-Out of Select Drugs

The drugs described in this section are excluded from the Contractor’s capitation rate; these are referred to as “carved-out” drugs. The State’s fiscal agent pays claims for carved-out drugs on a fee-for-service basis for the Contractor’s members. While these drugs are not the financial responsibility of the Contractor, the Contractor shall ensure coordination of all Medicaid covered drugs and implement strategies to prevent duplication and fragmentation of care across the healthcare delivery system.

Select drugs are carved out of the Hoosier Healthwise capitation rates for CY 2018 (full rating period). Below is a list of the drugs that have been carved out:

- Hepatitis C drugs (identified by a GPI-6 of 125350 or 123599)
- Spinraza
- Exondys 51
- Kymriah
- Yescarta
- Luxturna
- Hemlibra

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Vertex cystic fibrosis drugs, including Orkambi, Kalydeco, and Symdeko

Effective May 1, 2018 the state is also carving out hemophilia drugs with drug class ID of 8510 and those drugs with a Generic product indicator (GPI) beginning with 8510.

3.4.8 SUPPORT Act Compliance

In accordance with the federal Substance Use Disorder Prevention That Promotes Opioid Recovery and Treatment for Patients and Communities (SUPPORT) Act, the Contractor shall implement and maintain the following processes and standards by October 1, 2019:

1. Safety edits and claims review automated process for the State-approved maximum daily morphine limitation
2. Safety edits and claims review automated process for the State-approved maximum daily morphine equivalent for treatment of chronic pain
3. Claims review automated process that monitors when a client is concurrently prescribed opioids and benzodiazepines, or is concurrently prescribed opioids and antipsychotics
4. Program to monitor and manage the appropriate use of antipsychotic medications by Medicaid children
5. Process that identifies potential fraud or abuse of controlled substances by Medicaid clients, enrolled prescribers, and enrolled dispensing pharmacies

3.5 Tobacco Dependence Treatment Services

The Contractor shall cover, at minimum, Tobacco Dependence Treatment services as set forth in 405 IAC 5-37. Treatment shall include prescription of any combination of tobacco dependence products and counseling. Providers may prescribe one or more modalities of treatment. Providers shall include counseling in any combination of treatment. Pharmacotherapy treatment for Hoosier Healthwise members shall be included as well.

3.6 Emergency Care

The Contractor shall cover emergency services without the need for prior authorization or the existence of a contract with the emergency care provider. Services for treatment of an emergency medical condition, as defined in 42 CFR 438.114, which relates to emergency and post-stabilization services, and IC 12-15-12 (i.e., subject to the “prudent layperson” standard), shall be available twenty four (24)-hours-a-day, seven (7)-days-a-week.

The Contractor shall cover the medical screening examination, as defined by the Emergency Medical Treatment and Active Labor Act (EMTALA) regulations at 42 CFR 489.24, which sets special responsibilities for hospitals in emergency cases, provided to a member who presents to an emergency department with an emergency medical condition. The Contractor shall also comply with all applicable emergency services requirements specified in IC 12-15-12. The Contractor shall reimburse out-of-network providers at one-hundred percent (100%) of the Medicaid rate unless other payment arrangements are made. The Contractor is required to reimburse for the medical screening examination and facility fee for the screening but is not required to reimburse providers for services rendered in an emergency room for treatment of conditions that do not meet the prudent layperson standard as an emergency medical condition, unless the Contractor authorized this treatment.

In accordance with 42 CFR 438.114, which relates to emergency and post-stabilization services, the Contractor may not determine what constitutes an emergency on the basis of

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

lists of diagnoses or symptoms. The Contractor may not deny payment for treatment obtained when a member had an emergency medical condition, even if the outcomes, in the absence of immediate medical attention, would not have been those specified in the definition of emergency medical condition. The Contractor may not deny or pay less than the allowed amount for the CPT code on the claim without a medical record review. The Contractor shall conduct a prudent layperson review to determine whether an emergency medical condition exists; the reviewer must not have more than a high school education and must not have training in a medical, nursing or social work-related field.

The Contractor is prohibited from refusing to cover emergency services if the emergency room provider, hospital or fiscal agent does not notify the member's PMP or the Contractor of the member's screening and treatment within ten (10) calendar days of presentation for emergency services. The member who has an emergency is not liable for the payment of subsequent screening and treatment that may be needed to diagnose or stabilize the specific condition. The attending emergency physician, or the provider actually treating the member, is responsible for determining when the member is sufficiently stabilized for transfer or discharge. The physician's determination is binding and the Contractor may not challenge the determination.

The Contractor shall comply with policies and procedures set forth the IHCP Provider Bulletin regarding Emergency Room Services Coverage dated May 21, 2009 (BT200913), and any updates thereto. If a prudent layperson review determines the service was not an emergency, the Contractor shall reimburse for physician services billed on a CMS-1500 claim, in accordance with the IHCP Provider Bulletin. The Contractor shall reimburse for facility charges billed on a UB-04 in accordance with the IHCP Provider Bulletin, if a prudent layperson review determines the service was not an emergency.

As part of readiness review, the Contractor shall demonstrate to OMPP that it has the following mechanisms in place to facilitate payment for emergency services and manage emergency room utilization:

- A mechanism in place for a plan provider or Contractor representative to respond within one (1) hour to all emergency room providers twenty four (24) hours-a-day, seven (7) days-a-week. The Contractor will be financially responsible for the post-stabilization services if the Contractor fails to respond to a call from an emergency room provider within one hour.
- A mechanism to track the emergency services notification to the Contractor (by the emergency room provider, hospital, fiscal agent or member's PMP) of a member's presentation for emergency services.
- A mechanism to document a member's PMP's referral to the emergency room and pay claims accordingly.
- A mechanism in place to document a member's referral to the emergency room by the Contractor's 24-Hour Nurse Call Line.
- A mechanism, policies and procedures for conducting prudent layperson reviews.

3.6.1 Post-stabilization

As described in 42 CFR 438.114(e), which relates to coverage and payment of post-stabilization care services, and IC 12-15-12, the Contractor shall cover post-stabilization services related to an emergency medical condition that are provided after a member is stabilized in order to maintain the stabilized condition, or to improve or resolve the

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

member's condition. The Contractor shall demonstrate to OMPP that it has a mechanism in place to be available to all emergency room providers twenty four (24) hours-a-day, seven (7) days-a-week to respond within one hour to an emergency room provider's request for authorization of continued treatment after the Contractor's member has been stabilized and the emergency room provider believes continued treatment is necessary to maintain stabilization.

3.6.2 Emergency Room Services Co-Payment – Hoosier Healthwise

There is no emergency room services co-payment in Hoosier Healthwise.

3.7 Behavioral Health

Behavioral health services, with the exception of Medicaid Rehabilitation Option (MRO) and 1915(i) services, are a covered benefit under the Hoosier Healthwise program. The Contractor shall be responsible for managing and reimbursing all such services in accordance with the requirements in this section. In furnishing behavioral health benefits, including any applicable utilization restrictions, the Contractor shall comply with the Mental Health Parity and Additions Equity Act (MHPAEA). This includes, but is not limited to:

- Ensuring medical management techniques applied to mental health or substance use disorder benefits are comparable to and applied no more stringently than the medical management techniques that are applied to medical and surgical benefits.
- Ensuring compliance with MHPAEA for any benefits offered by the Contractor to members beyond those otherwise specified in this Scope of Work.
- Making the criteria for medical necessity determinations for mental health or substance use disorder benefits available to any current or potential members, or contracting provider upon request.
- Providing the reason for any denial of reimbursement or payment with respect to mental health or substance use disorder benefits to members.
- Providing out-of-network coverage for mental health or substance use disorder benefits when made available for medical and surgical benefits.

The Contractor shall assure that behavioral health services are integrated with physical care services, and that behavioral health services are provided as part of the treatment continuum of care. The Contractor shall develop protocols to:

- Provide care that addresses the needs of members in an integrated way, with attention to the physical health and chronic disease contributions to behavioral health;
- Provide a written plan and evidence of ongoing, increased communication between the PMP, the Contractor and the behavioral health care provider; and
- Coordinate management of utilization of behavioral health care services with MRO and 1915(i) services and services for physical health.

3.7.1 Behavioral Health Care Services

The Contractor shall provide all medically necessary community-based, partial hospital and inpatient hospital behavioral health services as identified in Contract Exhibits 2 and

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

3. Contractors shall pay CMHCs at no less than the Indiana Medicaid FFS rate for any covered non-MRO service that the CMHC provides to members.

The Contractor shall provide behavioral health services through hospitals, offices, clinics, in homes, at school and other locations, as permitted under state and federal law. A full continuum of services, including crisis services, as indicated by the behavioral health care needs of members, shall be available to members, including partial hospitalization services as described in 405IAC 5-20-8.

Behavioral health services codes billed in a primary care setting shall be reviewed for medical necessity and, if appropriate, shall be paid by the Contractor.

The Contractor must allow members to self-refer to any behavioral health care provider in the Contractor's network without a referral from the PMP. Members may also self-refer to any IHCP-enrolled psychiatrist.

3.7.2 Behavioral Health Provider Network

FSSA requires Contractors to develop a sufficient network of behavioral health providers to deliver the full range of behavioral health services. The network shall include psychiatrists, psychologists, clinical social workers and other licensed behavioral health care providers. In addition, Contractors shall provide inpatient care for a full continuum of mental health and substance abuse diagnoses. See Section 5.2.5 for behavioral health network requirements. All services covered under the clinic option shall be delivered by licensed providers, such as psychiatrists and health services providers in psychology, Advanced Practice Nurse or person holding a master's degree in social work, marital and family therapy or mental health counseling.

The Contractor shall train its providers in identifying and treating members with behavioral health disorders, and shall train PMPs and specialists on when and how to refer members for behavioral health treatment. The Contractor shall also train providers in screening and treating individuals who have co-existing mental health and substance abuse disorders. The Contractor is responsible for ensuring that its behavioral health network providers are trained about and are aware of the cultural diversity of its member population and are competent in respectfully and effectively interacting with individuals with varying racial, ethnic and linguistic differences. The Contractor shall provide to OMPP its written training plan, which shall include dates, methods (e.g., seminar, web conference, etc.) and subject matter for training on integration and cultural competency.

Members shall be able to receive timely access to medically necessary behavioral health services. The network shall meet the access requirements specified in Section 5.2.5.

3.7.3 Case Management for Members Receiving Behavioral Health Services

The Contractor shall employ or contract with case managers with training, expertise and experience in providing case management services for members receiving behavioral health services. At a minimum, the Contractor shall provide case management services for any member at risk for inpatient psychiatric or substance abuse hospitalization, and for members discharged from an inpatient psychiatric or substance abuse hospitalization, for no fewer than ninety (90) calendar days following that inpatient hospitalization. Case managers shall contact members during an inpatient hospitalization, or immediately upon receiving notification of a member's inpatient behavioral health hospitalization, and shall schedule an outpatient follow-up appointment to occur no later than seven (7) calendar days following the inpatient behavioral health hospitalization discharge.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Case managers should use the results of health needs screenings and more detailed comprehensive health assessments to identify members in need of case management services. Case managers shall also monitor members receiving behavioral health services who are new to the Contractor's plan to ensure that the member is expediently linked to an appropriate behavioral health provider. The case manager shall monitor whether the member is receiving appropriate services and whether the member is at risk of over- or under-utilizing services. OMPP shall provide access to its web-based interface *CoreMMIS* to allow the Contractor to monitor MRO utilization, which is covered by Medicaid FFS.

Case managers shall regularly and routinely consult with both the member's physical and behavioral health providers to facilitate the sharing of clinical information, and the development and maintenance of a coordinated physical health and behavioral health treatment plan for the member.

In addition, with the appropriate consent, case managers shall notify both PMPs and behavioral health providers when a member is hospitalized or receives emergency treatment for behavioral health issues, including substance abuse. Case managers shall provide this notification within five (5) calendar days of the hospital admission or emergency treatment.

Documentation of case management procedures, contacts, interventions and outcomes shall be made available to OMPP upon request.

3.7.4 Behavioral Health Care Coordination

The Contractor shall ensure the coordination of physical and behavioral health care among all providers treating the member. The Contractor shall coordinate services for individuals with multiple diagnoses of mental illness, substance abuse and physical illness. The Contractor shall have policies and procedures in place to facilitate the reciprocal exchange of health information between physical and behavioral providers treating the member.

The Contractor shall share member medical data with physical and behavioral health providers and coordinate care for all members receiving both physical and behavioral health services, to the extent permitted by law and in accordance with the member's consent, when required. The Contractor shall contractually mandate that its behavioral health care network providers notify the Contractor within five (5) calendar days of the member's visit, and submit information about the treatment plan, the member's diagnosis, medications, and other pertinent information. Disclosure of mental health records by the provider to the Contractor and to the member's physician is permissible under the Health Insurance Portability and Accountability Act (HIPAA) and state law (IC 16-39-2-6(a)) without consent of the patient because it is for treatment. However, consent from the patient is necessary for substance abuse records. The Contractor shall contractually require every network provider, including behavioral health providers, to ask and encourage members to sign a consent that permits release of substance abuse treatment information to the Contractor and to the PMP or behavioral health provider, if applicable.

Contractors shall, on at least a quarterly basis, send a behavioral health profile to the respective PMP. The behavioral health profile lists the physical and behavioral health treatment received by that member during the previous reporting period. Information about substance abuse treatment and HIV/AIDS should only be released if member consent has been obtained.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

For each member receiving behavioral health treatment, the Contractor will contractually require behavioral and physical health providers to document and reciprocally share the following information for that member:

- Primary and secondary diagnoses;
- Findings from assessments;
- Medication prescribed;
- Psychotherapy prescribed; and
- Other relevant information.

Contractors shall, at a minimum, establish referral agreements and liaisons with both contracted and non-contracted CMHCs, and shall provide physical health and other medical information to the appropriate CMHC for every member.

The Contractor shall implement mechanisms to ensure coordination among member's providers. With appropriate consent, the Contractor shall notify behavioral health providers and medical providers when a member is hospitalized or receives emergency treatment for behavioral health issues, including substance abuse. This notice must be provided within five (5) calendar days of the hospital inpatient admission or emergency treatment. The Contractor shall maintain a description of strategies proposed to receive hospital notification of inpatient admissions to facilitate meeting the requirement for example, through the use of incentive programs.

The Contractor shall develop additional mechanisms for facilitating communication between behavioral health and physical health providers to ensure the provision of integrated member care. Incentive programs, case managers, behavioral health profiles, etc. are potential mechanisms to ensure care coordination and the reciprocal exchange of health information between physical and behavioral health providers. The Contractor shall require the behavioral health provider to share clinical information directly with the member's PMP. The Contractor shall evaluate and monitor the effectiveness of its policies and procedures regarding physical and behavioral health coordination and develop and implement mechanisms to improve coordination and continuity of care based on monitoring outcomes.

The Contractor must develop mechanisms for facilitating communication between behavioral health and physical health providers to ensure the provision of integrated member care. The Contractor shall maintain mechanisms for ensuring physical and behavioral health integration and information sharing.

The Contractor shall evaluate and monitor the effectiveness of its policies and procedures regarding physical and behavioral health coordination and develop and implement mechanisms to improve coordination and continuity of care based on monitoring outcomes. Documentation of integration policies and procedures and outcomes data shall be made available to OMPP upon request and at minimum on a semi-annual basis. Additionally, the State is exploring implementation of new initiatives for behavioral and physical health integration for Indiana Medicaid members. The Contractor shall participate in the planning and execution of State-driven integration at the direction of OMPP.

Documentation of integration policies and procedures, contacts, behavioral health profile templates and outcomes data shall be made available to OMPP upon request.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

3.7.5 Behavioral Health Continuity of Care

The Contractor shall utilize behavioral health case managers to monitor the care of members receiving behavioral health services who are new to the Contractor or who are transitioning to another MCE or other treatment provider, to ensure that medical records, treatment plans and other pertinent medical information follows each transitioning member. The Contractor shall notify the receiving MCE or other provider of the member's previous behavioral health treatment, and shall offer to provide to the new provider the member's treatment plan, if available, and consultation with the member's previous treating provider. The Contractor and receiving MCE shall coordinate information regarding prior authorized services for members in transition.

The Contractor shall require, through provider contract provisions, that members receiving inpatient psychiatric services are scheduled for outpatient follow-up and/or continuing treatment prior to discharge. This treatment shall be provided within seven (7) calendar days from the date of the member's discharge. If a member misses an outpatient follow-up or continuing treatment, the Contractor shall ensure that a behavioral health care provider or the Contractor's behavioral health case manager contacts that member within three (3) business days of notification of the missed appointment.

3.7.6 Institution for Mental Disease (IMD)

In accordance with 42 CFR 438.3(e)(2), the Plan may cover services or settings in lieu of services or settings covered under the State Plan, including short-term stays no more than 15 days in a calendar month in an Institution for Mental Disease (IMD) for members ages 21 to 64.

For Indiana Health Coverage Programs (IHCP) members enrolled in Hoosier Healthwise, MCEs can authorize stays in an IMD for mental health, behavioral health and substance use disorder inpatient services in lieu of other settings under the Medicaid State Plan. IHCP will follow the definition in accordance with 42 CFR 435.1010 for establishing eligible IMD providers. Identified providers will be provided to the MCE. The Plan may not require or create incentives for the member to receive services in an IMD versus a setting covered under the State Plan.

In accordance with 42 CFR 435.1010, an IMD "means a hospital, nursing facility, or other institution of more than 16 beds that is primarily engaged in providing diagnosis, treatment or care of persons with mental diseases, including medical attention, nursing care and related services. Whether an institution is an institution for mental diseases is determined by its overall character as that of a facility established and maintained primarily for the care and treatment of individuals with mental diseases, whether or not it is licensed as such. An institution for Individuals with Intellectual Disabilities is not an institution for mental diseases." This may include a hospital providing psychiatric or substance use disorder inpatient care or a sub-acute facility providing psychiatric or substance use disorder crisis residential services.

If the member's IMD stay exceeds 15 days in a calendar month and the member has been ordered to a state operated facility for treatment but is awaiting placement in a state hospital, the member will be disenrolled from the Plan and enrolled in fee-for-service. The Plan shall ensure the member is properly transitioned and there is not a break in coverage.

For stays exceeding 15 days in a calendar month where the member is not awaiting placement in a state hospital, the member will remain enrolled in the Plan and the Plan will continue to provide care coordination services and reimburse all covered services.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Additionally, for these stays, the State shall recover the entire monthly capitation payment for the member.

The Plan must submit data related to IMD stays as outlined in the MCE Reporting Manual.

The proposed services and settings will be reimbursable and subject to the requirements contained in 42 CFR part 438.

3.8 Disease Management

The Contractor shall offer, at minimum, asthma, depression, pregnancy, ADHD, autism/pervasive developmental disorder, COPD, coronary artery disease, chronic kidney disease, congestive heart failure, HIV, Hepatitis C and diabetes disease management programs for eligible Hoosier Healthwise members. Members with excessive utilization or under-utilization for conditions other than those listed shall also be eligible for the disease management services described in this section. Members with these conditions should be identified through the health needs screening tool described in Section 4.2.3 and by identification of conditions based on claims.

The Contractor shall make a spectrum of disease management tools available to the population, including population-based interventions, care management and complex case management, as described below. All care and case management programs should identify psychosocial issues of the members that may contribute to poor health outcomes and provide appropriate support services for addressing such issues.

The Contractor shall submit quarterly reports to OMPP regarding the selection criteria, strategies, outcomes and efficacy of these and any other disease management programs offered by the Contractor. The quarterly reports shall include participation rates and utilization and cost statistics of both total members enrolled in the disease management programs. All disease management programs must encourage compliance with national care guidelines (e.g., American Diabetic Association) and incentivize healthy member behaviors. All members shall be sent population-based disease management materials (e.g., educational fliers, screening reminders, etc.). OMPP believes that the Contractor's disease management programs will serve as a critical area for pursuing continuous innovation in improving member health status, and disease management programs may be subject to onsite visits or external quality reviews.

OMPP reserves the right to require the Contractor to have disease management programs for additional conditions in the future. OMPP will provide three (3) months advance notice to the Contractor if OMPP decides to add new diseases to the disease management program requirements.

The Contractor is encouraged to offer additional disease management programs beyond those required in the Scope of Work. If the Contractor provides additional disease management programs, the Contractor shall also provide annual updates to OMPP documenting the strategies, outcomes and efficacy of the additional disease management programs.

OMPP reserves the right to examine the Contractor's disease management programs at any time, including during the proposal review process, prior to Contract execution, during the readiness review and during the term of the Contract.

Disease management consists of three levels of Contractor-member interaction, including population-based interventions, care management and complex case management. For the

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

purpose of this Contract, the term care coordination will serve as a global reference for case management, care management, complex case management or any other term referencing the organization, synchronization and/or management of health care services for the benefit of the member. Similarly, the term care manager is used for ease to describe the staff person performing the functions of disease management, case management, care management, or complex case management when organizing, synchronizing and/or managing health care services for the benefit of the member.

Members served in the Contractor's disease management, care management and complex case management services may require additional resources to meet their biopsychosocial needs. To meet these needs, the Contractor shall make every effort to assist members in navigating community resources and linking members with community based services such as Connect2Help211, food pantries, housing and housing supports, legal, employment and disaster services.

3.8.1 Population-Based Interventions

The Contractor shall engage members with the conditions of interest or the parents of children with conditions of interest through disease specific and preventive care population-based interventions including educational materials and appointment and preventive care reminders. All pregnant members shall receive standard pregnancy care educational materials, OMPP-approved tobacco cessation materials and access information for 24-Hour Nurse Call Lines. Any given member may be eligible for more than one condition. Materials should be delivered through postal and electronic direct-to-consumer contacts, including Interactive Voice Recordings (IVR), as well as web-based education materials inclusive of clinical practice guidelines. Materials shall be developed at the fifth grade reading level. All members with the conditions of interest shall receive materials no less than bi-annually. The Contractor shall document the number of persons with conditions of interest, mailings and website hits.

3.8.2 Care Management

The Contractor's protocol for referring members to care management shall be reviewed by OMPP and shall be based on identification through the health needs screening or when the claims history suggests need for intervention. In addition to population-based disease management educational materials and reminders, these members should receive more intensive services. Members with newly diagnosed conditions, increasing health services or emergency services utilization, evidence of pharmacy non-compliance for chronic conditions and identification of special health care needs should be strongly considered for case management. Care management services include direct consumer contacts in order to assist members with scheduling, location of specialists and specialty services, transportation needs, 24-Hour Nurse Line, general preventive (e.g. mammography) and disease specific reminders (e.g. Hgb A1C), pharmacy refill reminders, tobacco cessation and education regarding use of primary care and emergency services.

The Contractor shall make every effort to contact members in care management telephonically. Materials should also be delivered through postal and electronic direct-to-consumer contacts, as well as web-based education materials inclusive of clinical practice guidelines. Materials shall be developed at the fifth grade reading level. All members with the conditions of interest shall receive materials no less than quarterly. The Contractor shall document the number of persons with conditions of interest, outbound telephone calls, telephone contacts, category of intervention, intervention delivered, mailings and website hits. Care management shall be coordinated with the

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Right Choices Program for members qualifying for the Right Choices Program. However, the Right Choices Program is not a replacement for care management.

3.8.3 Complex Case Management

The Contractor's protocol for referring members to complex case management shall be reviewed by OMPP and shall be based on member needs identified through the health needs screening as having special care needs, a condition of interest named above and/or a chronic or co-morbid disease utilization history that indicates the need for real-time, proactive intervention. Persons with clinical medical training shall be required to develop the member's care plan. The Medical Director shall be available to consult with the clinicians on the case management team as needed to develop the care plans for high risk cases. Care plans developed by the Contractor shall include clearly stated health care goals to address the medical, social, educational, and other services needed by the individual and defined milestones to document progress, clearly defined accountability and responsibility and timely, thorough review with appropriate corrections ("course changes") as indicated. The Contractor's case management services and care plan development shall involve the active management of the member and his/her group of health care providers, including physicians, medical equipment, transportation and pharmacy to help link the member with providers or programs capable of helping the member achieve the defined goals of the care plan. The member's health care providers shall be included in the development and execution of member care plans. Care plans and care management shall take into account co-morbidities being jointly managed and executed, as separate care plans for each medical problem in the same member may fragment care and add to the potential of missing interactive factors.

The Contractor shall contact members telephonically and in-person as indicated by their need. Case managers should engage in care conferences with the member's health care providers, as necessary. Members shall receive the same educational materials delivered to those persons receiving case management including direct consumer contacts in order to assist members with scheduling, location of specialists and specialty services, transportation needs, 24-Hour Nurse Call Line, general preventive (e.g. mammography) and disease specific reminders (e.g. Hgb A1C), pharmacy refill reminders, tobacco cessation and education regarding use of primary care and emergency services. Materials can be delivered through postal and electronic direct-to-consumer contacts, as well as web-based education materials inclusive of clinical practice guidelines. Materials shall be developed at the fifth grade reading level. The Contractor shall document the number of persons with conditions of interest, outbound telephone calls to providers and members, telephone contacts to members and providers, category of intervention, intervention delivered, mailings and website hits. Utilization statistics on hospitalizations, emergency services, primary care and specialty care should be documented and trended from baseline. The Contractor's case management services shall be coordinated with the Right Choices Program for members qualifying for the Right Choices Program. However, the Right Choices Program shall not be considered a replacement for care management or complex case management.

3.9 24-hour Nurse Call Line

The Contractor shall provide nurse triage telephone services for members to receive medical advice twenty-four (24) hours-a-day/seven (7)-days-a-week from trained medical professionals. The twenty four (24)-hour Nurse Call Line should be well publicized and designed as a resource to members to help discourage inappropriate emergency room use, particularly for members in disease management. The 24-hour Nurse Call Line may share location information of nearby urgent care clinics. The 24-hour Nurse Call Line shall have a system in place to communicate all issues with the member's PMP.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

3.10 Other Covered Benefits and Services

In addition to the benefits and services listed above, the Contractor shall also cover the following:

- **Diabetes self-management services** when the member obtains the services from IHCP self-referral providers. However, IC 27-8-14.5-6 also provides that coverage for diabetes self-management is subject to the requirements of the insurance plan (i.e., Contractor) when a member seeks diabetes self-management services from providers other than providers designated as IHCP self-referral providers. The statute also recognizes that eye care and podiatry, which may include diabetes self-management services, are self-referral services. The Contractor may direct its members to providers in the Contractor's network for diabetes self-management services. However, the Contractor shall cover diabetes self-management services if the member chooses an IHCP self-referral provider outside the Contractor's network.
- The Contractor shall provide **prenatal care programs** targeted to avert untoward outcomes in high-risk pregnancies.
- The Contractor shall provide postpartum care, **newborn health care, and parenting education**.
- The Contractor shall provide **Diabetic Supplies Coverage**. The Contractor shall cover diabetic supplies in alignment with FSSA's Preferred Diabetic Supply List (PDSL). The Contractor shall configure its claims payment system to approve the diabetic supplies of FSSA's contracted preferred vendors to supply blood glucose monitors and diabetic test strips for all IHCP enrollees. The Contractor shall adjudicate diabetic supplies through their PBM's point of sale system to ensure that NDCs are on the claim. The Contractor shall require prior authorization for all blood glucose monitors and diabetic test strips not on the PDSL.

3.11 Carved-out Services

Some services are not included in the Contractor's capitation rates for the Hoosier Healthwise populations and, therefore, are not the responsibility of the Contractor. These services are referred to as "carved-out" services. The State fiscal agent pays on a FFS basis for carved-out services rendered to the Contractor's members. However, under some circumstances, services related to the carved-out services are the responsibility of the Contractor for reimbursement.

Listed below are the carved-out services in the Hoosier Healthwise program and the conditions under which related services are the Contractor's responsibility. The Hoosier Healthwise MCE Policies and Procedures Manual describes these carved-out services in greater detail.

3.11.1 Medicaid Rehabilitation Option (MRO) Services

The Contractor is not responsible for claims reimbursement for such services. However, the Contractor is responsible for ensuring care coordination, as described in Section 3.7.4, with physical and other behavioral health services for individuals receiving MRO services. See the Provider Reference Module Medicaid Rehabilitation Option Services for specific codes for MRO services.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

3.11.2 1915(i) State Plan Home and Community-Based Services

The State has three (3) 1915(i) State Plan Home and Community-Based services programs: Behavioral and Primary Healthcare Coordination (BPHC), Adult Mental Health and Habilitation (AMHH) and Children's Mental Health Wraparound (CMHW). These services are carved-out of the Contractor's financial responsibility. The Contractor shall coordinate with 1915(i) services to prevent duplication and fragmentation of services. A listing of carved-out 1915(i) services is provided in the Provider Reference Module Medicaid Rehabilitation Option Services.

3.11.3 Individualized Family Services Plan (IFSP) services

IFSP services provided to Hoosier Healthwise members under the FSSA FirstSteps program are carved-out from the Contractor's responsibility. However, the Contractor should provide care coordination to these special needs children.

3.11.4 Individualized Education Plan (IEP) services

IEP services provided to Hoosier Healthwise members by a school are carved-out from the Contractor's responsibility. However, the Contractor should communicate and coordinate with the school to ensure continuity of care and avoid duplication of services.

3.12 Excluded Services

The Hoosier Healthwise program exclude some benefits from coverage under managed care. These benefits are available under traditional Medicaid or other waiver programs and are therefore excluded from the programs as described below. A member who is, or will be, receiving excluded services must be disenrolled from managed care in order to be eligible for the services. The Contractor is responsible for the member's care until the member is disenrolled from the plan unless stated otherwise. The Hoosier Healthwise MCE Policies and Procedures Manual describe member disenrollment in greater detail.

Listed below are the services excluded from the Hoosier Healthwise program.

3.12.1 Long-Term Institutional Care

Package A members requiring long-term care in a nursing facility or Intermediate Care Facility for the Mentally Retarded (ICF/MR) must be disenrolled from the Hoosier Healthwise program and converted to fee-for-service eligibility in the IHCP. Before the nursing facility can be reimbursed by IHCP for the care provided, the nursing facility must request a Pre-Admission Screening Resident Review (PASRR) for nursing facility placement. The State must then approve the PASRR request, designate the appropriate level of care in *CoreMMIS* and disenroll the member from Hoosier Healthwise. The Contractor must coordinate care for its members that are transitioning into long-term care by working with the facility to ensure timely submission of the request for a PASRR, as described in the IHCP Provider Manual. The Contractor is responsible for payment for up to sixty (60) calendar days for its members placed in a long-term care facility while the level of care determination is pending.

However, the Contractor may obtain services for its members in a nursing facility setting on a short-term basis, i.e., for fewer than thirty (30) calendar days. This may occur if this setting is more cost-effective than other options and the member can obtain the care and services needed in the nursing facility. The Contractor may negotiate rates for reimbursing the nursing facilities for these short-term stays. If a member admitted to a nursing facility for a short-term stay remains in the nursing facility for more than thirty (30)

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

days, the Contractor shall notify the State or its designee, in the timeframe and format required by FSSA. The Contractor may request disenrollment of a member in these cases.

3.12.2 Hospice

Hospice care is not covered under the Hoosier Healthwise program; however, terminally ill members may qualify for hospice care under the fee-for-service Medicaid program once they are disenrolled from Hoosier Healthwise. The hospice provider can submit a hospice election form for the member to the IHCP Prior Authorization Unit. The IHCP Prior Authorization Unit will then initiate the disenrollment of the member from managed care and facilitate hospice coverage. The Contractor must coordinate care for its members that are transitioning into hospice by providing to an IHCP hospice provider any information required to complete the hospice election form for the Contractor's terminally ill members desiring hospice, as described in the IHCP Hospice Provider Manual.

3.12.3 1915(c) Home-and-Community-Based Services (HCBS) Waiver

Home- and community-based waiver services are also excluded from the Hoosier Healthwise program. Similar to the situations described above, members who have been approved for these waiver services must be disenrolled from managed care and the Contractor must coordinate care for its members that are transitioning into a HCBS waiver program until the disenrollment from Hoosier Healthwise is effective.

3.12.4 Psychiatric Treatment in a State Hospital

Hoosier Healthwise members receiving psychiatric treatment in a state hospital will be disenrolled from Hoosier Healthwise.

3.12.5 Psychiatric Residential Treatment Facility (PRTF) Services

Unless covered by an EPSDT exception, members receiving treatment in a psychiatric residential treatment facility (PRTF) are not the Contractor's responsibility and will be disenrolled from Hoosier Healthwise.

3.13 Continuity of Care

OMPP is committed to providing continuity of care for members as they transition between various IHCP programs and the Contractor's enrollment. The Contractor shall have mechanisms in place to ensure the continuity of care and coordination of medically necessary health care services for its Hoosier Healthwise members. The State emphasizes several critically important areas where the Contractor shall address continuity of care. Critical continuity of care areas include, but are not limited to:

- Transitions for members receiving HIV, Hepatitis C and/or behavioral health services, especially for those members who have received prior authorization from their previous MCE or through fee-for-service;
- Transitions for members who are pregnant;
- A member's transition into the Hoosier Healthwise program from traditional fee-for-service or HIP;
- A member's transition between MCEs, particularly during an inpatient stay;

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- A member's transition between IHCP programs, Members exiting the Hoosier Healthwise program to receive excluded services;
- A member's exiting the Hoosier Healthwise program to receive excluded services;
- A member's transition to a new PMP;
- A member's transition to private insurance or Marketplace coverage; and
- A member's transition to no coverage.

In situations such as a member or PMP disenrollment, the Contractor shall facilitate care coordination with other MCEs or other PMPs. When receiving members from another MCE or fee-for-service, the Contractor shall honor the previous care authorizations for a minimum of thirty (30) calendar days from the member's date of enrollment with the Contractor. Contractor shall establish policies and procedures for identifying outstanding prior authorization decisions at the time of the member's enrollment in their plan. For purposes of clarification, the date of member enrollment for purposes of the prior authorization time frames set forth in this section begin on the date the Contractor receives the member's fully eligible file from the State.

Additionally, when a member transitions to another source of coverage, the Contractor shall be responsible for providing the receiving entity with information on any current service authorizations, utilization data and other applicable clinical information such as disease management, case management or care management notes. This process shall be overseen by the Transition Coordination Manager.

The Contractor will be responsible for care coordination after the member has disenrolled from the Contractor whenever the member disenrollment occurs during an inpatient stay. In these cases, the Contractor will remain financially responsible for the hospital DRG payment and any outlier payments (without a capitation payment) until the member is discharged from the hospital or the member's eligibility in Medicaid terminates. The Contractor shall coordinate discharge plans with the member's new MCE.

See Section 3.7.5 for additional requirements regarding continuity of care for behavioral health services. The Hoosier Healthwise MCE Policies and Procedures Manual describes the Contractor's continuity and coordination of care responsibilities in more detail.

3.14 Out-of-Network Services

With the exception of certain self-referral services described in Section 3.2, and the requirements to allow continuity of care for pregnant women transferring to Contractor as described in Section 3.13, the Contractor may limit its coverage to services provided by in-network providers once the Contractor has met the network access standards set forth in Section 5. However, in accordance with 42 CFR 438.206(b)(4), which relates to coverage of out-of-network services, the Contractor shall authorize and pay for out-of-network care if the Contractor is unable to provide necessary covered medical services within sixty (60) miles of the member's residence by the Contractor's provider network. In addition, upon at least thirty (30) calendar days' advance notice, the State may also require the Contractor to begin providing out-of-network care in the event the Contractor is unable to provide necessary covered medical services within the Contractor's provider network within specified timeliness standards defined by the State.

The Contractor shall authorize these out-of-network services in the timeframes established and shall adequately cover the services for as long as the Contractor is unable to provide the

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

covered services in-network. The Contractor shall require out-of-network providers to coordinate with the Contractor with respect to payment. Per 42 CFR 438.206(b)(5), the cost to the member for out-of-network services shall be no greater than it would be if the services were furnished in-network.

The Contractor may require providers not contracted in the Contractor's network to obtain prior authorization from the Contractor to render any non-self-referral or non-emergent services to Contractor members. If the out-of-network provider has not obtained such prior authorization, the Contractor may deny payment to that out-of-network provider. The Contractor shall cover and reimburse for all authorized, routine care provided to its members by out-of-network providers.

The Contractor shall reimburse any out-of-network provider's claim for authorized services at a negotiated rate, or in the absence of a negotiated rate, an amount equal to ninety-eight percent (98%) of the Medicaid fee-for-service rate.

Contractors shall make nurse practitioner services available to members. Members shall be allowed to use the services of nurse practitioners out-of-network if no nurse practitioner is available in the member's service area within the Contractor's network. If nurse practitioner services are available through the Contractor, the Contractor shall inform the member that nurse practitioner services are available.

The Contractor may not require an out-of-network provider to acquire a Contractor-assigned provider number for reimbursement. An NPI number shall be sufficient for out-of-network provider reimbursement.

3.14.1 Out-of-Network Provider Reimbursement

The Contractor shall reimburse any out-of-network provider's claim for authorized services provided to Hoosier Healthwise members at a rate it negotiates with the out-of-network provider, or the lesser of the following:

- The usual and customary charge made to the general public by the provider; or
- The established Indiana Medicaid FFS reimbursement rates that exist for participating IHCP providers at the time the service was rendered.

3.15 Enhanced Services

The State encourages the Contractor to cover programs that enhance the general health and well-being of its Hoosier Healthwise members, including programs that address preventive health, risk factors or personal responsibility. These enhanced programs and services are above and beyond those covered in the Hoosier Healthwise program.

In addition, all enhanced services shall comply with the member incentives guidelines set forth in Section 6.2.2 and other relevant state and federal rules regarding inducements. All enhanced services offered by the Contractor must be pre-approved by OMPP prior to initiating such services.

Enhanced services may include, but are not limited to, such items as:

- Enhanced transportation arrangements (i.e. transportation to obtain pharmacy services, attend member education workshops on nutrition, healthy living, parenting, prenatal classes, etc.);

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Enhanced tobacco dependence treatment services;
- Disease management programs or incentives beyond those required by the State;
- Healthy lifestyles incentives; and
- Group visits with nurse educators and other patients.

3.16 Opioid Treatment Program (OTP)

The Contractor shall provide coverage for the daily Opioid Treatment Program (OTP). A daily opioid treatment program includes administration and coverage of methadone, routine drug testing, group therapy, individual therapy, pharmacological management, HIV testing, Hepatitis A, B, and C testing, pregnancy tests, Tuberculosis testing, Syphilis testing, follow-up examinations, case management and one evaluation and management office visit every 90 days for the management of patient activities identified in the individualized treatment plan that assist in patient goal attainment, including referrals to other service providers and linking patients to recovery support groups. OTP coverage will include those members as defined by OMPP and approved by CMS. The MCE will be responsible for OTP services provided by the provider type Addictions Provider and the provider specialty OTP as defined in the IHCP Provider Enrollment Type and Specialty Matrix.

Eligible members include:

- Members 18 years and older who have become addicted at least one year prior to admission and are placed in the Opioid Treatment Services (OTS) Level of Care according to all six dimensions of the American Society of Addiction Medicine (ASAM) Patient Placement Criteria.
- Members under 18 years of age and have had two documented unsuccessful attempts at short-term withdrawal management or drug free treatment within a 12-month period.
- All members released from penal institution (within six months of release).
- Pregnant members.
- Previously treated members (up to two years after discharge).

4.0 Member Services

4.1 Marketing and Outreach

Marketing efforts shall be targeted to the general community in the State of Indiana. In accordance with 42 CFR 438.104, and the requirements outlined in Section 4.5, the Contractor shall obtain State approval for all marketing materials at least thirty (30) calendar days prior to distribution. The Contractor cannot conduct, directly or indirectly, door-to-door, telephone, email, texting, or other "cold-call" marketing enrollment practices. Cold-call marketing is defined in 42 CFR 438.104, which addresses marketing activities, as any unsolicited personal contact by the Contractor with a potential Medicaid enrollee.

The Contractor may market by mail, mass media advertising (e.g., radio, television and billboards) and community-oriented marketing directed at potential members. The Contractor shall conduct marketing and advertising in a geographically balanced manner, paying special

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

attention to rural areas of the State. The Contractor shall provide information to potential eligible individuals who live in medically underserved rural areas of the State. Marketing materials shall comply with the information requirements delineated at 42 CFR 438.10, and should include the requirements and benefits of the Contractor's health plans, as well as the Contractor's provider network. Such materials shall be in a manner and format that is easily understood and meet the general communication material requirements discussed in this Section 4.

The Contractor may offer to potential members tokens or gifts of nominal value, as long as the Contractor acts in compliance with all marketing provisions provided for in 42 CFR 438.104, which addresses marketing activities, and other federal and state regulations and guidance regarding inducements in the Medicare and Medicaid programs.

The Contractor shall submit to OMPP an annual marketing plan. The annual marketing plan shall be due within sixty (60) calendar days of the beginning of each calendar year. All member marketing and outreach materials shall be submitted to OMPP for approval prior to distribution according to the timeframes set forth in Section 4.5.

Any outreach and marketing activities (written and oral) shall be presented and conducted in an easily understood manner and format, at a fifth grade reading level. The Contractor shall not engage in marketing activities that mislead, confuse or defraud members or the State. Statements considered inaccurate, false, or misleading include, but are not limited to, any assertion or written or oral statement that:

- The member or potential member must enroll in the Contractor's health plan to obtain benefits or to avoid losing benefits;
- The Contractor is endorsed by CMS, the federal or state government or a similar entity; or
- The Contractor's health plan is the only opportunity to obtain benefits under the Hoosier Healthwise program.

The Contractor cannot entice a potential member to join its health plan by offering any other type of insurance as a bonus for enrollment, and the Contractor shall ensure that a potential member can make his/her own decision as to whether or not to enroll. Marketing materials and plans shall be designed to reach a distribution of potential members across age and sex categories. Potential members may not be discriminated against on the basis of health status or need for health care services, or on any other basis inconsistent with state or federal law, including Section 1557 of the Affordable Care Act / 45 CFR 92.1.

The Contractor may distribute or mail an informational brochure or flyer to potential members and/or provide (at its own cost, including any costs related to mailing) such brochures or flyers to the State for distribution to individuals at the time of application.

The Contractor may submit promotional poster-sized wall graphics to OMPP for approval. If approved, the Contractor can make these posters available to the local DFR offices and other enrollment centers for display in an area where application and MCE selection occurs. The local DFR offices and enrollment centers may display these promotional materials at their discretion. The Contractor may display these same promotional materials at community health fairs or other outreach locations. OMPP shall pre-approve all promotional and informational brochures or flyers and all graphics prior to display or distribution.

The Contractor shall submit product naming and associated domains to the OMPP for review and approval to minimize confusion for members and providers.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

4.2 Member Enrollment

Indiana Health Coverage Program applicants have an opportunity to select an MCE on their application. MCEs are expected to conduct marketing and outreach efforts to raise awareness of the Hoosier Healthwise program and their product. The Enrollment Broker is available to assist members in choosing an MCE. Applicants who do not select an MCE on their application will be auto-assigned to an MCE according to the State's auto-assignment methodology. The State reserves the right to amend the auto-assignment logic and may incorporate HEDIS or other quality indicators into the auto-assignment logic at a future date. Default auto-assignment will not be available to any MCE who does not successfully complete readiness review.

In accordance with 42 CFR 438.10(e), the State shall provide to potential members general information about the basic features of managed care and information specific to each MCE operating in the potential member's service area. At minimum, this information will include factors such as Contractor service area, benefits covered, cost-sharing and network provider information. The State shall provide information on program MCEs in a comparative chart-like format. Once available, the State also intends to include Contractor quality and performance indicators on materials distributed to facilitate MCE selection. The State reserves the right to develop a rating system advertising Contractor performance on areas such as consumer satisfaction, network access and quality improvement. To facilitate State development of these materials, the Contractor shall comply with State requests for information needed to develop informational materials for potential members.

Per 42 CFR 438.3(d), the Contractor shall accept individuals eligible for enrollment in the order in which they apply without restriction. The Contractor shall not, on the basis of health status or need for health care services, discriminate against individuals eligible to enroll. Additionally, the Contractor shall not discriminate against individuals eligible to enroll on the basis of race, color, national origin, sex, sexual orientation, gender identity or disability and will not use any policy or practice that has the effect of discriminating in such manner. Contractor shall also adhere to Section 1557 of the Affordable Care Act / 45 CFR 92.1.

4.2.1 New Member Materials

Within five (5) calendar days of a new member's full enrollment with the Contractor in accordance with Section 4.7, the Contractor shall send the new member a Welcome Packet based on the State's model enrollee handbook. The Welcome Packet shall include, but not be limited to, a new member letter, explanation of where to find information about the Contractor's provider network, where to locate the member handbook including a summary of items found in the member handbook as described in Section 4.4.1, and the member's ID card. The Contractor shall be responsible for issuing member ID cards to all of Contractor's new Hoosier Healthwise members as well as any member who loses their card or has it stolen. Refer to the Hoosier Healthwise MCE Policies and Procedures Manual for specific information regarding Hoosier Healthwise member ID card requirements.

The Welcome Packet shall include information about selecting a PMP, completing a health needs screening and any unique features of the Contractor. For example, if the Contractor incentivizes members to complete a health needs screening, a description of the member incentive should be included in the Welcome Packet.

4.2.2 PMP Selection

The Contractor shall assure that each member has a PMP who is responsible for providing an ongoing source of primary care appropriate to the member's needs.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Following a member's enrollment, the Contractor must assist the member in choosing a PMP. Unless the member elects otherwise, the member shall be assigned to a PMP within thirty (30) miles of the member's residence.

If a member fails to initially select a PMP, the Contractor shall assign the member to a PMP within thirty (30) calendar days of the member's enrollment. The member must be assigned to a PMP within thirty (30) miles of the member's residence, and the Contractor should consider any prior provider relationships when making the assignment. OMPP must approve the Contractor's PMP auto-assignment process prior to implementation, and the process must comply with any guidelines set forth by OMPP. See the Hoosier Healthwise MCE Policies and Procedures Manual for further detail. The Contractor shall notify the member in writing of the auto-assigned provider, the member's right to change PMP, as well as the process by which the member may change PMP.

The Contractor shall have written policies and procedures for allowing members to select a new PMP, including PMP auto-assignment, and provide information on options for selecting a new PMP when it has been determined that a PMP is non-compliant with provider standards (i.e. quality of care) and is terminated from the MCE, or when a PMP change is ordered as part of the resolution to a grievance proceeding. The MCE shall allow the member to select another PMP within ten (10) business days of the postmark date of termination of a PMP notice to members. The notice shall include information on options for selection a new PMP. The Contractor's written policies and procedures for PMP selection shall be approved by OMPP.

Providers that may serve as PMPs include internal medicine physicians, general practitioners, family medicine physicians, pediatricians, obstetricians, gynecologists, endocrinologists (if primarily engaged in internal medicine), and physician extenders as outlined in BT 201584 and in BT 201743.

4.2.3 Health Screening

The Contractor shall conduct a Health Needs Screen (HNS) for new members that enroll in the Contractor's plan. The HNS will be used to identify the member's physical and/or behavioral health care needs, special health care needs, as well as the need for disease management, care management and/or case management services set forth in Section 3.8. The HNS may be conducted in person, by phone, online or by mail. The Contractor shall use the standard health screening tool developed by OMPP, i.e., the Health Needs Screening Tool, but is permitted to supplement the OMPP Health Needs Screening Tool with additional questions developed by the Contractor. Any additions to the OMPP Health Needs Screening Tool shall be approved by OMPP.

The HNS shall be conducted within ninety (90) calendar days of the Contractor's receipt of a new member's fully eligible file from the State. The Contractor is encouraged to conduct the HNS at the same time it assists the member in making a PMP selection. The Contractor shall also be required to conduct a subsequent health screening or comprehensive health assessment if a member's health care status is determined to have changed since the original screening, such as evidence of overutilization of health care services as identified through such methods as claims review. Non-clinical staff may conduct the HNS. The results of the HNS shall be transferred to OMPP in the form and manner set forth by OMPP.

As part of this contract, the Contractor shall not be required to conduct HNS for members enrolled in the Contractor's plan prior to January 1, 2017 unless a change in the member's health care status indicates the need to conduct a health screening. For

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

purposes of the HNS requirement, new members are defined as members that have not been enrolled in the Contractor's plan in the previous twelve (12) months.

Data from the HNS or NOP form, current medications and self-reported medical conditions will be used to develop stratification levels for members in Hoosier Healthwise. The Contractor may use its own proprietary stratification methodology to determine which members should be referred to specific care coordination services ranging from disease management to complex case management. OMPP shall apply its own stratification methodology which may, in future years, be used to link stratification level to the per member per month capitation rate.

The initial HNS shall be followed by a detailed Comprehensive Health Assessment Tool (CHAT) by a health care professional when a member is identified through the HNS as having a special health care need, as set forth in Section 4.2.4, or when there is a need to follow up on problem areas found in the initial HNS. The detailed CHAT may include, but is not limited to, discussion with the member, a review of the member's claims history and/or contact with the member's family or health care providers. These interactions shall be documented and shall be available for review by OMPP.

The Contractor shall keep up-to-date records of all members found to have special health care needs based on the initial screening, including documentation of the follow-up detailed CHAT and contacts with the member, their family or health care providers.

4.2.4 Children with Special Health Care Needs

The Contractor shall have plans for provision of care for the special needs populations and for provision of medically necessary, specialty care through direct access to specialists. The Hoosier Healthwise managed care program uses the definition and reference for children with special health care needs as adopted by the Maternal and Child Health Bureau (MCHB) and published by the American Academy of Pediatrics (AAP):

"Children with special health care needs are those who have or are at increased risk for a chronic physical, developmental, behavioral, or emotional condition and who also require health and related services of a type or amount beyond that required by children generally."

The health screening tool will assign children to one of the Living with Illness Measures (LWIM) screener health domains based on the National Committee on Quality Assurance study design. The scoring for the LWIM screener identifies a child as potentially having a special health care need if the screening identifies needs in one or more of seven (7) different health domains:

- Functional limitations only
- Dependency on devices only
- Service use or need only
- Functional limitations and a dependency on devices
- Functional limitations and a service use or need
- Dependency on devices and a service use or need
- Functional limitations, a dependency on devices and a service use or need

In accordance with 42 CFR 438.208(c)(2), which specifies allowable staff, the Contractor shall have a *health care professional* assess the member through a detailed health assessment if the health screening identifies the member as potentially having a special health care need. When the further assessment confirms the special health care need,

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

the member must be placed in care management. The Contractor shall offer continued coordinated care services to any special health care needs members transferring into the Contractor's membership from another MCE. For example, Contractor activities supporting special health care needs populations shall include, but are not limited to:

- Conducting the initial screening and more detailed health assessment to identify members who may have special needs;
- Scoring the initial screening and more detailed health assessment results;
- Distributing findings from the health assessment to the member's PMP, OMPP and other appropriate parties in accordance with state and federal confidentiality regulations;
- Coordinating care through a Special Needs Unit or comparable program services in accordance with the member's care plan;
- Analyzing, tracking and reporting to OMPP the issues related to children with special health care needs, including grievances and appeals data; and
- Participating in clinical studies of special health care needs as directed by the State.

4.2.5 Member Disenrollment from MCE

In accordance with 42 CFR 438.3(d)(3), which addresses enrollment and disenrollment, the Contractor may neither terminate enrollment nor encourage a member to disenroll because of a member's health care needs or a change in a member's health care status. A member's health care utilization patterns may not serve as the basis for disenrollment from the Contractor.

The Contractor shall notify OMPP in the manner outlined in the Hoosier Healthwise MCE Policies and Procedures Manual, within thirty (30) calendar days of the date it becomes aware of the death of one of its members, giving the member's full name, address, Social Security Number, member identification number and date of death. The Contractor will have no authority to pursue recovery against the estate of a deceased Medicaid member.

Additional information about the member disenrollment process is provided in Exhibit 4 and the Hoosier Healthwise MCE Policies and Procedures Manual.

4.3 Member-Contractor Communications

4.3.1 Member Services Helpline

The Contractor shall maintain a statewide toll-free telephone helpline staffed with trained personnel knowledgeable about the Hoosier Healthwise program equipped to handle a variety of member inquiries, including the ability to address member questions, concerns, complaints and requests for PMP changes. The same helpline shall be available to Hoosier Healthwise members, so that members may call one number to answer all the family's questions.

The Contractor shall staff the member services helpline to provide sufficient "live voice" access to its members during, at a minimum, a twelve (12)-hour business day, from 8 a.m. to 8 p.m. Eastern, Monday through Friday. The Contractor shall provide a voice

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

message system that informs callers of the Contractor's business hours and offers an opportunity to leave a message after business hours. Calls received in the voice message system shall be returned within one (1) business day.

The member helpline may be closed on the following holidays:

- New Year's Day;
- Martin Luther King, Jr. Day
- Memorial Day;
- Independence Day (July 4th);
- Labor Day;
- Thanksgiving; and
- Christmas.

The Contractor may request additional days, such as the day after Thanksgiving, be authorized for limited staff attendance. This request must be submitted to OMPP at least thirty (30) calendar days in advance of the date being requested for limited staff attendance and must be approved by OMPP.

For all days with a closure, early closing or limited staff attendance, members shall have access to the 24 Hour Nurse Call Line as appropriate. Call center closures, limited staffing or early closures shall not burden a member's access to care.

The member services helpline shall offer language translation services for members whose primary language is not English and shall offer automated telephone menu options in English and Spanish. A member services messaging option shall be available after business hours in English and Spanish. The Contractor shall provide Telecommunications Device for the Deaf (TDD) services for hearing impaired members.

Member services helpline staff shall be trained in the Hoosier Healthwise program to ensure that member questions and concerns are resolved as expeditiously as possible. The Contractor shall have the ability to warm transfer members to outside entities including the Enrollment Broker, the Division of Family Resources (DFR) and provider offices. The Contractor shall maintain a system for tracking and reporting the number and type of members' calls and inquiries it receives during business hours and non-business hours. The Contractor shall monitor its member services helpline service and report its telephone service level performance to OMPP in the timeframes and specifications described in the Hoosier Healthwise MCE Reporting Manuals, which will be updated prior to calendar year 2017.

The Contractor's member services helpline staff shall be prepared to efficiently respond to member concerns or issues including, but not limited to the following:

- Access to health care services;
- Identification or explanation of covered services;
- Special health care needs;
- Procedures for submitting a member grievance or appeal;
- Potential fraud or abuse;
- Changing PMPs;
- Premium payment requirements (for Package C only)
- Required copays (for Package C only)
- Incentive programs;
- Disease management services;
- Balance billing issues; and
- Health crises, including but not limited to suicidal callers.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Upon a member's enrollment with the Contractor, the Contractor shall inform the member about the member services helpline. The Contractor should encourage its members to call the member services helpline as the first resource for answers to questions or concerns about Hoosier Healthwise, PMP issues, benefits, Contractor policies, etc.

4.3.2 Electronic Communications

The Contractor shall provide an opportunity for members to submit questions or concerns electronically, via e-mail and through the member website. If a member e-mail address is required to submit questions or concerns electronically to the Contractor, the Contractor shall help the member establish a free e-mail account.

The Contractor shall respond to questions and concerns submitted by members electronically within twenty-four (24) hours. If the Contractor is unable to answer or resolve the member's question or concern within twenty-four (24) hours, the Contractor shall notify the member that additional time will be required and identify when a response will be provided. A final response shall be provided within three (3) business days.

The Contractor shall maintain the capability to report on e-mail communications received and responded to, such as total volume and response times. The Contractor shall be prepared to provide this information to OMPP upon request.

The Contractor shall collect information on member's preferred mode of receipt of Contractor-generated communications and send materials in the selected format. Options shall include the ability to receive paper communications via mail or electronic communications through email or a secure web portal when confidential information is to be transmitted. When a member notifies the Contractor of selection to receive communications electronically, that choice shall be confirmed through regular mail with instructions on how to change the selection if desired. Additionally, emails shall be sent to members alerting them anytime an electronic notice is posted to the portal; no confidential information shall be included in emails. In the event such a notification email is returned as undeliverable, the Contractor shall send the notice by regular mail within three (3) business days of the failed email. When applicable, the Contractor shall comply with a member's preferred mode of communication.

4.4 Member Information, Outreach and Education

The Contractor shall provide the information listed under this section within a reasonable timeframe, following the notification from the State fiscal agent of the member's enrollment in the Contractor. This information shall be included in the member handbook.

The Contractor shall notify all members of their right to request and obtain information in accordance with 42 CFR 438.10. In addition to providing the specific information required at 42 CFR 438.10(f) upon enrollment in the Welcome Packet as described in Section 4.2.1, the Contractor shall notify members at least once a year of their right to request and obtain this information. Written notice shall be given to each member of any significant change in this information at least thirty (30) days before the intended effective date of the change. Significant change is defined as any change that may impact member accessibility to the Contractor's services and benefits.

The Contractor shall make written information available in English and Spanish and other prevalent non-English languages identified by OMPP, upon OMPP's or the member's request. At the time of enrollment with the Contractor, the State shall provide the primary language of each member. The Contractor shall utilize this information to ensure communication materials are distributed in the appropriate language. In addition, the

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Contractor shall identify additional languages that are prevalent among the Contractor's membership. For purposes of this requirement, prevalent language is defined as any language spoken by at least three percent (3%) of the general population in the Contractor's service area. Written information shall be provided in any such prevalent languages identified by the Contractor. Per Section 1557 of the Affordable Care Act / 45 CFR 92.1, Contractor shall ensure that for significant publications and communications taglines (short statements written in non-English languages to alert individuals with limited English proficiency to the availability of language assistance services, free of charge, and how the services can be obtained) must be included in the State's top 15 languages spoken by limited English proficient populations, and for small-size significant publications and significant communications a tagline must be included in the State's top two languages spoken by limited English proficient populations. The Contractor shall inform members that information is available upon request in alternative formats and how to obtain them. OMPP defines alternative formats as Braille, large font letters, audiotape, prevalent languages and verbal explanation of written materials. To the extent possible, written materials shall not exceed a fifth grade reading level.

The Contractor shall provide notification to OMPP, to the Enrollment Broker and to its members of any covered services that the Contractor or any of its sub-contractors or networks do not cover on the basis of moral or religious grounds and guidelines for how and where to obtain those services, in accordance with 42 CFR 438.102, which relates to provider-enrollee communications. This information shall be relayed to the member before and during enrollment and within ninety (90) calendar days after adopting the policy with respect to any particular service. Refer to Section 6.3.3 for additional information.

The Contractor shall inform the members that, upon the member's request, the Contractor will provide information on the structure and operation of the Contractor and, in accordance with 42 CFR 438.10(f)(3), will provide information on the Contractor's provider incentive plans.

Grievance, appeal and fair hearing procedures and timeframes shall be provided to members in accordance with 42 CFR 438.10(g)(2)(xi), which requires specific information be provided to enrollees. Please see Section 4.9 for further information about grievance, appeal and fair hearing procedures, as well as the kind of information that the Contractor shall provide to members.

The Contractor shall be responsible for developing and maintaining member education programs designed to provide the members with clear, concise and accurate information about the Contractor's program, the Contractor's network and the Hoosier Healthwise program. The State encourages the Contractor to incorporate community advocates, support agencies, health departments, other governmental agencies and public health associations in its outreach and member education programs. The State encourages the Contractor to develop community partnerships with these types of organizations, in particular with school based health centers, community mental health centers, WIC clinics, county health departments and prenatal clinics to promote health and wellness within its membership. The Contractor shall develop communication strategies that meet the requirements of this section, and provide innovative approaches to ensure member understanding of the Hoosier Healthwise program. The Contractor shall, at minimum, provide program information to the member through required notices and other communications prescribed by the State.

The Contractor's educational activities and services shall also address the special needs of specific Hoosier Healthwise subpopulations (e.g., pregnant women, newborns, early childhood, at-risk members, children with special needs) as well as its general membership. The Contractor shall demonstrate how these educational interventions reduce barriers to health care and improve health outcomes for members.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

The Contractor shall have in place policies and procedures to ensure that materials are accurate in content, accurate in translation relevant to language or alternate formats and do not defraud, mislead or confuse the member. The Contractor shall provide information requested by the State, or the State's designee, for use in member education and enrollment, upon request.

4.4.1 Member Handbook

The Contractor shall develop a member handbook for its members. The Contractor's member handbook shall be submitted annually for OMPP's review. The member handbook shall include the Contractor's contact information and Internet website address and describe the terms and nature of services offered by the Contractor, including the following information required under 42 CFR 438.10(f), which enumerates certain required information. The member handbook may be offered in an electronic format as long as the Contractor complies with 42 CFR 438.10(c)(6). The Hoosier Healthwise MCE Policies and Procedures Manual outlines the member handbook requirements.

The Hoosier Healthwise member handbook shall include the following:

- Contractor's contact information (address, telephone number, TDD number, website address);
- The amount, duration and scope of services and benefits available under the Contract in sufficient details to ensure that participants are informed of the services to which they are entitled, including, but not limited to the differences between the benefit options;
- The procedures for obtaining benefits, including authorization requirements;
- Contractor's office hours and days, including the availability of a 24-hour Nurse Call Line;
- Any restrictions on the member's freedom of choice among network providers, as well as the extent to which members may obtain benefits, including family planning services, from out-of-network providers;
- The extent to which, and how, after-hours and emergency coverage are provided, as well as other information required under 42 CFR 438.10(f), such as what constitutes an emergency;
- The post-stabilization care services rules set forth in 42 CFR 422.113(c);
- The extent to which, and how, urgent care services are provided;
- Applicable policy on referrals for specialty care and other benefits not provided by the member's PMP, if any;
- Information about the availability of pharmacy services and how to access pharmacy services;
- Member rights and protections, as enumerated in 42 CFR 438.100, which relates to enrollee rights. See Section 4.8 for further detail regarding member rights and protections;
- Responsibilities of members;
- Special benefit provisions (for example, co-payments, deductibles, limits or rejections of claims) that may apply to services obtained outside the Contractor's network;
- Procedures for obtaining out-of-network services;
- Standards and expectations to receive preventive health services;
- Policy on referrals to specialty care;
- Procedures for notifying members affected by termination or change in any benefits, services or service delivery sites;
- Procedures for appealing decisions adversely affecting members' coverage, benefits or relationship with the Contractor;
- Procedures for changing PMPs;

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Standards and procedures for changing MCEs, and circumstances under which this is possible, including, but not limited to providing contact information and instructions for how to contact the enrollment broker to transfer MCEs due to one of the “for cause” reasons described in 42 CFR 438.56(d)(2)(iv), including, but not limited to, the following:
 - Receiving poor quality of care;
 - Failure to provide covered services;
 - Failure of the Contractor to comply with established standards of medical care administration;
 - Lack of access to providers experienced in dealing with the member’s health care needs;
 - Significant language or cultural barriers;
 - Corrective action levied against the Contractor by the office;
 - Limited access to a primary care clinic or other health services within reasonable proximity to a member’s residence;
 - A determination that another MCE’s formulary is more consistent with a new member’s existing health care needs;
 - Lack of access to medically necessary services covered under the Contractor’s contract with the State;
 - A service is not covered by the Contractor for moral or religious objections, as described in Section 6.3.3;
 - Related services are required to be performed at the same time and not all related services are available within the Contractor’s network, and the member’s provider determines that receiving the services separately will subject the member to unnecessary risk;
 - The member’s primary healthcare provider disenrolls from the member’s current MCE and reenrolls with another MCE; or
 - Other circumstances determined by the office or its designee to constitute poor quality of health care coverage.

- The process for submitting disenrollment requests. This information shall include the following:
 - Hoosier Healthwise members may change MCEs after the first ninety (90) calendar days of enrollment only for cause;
 - Members are required to exhaust the MCE’s internal grievance and appeals process before requesting an MCE change ;
 - Members may submit requests to change MCEs to the Enrollment Broker verbally or in writing, after exhausting the MCE’s internal grievance and appeals process; and
 - The MCE shall provide the Enrollment Broker’s contact information and explain that the member must contact the Enrollment Broker with questions about the process. This information shall include how to obtain the Enrollment Broker’s standardized form for requesting an MCE change.

- The process by which an American Indian/ Alaska Native member may elect to opt-out of managed care pursuant to 42 USC § 1396u–2(a)(2)(C) and transfer to fee-for-service benefits through the State;
- Procedures for making complaints and recommending changes in policies and services;
- Grievance, appeal and fair hearing procedures as required at 42 CFR 438.10(g)(2)(xi), including the following:

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- The right to file grievances and appeals;
 - The requirements and timeframes for filing a grievance or appeal;
 - The availability of assistance in the filing process;
 - The toll-free numbers that the member can use to file a grievance or appeal by phone;
 - The fact that, if requested by the member and under certain circumstances: (1) benefits will continue if the member files an appeal or requests a State fair hearing within the specified timeframes; and (2) the member may be required to pay the cost of services furnished during the appeal if the final decision is adverse to the member.
-
- For a State hearing describe (i) the right to a hearing, (ii) the method for obtaining a hearing, and (iii) the rules that govern representation at the hearing.
 - Information about advance directives;
 - How to report a change in income, change in family size, etc.;
 - Information about the availability of the prior claims payment program for certain members and how to access the program administrator;
 - Information on alternative methods or formats of communication for visually and hearing-impaired and non-English speaking members and how members can access those methods or formats;
 - Information on how to contact the Enrollment Broker;
 - Statement that Contractor will provide information on the structure and operation of the health plan; and
 - In accordance with 42 CFR 438.10(f)(3), that upon request of the member, information on the Contractor's provider incentive plans will be provided.

4.4.2 Member Website

The Contractor shall provide and maintain a website for members to access information pertaining to the Hoosier Healthwise program and the Contractor's services. The website shall be in an OMPP-approved format (compliant with Section 508 of the US Rehabilitation Act) to ensure compliance with existing accessibility guidelines. The website shall be live and meet the requirements of this section on the effective date of the Contract. OMPP must pre-approve the Contractor's website information and graphic presentations. The website shall be accurate and current, culturally appropriate, written for understanding at a fifth grade reading level and available in English and Spanish. The Contractor shall inform members that information is available upon request in alternative formats and how to obtain alternative formats. To minimize download and wait times, the website shall avoid techniques or tools that require significant memory or disk resources or require special intervention on the user side to install plug-ins or additional software. The Contractor shall date each web page, change the date with each revision and allow users print access to the information. Such website information shall include, at minimum, the following:

- The Contractor's searchable provider network identifying each provider's specialty, service location(s), hours of operation, phone numbers, public transportation access and other demographic information as described in Section 5.11. The Contractor must update the on-line provider network information every two (2) weeks, at a minimum;
- The Contractor's contact information for member inquiries, member grievances and appeals;

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- The Contractor's member services phone number, TDD number, hours of operation and after-hours access numbers, including the 24-hour Nurse Call Line;
- A member portal with access to electronic Explanation of Benefit (EOB) statements. Preventive care and wellness information. For Hoosier Healthwise, this information shall include information about well child visits and the Contractor's prenatal services;
- Information about the cost and quality of health care services, as further described in Section 4.4.5;
- A description of the Contractor's disease management programs and care coordination services
- The member's rights and responsibilities, as enumerated in 42 CFR 438.100, which relates to enrollee rights. Please see Section 4.8 for further details regarding member rights.
- The member handbook information;
- Contractor-distributed literature regarding all health or wellness promotion programs that are offered by the Contractor;
- Contractor's marketing brochures and posters;
- Notification letters to members regarding Contractor decisions to terminate, suspend or reduce previously authorized covered services;
- The Health Insurance Portability and Accountability Act (HIPAA) privacy statement;
- Links to OMPP's website for general Medicaid and Hoosier Healthwise information;
- Information on pharmacy locations and preferred drug lists applicable to each program and benefit package;
- List of all prior authorization criteria for prescription drugs, including mental health drugs
- Transportation access information;
- Information about how Hoosier Healthwise members may access dental services and how to access the Contractor's dental network;
- A list and brief description of each of the Contractor's member outreach and education materials;
- The executive summary of Contractor's Annual Quality Management and Improvement Program Plan Summary Report;
- Information on behavioral health covered services and resources; and

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- A secure portal through which members may complete the health screening questionnaire described in Section 4.2.3.

4.4.3 Preventive Care Information

The Contractor is responsible for educating members regarding the importance of using preventive care services in accordance with preventive care standards. For Hoosier Healthwise members under twenty-one (21) years of age, this would include information on EPSDT, well-child services and blood lead screenings. Further information on education requirements for disease specific conditions and disease management, care management and complex case management communications is provided in Section 3.8.

4.4.4 Member Education

The Contractor shall provide members with general information about the benefits packages covered under the Hoosier Healthwise program. The Contractor shall have policies and procedures in place to ensure that member education information is accurate in content, accurate in translation relevant to language, and do not defraud, mislead, or confuse the member. Member education shall include, but not necessarily limited to the items noted below:

- Detailed information about the two (2) Benefits Packages and their requirement as it relates to the member's eligibility (i.e. Package A and Package C);
- How to access the health care system appropriately (i.e. keeping appointments, appropriate use of Emergency Room services, how to file grievances and appeals);
- Information on covered dental services;
- For Package C members, information on required copays for ambulance transportation and prescription drugs as required under 407 IAC 3-9-3 and 407 IAC 3-10-3.

4.4.5 Cost and Quality Information

Making cost and quality information available to members increases transparency and has the potential to reduce costs and improve quality. The Contractor shall make cost and quality information available to members in order to facilitate more responsible use of health care services and inform health care decision-making. Example cost information includes average cost of common services, urgent versus emergent care costs, etc.

For services which may be at risk for improper payments, the Contractor must develop processes to verify with members that said targeted services billed by providers were actually received by said members, in order to obtain direct verification of services rendered and increase oversight. Contractor's processes and procedures must be identified in Contractor's Program Integrity Plan, identified in Section 7.1. Specific services for member verification may be identified by the OMPP PI Unit and may change based upon fraud trends. Processes for verifying services with members shall be included in the Contractor's Program Integrity Plan.

The Contractor shall provide a member portal with access to electronic EOB statements for Hoosier Healthwise members.

Provider quality information shall also be made available to members. The Contractor shall capture quality information about its network providers, and must make this

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

information available to members. In making the information available to members, the Contractor shall identify any limitations of the data. The Contractor shall also refer members to quality information compiled by credible external entities (e.g., Hospital Compare, Leap Frog Group, etc.).

4.5 Member and Potential Member Communications Review and Approval

All member and potential member communications required in this section or otherwise developed by the Contractor shall be pre-approved by OMPP. The Contractor must develop and include a Contractor-designated inventory control number on all member marketing, education, training, outreach and other member materials with a date issued or date revised clearly marked. The purpose of this inventory control number is to facilitate OMPP's review and approval of member materials and document its receipt and approval of original and revised documents.

The Contractor shall submit all member and potential member communications, including letters, bulletins, forms, advertisements, notices, handbooks, brochures and any other marketing, educational or outreach materials to OMPP for review and approval at least thirty (30) calendar days prior to expected use and distribution. Substantive changes to member and potential member communications shall also be submitted to OMPP for review and approval at least thirty (30) calendar days prior to use.

The Contractor shall not refer to or use the OMPP, OMPP or other state agency name or logo in its member and potential member communications without prior written approval. The Contractor shall request in writing approval from OMPP for each desired reference or use at least thirty (30) calendar days prior to the reference or use. Any approval given for the OMPP or other state agency name or logo is specific to the use requested, and shall not be interpreted as blanket approval. The Contractor shall include the State program logo(s) in their marketing or other member communication materials upon OMPP request.

OMPP shall assess liquidated damages as set forth in Exhibit 2 and impose other authorized remedies for the Contractor's non-compliance in the use or distribution of any non-approved member or potential member communications.

All OMPP-approved member and potential member communication materials shall be available on the Contractor's provider website within three (3) business days of distribution.

4.6 Redetermination Assistance

Contractors may assist members in the eligibility redetermination process. Permitted assistance includes:

- Conducting outreach calls or sending letters to members reminding them to renew their eligibility and reviewing redetermination requirements with the member;
- Answering questions about the redetermination process; and
- Helping the member obtain required documentation and collateral verification needed to process the application.

In providing assistance during redetermination, Contractors shall be prohibited from the following:

- Discriminate against members, particularly high-cost members or members that have indicated a desire to change MCEs;
- Talk to members about changing MCEs (if a member has questions or requests to change MCEs, the Contractor shall refer the member to the Enrollment Broker);

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Provide any indication as to whether the member will be eligible (this decision shall be made by DFR);
- Engage in or support fraudulent activity in association with helping the member complete the redetermination process;
- Sign the member's redetermination form; or
- Complete or send redetermination materials to DFR on behalf of the member.

Contractors shall provide redetermination assistance equally across the membership and be able to demonstrate to OMPP that their redetermination-related procedures are applied consistently for each member.

4.7 Member-Provider Communications

The Contractor shall comply with 42 CFR 438.102, which relates to provider-enrollee communications. The Contractor must not prohibit or otherwise restrict a health care professional, acting within his or her lawful scope of practice, from advising or advocating on behalf of a member who is his or her patient regarding the following:

- the member's health status, medical care or treatment options, including any alternative treatment that may be self-administered, regardless of whether benefits for such care are provided under Medicaid or CHIP;
- any information the member needs in order to decide among all relevant treatment options;
- the risks, benefits, and consequences of treatment or non-treatment; and
- the member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.

This provision does not require the Contractor to provide coverage for a counseling or referral service if the Contractor objects to the service on moral or religious grounds. The Contractor may not take punitive action against a provider who requests an expedited resolution or supports a member's appeal.

4.8 Member Rights

The Contractor shall guarantee the following rights protected under 42 CFR 438.100 to its members:

- The right to receive information in accordance with 42 CFR 438.10, which relates to informational materials;
- The right to be treated with respect and with due consideration for his or her dignity and privacy;
- The right to receive information on available treatment options and alternatives, presented in a manner appropriate to the member's condition and ability to understand;
- The right to participate in decisions regarding his or her health care, including the right to refuse treatment;

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- The right to be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience or retaliation, as specified in other federal regulations on the use of restraints and seclusion;
- The right to request and receive a copy of his or her medical records, and request that they be amended or corrected, as specified in the HIPAA Privacy Rule set forth in 45 CFR parts 160 and 164, subparts A and E, which address security and privacy of individually identifiable health information; and
- The right to be furnished health care services in accordance with 42 CFR 438.206 through 438.210, which relate to service availability, assurances of adequate capacity and services, coordination and continuity of care, and coverage and authorization of services.

The Contractor shall also comply with other applicable state and federal laws regarding member rights, as set forth in 42 CFR 438.100(d).

The Contractor shall have written policies in place regarding the protected member rights listed above. The Contractor shall have a plan in place to ensure that its staff and network providers take member rights into account when furnishing services to the Contractor's members. Members shall be free to exercise protected member rights, and the Contractor shall not discriminate against a member that chooses to exercise his or her rights.

4.9 Member Grievances and Appeals

The Contractor shall establish written policies and procedures governing the resolution of grievances and appeals. At a minimum, the grievance system shall include a grievance process, an appeal process, expedited review procedures, external review procedures and access to the State's fair hearing system. The Contractor's grievances and appeals system, including the policies for recordkeeping and reporting of grievances and appeals, shall comply with 42 CFR 438, Subpart F, which relates to the Contractor's grievance system, as well as IC 27-13-10 and IC 27-13-10.1 (if the Contractor is licensed as an HMO) or IC 27-8-28 and IC 27-8-29 (if the Contractor is licensed as an accident and sickness insurer), as described within the Hoosier Healthwise MCE Policies and Procedures Manual.

The term *grievance*, as defined in 42 CFR 43 8.400(b), is an expression of dissatisfaction about any matter other than an "action" as defined below. This may include dissatisfaction related to the quality of care of services rendered or available, aspects of interpersonal relationships such as rudeness of a provider or employee or the failure to respect the member's rights.

The term *appeal* is defined as a request for a review of an action. An *action*, as defined in 42 CFR 438.400(b), is the:

- Denial or limited authorization of a requested service, including the type or level of service;
- Reduction, suspension or termination of a previously authorized service;
- Denial, in whole or in part, of payment for a service;
- Failure to provide services in a timely manner, as defined by the State;
- Failure of a Contractor to act within the required timeframes; or
- For a resident of a rural area with only one Contractor, the denial of a member's request to exercise his or her right, under 42 CFR 438.52(b)(2)(ii), to obtain services outside the network (if applicable).

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

The Contractor shall notify the requesting provider, and give the member written notice, of any decision considered an “action” taken by the Contractor, including, but not limited to any decision by the Contractor (i) to deny a service authorization request, (ii) to authorize a service in an amount, duration or scope that is less than requested, or (iii) that is adverse to the member regarding a medically frail designation. The notice shall meet the requirements of 42 CFR 438.404, “Notice of Action.” See Section 6.3.2, Authorization of Services and Notices of Action for additional information.

4.9.1 Contractor Grievance and Appeals Policies

The Contractor’s policies and procedures governing grievances and appeals shall include provisions which address the following:

- The Contractor shall not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice, from advising or advocating on behalf of a member, in accordance with 42 CFR 438.102, which relates to provider-enrollee communications. A provider, acting on behalf of the member and with the member’s written consent, may file an appeal;
- The Contractor shall not take punitive action against a provider who requests or supports an expedited appeal on behalf of a member;
- Throughout the appeals process, the Contractor shall consider the member, representative or estate representative of a deceased member as parties to the appeal;
- In accordance with 42 CFR 438.406, provide the member and member representative an opportunity, before and during the appeals process, to examine the member’s case file, including medical records, and any other documents and records considered during the appeals process;
- Allow the member and member representative to present evidence, and allegations of fact or law, in person as well as in writing;
- Upon determination of the appeal, ensure there is no delay in notification or mailing to the member and member representative the appeal decision. The Contractor’s appeal decision notice shall describe the actions taken, the reasons for the action, the member’s right to request a State fair hearing, process for filing a fair hearing and other information set forth in 42 CFR 438.408(e), which enumerates required content of a notice of resolution;
- The Contractor shall notify members of the disposition of grievances and appeals pursuant to IC 27-13-10-7 (if the Contractor is licensed as an HMO) or IC 27-8-28-16 (if the Contractor is licensed as an accident and sickness insurer);
- The Contractor shall provide members any reasonable assistance in completing forms and taking other procedural steps, including but not limited to, providing interpreter services and toll-free numbers that have adequate TTY/TTD and interpreter capability;
- The Contractor shall ensure that the individual rendering the decision on grievances and appeals were not involved in previous levels of review or decision-making and are health care professionals with appropriate clinical expertise in treating the member’s condition or disease if the decision will be in regard to any of the following: (i) an appeal of a denial based on lack of medical necessity; (ii) a grievance regarding denial of expedited resolution of an appeal;

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

and (iii) any grievance or appeal involving clinical issues.

4.9.2 Grievance Processing Requirements

In accordance with 42 CFR 438.402, members shall be allowed to file grievances orally or in writing. Members may file a grievance regarding any matter other than those described in the definition of an action as described in this Section 4.9. Grievances may be filed within sixty (60) calendar days of the occurrence of the matter that is the subject of the grievance.

The Contractor shall acknowledge receipt of each grievance within three (3) business days. The Contractor shall make a decision on non-expedited grievances as expeditiously as possible, but not more than thirty (30) calendar days following receipt of the grievance. This timeframe may be extended up to fourteen (14) calendar days if resolution of the matter requires additional time. If the timeframe is extended, for any extension not requested by the member, the Contractor shall give the member written notice of the reason for the delay. The Contractor shall provide the member with a written notice of any extension within two (2) calendar days of the extension, including the reason for the extension and the member's right to file a grievance if they disagree with the extension.

The Contractor shall provide an expedited grievance review if adhering to the resolution timeframe of thirty (30) calendar days would seriously jeopardize the life or health of a member, or the member's ability to regain maximum function. Expedited grievances must be resolved within forty-eight (48) hours of receipt. If the Contractor denies a request for an expedited review, the Contractor shall transfer the grievance to the standard grievance timeframe. Further, the Contractor must make a reasonable effort, including a phone call to the member, to provide the member with prompt oral notification of the denial for an expedited review, and shall follow up with a written notice within two (2) calendar days.

The Contractor shall respond in writing to a member within five (5) business days after resolving a grievance or expedited grievance. The resolution includes notice of the member's right to file an appeal if applicable, the process for requesting an appeal, the expedited review options, the right to continue benefits during the appeal (as long as the request complies with timeliness standards), and an explanation that the member may have to pay for care received if an adverse appeal decision is made. The Contractor shall make a reasonable effort, including a phone call to the member, to provide oral notification of expedited grievance resolution.

4.9.3 Appeals Processing Requirements

Members, or providers acting on the member's behalf, shall have sixty (60) calendar days from the date of action notice within which to file an appeal. In accordance with 42 CFR 438.402, a provider, acting on behalf of the member and with the member's written consent, may file an appeal.

In accordance with 42 CFR 438.406, the Contractor shall ensure that oral requests seeking to appeal an action are treated as appeals. However, an oral request for an appeal must be followed by a written request, unless the member or the provider requests an expedited resolution.

The Contractor shall acknowledge receipt of each standard appeal within three (3) business days. The Contractor shall make a decision on standard, non-expedited, appeals within thirty (30) calendar days of receipt of the appeal. This timeframe may be

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

extended up to fourteen (14) calendar days, pursuant to 42 CFR 438.408(c). If the timeframe is extended, for any extension not requested by the member, the Contractor shall give the member written notice of the reason for the delay.

The Contractor shall maintain an expedited review process for appeals when the Contractor or the member's provider determines that pursuing the standard appeals process could seriously jeopardize the member's life or health or ability to attain, maintain or regain maximum function. The Contractor shall dispose of expedited appeals within forty-eight (48) hours after the Contractor receives notice of the appeal, unless this timeframe is extended pursuant to 42 CFR 438.408(c), which allows extensions under certain conditions. In addition to the required written decision notice, the Contractor shall make reasonable efforts to provide the member with prompt oral notice of the disposition of the appeal, including a phone call to the member.

In accordance with 42 CFR 438.410, if the Contractor denies the request for an expedited resolution of a member's appeal, the Contractor shall transfer the appeal to the standard thirty (30) calendar day timeframe and give the member written notice of the denial within two (2) days of the expedited appeal request. The Contractor shall also make a reasonable attempt to give the member prompt oral notice.

In accordance with 42 CFR 438.408, written notice of appeal disposition shall be provided to the member. Notice shall be provided within five (5) business days of resolution. For notice of an expedited resolution, the Contractor shall also make reasonable efforts, including a phone call to the member, to provide oral notice. The written notice of the resolution must include the results of the resolution and the date it was completed. For appeals not resolved wholly in favor of the member, the written notice shall include the right to request a State fair hearing, including the procedures to do so and the right to request to receive benefits while the hearing is pending, including instructions on how to make the request. This shall also include notice that the member may be held liable for the cost of those benefits if the State hearing upholds the Contractor's action as set forth in Section 4.9.6.

Upon resolution of the member appeal, the Contractor shall notify the State within one (1) business day of the resolution of the appeal and the date the appeal was resolved.

4.9.4 External Review by Independent Review Organization

In accordance with IC 27-13-10.1-1 and IC 27-8-29-1, the Contractor shall maintain an external grievance procedure for the resolution of decisions related to an adverse utilization review determination, an adverse determination of medical necessity, or a determination that a proposed service is experimental or investigational. An external review does not inhibit or replace the member's right to appeal a Contractor decision to a State fair hearing.

Within thirty-three (33) calendar days from the date of the Contractor's decision, a member, or a member's representative may file a written request for a review of the Contractor's decision by an independent review organization (IRO). The IRO shall render a decision to uphold or reverse the Contractor's decision within seventy-two (72) hours for an expedited appeal, or fifteen (15) business days for a standard appeal. The determination made by the independent review organization is binding on the Contractor.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

4.9.5 State Fair Hearing Process

In accordance with 42 CFR 438.408, the State maintains a fair hearing process which allows members the opportunity to appeal the Contractor's decisions to the State. Appeal procedures for applicants and recipients of Medicaid are found at 405 IAC 1.1. The State fair hearing procedures include the requirements described in this Section 4.9.5.

Members shall first exhaust the Contractor's grievance and appeals process. The member may request an FSSA fair hearing within sixty (60) calendar days from the date of the Contractor's decision.

The parties to the FSSA fair hearing shall include the Contractor, as well as the member and his or her representative or the representative of a deceased member's estate. The Contractor shall respond to all requests for documentation required for the FSSA fair hearing within the timeframe identified in the request. In addition, if requested by OMPP at least five (5) business days in advance, the Contractor shall send a representative to the FSSA fair hearing to represent the State. Contractor will be subject to the contract compliance remedies set forth in Exhibit 2 for failing to either (i) provide a timely and satisfactory response to documentation required for an appeal or (ii) to represent the State at the FSSA fair hearing upon adequate notice. Adequate notice, at a minimum, requires notice of hearing mailed by the Office of Hearings and Appeal, or in the alternative, a request sent directly to the Compliance Officer by the Office of Medicaid Policy and Planning.

If dissatisfied with the outcome of the State fair hearing, the member may request an agency review within ten (10) days of receipt of the administrative law judge's decision. Pursuant to 405 IAC 1.1-3-1, if the member is not satisfied with the final action after agency review, the member may file a petition for judicial review in accordance with IC 4-21.5-5. The MCE may request an agency review of a decision made by an administrative law judge, at the Contractor's discretion.

The Contractor shall include the FSSA fair hearing process as part of the written internal process for resolution of appeals and shall describe the fair hearing process in the member handbook.

4.9.6 Continuation of Benefits Pending Appeal & Reinstatement of Benefits

In certain member appeals, the Contractor will be required to continue the member's benefits pending the appeal, in accordance with 42 CFR 438.420. The Contractor shall continue the member's benefits if:

- The member or provider files the appeal within ten (10) days of the Contractor mailing the notice or the intended effective date, whichever is later;
- The appeal involves the termination, suspension, or reduction of a previously authorized course of treatment;
- The services were ordered by an authorized provider;
- The original period covered by the original authorization has not expired; and
- The member requests extension of benefits.

If benefits are continued or reinstated while the appeal is pending, the benefits shall be continued until one of the following occurs:

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- The member withdraws the request;
- Ten (10) days pass after the Contractor has mailed the notice of an adverse decision, unless a State fair hearing and request for continuation of benefits until State hearing is resolved is requested within these ten (10) days; or
- The time period or service limits of a previously authorized services has been met.

If the final resolution of the appeal is adverse to the member, that is, it upholds the Contractor's action, the Contractor may recover the cost of the services furnished to the member while the appeal was pending, to the extent that they were furnished solely because of the requirements to maintain benefits in accordance with 42 CFR 431.230 and 42 CFR 438.420. The Contractor shall notify the member in advance that costs may be recovered. The Contractor may arrange for the member to pay back any such amounts owed in monthly installments, not to exceed four months.

In accordance with 42 CFR 438.424, if the Contractor or State fair hearing officer reverses a decision to deny, limit, or delay services that were not furnished while the appeal was pending, the Contractor shall authorize or provide the disputed services promptly, and as expeditiously as the member's health condition requires. If the Contractor or the State fair hearing officer reverses a decision to deny authorization of services, and the member received the disputed services while the appeal was pending, the Contractor shall pay for those services.

4.9.7 Member Notice of Grievance, Appeal and Fair Hearing Procedures

The Contractor shall provide specific information regarding member grievance, appeal and State fair hearing procedures and timeframes to members, as well as providers and subcontractors at the time they enter a contract with the Contractor. This information shall be included in the Member Handbook as described in Section 4.4.1. The information provided shall be approved by OMPP in accordance with Section 4.5, and, as required under 42 CFR 438.10(g)(1), include the following:

- The right to file grievances and appeals;
- The requirements and timeframes for filing a grievance or appeal;
- The availability of assistance in the filing process;
- The toll-free numbers that the member can use to file a grievance or appeal by phone;
- The fact that, if requested by the member and under certain circumstances:
1) benefits will continue if the member files an appeal or requests a FSSA fair hearing within the specified timeframes; and 2) the member may be required to pay the cost of services furnished during the appeal if the final decision is adverse to the member; The right to request an External Review by an Independent Review Organization of decisions listed in 4.9.4; and
- For a FSSA fair hearing:
 - The right to a hearing;
 - The method for obtaining a hearing; and
 - The rules that govern representation at the hearing.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

4.9.8 Recordkeeping Requirements of Grievances and Appeals

For purposes of quality review, the Contractor shall accurately maintain records for grievances and appeals that contain, at minimum, the following information:

- A general description of the reason for the appeal or grievance;
- The date the appeal or grievance was received;
- The date the appeal or grievance was reviewed;
- The resolution of the appeal or grievance;
- The date of the resolution of the appeal or grievance; and
- The name and MID number of the member for whom the appeal or grievance was filed.

The Contractor shall provide such record(s) of grievances and appeals upon request by OMPP.

4.10 Oral Interpretation Services

In accordance with 42 CFR 438.10(d), the Contractor shall arrange for oral interpretation services to its members free of charge for services it provides, including, but not limited to the member services helpline described in Section 4.3.1 and 24-Hour Nurse Call Line. The Contractor shall notify its members of the availability of these services and how to obtain them.

The requirement to provide oral interpretation applies to all non-English languages, and is not limited to prevalent languages discussed in Section 4.4. Oral interpretation services shall include sign language interpretation services for the deaf.

Additionally, the Contractor shall ensure that its provider network arranges for oral interpretation services to members seeking healthcare-related services in a provider's service location. This includes ensuring that providers who have twenty-four (24) hour access to healthcare-related services in their service locations or via telephone (e.g., hospital emergency departments, PMPs) shall provide members with twenty-four (24) hour oral interpreter services, either through interpreters or telephone services. For example, the Contractor shall ensure that network providers provide TDD services for hearing impaired members, oral interpreters, and signers.

4.11 Cultural Competency

In accordance with 42 CFR 438.206, the Contractor shall participate in the State's efforts to promote the delivery of services in a culturally competent manner to all members, including those with limited English proficiency and diverse cultural and ethnic backgrounds. Per 42 CFR 438.204, at the time of enrollment with the Contractor, the State shall provide the race, ethnicity and primary language of each member. This information shall be utilized by the Contractor to ensure the delivery of care in a culturally competent manner. The Contractor shall incorporate the Office of Minority Health's National Standards on Culturally and Linguistically Appropriate Services (CLAS) into the provision of health care services for its members. The CLAS standards are available at <https://www.thinkculturalhealth.hhs.gov/clas/standards>.

4.12 Advance Directives

The Contractor shall comply with the requirements of 42 CFR 422.128, which relates to advance directives, for maintaining written policies and procedures for advance directives. The Contractor shall maintain written policies and procedures concerning advance directives

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

with respect to all adult individuals receiving medical care by or through the Contractor's health plan. Specifically, each Contractor must maintain written policies and procedures that meet requirements for advance directives in Subpart I of 42 CFR 489. Advance directives are defined in 42 CFR 489.100 as "a written instruction, such as a living will or durable power of attorney for health care, recognized under state law (whether statutory or as recognized by the courts of the State), relating to the provision of health care when the individual is incapacitated." Written policies shall include a clear and precise statement of limitation if the Contractor cannot implement an advance directive as a matter of conscience. Such statement must clarify any differences between institution-wide conscientious objections and those that may be raised by individual physicians, identify the state legal authority permitting such objection and describe the range of medical conditions or procedures affected by the conscience objection.

Written information on the Contractor's advance directive policies, including a description of applicable state law, shall be provided to members in accordance with 42 CFR 438.10(g)(2) and 42 CFR 438.3(j), which together require written policies around advance directives. Written information shall include their rights under state law to make decisions concerning their medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives. Written information shall reflect changes in state law as soon as possible, but no later than ninety (90) calendar days after the effective date of the change.

This information shall be provided at the time of initial enrollment. If the member is incapacitated at the time of initial enrollment and is unable to receive information or articulate whether or not he or she has executed an advance directive, the information may be given to the member's family or surrogate. Once the member is no longer incapacitated or unable to receive such information, the Contractor shall ensure the information is given to the individual directly at the appropriate time. Members shall also be informed that complaints concerning noncompliance with the advance directive requirements may be filed with the State. See 42 CFR 422.128 for further information regarding these requirements.

5.0 Provider Network Requirements

The Contractor shall develop and maintain a provider network in compliance with the terms of this section. The Contractor shall ensure that its provider network is supported by written provider agreements, is available and geographically accessible and provides adequate numbers of facilities, physicians, pharmacies, ancillary providers, service locations and personnel for the provision of high-quality covered services for its members, in accordance with 42 CFR 438.206, which relates to availability of services. The Contractor shall also ensure that all of its contracted providers can respond to the cultural, racial and linguistic needs of its member populations. The network shall be able to handle the unique needs of its members, particularly those with special health care needs. The Contractor will be required to participate in any state efforts to promote the delivery of covered services in a culturally competent manner.

The Contractor shall ensure all network providers who, in accordance with IHCP policy, are provider types eligible and required to enroll as an IHCP provider, are enrolled IHCP providers. In some cases, members may receive out-of-network services. In order to receive reimbursement from the Contractor, out-of-network providers shall be IHCP providers. The Contractor shall encourage out-of-network providers to enroll in the IHCP, particularly emergency services providers, as well as providers based in non-traditional urgent health care settings such as retail clinics. An out-of-network provider shall be enrolled in the IHCP in order to receive payment from the Contractor.

Further information about IHCP Provider Enrollment is located at:

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

<http://provider.indianamedicaid.com/become-a-provider/ihcp-provider-enrollment-transactions.aspx>

5.1 Network Development

OMPP requires the Contractor to develop and maintain a comprehensive network to provide services to its Hoosier Healthwise members. The network must include providers serving special needs populations, including providers serving children with special health care needs.

The Contractor shall develop a comprehensive network prior to the effective date of the Contract. The Contractor shall be required during the readiness review process to demonstrate network adequacy through the submission of Geo Access reports in the manner and timeframe required by OMPP. The Contractor shall be required to have an open network and accept any IHCP provider acting within his or her scope of practice until the Contractor demonstrates that it meets the access requirements. OMPP reserves the right to delay initial member enrollment in the Contractor's plan if the Contractor fails to demonstrate a complete and comprehensive network.

With approval from OMPP, Contractors that can demonstrate that they have met all access, availability and network composition requirements may require members to use in-network providers, with the exception of certain self-referral providers as described in Section 3.2. The Contractor must provide ninety (90) calendar day advance notice to OMPP of changes to the network that may affect access, availability and network composition. OMPP shall regularly and routinely monitor network access, availability and adequacy. OMPP shall impose remedies, as set forth in Exhibit 2, or require the Contractor to maintain an open network, if the Contractor fails to meet the network composition requirements.

In accordance with 42 CFR 438.206, the Contractor shall maintain and monitor the provider network. The Contractor shall establish written agreements with all network providers as further described in Section 5.4. In establishing and maintaining the network, the Contractor must consider the following elements:

- The anticipated enrollment;
- The expected utilization of services, taking into consideration the characteristics and health care needs of the Contractor's Hoosier Healthwise members;
- The numbers and types (in terms of training, experience and specialization) of providers required to furnish the contracted services;
- The numbers of network providers who are not accepting new members; and
- The geographic location of providers and members, considering distance, travel time, the means of transportation ordinarily used by members and whether the location provides physical access for members with disabilities.

OMPP shall assess liquidated damages as set forth in Exhibit 2 and shall impose other authorized remedies, such as requiring the Contractor to maintain an open network, for Contractor's non-compliance with the network development and network composition requirements.

The Contractor shall contract its specialist and ancillary provider network prior to receiving enrollment. OMPP shall have the right to implement corrective actions and shall assess liquidated damages as described in Exhibit 2 if the Contractor fails to meet and maintain the

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

specialist and ancillary provider network access standards. OMPP's corrective actions may include, but are not limited to, withholding or suspending new member enrollment from the Contractor until the Contractor's specialist and ancillary provider network is in place. OMPP shall monitor the Contractor's specialist and ancillary provider network to confirm the Contractor is maintaining the required level of access to specialty care. OMPP shall have the right to increase the number or types of required specialty providers at any time.

5.2 Network Composition Requirements

In compliance with 42 CFR 438.207, which provides assurances of adequate capacity and services, the Contractor shall:

- Serve the expected enrollment;
- Offer an appropriate range of services and access to preventive and primary care services for the population expected to be enrolled; and
- Maintain a sufficient number, mix and geographic distribution of providers as specified below.

At the beginning of its Contract with the State, the Contractor shall submit regular network access reports as directed by OMPP. Once the Contractor demonstrates compliance with OMPP's access standards, the Contractor shall submit network access reports on an annual basis and at any time there is a significant change to the provider network (i.e., the Contractor no longer meets the network access standards). The Contractor shall comply with the policies and procedures for network access reports set forth in Hoosier Healthwise MCE Reporting Manuals. OMPP shall have the right to expand or revise the network requirements, as it deems appropriate.

In accordance with 42 CFR 438.12, the Contractor shall not discriminate for the participation, reimbursement or indemnification of any provider who is acting within the scope of the provider's license or certification under applicable State law, solely on the basis of such license or certification. If the Contractor declines to include individual or groups of providers in its network, it shall give the affected providers written notice of the reason for its decision. This does not require the Contractor to contract with providers beyond the number necessary to serve the members' needs. The Contractor is not precluded from establishing any measure designed to maintain quality and control costs consistent with the Contractor's responsibilities.

As required under 42 CFR 438.206, which relates to availability of services, the Contractor shall ensure that the network providers offer hours of operation that are no less than the hours of operation offered to commercial members, if the Contractor also serves commercial members. The Contractor shall also make covered services available twenty four (24)-hours-a-day, seven (7)-days-a-week, when medically necessary. In meeting these requirements, the Contractor shall:

- Establish mechanisms to ensure compliance by providers;
- Monitor providers regularly to determine compliance; and
- Take corrective action if there is a failure to comply.

The Contractor shall provide OMPP written notice at least ninety (90) calendar days in advance of the Contractor's inability to maintain a sufficient network in any county. OMPP shall have the right to expand or revise the network requirements, as it deems appropriate.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

For purposes of the subsections below, “urban areas” are counties not designated by OMPP and approved by CMS as a rural county. “Rural areas” are those areas designated by OMPP and approved by CMS as a rural county.

5.2.1 Acute Care Hospital Facilities

The Contractor shall provide a sufficient number and geographic distribution of acute care hospital facilities to serve the expected enrollment. The transport distance to a hospital from the member’s home shall be the usual and customary, not to exceed thirty (30) miles in urban areas and sixty (60) miles in rural areas. Exceptions shall be justified and documented to the State on the basis of community standards for accessing care. Inpatient services are covered when such services are prescribed by a physician and when the services are medically necessary for the diagnosis or treatment of the member's condition.

5.2.2 Primary Medical Provider (PMP) Requirements

Providers may contract as a PMP with one or multiple MCEs. A PMP may also participate as a specialist in another MCE. The PMP may maintain a patient base of non-Hoosier Healthwise members (e.g., commercial, traditional Medicaid, Hoosier Care Connect or HIP members). The Contractor shall not prevent the PMP from contracting with other MCEs.

The Contractor shall demonstrate compliance with 42 CFR 438.208. Specifically, the Contractor shall ensure that each member has a PMP who is responsible for providing an ongoing source of primary care appropriate to the member’s needs. PMPs must coordinate each member’s physical and behavioral health care and make any referrals necessary. In Hoosier Healthwise, a referral from the member’s PMP is required when the member receives physician services from any provider other than his or her PMP, unless the service is a self-referral service as set forth in Section 3.2.

The Contractor shall ensure access to PMPs within at least thirty (30) miles of the member’s residence. Providers that may serve as PMPs include internal medicine physicians, general practitioners, family medicine physicians, pediatricians, obstetricians, gynecologists, endocrinologists (if primarily engaged in internal medicine), and physician extenders as outlined in BT 201584 and in BT 201743.

The Contractor shall assess the PMP’s non-Hoosier Healthwise practice when assessing the PMP’s capacity to serve the Contractor’s members.

The Contractor shall have a mechanism in place to ensure that contracted PMPs provide or arrange for coverage of services twenty four (24)-hours-a day, seven (7)-days-a-week and that PMPs have a mechanism in place to offer members direct contact with their PMP, or the PMP’s qualified clinical staff person, through a toll-free telephone number twenty four (24)-hours-a-day, seven (7)-days-a-week. Each PMP shall be available to see members at least three (3) days per week for a minimum of twenty (20) hours per week at any combination of no more than two (2) locations. The Contractor shall also assess the PMP’s non-Hoosier Healthwise practice to ensure that the PMP’s Hoosier Healthwise population is receiving accessible services on an equal basis with the PMP’s non-Hoosier Healthwise population.

The Contractor shall ensure that the PMP provide “live voice” coverage after normal business hours. After-hour coverage for the PMP may include an answering service or a shared-call system with other medical providers. The Contractor shall ensure that members have telephone access to their PMP (or appropriate designate such as a

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

covering physician) in English and Spanish twenty four (24)-hours-a-day, seven (7)-days-a-week.

The Contractor shall ensure that PMPs are maintaining the PMP medical care standards and practice guidelines detailed in the IHCP Provider Manual. The Contractor must monitor medical care standards to evaluate access to care and quality of services provided to members and to evaluate providers regarding their practice patterns.

5.2.3 Specialist and Ancillary Provider Network Requirements

In addition to maintaining a network of PMPs, the Contractor shall provide and maintain a comprehensive network of IHCP provider specialists and ancillary providers.

As with PMPs, specialist and ancillary providers shall not be limited to serve in only one MCE network. In addition, physicians contracted as a PMP with one Contractor may contract as a specialist with other MCEs.

The Contractor shall ensure that specialists are maintaining the medical care standards and practice guidelines detailed in the IHCP Provider Manual. OMPP requires the Contractor to monitor medical care standards to evaluate access to care and quality of services provided to members and to evaluate providers regarding their practice patterns.

OMPP requires the Contractor to develop and maintain a comprehensive network of specialty providers listed below. For providers identified with an asterisk (*), the Contractor shall provide, at a minimum, two providers for each specialty type within sixty (60) miles of the member's residence. For providers identified with two asterisks (**), the Contractor shall provide, at a minimum, one specialty provider within ninety (90) miles of the member's residence.

Specialties	Ancillary Providers
➤ Anesthesiologists*	➤ Diagnostic testing*
➤ Cardiologists*	➤ Durable Medical Equipment
➤ Cardiothoracic surgeons**	➤ Home Health
➤ Dentists/Oral Surgeons *	➤ Prosthetic suppliers**
➤ Dermatologists**	
➤ Endocrinologists*	
➤ Gastroenterologists*	
➤ General surgeons*	
➤ Hematologists	
➤ Infectious disease specialists**	
➤ Interventional radiologists**

Specialties	Ancillary Providers
➤ Otolaryngologists	
➤ Pathologists**	
➤ Physical therapists*	
➤ Psychiatrists*	
➤ Pulmonologists*	
➤ Radiation oncologists**	
➤ Rheumatologists**	
➤ Speech therapists*	
➤ Urologists*	

OMPP requires that the Contractor maintain network access standards for the listed ancillary providers as follows:

- Two (2) durable medical equipment providers shall be available to provide services to the Contractor's members in each county or contiguous county; and
- Two (2) home health providers shall be available to provide services to the Contractor's members in each county or contiguous county.

In addition, the Contractor shall demonstrate the availability of providers with training, expertise and experience in providing tobacco dependence treatment services, especially to pregnant women. Evidence that providers are trained to provide tobacco dependence treatment services must be available during OMPP's monthly onsite visits.

The Contractor shall contract with the Indiana Hemophilia and Thrombosis Center or a similar OMPP-approved, federally recognized hemophilia treatment center. This requirement is based on the findings of the Centers for Disease Control and Prevention (CDC) which illustrate that persons affected by a bleeding disorder receiving treatment from a federally recognized treatment center require fewer hospitalizations, experience less bleeding episodes and experience a forty percent (40%) reduction in morbidity and mortality.

The Contractor shall arrange for laboratory services only through those IHCP enrolled laboratories with Clinical Laboratory Improvement Amendments (CLIA) certificates.

5.2.4 Pharmacy Services

The Contractor shall establish a network of pharmacies. The Contractor or its PBM must provide at least two (2) pharmacy providers within thirty (30) miles or thirty (30) minutes from a member's residence in each county, as well as at least two (2) durable medical equipment providers in each county or contiguous county.

5.2.5 Non-psychiatrist Behavioral Health Providers

In addition to the access requirements for psychiatrists as described in Section 5.2.3, the Contractor shall establish a network of behavioral health providers, addressing both mental health and addiction, as set forth in this Section 5.2.5.

The Contractor is encouraged to contract with all Division of Mental Health and Addiction (DMHA) certified Community Mental Health Centers (CMHCs). If all CMHCs are not included in the provider network, the Contractor shall demonstrate that this does not prevent coordination of care with MRO and 1915(i) State Plan services as required in Sections 3.11.1 and 6.11.2. Further, as described in Section 3.7.4, the Contractor shall, at a minimum, establish referral agreements and liaisons with both contracted and non-

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

contracted CMHCs, and shall provide physical health and other medical information to the appropriate CMHC for every member.

The Division of Mental Health and Addiction (DMHA) conducts regular annual Consumer Service Reviews to evaluate the quality of care provided in CMHCs. In addition to the regular oversight that the Contractor provides for contracted CMHCs, the Contractors shall utilize the results of DMHA's review to inform contracting decisions, to monitor contracted CMHCs and to develop improvement plans with contracted CMHCs.

In urban areas, the Contractor shall provide at least one (1) behavioral health provider within thirty (30) minutes or thirty (30) miles from the member's home. In rural areas, the Contractor shall provide at least one (1) behavioral health provider within forty-five (45) minutes or forty-five (45) miles from the member's home. The availability of professionals will vary, but access problems may be especially acute in rural areas. The Contractor must provide assertive outreach to members in rural areas where behavioral health services may be less available than in more urban areas. The Contractor also shall monitor utilization in rural and urban areas to assure equality of service access and availability.

The following list represents behavioral health providers that shall be available in the Contractor's network:

- Outpatient mental health and addiction clinics;
- Community mental health centers;
- Psychologists;
- Certified psychologists;
- Health services providers in psychology (HSPPs);
- Certified social workers;
- Licensed clinical social workers;
- Psychiatric nurses;
- Independent practice school psychologists;
- Advanced practice nurses under IC 25-23-1-1(b)(3), credentialed in psychiatric or mental health nursing by the American Nurses Credentialing Center;
- Marital and family therapists; and
- Licensed mental health counselors.

All services covered under the clinic option shall be delivered by licensed psychiatrists and HSPPs, or an advanced practice nurse or person holding a master's degree in social work, marital and family therapy or mental health counseling.

5.2.6 Inpatient Psychiatric Facilities

The Contractor shall provide a sufficient number and geographic distribution of inpatient psychiatric facilities to serve the expected enrollment. The transport distance to an inpatient psychiatric facility from the member's home shall be the usual and customary, not to exceed sixty (60) miles. Exceptions shall be justified and documented to the State on the basis of community standards for accessing care.

5.2.7 Dental Providers

The Contractor shall ensure the availability of a dentist practicing in general or family dentistry within thirty (30) miles of the member's residence. Specialty dentists such as orthodontists and dental surgeons shall be available within sixty (60) miles of the member's residence.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

5.2.8 Physician Extenders

Physician extenders are health care professionals who are licensed to practice medicine under the supervision of a physician. Physician extenders can perform some of the services that physicians provide, such as physical exams, preventive health care and education. Some can also assist in surgery and write prescriptions.

Appropriate use of physician extenders can have a positive influence on cost, quality and access. Physician extenders can perform routine or straightforward services at a lower cost than a physician, allowing physicians to focus on more complicated patient problems. Physician extenders also allow patients to be seen promptly for preventive visits or less complicated health problems, which improves access to care and may allow more Medicaid patients to be seen.

According to Indiana law, the following physician extenders are licensed to provide care in Indiana:

- Advanced practice nurses, including nurse practitioners, nurse midwives and clinical nurse specialists;
- Physician assistants; and
- Certified registered nurse anesthetists.

The Contractor shall implement initiatives to encourage providers to use physician extenders. Examples of these types of initiatives include, but are not limited to:

- Educating providers about the benefits of physician extenders;
- Educating providers about reimbursement policies for physician extenders;
- Offering financial or non-financial incentives to providers who increase their use of physician extenders, provided any financial incentives shall be positive, not punitive; and
- Collaborating with physician-extender training programs in Indiana. Collaboration could include providing internships or practicum for physician extenders, expanding the number of training slots for physician extenders, etc.

State Medicaid programs are required to make nurse practitioner services available to Medicaid recipients in accordance with 42 CFR 441.22. The Contractor shall permit members to use the services of nurse practitioners out-of-network if no nurse practitioner is available in the Contractor's network. If nurse practitioner services are available through the Contractor, the Contractor shall inform the member that nurse practitioner services are available.

The Contractor shall have the capability to add certain physician extenders to their networks to be credentialed and contracted as primary care providers should OMPP authorize said physician extenders to participate as primary care providers moving forward.

5.2.9 Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs)

Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs) are safety net providers, OMPP strongly encourages the Contractor to contract with FQHCs and RHCs that meet all of the Contractor's requirements regarding the ability of these providers to provide quality services. The Contractor shall reimburse FQHCs and RHCs for services at no less than the level and amount of payment that the Contractor would make to a non-FQHC or non-RHC provider for the same services. In accordance with section 5006(d) of the American Recovery and Reinvestment Act of 2009 (ARRA), the

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Contractor shall pay any out-of-network Indian healthcare provider (see Section 5.2.11) that is a FQHC for covered services provided to an American Indian/ Alaska Native member at a rate equal to the amount of payment that the Contractor would pay to an in-network FQHC that is not an Indian health care provider for the same services.

In accordance with the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000 (BIPA), OMPP shall make supplemental payments to FQHCs and RHCs that subcontract (directly or indirectly) with the Contractor. These supplemental payments represent the difference, if any, between the payment to which the FQHC or RHC would be entitled for covered services under the Medicaid provisions of BIPA and the payments made by the Contractor.

OMPP requires the Contractor to identify any performance incentives it offers to the FQHC or RHC. OMPP shall review and must approve any performance incentives. The Contractor shall report all such FQHC and RHC incentives which accrue during the Contract period related to the cost of providing FQHC-covered or RHC-covered services to its members along with any fee-for-service and/or capitation payments in the determination of the amount of direct reimbursement paid by the Contractor to the FQHC or RHC. If the incentives vary between the Contractor's Hoosier Healthwise lines of business, the Contractor shall so specify in its reporting to OMPP.

The Contractor shall perform quarterly claim reconciliation with each contracted FQHC or RHC to identify and resolve any billing issues that may impact the clinic's annual reconciliation conducted by OMPP.

Annually, OMPP requires the Contractor to provide the Contractor's utilization and reimbursement data for each FQHC and RHC in each month of the reporting period. The report shall be completed in the form and manner set forth in the Hoosier Healthwise MCE Reporting Manuals, are updated annually. The data shall be submitted on an incurred claims basis, including separate reporting of Package A FFS claims, Package A capitation claims, Package C FFS claims and Package C capitation claims. The data shall be submitted on a paid claims basis.

The submitted FQHC and RHC data must be accurate and complete. The Contractor shall pull the data by NPI or LPI, rather than other means, such as a Federal Tax ID number. The Contractor shall establish a process for validating the completeness and accuracy of the data, and a description of this process shall be available to OMPP upon request. The claims files should not omit claims for practitioners rendering services at the clinic nor should the files contain claims for practitioners who did not practice at the clinic.

In addition, OMPP requires the FQHC or RHC and the Contractor to maintain and submit records documenting the number and types of valid encounters provided to members each month. Capitated FQHCs and RHCs shall also submit encounter data (e.g., in the form of shadow claims to the Contractor) each month. The number of encounters will be subject to audit by OMPP or its representatives.

The Contractor shall work with each FQHC and RHC in assisting OMPP and/or its designee in the resolution of disputes concerning year-end reconciliations between the federally required interim payments (made by OMPP to each FQHC and RHC on the basis of provider reported encounter activity) and the final accounting that is based on the actual encounter data provided by the Contractor.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

5.2.10 School-based Health Care Services

Contractors must plan for, develop and/or enhance relationships with school-based health centers (SBHCs) with the goal of providing accessible quality preventive and primary health care services to school-aged Hoosier Healthwise members.

A school-based health center (SBHC) is a health center located in a school or on school grounds that provides on-site comprehensive preventive and primary health services including behavioral health, oral health, ancillary and enabling services. These services may include a wide variety of preventive services including general health screening or assessments, EPSDT screenings, laboratory and diagnostic screenings, immunizations, first aid, family planning counseling and services, prenatal and post-partum care, dental services, behavioral health services, drug and alcohol abuse counseling, patient education and other services based on the student's need and on the philosophy of the school administration.

SBHCs are important in delivering preventive and primary health care services to school age children and adolescents. SBHCs are in a unique position to link children and adolescents to the health care system due to students' proximity and open access to health center services. The school setting additionally offers providers considerable opportunity and flexibility in engaging and reaching students. SBHCs' success at providing access to critical physical and behavioral health services, reducing school absenteeism and promoting appropriate utilization of health services has been well-documented.

Onsite health care providers at SBHCs generally include a nurse practitioner or physician assistant who operates under the standing orders of a physician, a consultant physician and a clinically trained behavioral health practitioner.

SBHCs have varying capacities and resources to deliver health care. For purposes of this procurement, SBHCs are not permitted to serve as PMPs. However, Contractors are encouraged to be creative in their approaches to collaborating with SBHCs and to begin to develop affiliations with SBHCs with the potential of expanding those affiliations and the scope of services available in SBHCs in the future. The following are some examples of the types and levels of services acceptable in SBHCs:

- The SBHC coordinates care with the child's PMP, who assumes responsibility for care whenever the SBHC closes. The SBHC can deliver preventive and primary medical care, but may rely on its partner for year-round accessibility and twenty four (24)-hour day coverage.
- The SBHC provides a limited range of services. For example, the SBHC may be able to provide services such as preventive medical care, health education, reproductive health care, behavioral health services, dental services and immunizations and may also have limited hours of operation. The SBHC refers the child back to their PMP for the majority of their primary care.

Contractors' relationships with SBHCs will vary depending on the resources available in their areas. The following list includes examples of possible Contractor relationships with Indiana SBHCs, not requirements for the Hoosier Healthwise program:

- FQHCs, health systems or other organizations contracted with a Contractor may sponsor an SBHC. The Contractor reimburses the sponsoring organization, which reimburses the SBHC for care provided to members enrolled in the Contractor.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- A Contractor can include SBHCs in its provider network. The Contractor reimburses the SBHC for care provided to members enrolled in the Contractor.
- Contractors may allow members to self-refer to an SBHC, for example, for a prescribed set of acute care visits and Contractors can reimburse SBHCs on a fee-for-service basis. The primary care functions and reimbursement stay with the child's PMP but, the SBHC serves as an acute care provider.
- The SBHC can function as a satellite office site for existing contracted providers.
- Contractors can reimburse a SBHC for care provided to enrolled members as an out-of-network provider.

To avoid duplicative services, promote continuity of care and develop strong relationships between SBHCs and PMPs, the SBHC should coordinate care and refer the child to their PMP for follow-up.

5.2.11 Indian Healthcare Providers

An Indian health care provider is defined as the Indian Health Service (IHS) or an Indian tribe, tribal organization or urban Indian organization (often referred to as I/T/U).

Section 5006 of ARRA provides certain protections for Indian health care providers in Medicaid and CHIP. As outlined in section 5006(d) of ARRA, the Contractor shall:

- Permit any American Indian/ Alaska Native (AI/AN) member who is eligible to receive services from a participating Indian healthcare provider to choose to receive covered services from that Indian healthcare provider, and if that Indian healthcare provider participates in the network as a PMP, to choose that Indian healthcare provider as his or her PMP, as long as that Indian healthcare provider has the capacity to provide the services.
- Demonstrate that there are sufficient Indian healthcare providers in the Contractor's network to ensure timely access to services available under the Contract for AI/AN members who are eligible to receive services from such providers. CMS intends to issue regulations regarding sufficiency of Indian healthcare providers in states like Indiana where few Indian healthcare providers are available and the Contractor will be held to these standards.
- Reimburse Indian healthcare providers, whether in- or out-of-network, for covered services provided to AI/AN members who are eligible to receive services from such providers in accordance with the requirements set out in Section 1932(h) of the Social Security Act, 42 U.S.C. 1396u-2(h). The rate of payment shall be set at the Encounter Rate established by the IHS on an annual basis and published in the Federal Register.
- Make prompt payment to all in-network Indian healthcare providers as set forth in Section 8.4.3.
- Not reduce payments to Indian healthcare providers, or other providers of contract health services (CHS) under referral by an Indian healthcare provider, for covered services provided to an AI/AN member by the amount of a co-payment or other cost-sharing that would be due from the AI/AN member if not otherwise prohibited under Section 5006(a) of ARRA.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Section 5006(d) requires that the State provide a supplemental payment to non-FQHC Indian healthcare providers for covered services provided to AI/AN members. The amount of the supplemental payment is the difference, if any, of the rate paid by the Contractor for the services and the rate that applies to the provision of such services under the State plan. To the extent OMPP requires utilization and/or reimbursement data from the Contractor to make a supplemental payment to an Indian healthcare provider, the Contractor shall provide the requested data within 30 days of the request.

5.2.12 County Health Departments

OMPP strongly encourages the Contractor to contract or enter into business agreements with any health departments that are willing to coordinate with the Contractor and are able to meet the Contractor's credentialing and service delivery requirements.

5.2.13 Urgent Care Clinics

The Contractor shall affiliate or contract with urgent care clinics. In addition, the State strongly encourages the Contractor to affiliate or contract with non-traditional urgent care clinics, including retail clinics. The State will continue to monitor the Contractor's access to primary and urgent care during readiness review and throughout the Contract term.

5.2.14 Dialysis Treatment Center

The Contractor shall ensure the availability of one dialysis treatment center within sixty (60) miles of the member's residence.

5.2.15 OB/GYNs

The Contractor shall establish a network of OB/GYNs for women's healthcare and maternity needs. The Contractor shall ensure the availability of at least two OB/GYNs practicing within sixty (60) miles of the member's residence. OMPP reserves the right to change this requirement at any time in accordance with Section 2.11.

5.3 Provider Enrollment and Disenrollment

The Contractor shall be responsible for meeting all provider screening and enrollment requirements described in 42 CFR 455 Subpart E. The Contractor is prohibited from contracting with providers who have been excluded or have had owners or operators (i.e., those with a controlling interest) excluded from the Federal Government or by the State's Medicaid program for fraud or abuse. The Contractor, as well as its subcontractors and providers, whether contract or non-contract, shall comply with all federal requirements (42 CFR 1002) on exclusion and debarment screening. All tax-reporting provider entities that bill and/or receive Indiana Medicaid funds as the result of this Contract shall screen their owners and employees against the federal exclusion databases (such as LEIE and EPLS). Any services provided by excluded individuals shall be refunded to and/or obtained by the State and/or the Contractor as prescribed in section 7.4 Program Integrity Overpayment Recovery. Where the excluded individual is the provider of services or an owner of the provider, all amounts paid to the provider for services rendered following their exclusion shall be refunded. The Contractor shall be responsible for checking the lists of providers currently excluded by the State and the Federal Government every thirty (30) calendar days. The Contractor shall capture ownership and control information from its providers required under 42 CFR 455, including 42 CFR 455.104. In addition, Contractor shall also maintain a list of all rendering providers of providers enrolled, even if rendering providers are not required to enroll with IHCP. Rendering providers are defined as those providers that are performing the services for which a provider bills the Contractor or IHCP. The Contractor shall also verify

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

that all rendering providers are not currently excluded by the State and the Federal Government every thirty (30) calendar days. The federal list is available at: <http://exclusions.oig.hhs.gov>. FSSA reserves the right to immediately disenroll any provider if the provider becomes ineligible to participate in the IHCP. The Contractor shall immediately inform the OMPP Program Integrity Unit via a written communication should it disenroll, terminate or deny provider enrollment or credentialing for “program integrity” reasons (i.e., the detection and investigation of fraud and abuse).

The Contractor shall follow established procedures to enroll and disenroll providers, including PMPs. The Hoosier Healthwise MCE Policies and Procedures Manual provides detailed information on PMP and provider enrollment and disenrollment procedures.

To process provider enrollments and disenrollments with the Contractor, the Contractor shall submit the required information to the State fiscal agent through the Portal.

The Contractor shall report PMP disenrollments to the State fiscal agent’s Provider Enrollment unit by mail, fax, e-mail or Portal. The Contractor shall first notify the State fiscal agent of the intent to disenroll a PMP within five (5) business days of the receipt/issuance of the PMP’s disenrollment. The fiscal agent shall receive enrollment/disenrollment requests at least five (5) business days prior to the 24th day of the month before the date the Contractor desires the enrollment or disenrollment to become effective. As noted above, the OMPP PI Unit should also receive disenrollment notices when they are program integrity related. When advanced notice is not feasible, including, but not limited to, in the event of provider death or exclusion due to fraud or abuse, the Contractor shall submit the disenrollment within five (5) business days of the provider’s termination effective date. OMPP shall have the right to take corrective actions if the Contractor does not notify the State fiscal agent in a timely manner.

OMPP shall have the right to immediately disenroll any provider if the provider including the provider’s rendering providers – or provider’s owners/operators becomes ineligible to participate in IHCP.

When a PMP disenrolls from Hoosier Healthwise, the Contractor shall be responsible for assisting members assigned to that PMP in selecting a new PMP within the Contractor’s network. If the member does not select another PMP, the Contractor shall assign the member to another PMP in the Contractor’s network before the original PMP’s disenrollment is effective.

In accordance with 42 CFR 438.10(f), the Contractor shall make a good faith effort to provide written notice of a provider’s disenrollment to any member that has received primary care services from that provider or otherwise sees the provider on a regular basis. Such notice shall be provided within fifteen (15) calendar days of the Contractor’s receipt or issuance of the provider termination notice. If a PMP disenrolls from the Hoosier Healthwise program, but remains an IHCP provider, the Contractor shall assure that the PMP provides continuation of care for his/her Hoosier Healthwise members for a minimum of thirty (30) calendar days or until the member’s link to another PMP becomes effective.

5.4 Provider Agreements

The Contractor must have a process in place to review and authorize all network provider contracts. The Contractor must submit a model or sample contract of each type of provider agreement to OMPP for review and approval at least sixty (60) calendar days prior to the Contractor’s intended use. The Contractor must notify OMPP of any changes to the sample contracts within three (3) weeks of the Contract award date.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

To allow sufficient processing time for the enrollment of the PMP and ensure an effective date of January 1, 2017, the Contractor shall submit the completed PMP enrollment request to the State fiscal agent through the WebInterchange-Provider Healthcare Portal by December 1, 2016.

The Contractor shall include in all of its provider agreements provisions to ensure continuation of benefits. The Contractor shall identify and incorporate the applicable terms of its Contract with the State and any incorporated documents. Under the terms of the provider services agreement, the provider shall agree that the applicable terms and conditions set out in the Contract, any incorporated documents, and all applicable state and federal laws, as amended, govern the duties and responsibilities of the provider with regard to the provision of services to members. The requirement set forth in Section 2.7 that subcontractors indemnify and hold harmless the State of Indiana do not extend to the contractual obligations and agreements between the Contractor and health care providers or other ancillary medical providers that have contracted with the Contractor.

In addition to the applicable requirements for subcontracts in Section 2.7, the provider agreements shall meet the following requirements:

- Describe a written provider claim dispute resolution process.
- Require each provider to maintain a current IHCP provider agreement and to be duly licensed in accordance with the appropriate state licensing board and remain in good standing with said board.
- Require each provider to submit all claims that do not involve a third party payer for services rendered to the Contractor's members within ninety (90) calendar days or less from the date of service. The Contractor shall waive the timely filing requirement in the case of claims for members with retroactive coverage, such as presumptively eligible pregnant women and newborns.
- Require each provider to utilize the Indiana Health Coverage Program Prior Authorization Request Form available on the Indiana Medicaid website for submission of prior authorization requests to the Contractor.
- Include a termination clause stipulating that the Contractor shall terminate its contractual relationship with the provider as soon as the Contractor has knowledge that the provider's license or IHCP provider agreement has terminated.
- Terminate the provider's agreement to serve the Contractor's Hoosier Healthwise members at the end of the Contract with the State.
- Monitor providers and apply corrective actions for those who are out of compliance with FSSA's or the Contractor's standards.
- Obligate the terminating provider to submit all encounter claims for services rendered to the Contractor's members while serving as the Contractor's network provider and provide or reference the Contractor's technical specifications for the submission of such encounter data.
- Not obligate the provider to participate under exclusivity agreements that prohibit the provider from contracting with other state contractors.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Provide the PMP with the option to terminate the agreement without cause with advance notice to the Contractor. Said advance notice shall not have to be more than ninety (90) calendar days.
- Provide a copy of a member's medical record at no charge upon reasonable request by the member, and facilitate the transfer of the member's medical record to another provider at the member's request.
- Require each provider to agree that it shall not seek payment from the State for any service rendered to a Hoosier Healthwise member under the agreement.
- For behavioral health providers, require that members receiving inpatient psychiatric services are scheduled for outpatient follow-up and/or continuing treatment prior to discharge. This treatment must be provided within seven (7) calendar days from the date of the member's discharge.
- Require each provider to agree to use best commercial efforts to collect required copayments for services rendered Package C members.

The Contractor shall have written policies and procedures for registering and responding to claims disputes for out-of-network providers, in accordance with the claims dispute resolution process for non-contracted providers outlined in 405 IAC 1-1.6-1.

5.5 Provider Credentialing

The Contractor shall have written credentialing and re-credentialing policies and procedures for ensuring quality of care is maintained or improved and assuring that all contracted providers hold current state licensure and enrollment in the IHCP. The Contractor's credentialing and re-credentialing process for all contracted providers shall meet the National Committee for Quality Assurance (NCQA) guidelines. The same provider credentialing standards must apply across all Indiana Medicaid programs.

The Contractor shall use OMPP's standard provider credentialing form during the credentialing process. The Contractor must ensure that providers agree to meet all of FSSA's and the Contractor's standards for credentialing PMPs and specialists, and maintain IHCP manual standards, including:

- Compliance with state record keeping requirements;
- FSSA's access and availability standards; and
- Other quality improvement program standards.

As provided in 42 CFR 438.214(c), which prevents discrimination in provider selection, the Contractor's provider credentialing and selection policies shall not discriminate against particular providers that serve high-risk populations or specialize in conditions that require costly treatment. The Contractor shall not employ or contract with providers that have been excluded from participating in federal health care programs under Section 1128 or Section 1128A of the Social Security Act. The Contractor shall notify OMPP, in the manner prescribed by the State, of any credentialing applications that are denied due to program integrity related reasons.

The Contractor shall process all credentialing applications within thirty (30) calendar days of receipt of a complete application. If the Contractor delegates credentialing functions to a delegated credentialing agency, the Contractor shall ensure all credentialed providers are

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

loaded into the Contractor's provider files and claims system within fifteen (15) calendar days of receipt from the delegated entity.

The contractors credentialing and recredentialing process, policies and procedures must be demonstrated in readiness review.

The State will implement a centralized model for provider enrollment and credentialing called FSSA EnCred (EnCred) in 2019 consistent with the provisions of IC 12-15-11-9. The State contracts with a certified Credentialing Verification Organization (CVO), which is an accredited credentialing entity, to perform enrollment and credentialing simultaneously for providers in all IHCP programs. Providers will utilize a single online application and submit required documentation through FSSA EnCred to enroll as a provider and become credentialed. The enrollment and credentialing decision will serve as the credentialing decision required for all subsequent MCE enrollment. The Contractor shall designate their Medical Director or another qualified designee, subject to State approval, to actively participate and vote in the FSSA Secretary's EnCred Credentialing Advisory Committee. The Contractor shall accept the FSSA EnCred enrollment and credentialing determinations as final. The Contractor shall not require providers to submit supplemental information for purposes of conducting an additional credentialing process. Contractor may not add credentialing requirements to the contracting process, or delay contracting with a provider consistent with IC 12-15-11-9(b). The Contractor shall continue to retain final decision making responsibilities with respect to provider contracts and network design, subject to other requirements of this Contract including but not limited to network adequacy. The Contractor shall comply with all rules, regulations, and policies established for FSSA EnCred.

5.6 Medical Records

The Contractor shall assure that its records and those of its participating providers document all medical services that the member receives in accordance with state and federal law. In accordance with 405 IAC 1-5-1, the provider's medical record shall include, at a minimum:

- The identity of the individual to whom service was rendered;
- The identity of the provider rendering the service;
- The identity and position of the provider employee rendering the service, if applicable;
- The date on which the service was rendered;
- The diagnosis of the medical condition of the individual to whom service was rendered;
- A detailed statement describing services rendered;
- The location at which services were rendered;
- Written evidence of physician involvement and personal patient evaluation will be required to document the acute medical needs; and
- A current plan of treatment and progress notes, as to the medical necessity and effectiveness of treatment, must be attached to the prior authorization request and available for audit purposes.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

The medical records should include details such as prescriptions for medications; inpatient discharge summaries; patient histories (including immunizations) and physicals; a list of substances used and/or abused, including alcohol, smoking and legal and illegal drugs; and a record of outpatient, inpatient and emergency care, specialist referrals, ancillary care, laboratory and x-ray tests and findings.

The Contractor's providers shall maintain members' medical records in a detailed and comprehensive manner that conforms to good professional medical practice, permits effective professional medical review and medical audit processes, and facilitates an accurate system for follow-up treatment. Medical records shall be legible, signed and dated and maintained for at least seven (7) years as required by state and federal regulations.

The Contractor's providers shall provide a copy of a member's medical record upon reasonable request by the member at no charge, and the provider shall facilitate the transfer of the member's medical record to another provider at the member's request.

Confidentiality of, and access to, medical records shall be provided in accordance with the standards mandated in the Health Insurance Portability and Accountability Act (HIPAA) and all other state and federal requirements, including, but not limited to, 42 CFR Part 2 specific to confidentiality of alcohol and drug abuse records.

The Contractor's providers shall permit the Contractor and representatives of OMPP to review members' medical records for the purposes of monitoring the provider's compliance with the medical record standards, capturing information for clinical studies, monitoring quality or any other reason, in accordance with 405 IAC 1-5-2. The failure of Contractor and/or its participating providers to keep and maintain detailed and accurate medical records as required in this section may result in Contractor and/or its participating providers repaying FSSA or Contractor for amounts paid corresponding to the services rendered for which accurate and detailed medical records are not timely provided.

Records must be provided by Contractor and/or its participating providers upon request within the timeframe identified in the request. FSSA in its sole discretion may authorize additional time for responding to medical records requests made by Contractor or FSSA. The failure of Contractor and/or its participating providers to timely submit records may result in the assessment of an overpayment and/or other non-compliance remedies identified in Exhibit 2. FSSA encourages Contractors to use technology, including the participation in health information exchanges, where appropriate to transmit and store medical record data. See Section 8.7 for more information regarding electronic health records and data sharing requirements.

5.7 Provider Education and Outreach

The Contractor shall provide ongoing education to its provider network on the Hoosier Healthwise program, as well as Contractor-specific policies and procedures. In addition to developing its own provider education and outreach materials, the Contractor shall be required to coordinate with OMPP-sponsored provider outreach activities upon request.

The contractor shall provide a provider relations plan to include frequency of visits and outcomes from concerns identified, program education, claim issues, etc.

The Contractor shall educate its contracted providers, including behavioral health providers, regarding provider requirements and responsibilities, the Contractor's prior authorization policies and procedures, clinical protocols, member's rights and responsibilities, claims submission process, claims dispute resolution process, program integrity, identifying potential

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

fraud and abuse, pay-for-performance programs and any other information relevant to improving the services provided to the Contractor's Hoosier Healthwise members.

5.7.1 Provider Communications Review and Approval

All provider communication materials required in this section or otherwise developed by the Contractor shall be pre-approved by OMPP. The Contractor shall develop and include a Contractor-designated inventory control number on all provider communications, including letters, forms, bulletins and promotional, educational, training, informational or other outreach materials, with a date issued or date revised clearly marked. The purpose of this inventory control number is to facilitate OMPP's review and approval of all provider communications and documentation of its receipt and approval of original and revised documents.

The Contractor shall submit all provider communication materials designed for distribution to, or use by, contracted providers to OMPP for review and approval at least thirty (30) calendar days prior to use and distribution. The Contractor shall also submit any material changes to previously approved provider communication materials to OMPP for review and approval at least thirty (30) calendar days prior to use and distribution. The Contractor shall receive approval from OMPP prior to distribution or use of materials. OMPP's decision regarding any communication materials is final. The Contractor shall include the State program logo(s) in their provider communication materials upon OMPP request.

The Contractor shall not refer to or use the FSSA, OMPP or other state agency name or logo in its provider communications without prior written approval. The Contractor shall request in writing approval from OMPP for each desired reference or use at least thirty (30) calendar days prior to the reference or use. Any approval given for the FSSA, OMPP or other state agency name or logo is specific to the use requested, and shall not be interpreted as blanket approval.

All OMPP-approved provider communication materials shall be available on the Contractor's provider website within three (3) business days of distribution. The provider communication materials shall be organized online in a user-friendly, searchable format by communication type and subject.

Any provider communications by a subcontractor to IHCP providers regarding the HIP program must comply with the provisions in the section, just as the contractor is required.

5.7.2 Provider Policy and Procedures Manual

The Contractor shall provide and maintain a Provider Policies and Procedures Manual for use by the Contractor's network of Hoosier Healthwise providers. The Provider Policies and Procedures Manual shall be available both electronically and in hard copy (upon request) to all network providers, without cost, when they are initially enrolled, when there are any changes in policies and procedures, and upon a provider's request. The Provider Policies and Procedures Manual shall include, at minimum, the following information, separately stated for each State lines of business as appropriate:

- Benefits and limitations;
- Claims filing instructions;
- Criteria and process to use when requesting prior authorizations;

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Definition and requirements pertaining to urgent and emergent care;
- Participants' rights;
- Providers' rights for advising or advocating on behalf of his or her patient;
- Provider non-discrimination information;
- Policies and procedures for grievances and appeals in accordance with 42 CFR 438.414;
- Frequently asked questions and answers; and
- Contractor, FSSA and OMPP contact information such as addresses and phone numbers.

The Contractor shall offer Provider Policies and Procedures Manual training to all network providers when they are initially enrolled in the network, whenever there are changes in policies or procedures, and upon a provider's request. Updates or changes in operation that require revisions to the Provider Policies and Procedures Manual shall be submitted to OMPP for review and approval in accordance with the requirements outlined in Section 5.7.1.

5.8 Contractor Communications with Providers

The Contractor shall have in place policies and procedures to maintain frequent communications and provide information to its provider network. As required by 42 CFR 438.207(c), which sets notification requirements, the Contractor shall notify OMPP of material changes, as described in Section 2.10, that may affect provider procedures at least thirty (30) calendar days prior to notifying its provider network of the changes. The Contractor shall give providers at least forty-five (45) calendar days advance notice of material changes that may affect the providers' procedures such as changes in subcontractors, claims submission procedures or prior authorization policies. The Contractor shall post a notice of the changes on its website to inform both network and out-of-network providers and make payment policies available to non-contracted providers upon request.

All public facing communications from the Contractor's subcontractors must be approved by FSSA and meet the same timeframe as the contractor's requirement.

Because some pharmacy services are covered by Indiana Medicaid FFS under the pharmacy benefit consolidation, Contractors must educate providers about which pharmacy services should be submitted to the State fiscal agent for reimbursement, and which should be submitted to the Contractor.

In accordance with 42 CFR 438.102, which relates to provider-enrollee communications, the Contractor shall not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice, from advising or advocating on behalf of a member. Contractor shall communicate this clearly to all providers.

5.8.1 Provider Website

The Contractor shall develop and maintain a website in an FSSA-approved format (compliant with Section 508 of the US Rehabilitation Act) to ensure compliance with existing accessibility guidelines for network and out-of-network providers. The website shall be live and meet the requirements of this section on the effective date of the

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Contract. OMPP shall pre-approve the Contractor's website information and graphic presentations. The Contractor may choose to develop a separate provider website or incorporate it into the home page of the member website described in Section 4.4.2.

To minimize download and wait times, the website shall avoid techniques or tools that require significant memory or disk resources or require special intervention on the user side to install plug-ins or additional software. The Contractor shall date each web page, change the date with each revision and allow users print access to the information. The provider website may have secured information available to network providers but shall, at a minimum, have the following information available to all providers:

- Contractor's contact information;
- Provider Policy and Procedure Manual and associated forms;
- All of Contractor's provider communication materials, organized online in a user-friendly, searchable format by communication type and topic;
- A link to the State's preferred drug list (Hoosier Healthwise only);
- Claim submission information including, but not limited to the Contractor submission and processing requirements, paper and electronic submission procedures, emergency room auto-pay lists and frequently asked questions;
- Provider claims dispute resolution procedures for contracted and out-of-network providers;
- Prior authorization procedures, including a complete list of services which require prior authorization;
- Appeal procedures;
- Entire network provider listings;
- Links to FSSA and OMPP websites for general Medicaid and Hoosier Healthwise information;
- HIPAA and 42 CFR Part 2 Privacy Policy and Procedures

5.8.2 Provider Services Helpline

The Contractor shall maintain a toll-free telephone helpline for all providers with questions, concerns or complaints. With the exception of the holidays listed below, the Contractor shall staff the telephone provider helpline with personnel trained to accurately address provider issues during (at a minimum) a twelve (12)-hour business day, from 8 a.m. to 8 p.m. Eastern, Monday through Friday. The provider helpline may be closed on the following holidays: New Year's Day, Martin Luther King Jr. Day, Memorial Day, Independence Day (July 4th), Labor Day, Thanksgiving, and Christmas.

The Contractor may request that additional days, such as the day after Thanksgiving, be authorized for limited staff attendance. This request shall be submitted to OMPP at least thirty (30) calendar days in advance of the date being requested for limited staff attendance and must be approved by OMPP. For all days with a closure, early closing or limited staff attendance, there shall be a process for providers to process emergency

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

prior authorizations as needed. Call center closures, limited staffing or early closures shall not burden a member's access to care.

The Contractor shall maintain a system for tracking and reporting the number and type of provider calls and inquiries. The Contractor must monitor its provider helpline and report its telephone service performance to OMPP each quarter as described in the Hoosier Healthwise MCE Reporting Manuals.

5.8.3 IHCP Workshops and Seminars

The State fiscal agent sponsors workshops and seminars for all IHCP providers. The Contractor shall participate in the workshops and attend the provider seminars. A Contractor representative shall be available to make formal presentations and respond to questions during the scheduled time(s). The Contractor is also encouraged to set up an information booth with a representative available during the provider seminars.

5.9 Payment for Health Care-Acquired Conditions and Provider-Preventable Conditions

The Contractor shall develop policies and procedures to prohibit the payment of charges for certain hospital acquired conditions and "never events." These policies and procedures shall be approved by OMPP prior to implementation and upon any subsequent change.

In accordance with 42 CFR 434.6(a)(12), 42 CFR 438.3(g) and 42 CFR 447.26, no payment shall be made by the Contractor to a provider for a provider-preventable condition as identified in the State Plan. All payments made by Contractor for "never events" shall be recovered by the Contractor and/or OMPP as prescribed in section 7.4 Program Integrity Overpayment Recovery.

The Contractor's policies on non-payment of certain hospital-acquired conditions must comply with 405 IAC 1-10.5-5 and the IHCP Provider Bulletin regarding Present on Admission Indicator for Hospital Acquired Conditions dated August 25, 2009 (BT200928), as well as any updates or amendments thereto.

In accordance with 42 CFR 447.26(d), the Contractor shall require that as a condition of payment, all providers agree to comply with the reporting requirements in 42 CFR 447.26(d). The Contractor's policy on non-payment of certain never events shall be developed in accordance with current Medicare National Coverage Determinations (NCDs), as well as any Indiana Medicaid FFS rules or other guidance adopted or issued by OMPP at a future date.

5.10 Member Payment Liability

In accordance with 42 CFR 438.106, which relates to liability for payment, the Contractor and its subcontractors shall provide that members are not held liable for any of the following:

- Any payments for covered services furnished under a contract, referral or other arrangement, to the extent that those payments are in excess of the amount that the member would owe if the Contractor provided the services directly;
- Covered services provided to the member for which OMPP does not pay the Contractor;
- Covered services provided to the member for which OMPP or the Contractor does not pay the provider that furnishes the services under a contractual, referral or other arrangement; and

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- The Contractor's debts or subcontractor's debts, in the event of the entity's insolvency.

The Contractor shall ensure that its providers do not balance bill its members, i.e., charge the member for covered services above the amount paid to the provider by the Contractor. If the Contractor is aware that an out-of-network, non-IHCP provider, such as an out-of-state emergency services provider, is balance billing a member, the Contractor shall instruct the provider to stop billing the member and to enroll in the IHCP in order to receive reimbursement from the Contractor. The Contractor shall also contact the member to help resolve issues related to the billing.

IHCP providers are prohibited from charging a member, or the family of the member, for any amount not paid as billed for a covered IHCP service. Provider acceptance of payment from the Contractor as payment in full is a condition of participation in the IHCP. An IHCP provider can bill a member only when the following conditions have been met:

- The service rendered must be determined to be non-covered by the IHCP;
- The member has exceeded the program limitations for a particular service;
- The member must understand, before receiving the service, that the service is not covered under the IHCP, and that the member is responsible for the charges associated with the service; and
- The provider must maintain documentation that the member voluntarily chose to receive the service, knowing that the IHCP did not cover the service. A generic consent form is not acceptable unless it identifies the specific procedure to be performed, and the member signs the consent before receiving the service. See the IHCP Provider Manual for more information.

In cases where prior authorization is denied, a provider can bill a member for covered services if certain safeguards are in place and followed by the provider. The Contractor shall establish, communicate and monitor compliance with these procedures, which shall include at least the following:

- The provider must establish that authorization has been requested and denied prior to rendering the service;
- The provider has an opportunity to request review of the authorization decision by the Contractor. The Contractor must inform providers of the contact person, the means for contact, the information required to complete the review and the procedures for expedited review if necessary;
- If the Contractor maintains the decision to deny authorization, the provider must inform the member that the service requires authorization, and that authorization has been denied—if the provider is an out-of-network provider, the provider must also explain that covered services may be available without cost in-network if authorization is provided;
- The member must be informed of the right to contact the Contractor to file an appeal if the member disagrees with the decision to deny authorization;
- The provider must inform the member of member responsibility for payment if the member chooses to or insists on receiving the services without authorization;

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- If the provider chooses to use a waiver to establish member responsibility for payment, use of such a waiver shall meet the following requirements:
 - The waiver is signed only after the member receives the appropriate notification.
 - The waiver does not contain any language or condition to the effect that if authorization is denied, the member is responsible for payment.
 - Providers must not use non-specific patient waivers. A waiver must be obtained for each encounter or patient visit that falls under the scenario of non-covered services.
 - The waiver must specify the date the services are provided and the services that fall under the waiver's application.
- The provider must have the right to appeal any denial of payment by the Contractor for denial of authorization.

5.11 Provider Directory

The Contractor shall develop a searchable provider directory. A printed copy of the provider directory shall also be available to members and OMPP upon request. The Contractor may use the same provider directory for its Indiana State Medicaid lines of business as long as the directory clearly designates which population(s) the provider serves.

In accordance with 42 CFR 438.10(h), the provider directory shall include the following information:

- Lists of PMPs, the PMPs' service locations (including county), phone numbers, office hours, type of PMP (i.e., family practice, general practitioners, general internists, general pediatricians, obstetricians and gynecologists, and internal medicine physicians specializing in pediatrics or endocrinology) and whether the PMPs are accepting new members;
- Lists of specialty providers (including behavioral health providers and community mental health centers), their service locations (including county), phone numbers, office hours, type of specialty;
- Lists of hospital providers, home care providers and all other network providers;
- Languages spoken by the provider or the provider's office personnel;
- Provider web sites, if applicable;
- If the provider has accommodations for people with physical disabilities; and
- Pharmacies and behavioral health providers.

The Contractor shall include the aforementioned provider network information in an OMPP-approved format (compliant with Section 508 of the US Rehabilitation Act) on its member website. The Contractor shall list provider network information by county on the Contractor's website and update the information every two (2) weeks. Network provider information shall be available to print from a remote user location.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

5.12 Hospital Assessment Fee

Hospital Assessment Fee (HAF) payments will be integrated into capitation rates. Contractors are required to pay HAF hospitals at the enhanced Medicaid rates for HAF eligible services detailed below:

- HAF eligible hospitals
 - Contracted providers: MCEs shall pay 100% of the enhanced (HAF) rates, which is 100% of the fee schedule rate multiplied by the HAF factor OR 100% of the Inpatient APR DRG rate multiplied by the HAF factor.
 - Non-contracted providers: MCEs shall pay 98% of the enhanced (HAF) rates, which is 98% of the fee schedule rate multiplied by the HAF factor OR 98% of the Inpatient APR DRG rate multiplied by the HAF factor.
- Non-HAF eligible hospitals
 - Contracted providers: MCEs shall pay the amount negotiated with the contracted provider
 - 100% of the Medicaid APR DRG rates for Inpatient and 100% of the Medicaid OP Fee Schedule.
 - Non-contracted providers: MCEs shall pay the following:
 - 98% of the Medicaid APR DRG rates for Inpatient and 98% of the Medicaid OP Fee Schedule.

5.13 Physician Faculty Access to Care (PFAC) Program

Enhanced reimbursement is authorized under the Indiana Physician Faculty Access to Care (PFAC) program.

The program provides enhanced reimbursement for physician services rendered to all of the non-dual Medicaid populations, including those served under risk-based managed care programs, by qualified faculty physicians or other eligible practitioners, as defined in the State Plan.

Eligible physicians and practitioners must be employed by either Indiana University Health, Inc. (IU Health Physicians) or the Sidney and Lois Eskenazi Hospital (Eskenazi Medical Group), also known as the Health and Hospital Corporation of Marion County. The physicians must be affiliated with an in-state medical school, licensed by the State of Indiana, and enrolled as an Indiana Medicaid provider. The program also applies to non-physician staff such as nurses, physician assistants, midwives, social workers, psychologists, and optometrists.

Eligible physicians and non-physician staff are eligible for reimbursement at up to the average commercial rate (ACR), with actual enhanced reimbursement subject to annual performance on specified access metrics. Performance payout levels are calculated separately for IU Health Physicians and Eskenazi Medical Group, respectively.

Contractor is responsible for ensuring PFAC payments are delivered to eligible providers.

6.0 Quality Management and Utilization Management

The Contractor shall monitor, evaluate and take effective action to identify and address any needed improvements in the quality of care delivered to members in the Hoosier Healthwise program by all providers in all types of settings, in accordance with the provisions set forth in this Scope of Work. In compliance with state and federal regulations, the Contractor shall submit quality improvement data, including data that meets HEDIS standards for reporting and measuring outcomes, to OMPP that includes the status and results of performance improvement

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

projects. Additionally, the Contractor must submit information requested by OMPP to complete the State's annual Quality Strategy Plan for CMS.

For purposes of this Section 6, the following definitions apply. A "performance improvement project" shall mean a plan to remediate an identified program deficiency in response to a sanction or action by OMPP. A "quality improvement project" is a planned strategy for program improvement and is incorporated into the Contractor's Quality Management and Improvement Program Work Plan.

6.1 Quality Management and Improvement Program

The Contractor's Medical Director shall be responsible for the coordination and implementation of the Quality Management and Improvement Program. The program shall have objectives that are measurable, realistic and supported by consensus among the Contractor's medical and quality improvement staff. Through the Quality Management and Improvement Program, the Contractor shall have ongoing comprehensive quality assessment and performance improvement activities aimed at improving the delivery of health care services to members. As a key component of its Quality Management and Improvement Program, the Contractor shall develop incentive programs for both providers and members, with the ultimate goal of encouraging appropriate utilization of health care resources and improving health outcomes of Hoosier Healthwise members. The Contractor shall establish different provider and member incentives for its Hoosier Healthwise population.

As a part of the Contractor's Quality Management and Improvement Program, the Contractor shall participate in OMPP's annual performance improvement program.

The Contractor shall meet the requirements of 42 CFR 438 subpart E on Quality Assessment and Performance Improvement and the National Committee for Quality Assurance (NCQA), including but not limited to the requirements listed below, in developing its Quality Management and Improvement Program and the Quality Management and Improvement Program Work Plan. In doing so, it shall include (i) an assessment of quality and appropriateness of care provided to members with special needs, (ii) complete performance improvement projects in a reasonable time so as to allow information about the success of performance improvement projects to be incorporated into subsequent quality improvement projects; and (iii) produce quality of care reports at least annually.

The Contractor's Quality Management and Improvement Program shall:

- Include developing and maintaining an annual Quality Management and Improvement Program Work Plan which sets goals, establishes specific objectives, identifies the strategies and activities to undertake, monitors results and assesses progress toward the goals.
- Have in effect mechanisms to detect both underutilization and overutilization of services. The activities the Contractor takes to address underutilization and overutilization must be documented.
- Have written policies and procedures for quality improvement. Policies and procedures must include methods, timelines and individuals responsible for completing each task.
- Incorporate an internal system for monitoring services, including data collection and management for clinical studies, internal quality improvement activities, assessment of special needs populations and other quality improvement activities requested by OMPP.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Participate appropriately in clinical studies, and use Healthcare Effectiveness Data and Information Set[®] (HEDIS[®]) rate data and data from other similar sources to periodically and regularly assess the quality and appropriateness of care provided to members. In assessing the quality and appropriateness of care provided to members under 21 years of age, the Contractor must act in accordance with EPSDT/Health Watch requirements.
- Collect measurement indicator data related to areas of clinical priority and quality of care. OMPP will establish areas of clinical priority and indicators of care. OMPP reserves the right to identify additional conditions at any time, as the areas reflect the needs of the Indiana Medicaid populations. These areas may vary from one year to the next and from program to program. Examples of areas of clinical priority include:
 - HIV and Hepatitis C care
 - Behavioral health and physical health care coordination;
 - Immunization rates;
 - Early and Periodic Screening, Diagnosis and Treatment (EPSDT) services;
 - Prenatal care;
 - Postpartum care;
 - Blood lead testing ;
 - Emergency room utilization;
 - Access to care;
 - Special needs care coordination and utilization;
 - Asthma;
 - Obesity, especially childhood obesity;
 - Tobacco dependence treatment, especially for pregnant women;
 - Inpatient and emergency department follow-up;
 - Timely follow-up and notification of results from preventive care; and
 - Integrated medical and behavioral health utilization.
- Report any national performance measures developed by CMS in the future. The Contractor must develop an approach for meeting the desired performance levels established by CMS upon release of the national performance measures, in accordance with 42 CFR 438.330(a), which allows CMS to specify measures and topics for performance improvement projects.
- Have procedures for collecting and assuring accuracy, validity and reliability of performance outcome rates that are consistent with protocols developed in the public or private sector. The CMS website contains an example of available protocols.
- Develop and maintain a physician incentive program, as described in Section 6.2.1.
- Develop a member incentive program to encourage members to be personally accountable for their own health care and health outcomes, as described in Section 6.2.2. Targeted areas of performance could include the appropriate use of emergency room services, keeping appointments and scheduling appointments for routine and preventive services such as prenatal care, disease screenings, compliance with behavioral health drug therapy, compliance with diabetes treatment and well-child visits.
- Participate in any state-sponsored prenatal care coordination programs.
- Contract for an NCQA-accredited HEDIS audit and report audited HEDIS rates. A separate HEDIS audit is required for the Contractor's Hoosier Healthwise lines of

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

business. The HEDIS audit and report must be based upon the NCQA methodology for sampling of HEDIS data.

- Conduct a Consumer Assessment of Health Plans (CAHPS) survey and report survey results to OMPP annually. A separate CAHPS survey is required for the Contractor's Hoosier Healthwise lines of business. The CAHPS survey must be based upon the NCQA methodology for sampling of CAHPS data.
- Include a provider relations project annually.
- Participate in other quality improvement activities, including External Quality Reviews, to be determined by OMPP.

6.1.1 Quality Management and Improvement Committee

The Contractor shall establish an internal Quality Management and Improvement Committee to develop, approve, monitor and evaluate the Quality Management and Improvement Program and Work Plan. The same committee may be responsible for both the Contractor's Hoosier Healthwise lines of business. The Contractor's Medical Director and Pharmacy Director shall be active participants in the Contractor's internal Quality Management and Improvement Committee. The committee shall be representative of management staff, including provider relations, Contractor departments and community partners, advocates, members and subcontractors, as appropriate. Subcontractors providing direct services to members shall be represented on the committee.

The Contractor shall have appropriate personnel attend and participate in OMPP's regularly scheduled Quality Strategy Committee meetings. The Contractor is encouraged to recommend attendees and other stakeholders to Quality Strategy Committee meetings. Additionally, the Medical Director shall attend and participate in OMPP's Quality Strategy Committee meetings at least quarterly to update OMPP and report on the Contractor's quality management and improvement activities and outcomes.

The Contractor shall have a structure in place (e.g., other committees, sub-committees, work groups, task forces) that is incorporated into, and formally supports, the Contractor's internal Quality Management and Improvement Committee and Quality Management and Improvement Program Work Plan. All functional units in the Contractor's organizational structure shall integrate their performance measures, operational activities and outcome assessments with the Contractor's internal quality management and improvement committee to support the Contractor's quality management and improvement goals and objectives.

6.1.2 Quality Management and Improvement Program Work Plan Requirements

The Contractor's Quality Management and Improvement Committee, in collaboration with the Contractor's Medical Director and Pharmacy Director, shall develop an annual Quality Management and Improvement Program Work Plan. The plan shall identify the Contractor's quality management goals and objectives and include a timeline of activities and assessments of progress towards meeting the goals. One plan shall be developed targeting quality projects for Hoosier Healthwise members. The plan shall meet the HEDIS standards for reporting and measuring outcomes.

The Contractor shall submit its Quality Management and Improvement Program Work Plan to OMPP during the readiness review and annually thereafter. The Contractor shall provide progress reports to OMPP on no less than a quarterly basis. The Contractor

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

must be prepared to periodically report on its quality management activities to OMPP's Quality Strategy Committee.

The Contractor shall prepare the annual Quality Management and Improvement Program Work Plan using standardized reporting templates provided by OMPP. The Hoosier Healthwise MCE Reporting Manuals contain more information regarding the annual Quality Management and Improvement Program Work Plan and Quality Improvement Plans.

6.1.3 External Quality Review

Pursuant to federal regulation, the State shall arrange for an annual, external independent review of each Contractor's quality of, timeliness of and access to health care services. The Contractor shall provide all information required for this review in the timeframe and format requested by the external quality review organization. The Contractor shall cooperate with and participate in all external quality review activities. The Contractor's Quality Management and Improvement Program should incorporate and address findings from these external quality reviews.

6.2 Incentive Programs

OMPP shall require Contractors to participate in a pay for outcomes program that focuses on rewarding Contractors' efforts to improve quality and outcomes for Hoosier Healthwise members. OMPP shall provide, at minimum, financial performance incentives to Contractors based on performance targets in priority areas established by the State. The Contractor incentives and performance targets will be set forth in Exhibit 2.

OMPP shall have the right to revise measures on an annual basis and will notify the Contractor of changes to incentive measures.

Quality measures may include:

- Preventive care;
- Pregnancy;
- Well care;
- Chronic disease care including HIV and Hepatitis C;
- Pharmacy services;
- Tobacco dependence treatment;
- Behavioral health follow-up services; and
- Emergency and inpatient utilization.

Additional conditions to payment of incentive amounts are provided in Exhibit 2.

6.2.1 Provider Incentive Programs

Contractors shall establish a performance-based incentive system for its providers for the Contractor's Hoosier Healthwise providers. The Contractor will determine its own methodology for incentivizing providers. The Contractor must obtain OMPP-approval prior to implementing its provider incentive program and before making any changes thereto. The State encourages creativity in designing pay for performance programs.

If the Contractor offers financial incentives to providers, these payments shall be above and beyond the standard Medicaid fee-for-service fee schedule.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Section 1876(j)(8) of the Social Security Act and federal regulations 42 CFR 438.10(f)(3), 42 CFR 422.208 and 42 CFR 422.210 provide information regarding physician incentive plans. The Contractor shall comply with all federal regulations regarding the physician incentive plan and supply to OMPP information on its plan as required in the regulations and with sufficient detail to permit OMPP to determine whether the incentive plan complies with the federal requirements. The Contractor shall provide information concerning its physician incentive plan, upon request, to its members and in any marketing materials in accordance with the disclosure requirements stipulated in the federal regulations. Similar requirements apply to subcontracting arrangements with physician groups and intermediate entities.

Physician incentive plans shall comply with the following requirements:

- The Contractor will make no specific payment directly or indirectly to a physician or physician group as an inducement to reduce or limit medically necessary services furnished to an individual member; and
- The Contractor meets requirements for stop-loss protection, member survey and disclosure requirements under 42 CFR 438.10(f)(3).

6.2.2 Member Incentive Programs

Contractors shall establish member incentive programs to encourage appropriate utilization of health services and healthy behaviors. Member incentives may be financial or non-financial. The Contractor will determine its own methodology for providing incentives to members. For example, the Contractor may offer member incentives for:

- Attending all prenatal visits;
- Obtaining recommended preventive care;
- Completing the expected number of EPSDT visits;
- Complying with treatment in a disease management, care management or complex case management program;
- Making healthy lifestyle decisions such as quitting smoking or losing weight; or
- Completing a health screening.

Except as provided herein, the Contractor may not offer gifts or incentives greater than \$10.00 for each incentive and not to exceed \$50.00 total per year per individual. The Contractor may petition OMPP, in the manner prescribed by OMPP, for authorization to offer items or incentives greater than \$10.00 for each individual and \$50.00 per year per individual if the items are intended to promote the delivery of certain preventive care services, as defined in 42 CFR 1003.101, Such incentives may not be disproportionate to the value of the preventive care service provided, as determined by OMPP. Petitions to provide enhanced incentives for preventive care shall be reviewed on a case-by-case basis, and OMPP shall retain full discretion in determining whether the enhanced incentives will be approved. In any member incentive program, the incentives shall be tied to appropriate utilization of health services and/or health-promoting behavior. For example, the member incentive programs can encourage responsible emergency room use or preventive care utilization. Contractors should develop member incentives designed to encourage appropriate utilization of health care services, increase adherence to keeping medical appointments and encourage the receipt of health care services in the appropriate treatment setting. Additionally, the Contractor shall comply with those requirements found in 42 CFR 1003.101, "Remuneration...(4) Incentives given to individuals to promote the delivery of preventive care services where the delivery of such services is not tied (directly or indirectly) to the provision of other services reimbursed in

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

whole or in part by Medicare or an applicable State health care program. Such incentives may include the provision of preventive care, but may not include—

- (i) Cash or instruments convertible to cash; or
- (ii) An incentive the value of which is disproportionately large in relationship to the value of the preventive care service (*i.e.*, either the value of the service itself or the future health care costs reasonably expected to be avoided as a result of the preventive care)..."

Examples of appropriate rewards include:

- Gift certificates for groceries;
- Phone cards; or
- Gifts such as diaper bags or new baby "welcome" kits.

The Contractor shall obtain OMPP-approval prior to implementing its member incentive program and before making any changes thereto.

6.2.3 Notification of Pregnancy (NOP) Incentives

Prior to January 1, 2019, the Contractor shall comply with the following section:

OMPP has implemented a Notification of Pregnancy (NOP) process that encourages MCEs and providers to complete a comprehensive risk assessment (*i.e.*, a NOP form) for pregnant members. The Contractor shall comply with the policies and procedures set forth in the IHCP Provider Bulletin regarding the NOP process dated May 22, 2014 (BT201425), and any updates thereto.

The provider shall be responsible for completing the standard NOP form, including member demographics, any high-risk pregnancy indicators, and basic pregnancy information. The Contractor receiving the NOP shall contact the member to complete a comprehensive pregnancy health risk assessment within twenty-one (21) calendar days of receipt of completed NOP form from the provider. Only one assessment should be completed per member per pregnancy. NOP requirements and conditions for payment are set forth in the Hoosier Healthwise MCE Policies and Procedures Manual.

To be eligible for the provider incentive payment, the NOP form shall be submitted by providers via the Portal within five (5) calendar days of the visit during which the NOP form was completed. The State shall reimburse the Contractor for NOP forms submitted according to the standards set forth in the Hoosier Healthwise MCE Policies and Procedures Manual. This reimbursement amount shall be passed on to the provider who completed the NOP form. An additional amount will be transferred to a bonus pool. The Contractor shall be eligible to receive bonus pool funds based on achievement of certain maternity-related targets See Exhibit 2 for further detail regarding the NOP incentives and maternity-related targets.

The Contractor shall have systems and procedures in place to accept NOP data from the State's fiscal agent, assign pregnant members to a risk level and, when indicated based on the member's assessment and risk level, enroll the member in a prenatal case management program. The Contractor shall assign pregnant members to a risk level and enter the risk level information into the Portal within twelve (12) calendar days of receiving NOP data from the State's fiscal agent.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

6.3 Utilization Management Program

The Contractor must operate and maintain its own utilization management program. The Contractor may place appropriate limits on coverage on the basis of medical necessity or utilization control criteria, provided the services furnished can reasonably be expected to achieve their purpose. The Contractor is prohibited from arbitrarily denying or reducing the amount, duration or scope of required services solely because of diagnosis, type of illness or condition.

The Contractor shall establish and maintain medical management criteria and practice guidelines in accordance with state and federal regulations that are based on valid and reliable clinical evidence or consensus among clinical professionals and consider the needs of the Contractor's members. The Contractor may accept a nationally recognized set of guidelines, including but not limited to Milliman Care Guidelines or InterQual. If the Contractor chooses to utilize separate guidelines for physical health and behavioral health services, the Contractor shall demonstrate that the use of separate guidelines would have no negative impact on members, and would not otherwise violate the Contractor's requirements under the Mental Health Parity and Addiction Parity Act (MHPAEA.) Pursuant to 42 CFR 438.210(b), relating to authorization of services, the Contractor shall consult with contracting health care professionals in developing practice guidelines and shall have mechanisms in place to ensure consistent application of review criteria for authorization decisions and consult with the provider that requested the services when appropriate. The Contractor shall have sufficient staff with clinical expertise and training to interpret and apply the utilization management criteria and practice guidelines to providers' requests for health care or service authorizations for the Contractor's members. The Contractor shall periodically review and update the guidelines, distribute the guidelines to providers and make the guidelines available to members upon request. Utilization management staff shall receive ongoing training regarding interpretation and application of the utilization management guidelines. The Contractor shall be prepared to provide a written training plan, which shall include dates and subject matter, as well as training materials, upon request by OMPP.

The Contractor shall require its providers to utilize the standardized Indiana Health Coverage Programs Prior Authorization Request Form for the submission of all prior authorization requests. In addition, the State reserves the right to standardize certain parts of the prior authorization reporting process across the MCEs, such as requiring the MCEs to adopt and apply the same definitions regarding approved, pending, denied, suspended requests etc. When adopted, these standards shall be set forth in the Hoosier Healthwise MCE Reporting Manual.

The Contractor's utilization management program policies and procedures shall meet all NCQA standards and must include appropriate timeframes for:

- Completing initial requests for prior authorization of services;
- Completing initial determinations of medical necessity;
- Completing provider and member appeals and expedited appeals for prior authorization of service requests or determinations of medical necessity, per state law;
- Notifying providers and members in writing of the Contractor's decisions on initial prior authorization requests and determinations of medical necessity; and

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Notifying providers and members of the Contractor's decisions on appeals and expedited appeals of prior authorization requests and determinations of medical necessity.

The Contractor shall report its medical necessity determination decisions, and shall describe its prior authorization and emergency room utilization management processes to OMPP. The Contractor conducts a prudent layperson review to determine whether an emergency medical condition exists, the reviewer must not have more than a high school education and must not have training in a medical, nursing or social work related field.

The Contractor's utilization management program shall not be limited to traditional utilization management activities, such as prior authorization. The Contractor shall maintain a utilization management program that integrates with other functional units as appropriate and supports the Quality Management and Improvement Program. The utilization management program shall have policies and procedures and systems in place to assist utilization management staff to identify instances of over- and under-utilization of emergency room services and other health care services, identify aberrant provider practice patterns (especially related to emergency room, inpatient services, transportation, drug utilization, preventive care and screening exams), ensure active participation of a utilization review committee, evaluate efficiency and appropriateness of service delivery, incorporate subcontractor's performance data, facilitate program management and long-term quality and identify critical quality of care issues.

The Contractor's utilization management program shall link members to care coordination and disease management, care management and case management, as set forth in Sections 3.7 and 3.8. The Contractor's utilization management program shall also encourage health literacy and informed, responsible medical decision making. Contractors should develop member incentives designed to encourage appropriate utilization of health care services, increase adherence to keeping medical appointments and obtain services in the appropriate treatment setting. Contractors shall also be responsible for identifying and addressing social barriers which may inhibit a member's ability to obtain preventive care.

The Contractor shall monitor utilization through retrospective reviews and will identify areas of high and low utilization and identify key reasons for the utilization patterns. The Contractor shall identify those members that are high utilizers of emergency room services and/or other services and perform the necessary outreach and screening to assure the member's services are coordinated and that the member is aware of and participating in the appropriate disease management, case management or care management services. The Contractor shall also use this data to identify additional disease management programs that are needed. Any member with emergency room utilization at least three (3) standard deviations outside of the mean for the population group shall be referred to an appropriate level of care coordination. The Contractor may use the Right Choices Program (RCP), as described in Section 6.3.1 below, in identifying members to refer to case management or care management.

The Contractor shall monitor the pharmacy utilization of all its members where the Contractor is not responsible for paying or reimbursing pharmacy services.

As part of its utilization review, the Contractor shall monitor access to preventive care, specifically to identify members who are not accessing appropriate preventive care services in accordance with accepted preventive care standards, such as those published by the American Academy of Pediatrics, the American College of Obstetrics and Gynecology, or OMPP's recommended preventive care guidelines. The Contractor shall develop education, incentives and outreach plans tailored to its member population to increase member compliance with preventive care standards.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

In order to monitor potential under- or over-utilization of behavioral health services, OMPP requires Contractors to provide separate utilization reports for behavioral health services. The Contractor shall particularly monitor use of services for its members with special needs and members with a diagnosis of severe mental illness or substance abuse.

6.3.1 The Right Choices Program (RCP)

The Right Choices Program (RCP) is Indiana's restricted card program. The purpose of the RCP is to identify members who use covered services more extensively than their peers. The program, set forth in 405 IAC 1-1-2(c) and 405 IAC 5-6, is designed to monitor member utilization, and when appropriate, implement restrictions for those members who would benefit from increased care coordination. The Contractor will provide appropriate disease management, care management or complex case management services to RCP members.

Program policies, set forth by the OMPP for the RCP, are delineated in the Right Choices Program Policy Manual. The Contractor shall comply with the program policies set forth in this Manual and subsequent revisions.

The Contractor shall be responsible for RCP duties, as outlined in the Right Choices Program Policy Manual, including, but not limited to, the following:

- Evaluate claims (including medical and pharmacy claims), medical information, referrals and data to identify members to be enrolled in the RCP— before enrolling a member in the RCP, the Contractor must ensure a physician, pharmacist or nurse confirms the appropriateness of the enrollment;
- Document member enrollment and compliance in Portal
- Enroll members in the RCP;
- Provide written notification of RCP status to such members and their assigned primary physicians, pharmacies and/or hospitals;
- Intervene in the care provided to RCP members by providing, at minimum, enhanced education, case management and/or care coordination with the goal of modifying member behavior;
- Provide appropriate customer service to providers and members;
- Evaluate and monitor the member's compliance with his or her treatment plan to determine if the RCP restrictions should terminate or continue—the State shall make available utilization data about the Contractor's RCP members to assist the Contractor in its monitoring duties;
- Notify OMPP of members that are being reported to the OMPP Bureau of Investigation for suspected or alleged fraudulent activities;
- Complete periodic reports about RCP to OMPP
- Cooperate with OMPP in evaluation activities of the program by providing data and/or feedback when requested by OMPP;
- Meet with OMPP about RCP program implementation as requested by OMPP; and

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Develop, obtain OMPP approval of and implement internal policies and procedures regarding the Contractor's RCP program administration and use of any subcontractors with the RCP members

OMPP shall monitor the Contractor's compliance with the RCP duties set forth in this Scope of Work and the Right Choices Program Policy Manual through its monthly onsite visits and/or external quality review activities. The Contractor may be subject to the non-compliance remedies as set forth in Exhibit 2 if the Contractor fails to comply with the RCP duties set forth in this Scope of Work and the Right Choices Program Policy Manual. OMPP reserves the right to review pharmacy and emergency room utilization figures for the Contractor's RCP membership, including the number of RCP members who have had more than one emergency room visit in a thirty (30)-calendar day period, in assessing the effectiveness of the Contractor's RCP program administration.

6.3.2 Authorization of Services and Notices of Actions

Clinical professionals who have appropriate clinical expertise in the treatment of a member's condition or disease shall make all decisions to deny a service authorization request or to authorize a service in an amount, duration or scope that is less than requested. Only licensed physicians and nurses may deny a service authorization request or authorize a service in an amount, duration or scope that is less than requested. The Contractor shall not provide incentives to utilization management staff or to providers for denying, limiting or discontinuing medically necessary services. OMPP may audit Contractor denials, appeals and authorization requests. OMPP may waive certain administrative requirements, including prior authorization procedures, to the extent that such waivers are allowed by law and are consistent with policy objectives. The Contractor may be required to comply with such waivers and will be provided with prior notice by OMPP. If the Contractor delegates some or all of its prior authorization function to subcontractors, the Contractor shall conduct annual audits and ongoing monitoring to ensure the subcontractor's performance complies with the Contract, the Contractor's policies and procedures and state and federal law.

As part of the utilization management function, the Contractor shall facilitate PMPs' requests for authorization for primary and preventive care services and must assist the PMP in providing appropriate referral for specialty services by locating resources for appropriate referral. In accordance with federal regulations, the process for authorization of services shall comply with the following requirements:

- Second Opinions: In accordance with 42 CFR 438.206(b)(3), the Contractor must comply with all member requests for a second opinion from a qualified professional. If the provider network does not include a provider who is qualified to give a second opinion, the Contractor must arrange for the member to obtain a second opinion from a provider outside the network, at no cost to the member.
- Special Needs: In accordance with 42 CFR 438.208(c), the Contractor must allow members with special needs, who are determined to need a course of treatment or regular care monitoring, to directly access a specialist for treatment via an established mechanism such as a standing referral from the member's PMP or an approved number of visits. Treatment provided by the specialist must be appropriate for the member's condition and identified needs.
- Women's Health: In accordance with 42 CFR 438.206(b)(2), the Contractor must provide female members with direct access to a women's health specialist within the network for covered care necessary to provide women's routine and preventive health care services. This is in addition to the female member's

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

designated source of primary care if that source is not a woman's health specialist. The Contractor must have an established mechanism to permit a female member direct access such as a standing referral from the member's PMP or an approved number of visits. The Contractor may also establish claims processing procedures that allow payment for certain women's health codes without prior authorization or referral.

The Contractor shall track all prior authorization requests in their information system. All notes in the Contractor's prior authorization tracking system shall be signed by clinical staff and include the appropriate suffix (e.g., RN, MD, etc.). For prior authorization approvals, the Contractor shall provide a prior authorization number to the requesting provider and maintain a record of the following information, at a minimum, in the Contractor's information system: (i) name of caller, (ii) title of caller, (iii) date and time of call, and (iv) prior authorization number.

For all denials of prior authorization requests, the Contractor shall maintain a record of the following information, at a minimum, in the Contractor's information system: (i) name of caller; (ii) title of caller; (iii) date and time of call; (iv) clinical synopsis, which shall include timeframe of illness or condition, diagnosis and treatment plan; (v) clinical guideline(s) or other rational supporting the denial (e.g., insufficient documentation).

The Contractor shall provide a written notice to the member and provider of any decision to deny a service authorization request, or to authorize a service in an amount, duration or scope that is less than requested. The notice shall meet the requirements of 42 CFR 438.404, "Notice of Action." The notice to members shall be provided at a fifth grade reading level. The notice shall be given within the timeframes described in the following paragraphs and 42 CFR 438.404(c).

The notification letters used by the Contractor shall be approved by OMPP prior to use and clearly explain the following:

- The action the Contractor or its subcontractor has taken or intends to take;
- The reasons for the action;
- The member's or the provider's right to file an appeal with the Contractor and the process for doing so;
- The procedure to request a State fair hearing following exhaustion of the Contractor's appeal process;
- Circumstances under which expedited resolution is available and how to request it; and
- The member's right to have benefits continue pending the resolution of the appeal, how to request continued benefits and the circumstances under which the member may have to pay the costs of these services.

Unless otherwise provided in 405 IAC 5-3-14, the Contractor shall notify members of standard authorization decisions as expeditiously as required by the member's health condition, not to exceed seven (7) calendar days after the request for services. An extension of up to fourteen (14) calendar days is permitted if the member or provider requests an extension or if the Contractor justifies to OMPP a need for more information and explains how the extension is in the member's best interest. The Contractor will be

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

required to provide its justification to OMPP upon request. Extensions require written notice to the member and shall include the reason for the extension and the member's right to file a grievance.

Unless otherwise provided in 405 IAC 5-3-14, if the Contractor fails to respond to a member's prior authorization request within seven (7) calendar days of receiving all necessary documentation, the authorization is deemed to be granted.

For situations in which a provider indicates, or the Contractor determines, that following the standard timeframe could seriously jeopardize the member's life or health or ability to attain, maintain or regain maximum function, the Contractor shall make an expedited authorization decision and provide notice as expeditiously as the member's health condition requires and no later than seventy-two (72) hours after receipt of the request for service. The Contractor may extend the seventy-two (72) hours by up to fourteen (14) calendar days if the member requests an extension or the Contractor justifies a need for additional information and how the extension is in the best interest of the member. The Contractor will be required to provide its justification to OMPP upon request.

The Contractor shall notify members in writing of decisions to terminate, suspend or reduce previously authorized covered services, at least ten (10) calendar days before the date of action, with the following exceptions:

- Notice is shortened to five (5) calendar days if probable member fraud has been verified by the Indiana Office of the Inspector General or Attorney General.
- Notice may occur no later than the date of the action in the event of:
 - The death of a member;
 - The Contractor's receipt of a signed written statement from the member requesting service termination or giving information requiring termination or reduction of services (the member must understand the result of supplying this information);
 - The member's admission to an institution and consequential ineligibility for further services;
 - The member's address is unknown and mail directed to him/her has no forwarding address;
 - The member's acceptance for Medicaid services by another local jurisdiction;
 - The member's physician prescribes the change in the level of medical care;
 - An adverse determination made with regard to the preadmission screening requirements for nursing facility admissions; or
 - The safety or health of individuals in the facility would be endangered, the member's health improves sufficiently to allow a more immediate transfer or discharge, an immediate transfer or discharge is required by the member's urgent medical needs or a member has not resided in the nursing facility for thirty (30) calendar days (applies only to adverse actions for nursing facility transfers).

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

6.3.3 Objection on Moral or Religious Grounds

If the Contractor elects not to provide, reimburse for or provide coverage of a counseling or referral service because of an objection on moral or religious grounds, it shall furnish information about the services it does not cover as follows, in accordance with 42 CFR 438.102(b):

- To OMPP if it adopts the policy during the term of the Contract;
- To potential members before and during enrollment; and
- To members within ninety (90) calendar days after adopting the policy with respect to any particular service, but at least thirty (30) calendar days prior to the effective date.

6.3.4 Utilization Management Committee

The Contractor must have a utilization management committee directed by the Contractor's Medical Director. The committee shall be responsible for:

- Monitoring providers' requests for rendering health care services to its members;
- Monitoring the medical appropriateness and necessity of health care services provided to its members;
- Reviewing the effectiveness of the utilization review process and making changes to the process as needed;
- Writing policies and procedures for utilization management that conform to industry standards including methods, timelines and individuals responsible for completing each task; and
- Confirming the Contractor has an effective mechanism in place for a plan provider or Contractor representative to respond within one hour to all emergency room providers twenty four (24)-hours-a-day, seven (7)-days-a-week:
 - After the Contractor's member's initial emergency room screening; and,
 - After the Contractor's member has been stabilized and the emergency room provider believes continued treatment is necessary to maintain stabilization.

7.0 Program Integrity

The Indiana Office of the Attorney General, Medicaid Fraud Control Unit is the state agency responsible for the investigation of provider fraud in the Indiana Medicaid program. The OMPP Program Integrity Unit (OMPP PI), is responsible for overseeing the integrity of all Medicaid payments issued by the State for services on behalf of Medicaid-eligible beneficiaries, and referring cases of suspected fraud to the MFCU for investigation. The OMPP PI Unit identifies and recovers Medicaid waste and abuse. The FSSA Bureau of Investigations evaluates and investigates reports of suspected fraud by recipients of assistance programs and both government and contract employees.

The Contractor, as well as its subcontractors and providers, whether contract or non-contract, shall comply with all federal requirements (42 CFR Part 455) on disclosure reporting, including

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

business transaction disclosure reporting (42 CFR 455.104) and shall further provide any additional information necessary for the FSSAS to perform exclusion status checks pursuant to 42 CFR 455.436. All tax-reporting provider entities that bill and/or receive Indiana Medicaid funds as the result of this Contract shall submit routine disclosures in accordance with timeframes specified in 42 CFR Part 455, Subpart B and the terms of this Contract, including at the time of initial contracting, contract renewal, at any time there is a change to any of the information on the disclosure form, at least once every three (3) years, and at any time upon request.

The Contractor, as well as its subcontractors and providers, whether contract or non-contract, shall comply with all federal requirements (42 CFR 1002) on exclusion and debarment screening. All tax-reporting provider entities that bill and/or receive Indiana Medicaid funds as the result of this Contract shall screen their owners and employees against the federal exclusion databases (such as LEIE and EPLS). Any services provided by excluded individuals shall be refunded to and/or obtained by the State and/or the Contractor as prescribed in section 7.4 Program Integrity Overpayment Recovery. Where the excluded individual is the provider of services or an owner of the provider, all amounts paid to the provider shall be refunded.

The Contractor shall have adequate staffing and resources to investigate unusual incidents and develop and implement corrective action plans to assist the Contractor in preventing and detecting potential fraud and abuse activities. Staffing levels, at a minimum, will be equal to one full-time staff member for every 100,000 members in addition to the Special Investigation Unit Manager and the Compliance Director.

The Contractor shall comply with all federal and state requirements regarding fraud and abuse, including but not limited to Sections 1128, 1156, and 1902(a)(68) of the Social Security Act. The Contractor shall also provide all documentation and information requested by OMPP PI Unit or required under this section and its subsections in the form and manner mandated by the OMPP PI Unit.

7.1 Program Integrity Plan

Pursuant to 42 CFR 438.608, which sets program integrity requirements, the Contractor must have an administrative procedure that includes a mandatory compliance plan that describes in detail the manner in which it will detect fraud and abuse. The Program Integrity Plan shall serve as Contractor's compliance plan. The Program Integrity Plan shall be submitted annually and upon request by the OMPP PI Unit, and updated quarterly, or more frequently if required by the OMPP Program Integrity (PI) Unit, be submitted to OMPP. The PI Plan and/or updates to the PI Plan shall be submitted through the reporting process to OMPP, who shall forward to the OMPP PI Unit, ten (10) business days prior to scheduled meetings discussing the Plan. The Plan shall include in its PI Plan provisions enabling the efficient identification, investigation, and resolution of waste, fraud and abuse issues of Contractor's providers, vendors, and subcontractors (including but not limited to Pharmacy Benefits Managers) and Contractor itself, including:

- Written policies, procedures and standards of conduct that articulate the organization's commitment to comply with all applicable state and federal standards.
- The designation of a Special Investigation Unit Manager, a Compliance Officer and a Compliance Committee. The Plan should document that the Compliance Officer and SIU Manager shall meet with the OMPP PI Unit at a minimum of quarterly and as directed by the OMPP PI Unit.
- The type and frequency of training and education for the Special Investigation Unit Manager, Compliance Officer, and the organization's employees who will be provided to detect fraud. Training must be annual and address the False Claims Act, Indiana

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

laws and requirements governing Medicaid reimbursement and the utilization of services – particularly changes in rules, and other Federal and state laws governing Medicaid provider participation and payment as directed by CMS and FSSA. Training should also focus on recent changes in rules.

- A risk assessment of the Contractor's various fraud and abuse/program integrity processes. A risk assessment shall also be submitted on an 'as needed' basis and updated after program integrity-related actions, including financial-related actions (such as overpayment, repayment and fines), are taken. The Contractor shall inform the OMPP PI Unit of such actions in its audit plan. The assessment shall also include a listing of the Contractor's top three (3) vulnerable areas and shall outline action plans mitigating such risks.
- An organizational chart and communication plan highlighting lines of communication between the Special Investigation Unit Manager, the Compliance Officer and the organization's employees.
- Provision for internal monitoring and auditing.
- Procedures designed to prevent and detect abuse and fraud in the administration and delivery of services under this contract.
- A description of the specific controls in place for prevention and detection of potential or suspected fraud and abuse, including but not limited to:
 - A list of automated pre-payment claims edits.
 - A list of automated post-payment claims edits.
 - A list of types of desk audits on post-processing review of claims.
 - A list of reports for provider profiling and credentialing used to aid program and payment integrity reviews.
 - A list of surveillance and/or utilization management protocols used to safeguard against unnecessary or inappropriate use of Medicaid services.
 - A list of provisions in the subcontractor and provider agreements that ensure the integrity of provider credentials.
 - A list of references in provider and member material regarding fraud and abuse referrals.
 - A list of provisions for the confidential reporting of PI Plan violations to the designated person.
 - A list of provisions for the investigation and follow-up of any suspected or confirmed fraud and abuse, even if already reported, and/or compliance plan reports.
- Provisions ensuring that the identities of individuals reporting violations of the Contractor are protected and that there is no retaliation against such persons.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Specific and detailed internal procedures for officers, directors, managers and employees for detecting, reporting, and investigating fraud and abuse compliance PI Plan violations.
- Requirements regarding the reporting of any confirmed or suspected provider fraud and abuse under state or federal law to the OMPP PI Unit and pursuant to section 7.3 below.
- Assurances that no individual who reports Contractor's potential violations or suspected fraud and abuse is retaliated against.
- Policies and procedures for conducting both announced and unannounced site visits and field audits to providers defined as high risk (including but not limited to providers with cycle/auto billing activities, providers offering DME, home health, mental health, and transportation services) to ensure services are rendered and billed correctly.
- Provisions for prompt response to detected offenses, and for development of corrective action initiatives.
- Program integrity-related goals, objectives and planned activities for the upcoming year.

7.2 Program Integrity Operations

The Contractor shall have surveillance and utilization control programs and procedures (42 CFR 456.3, 456.4, 456.23) to safeguard Medicaid funds against improper payments and unnecessary or inappropriate use of Medicaid. The Contractor shall have internal controls and policies and procedures in place that are designed to prevent, detect, and report known or suspected waste, fraud and abuse activities. Contractor shall have operations sufficient to enable the efficient identification, investigation, and resolution of waste, fraud and abuse issues of Contractor's providers, vendors, and subcontractors (including Pharmacy Benefits Managers) and Contractor itself). Contractor is required to conduct and maintain at a minimum the following operations and capabilities. Contractor shall conduct all operations and deploy all capabilities described below on a routine basis and as necessary for the effective reduction of Medicaid waste, fraud and abuse.

- The Special Investigation Unit within the Contractor's structure shall have the ability to make referrals to the OMPP PI Unit, and accept referrals from a variety of sources including: directly from providers (either provider self-referrals or from other providers), members, law enforcement, government agencies, etc. The Contractor shall also have effective procedures for timely reviewing, investigating, and processing such referrals.
- The Contractor will suspend all payments to a provider after the Agency determines that there is a credible allegation of fraud and has provided the Contractor with written notice of a payment suspension.
- Data mining, analytics, and predictive modeling for the identification of potential overpayments and aberrant payments/providers warranting further review/investigation.
- Provider profiling and peer comparisons of all of Contractor's provider types and specialties – at a minimum annually - to identify aberrant service and billing patterns warranting further review/audit.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Onsite Audit capability and protocols identifying how and when the Special Investigation Unit shall conduct such onsite audits of providers.
- Medical claim audit capabilities sufficient to enable the Special Investigation Unit to audit any payment issued to any provider. This includes utilizing medical record reviewers, clinicians, coding specialists, accountants, and investigators needed for review of payments to any provider/provider type.
- Member service utilization analytics to identify members that may be abusing services. Contractor shall submit to FSSA for approval the criteria utilized for its review of its members and the referral of members to the Right Choices Program.

7.3 Program Integrity Reporting

The Contractor shall cooperate with all appropriate state and federal agencies, including the Indiana MFCU and the OMPP PI Unit, in investigating fraud and abuse. The Contractor shall have methods for identification, investigation, and referral of suspected fraud cases (42 CFR 455.13, 455.14, 455.21). Contractor shall provide an Audit Report to OMPP and the OMPP PI Unit. The Audit Report documents all provider and member-specific program integrity activities of Contractor (i.e., the specific application of Program Integrity Plan provisions to identify specific provider and member waste, fraud and abuse), as documented below.

The Contractor shall immediately report all suspected or confirmed instances of waste, fraud and abuse to the OMPP and the OMPP PI Unit. The Contractor shall use the Reporting Forms provided by the OMPP for all such reporting or such other form as may be deemed satisfactory. The Contractor shall be subject to non-compliance remedies under this Contract identified in Exhibit 2 for willful failure to report fraud and abuse by providers, Medicaid beneficiaries/members, or applicants to the OMPP PI Unit as appropriate. All confirmed or suspected cases of waste, fraud and abuse shall be discussed at the Managed Care-Program Integrity coordination meeting following the OMPP PI Unit's receipt of the report unless otherwise directed by the OMPP PI Unit.

The Contractor shall promptly perform a preliminary investigation of all incidents of suspected and/or confirmed fraud and abuse. Unless prior written approval is obtained from the agency to whom the incident was reported, or to another agency designated by the agency that received the report, after reporting fraud or suspected fraud and/or suspected abuse and/or confirmed abuse, the Contractor shall not take any of the following actions as they specifically relate to Indiana claims:

- Contact the subject of the investigation about any matters related to the investigation;
- Enter into or attempt to negotiate any settlement or agreement regarding the incident; or
- Accept any monetary or other thing of valuable consideration offered by the subject of the investigation in connection with the incident.
- The Contractor shall promptly provide the results of its preliminary investigation to the OMPP PI Unit or to another agency designated by the OMPP PI Unit.
- The Contractor shall cooperate fully in any further investigation or prosecution by any duly authorized government agency, whether administrative, civil, or criminal. Such cooperation shall include providing, upon request, information, access to records, and access to interview Contractor employees and consultants, including but not

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

limited to those with expertise in the administration of the program and/or in medical or pharmaceutical questions or in any matter related to an investigation.

- The Contractor shall suspend all payments to a provider after FSSA determines that there is a credible allegation of fraud and has provided the Contractor with a notice of a payment suspension.

On a quarterly basis, and as otherwise directed by the OMPP PI Unit, the Contractor shall submit a detailed Audit Report to OMPP which outlines the Contractor's program integrity-related activities, as well as identifies the Contractor's progress in meeting program integrity-related goals and objectives. The Audit Report shall specify current audits, reviews, claim denials, and investigation activity of the unit, a summary of the reason for the audit/investigative activity, the disposition of any such completed activity (including detailed overpayment amounts identified or recouped), and projected upcoming activity for the following quarter. The Audit Report should also specify individual provider recoupment, repayment schedules, and actions taken for each audit or investigation. The quarterly progress report must identify recoupment totals for the reporting period. The Audit Report shall also identify projected upcoming activity, including the top 20 providers on Contractor's list for audit, and the type(s) of audit(s) envisioned. The OMPP PI Unit shall review and approve, approve with modifications, or reject the Audit Report and specify the grounds for rejection. Recoupment totals and summaries for each reporting period (quarterly unless otherwise specified by the OMPP PI Unit) must also be submitted in the Audit Report.

In accordance with 42 CFR 438.608(d)(3), the Contractor report annually to the State on the recoveries of overpayments.

The Contractor shall notify OMPP within one (1) business day upon discovery of a HIPAA or other security breach.

7.4 Program Integrity Overpayment Recovery

The Contractor has primary responsibility for the identification of all potential waste, fraud and abuse associated with services and billings generated as a result of this Contract. In cases involving wasteful or abusive provider billing or service practices (including overpayments) identified and recovered by Contractor.

The Contractor will have policies and procedures in place to fully comply with 42 CFR 438.608. The Contractor must maintain relevant documentation for a minimum of seven (7) years. Quarterly and annual reporting of recoveries will be made in accordance with the guidance in the MCE Reporting Manual.

In cases involving wasteful or abusive provider billing or service practices (including overpayments) identified by the OMPP PI Unit, FSSA may recover any identified overpayment directly from the provider or may require Contractor to recover the identified overpayment and repatriate the funds to the State Medicaid program as directed by the OMPP PI Unit. The OMPP PI Unit may also take disciplinary action against any provider identified by Contractor or the OMPP PI Unit as engaging in inappropriate or abusive billing or service provision practices.

If a fraud referral from Contractor generates an investigation and/or corresponding legal action results in a monetary recovery to IHCP, the reporting Contractor will be entitled to share in such recovery following final resolution of the matter (settlement agreement/final court judgment) and following payment of recovered funds to the State of Indiana. The Contractor's share of recovery will be as follows:

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- From the recovery, the State (including the IMFCU) shall retain its costs of pursuing the action, including any costs associated with OMPP PI Unit operations associated with the investigation, and its actual documented loss (if any). The State will pay to the Contractor the remainder of the recovery, not to exceed the Contractor's actual documented loss. Actual documented loss of the parties will be determined by paid false or fraudulent claims, canceled checks or other similar documentation which objectively verifies the dollar amount of loss.
- If the State determines it is in its best interest to resolve the matter under a settlement agreement, the State has final authority concerning the offer, or acceptance, and terms of a settlement. The State will exercise its best efforts to consult with the Contractor about potential settlement. The State may consider the Contractor's preferences or opinions about acceptance, rejection or the terms of a settlement, but they are not binding on the State.
- If final resolution of a matter does not occur until after the Contract has expired, the preceding terms concerning disposition of any recovery and consultation with the Contractor shall survive expiration of the Contract and remain in effect until final resolution of a matter referred to the IMFCU by the Contractor under this section.

If the State makes a recovery from a fraud investigation and/or corresponding legal action where the Contractor has sustained a documented loss but the case did not result from a referral made by the Contractor, the State shall not be obligated to repay any monies recovered to Contractor, but may do so at its discretion. Funds recovered as a result of a multi-state fraud investigation/litigation, however, will be shared with Contractor as prescribed for funds recovered as a result of Contractor's fraud referral absent extenuating circumstances.

The Contractor is prohibited from the repayment of state-, federally-, or Contractor-recovered funds to any provider when the issues, services or claims upon which the repayment is based meets one or more of the following:

- The funds from the issues, services or claims have been obtained by the State or Federal governments, either by the State directly or as part of a resolution of a state or federal audit, investigation and/or lawsuit, including but not limited to false claims act cases;
- When the issue, services or claims that are the basis of the repayment have been or are currently being investigated by the OMPP PI Unit, the Federal Medicaid Integrity Contractor (MIC), Contractor, Indiana MFCU, or Assistant United State Attorney (AUSA), are the subject of pending Federal or State litigation, or have been/are being audited by the State Recovery Audit Contractor (RAC).

This prohibition described above shall be limited to a specific provider(s), for specific dates, and for specific issues, services or claims. The Contractor shall check with the OMPP PI Unit before initiating any repayment of any program integrity related funds to ensure that the repayment is permissible.

7.5 Auditing Program Integrity Operations

The OMPP PI Unit may conduct audits of Contractor's Special Investigation (SI) Unit activities to determine the effectiveness of Contractor's operations. Such audit activities may include conducting interviews of relevant staff, reviewing all documentation and systems used for Special Investigation Unit activities, and reviewing the SI Unit's performance metrics. The OMPP PI Unit may issue a corrective action or performance improvement plan and outline

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

timelines for improvement measures. The failure to adhere to operational improvement measures may result in the State's imposing liquidated damages up to the amount of overpayments recovered from Contractor's providers by OMPP PI Unit audits for the preceding calendar year, or imposing other non-compliance remedies including liquidated damages as authorized by Exhibit 2.

8.0 Information Systems

The Contractor shall have an Information System (IS) sufficient to support the Hoosier Healthwise program requirements, and the Contractor shall be prepared to submit all required data and reports accurately and completely in the format specified by OMPP. These reports shall be accurate and complete. The Contractor shall maintain an IS with capabilities to perform the data receipt, transmission, integration, management, assessment and system analysis tasks described in this Scope of Work. The Contractor's IS must integrate Hoosier Healthwise pharmacy data from the State fiscal agent for utilization analysis, care management activities, member benefit plan assignment, including any applicable medically frail designation or pregnancy diagnosis. OMPP shall provide the Contractor with pharmacy claims data on the Contractor's Hoosier Healthwise members on a weekly basis through the State fiscal agent. OMPP will also provide access to real-time pharmacy profiles of Hoosier Healthwise members via a web portal.

In the event the State's technical requirements require amendment during the term of the Contract, the State will work with Contractors in establishing the new technical requirements. The Contractor shall be capable of adapting to any new technical requirements established by the State, and the State may require the Contractor to agree in writing to the new requirements. After the Contractor has agreed in writing to a new technical requirement, any Contractor-initiated changes to the requirements shall require OMPP approval and OMPP may require the Contractor to pay for additional costs incurred by the State in implementing the Contractor-initiated change.

The Contractor shall develop processes for development, testing, and promotion of system changes and maintenance. The Contractor shall notify OMPP at least thirty (30) calendar days prior to the installation or implementation of minor software and hardware changes, upgrades, modifications or replacements. The Contractor shall notify OMPP at least (90) calendar days prior to the installation or implementation of major software or hardware changes, upgrades, modifications or replacements. "Major" changes, upgrades, modifications or replacements are those that impact mission critical business processes, such as claims processing, eligibility and enrollment processing, service authorization management, provider enrollment and data management, encounter data management, and any other processing affecting the Contractor's capability to interface with the State or the State's contractors. The Contractor shall ensure that system changes or system upgrades are accompanied by a plan which includes a timeline, milestones and adequate testing to be completed prior to implementation. The Contractor shall notify and provide such plans to OMPP upon request in the timeframe and manner specified by the State.

The Contractor shall have a plan for creating, accessing, storing and transmitting health information data in a manner that is compliant with HIPAA standards for electronic exchange, privacy and security requirements (45 CFR 162 and 164), which address security and privacy of individually identifiable health information.

The Secretary of the Department of Health and Human Services (HHS) has adopted ASC X12 version 5010 as the next HIPAA standard for HIPAA covered transactions. The final rule was published on January 16, 2009 and all covered entities must be fully compliant on January 1, 2012. Contractors must complete an internal gap analysis to compare their current systems against the 5010 standard. Completion of such analysis will be verified during the readiness review. The Contractor must be ready to begin testing in the 5010 format with the State's fiscal

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

agent and other vendors on January 1, 2017. Readiness to test will be demonstrated during the readiness review process.

The Contractor's IS shall support HIPAA Transaction and Code Set requirements for electronic health information data exchange, National Provider Identifier requirements and Privacy and Security Rule standards. The Contractor's electronic mail encryption software for HIPAA security purposes must provide no less protection than the State's electronic mail encryption software. The Contractor's IS plans for privacy and security shall include, but not be limited to:

- Administrative procedures and safeguards (45 CFR 164.308);
- Physical safeguards (45 CFR 164.310); and
- Technical safeguards (45 CFR 164.312).

The Contractor shall make data available to OMPP and, upon request, to CMS. In accordance with 42 CFR 438, subpart H, which relates to certifications and program integrity, the Contractor shall submit all data, including encounter claims, under the signatures of either its Financial Officer or Executive leadership (e.g., President, Chief Executive Office, Executive Director), certifying the accuracy, truthfulness and completeness of the Contractor's data. See the Hoosier Healthwise MCE Reporting Manual. The Contractor shall comply with all Indiana Office of Technology (IOT) standards, policies and guidelines, which are available online at <http://in.gov/iot/2394.htm>. All hardware, software and services provided to or purchased by the State shall be compatible with the principles and goals contained in the electronic and information accessibility standards adopted under Section 508 of the Federal Rehabilitation Act of 1973 (29 USC 794d) and IC 4-13.1-3. Any deviation from these architecture requirements shall be approved in writing by IOT in advance. In addition to the IOT policies, the Contractor shall comply with all OMPP Application Security Policies. Any deviation from the policies shall be approved in writing from OMPP.

8.1 Disaster Recovery Plans

Information system contingency planning shall be developed in accordance with the requirements of this Section and with 45 CFR 164.308, which relates to administrative safeguards. Contingency plans shall include: Data Backup plans, Disaster Recovery plans and Emergency Mode of Operation plans. Application and Data Criticality analysis and Testing and Revisions procedures shall also be addressed within the Contractor's contingency plan documents. The Contractor is responsible for executing all activities needed to recover and restore operation of information systems, data and software at an existing or alternative location under emergency conditions within twenty-four (24) hours of identification of a disaster. The Contractor shall protect against hardware, software and human error. The Contractor must maintain appropriate checkpoint and restart capabilities and other features necessary to ensure reliability and recovery, including telecommunications reliability, file back-ups and disaster recovery. The Contractor shall maintain full and complete back-up copies of data and software, and shall back up on tape or optical disk and store its data in an off-site location approved by OMPP.

For purposes of this Scope of Work, "disaster" means an occurrence of any kind that adversely affects, in whole or in part, the error-free and continuous operation of the Contractor's or its subcontracting entities' IS or affects the performance, functionality, efficiency, accessibility, reliability or security of the system. The Contractor shall take the steps necessary to fully recover the data or system from the effects of a disaster and to reasonably minimize the recovery period. The State and the Contractor will jointly determine when unscheduled system downtime will be elevated to a "disaster" status. Disasters may include natural disasters, human error, computer virus or malfunctioning hardware or electrical supply.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

The Contractor shall notify OMPP, at minimum, within two (2) hours of discovery of a disaster or other disruptions in its normal business operations. Such notification shall include a detailed explanation of the impact of the disaster, particularly related to mission critical business processes, such as claims processing, eligibility and enrollment processing, service authorization management, provider enrollment and data management, encounter data management, and any other processing affecting the Contractor's capability to interface with the State or the State's contractors. Depending on the anticipated length of disruption, OMPP, in its discretion, may require the Contractor to provide OMPP a detailed plan for resuming operations. In the event of a catastrophic or natural disaster (including, but not limited to, fire, flood, earthquake, storm, hurricane, war, invasion, act of foreign enemies, or terrorist activities), the Contractor shall resume normal business functions at the earliest possible time, not to exceed thirty (30) calendar days. If deemed appropriate by the State, the Contractor shall coordinate with the State fiscal agent to restore the processing of claims by CoreMMIS if the claims processing capacity cannot be restored within the Contractor's system. In the event of other disasters or system unavailability caused by the failure of systems and technologies within the Contractor's span of control (including, but not limited to, system failures caused by criminal acts, human error, malfunctioning equipment or electrical supply), the Contractor shall resume normal business functioning at the earliest possible time, not to exceed ten (10) calendar days.

The Contractor and Hoosier Healthwise subcontractors' responsibilities include, but are not limited to:

- Supporting immediate restoration and recovery of lost or corrupted data or software.
- Establishing and maintaining, in an electronic format, a weekly back-up and a daily back-up that are adequate and secure for all computer software and operating programs; database tables; files; and system, operations and user documentation.
- Demonstrating an ability to meet back-up requirements by submitting and maintaining Data Backup and Disaster Recovery Plans that address:
 - Checkpoint and restart capabilities and procedures;
 - Retention and storage of back-up files and software;
 - Hardware back-up for the servers;
 - Hardware back-up for data entry equipment; and
 - Network back-up for telecommunications.
- Developing coordination methods for disaster recovery activities with OMPP and its contractors to ensure continuous eligibility, enrollment and delivery of services.
- Providing the State with business resumption documents, reviewed and updated at least annually, such as:
 - Disaster Recovery Plans
 - Business Continuity and Contingency Plans
 - Facility Plans
 - Other related documents as identified by the State

At no additional charge to the State, the Contractor shall be required to have in place a comprehensive, fully tested IT business continuity/disaster recovery plan (ITBCP) with respect to the system and services it provides to the State:

- The ITBCP will, at a minimum, meet the requirements of NIST SP800-34.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- The State and the Contractor will mutually agree on reasonable Recovery Point Objectives and Recovery Time Objectives reflective of the State's business requirements and the critical nature of the Contractor's systems and services in support of the associated State business operations:
 - At a minimum, the Recovery Time Objectives will be no more than 48 hours;
 - At a minimum, the Recovery Point Objectives will be no more than 24 hours;
 - These Objectives will be reviewed and, as necessary, modified on an annual basis.
- The Contractor will coordinate its ITBCP with OMPP's own IT business continuity/disaster recovery plans, including other State solutions with which the Contractor's system interfaces to assure appropriate, complete, and timely recovery:
 - The Contractor agrees to coordinate the development, updating, and testing of its ITBCP with the State in the State's development, updating, and testing of its Continuity of Operations Plan (COOP), as required by State policy and Homeland Security Presidential Directive (HSPD) 20.
- The ITBCP will be based on the agreed upon Recovery Point Objectives and Recovery Time Objectives, and a comprehensive assessment of threat and risk to be performed by the Contractor, with such threat and risk assessment updated on no less than annually by the Contractor (to reflect technological, Contractor business, and State business operations changes, and other appropriate factors).
- The State expects the Contractor's ITBCP to be tested by the Contractor no less than annually, with such testing being comprehensive in nature and scope assuring point-to-point testing in meeting the agreed upon Recovery Point Objectives and Recovery Time Objectives.
 - The first test of the Contractor's ITBCP is expected to be performed within ninety (90) calendar days of the State's award of a contract to the Contractor.
- The Contractor will provide the State with an annual report regarding the Contractor's (no less than) annual testing and updating of its ITBCP, including the results of the annual test, including failure points and corrective action plans.
 - The first such report is expected within thirty (30) calendar days of the Contractor's completion of its first test of its ITBCP.
- The Contractor will submit to the State a copy of its ITBCP, including annual updates.
 - The first copy of the ITBCP will be expected within ninety (90) calendar days of the State's award of a contract to the Contractor.
- The Contractor further agrees to make reasonable updates and changes to its ITBCP as requested from time-to-time by the State or as otherwise may be required by applicable federal or state laws and regulations.

8.2 Member Enrollment Data Exchange

The Contractor shall be responsible for verifying member eligibility data and reconciling with capitation payments for each eligible member. The Contractor shall reconcile its eligibility and capitation records monthly. The Hoosier Healthwise MCE Policies and Procedures Manual details the terms for reconciling eligibility and underpayments of capitation back to

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

the Contractor. If the Contractor receives either enrollment information or capitation, the Contractor is financially responsible for the member.

The Contractor must accept enrollment data in electronic format, currently via secure file transfer protocol ("FTP"), as directed by FSSA and as detailed in the Indiana Health Coverage Program Companion Guide – 834 Contractor Benefit Enrollment and Maintenance Transaction ("834 Companion Guide), which shall be updated by FSSA. FSSA shall have the right to amend the 834 Companion Guide during the Contract term. The Contractor is responsible for loading the eligibility information into its claims system within five (5) calendar days of receipt. See the MCE834 Companion Guide for more information regarding enrollment data exchange and enrollment rosters.

The Contractor's information systems must accommodate the State's 12-digit member identification number (MID) for each member.

8.3 Provider Network Data

The Contractor shall submit provider network information to the State fiscal agent via the Portal. The Contractor shall keep provider enrollment and disenrollment information up-to-date. The Contractor shall enter updates into the Portal no less frequently than on the 1st and 15th day of each month. For more information regarding provider network data, please refer to the Hoosier Healthwise MCE Policies and Procedures Manual.

8.4 Claims Processing

8.4.1 Claims Processing Capability

The Contractor shall demonstrate and maintain the capability to process and pay provider claims for services rendered to the Contractor's members, in compliance with HIPAA, including National Provider Identification (NPI). The Contractor shall be able to price specific procedures or encounters (depending on the agreement between the provider(s) and the Contractor) and to maintain detailed records of remittances to providers. OMPP must pre-approve the Contractor's delegation of any claims processing function to a sub-contractor, and the Contractor must notify OMPP and secure OMPP's approval of any change to sub-contracting arrangements for claims processing.

The Contractor shall develop policies and procedures to monitor claims adjudication accuracy and shall submit its policies and procedures for monitoring its claims adjudication accuracy to OMPP for review and approval.

The out-of-network provider filing limit for submission of claims to the Contractor is six (6) months from the date of service. This conforms with the filing limit under the Medicaid state plan (42 CFR 447.45(d)(4)). The in-network provider filing limit is established in the Contractor's provider agreements pursuant to the guidelines set forth in Section 5.4, which generally require in-network providers to submit claims within ninety (90) calendar days from the date of service.

The Contractor shall have written policies and procedures for registering and responding to claims disputes for out-of-network providers, in accordance with the claims dispute resolution process for non-contracted providers outlined in 405 IAC 1-1.6-1.

8.4.2 Compliance with State and Federal Claims Processing Regulations

The Contractor shall have a claims processing system to support electronic claims submission for both in- and out-of-network providers. The Contractor's system must

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

process all claim types such as professional and institutional claims. The Contractor shall comply with the claims processing standards and confidentiality standards under IC 12-15-13-1.6 and IC 12-15-13-1.7, and any applicable federal regulations, including HIPAA regulations related to the confidentiality and submission requirements for protected health information (PHI). The Contractor shall ensure that communication with providers, particularly out-of-network providers, and submission requirements are efficient and not burdensome for any providers. The Contractor shall be prohibited from requiring out-of-network providers to establish a Contractor-specific provider number in order to receive payment for claims submitted.

8.4.3 Claims Payment Timelines

The Contractor shall pay providers for covered medically necessary services rendered to the Contractor's members in accordance with the standards set forth in IC 12-15-13-1.6 and IC 12-15-13-1.7, unless the Contractor and provider agree to an alternate payment schedule and method. The Contractor shall also abide by the specifications of 42 CFR 447.45(d)(5) and (d)(6), which require the Contractor to ensure that the date of receipt is the date the Contractor receives the claim, as indicated by its date stamp on the claim; and that the date of payment is the date of the check or other form of payment.

The Contractor shall pay or deny electronically filed clean claims within twenty one (21) calendar days of receipt. A "clean claim" is one in which all information required for processing the claim is present. The Contractor shall pay or deny clean paper claims within thirty (30) calendar days of receipt. If the Contractor fails to pay or deny a clean claim within these timeframes and subsequently reimburses for any services itemized within the claim, the Contractor shall also pay the provider interest at the rate set forth in IC 12-15-21-3(7)(A). The Contractor shall pay interest on all clean claims paid late (i.e., in- or out-of-network claims) for which the Contractor is responsible, unless the Contractor and provider have made alternate written payment arrangements.

As provided in 42 CFR 447.46(c)(2), the Contractor may, by mutual agreement, establish an alternative payment schedule with in-network providers. The alternative payment schedule shall be outlined in the provider agreement described in Section 5.4. However, the alternate payment schedule shall not violate the claims payment provisions and timeframes that apply to accident and sickness insurers and HMOs under IC 27-8-5.7 and IC 27-13-36.2.

OMPP shall have the right to perform a random sample audit of all claims, and expects the Contractor to fully comply with the requirements of the audit and provide all requested documentation, including provider claims and encounters submissions.

8.5 Encounter Data Submission

The Contractor shall have policies, procedures and mechanisms in place to support the encounter data reporting process described below and in the State fiscal agent's Companion Guides. The Contractor shall strictly adhere to the standards set forth in the State fiscal agent's Companion Guides, as may be amended from time to time, such as the file structure and content definitions (including any content definitions as may further be interpreted or defined by FSSA). The quality of Contractor's encounter data submissions shall be subject to audit and validation. Contractor shall fully comply with all such audit and validation activities including, but not limited to, attending meetings, providing background information on encounter data submissions, providing access to systems, records, and personnel that can assist auditors with their work, and timely responding to all information requests from the State or its auditors.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

The Contractor technical meetings with FSSA and the Fiscal Agent provides a forum for Contractor technical support staff to participate in the development of the data exchange process and ask questions related to data exchange issues, including encounter data transmission and reporting issues. The Contractor shall report any problems it is experiencing with encounter data submissions and reporting at this monthly meeting and to its designated OMPP Contract Compliance Manager.

8.5.1 Definition and Uses of Encounter Data

The Contractor shall submit an encounter claim to the State fiscal agent for every service rendered to a member for which the Contractor either paid or denied reimbursement. Encounter data provides reports of individual patient encounters with the Contractor's health care network. These claims contain fee-for-service equivalent detail as to procedures, diagnoses, place of service, units of service, billed amounts and rendering providers' identification numbers and other detailed claims data required for quality improvement monitoring and utilization analysis.

The State shall use the encounter data to make tactical and strategic decisions related to the Hoosier Healthwise program and to the Contract. The State shall primarily use encounter data to calculate the Contractor's future capitation rates, with alternative data sources utilized as appropriate to meet actuarial and federal standards. Encounter data will also be used to calculate incentive payments to the Contractor, monitor quality and to assess the Contractor's Contract compliance. See Exhibit 2 for a schedule of liquidated damages that OMPP will assess for non-compliance with encounter data submission requirements.

8.5.2 Reporting Format and Batch Submission Schedule

The Contractor shall submit institutional, pharmacy, dental, vision, transportation and other professional encounter claims in an electronic format that adheres to the data specifications in the Companion Guides and any other state or federally mandated electronic claims submission standards, or be subject to liquidated damages. **A diagnosis code and DRG, as applicable, is a required data field and must be included on all encounter claims.** The Contractor's encounter claims must include the National Drug Codes (NDCs) when an encounter involves products or services with NDCs, including medical and institutional claims where medications with NDCs are included and billed separately. An indication of claim payment status and an identification of claim type (i.e., original, void or replacement) is also required, in the form designated by FSSA.

The Contractor shall submit via secure FTP a complete batch of encounter data for all adjudicated claims for paid and denied institutional, pharmacy and professional claims and any claims not previously submitted before 5 p.m. Eastern on Wednesday each week, or other date and time as specified by the State. OMPP will use an overall average of calendar month submissions to assess compliance with this encounter claim submission requirement. The State shall require the Contractor to submit a corrective action plan and shall assess liquidated damages for failure to comply with the encounter claims submission requirements. See Exhibit 2 for a schedule of liquidated damages OMPP shall assess for non-compliance with this requirement. Only data and information accepted by the data warehouse by June 30 shall be considered for the next year's capitation rate adjustments.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

8.5.3 Encounter Claims Quality

The Contractor shall have written policies and procedures to address its submission of encounter claims to the State. These policies shall address the submission of encounter data from any subcapitated providers or subcontractors. At least annually, or on a schedule determined at the discretion of the State, the Contractor shall submit an encounter claims work plan that addresses the Contractor's strategy for monitoring and improving encounter claims submission.

The Contractor shall comply with the following requirements:

- Timeliness of Contractor's Encounter Claims Submission: The Contractor shall submit all encounter claims within fifteen (15) months of the earliest date of service on the claim. The Contractor shall submit void/replacement claims within two (2) years from the date of service. In addition, the Contractor shall submit ninety eight percent (98%) of adjudicated claims within twenty-one (21) calendar days of adjudication. The State will require the Contractor to submit a corrective action plan to address timeliness issues and will assess liquidated damages if the Contractor fails to comply with encounter claim timeliness requirements.
- Compliance with Pre-cycle Edits: Each encounter claim shall be reviewed for compliance with pre-cycle edits. The Contractor shall correct and resubmit any encounter claims that do not pass the pre-cycle edits. The State shall require the Contractor to submit a corrective action plan to address non-compliance issues and will assess liquidated damages if the Contractor fails to comply with pre-cycle edits.
- Accuracy of Encounter Claims Detail: The Contractor shall demonstrate that it implements policies and procedures to ensure that encounter claims submissions are accurate; that is, that all encounter claims detail being submitted accurately represents the services provided and that the claims are accurately adjudicated according to the Contractor's internal standards and all state and federal requirements. OMPP shall have the right to monitor Contractor encounter claims for accuracy against the Contractor's internal criteria and its level of adjudication accuracy. OMPP shall regularly monitor the Contractor's accuracy by reviewing the Contractor's compliance with its internal policies and procedures for ensuring accurate encounter claims submissions and by performing a random sample audit of all claims. OMPP expects the Contractor to fully comply with the requirements of the review and audit and to provide all requested documentation, including provider and encounter claims submissions and medical records. OMPP shall require the Contractor to submit a corrective action plan and will require non-compliance remedies for the Contractor's failure to comply with encounter claims accuracy reporting standards.
- Completeness of Encounter Claims Data: The Contractor shall have in place a system for monitoring and reporting the completeness of claims and encounter data received from providers, i.e., for every service provided, providers shall submit corresponding claim or encounter data with claim detail identical to that required for fee-for-service claims submissions, including National Drug Codes as applicable. The Contractor shall also have in place a system for verifying and ensuring that providers are not submitting claims or encounter data for services that were not provided.

As part of its annual encounter claims work plan, the Contractor shall demonstrate its internal standards for measuring completeness, the results of any completeness studies,

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

and any corrective action plans developed to address areas of non-compliance. OMPP may require the Contractor to demonstrate, through report or audit, that this monitoring system is in place and that the Contractor is regularly monitoring the completeness of claims and encounter data and ensuring that the Contractor is meeting OMPP's completeness requirements as described in Exhibit 2.

OMPP shall require the Contractor to submit a corrective action plan and will require non-compliance remedies for the Contractor's failure to comply with encounter claims completeness reporting standards, as identified in the Encounter Data Quality Validation template.

8.6 Third Party Liability (TPL) Issues

If a member is also enrolled in or covered by another insurer, the Contractor is fully responsible for coordinating benefits so as to maximize the utilization of third party coverage. The Contractor shall share information regarding its members, especially those with special health care needs, with other payers as specified by OMPP and in accordance with 42 CFR 438.208(b), which relates to coordination of care. In the process of coordinating care, the Contractor must protect each member's privacy in accordance with the confidentiality requirements stated in 45 CFR 160 and 164, which address security and privacy of individually identifiable health information.

The Contractor shall be responsible for payment of the member's coinsurance, deductibles, co-payments and other cost-sharing expenses, but the Contractor's total liability shall not exceed what the Contractor would have paid in the absence of TPL, after subtracting the amount paid by the primary payer. The Contractor shall coordinate benefits and payments with the other insurer for services authorized by the Contractor, but provided outside the Contractor's plan. Such authorization may occur prior to provision of service, but any authorization requirements imposed on the member or provider of service by the Contractor shall not prevent or unduly delay a member from receiving medically necessary services. The Contractor remains responsible for the costs incurred by the member with respect to care and services which are included in the Contractor's capitation rate, but which are not covered or payable under the other insurer's plan.

In accordance with IC 12-15-8 and 405 IAC 1-1-15, FSSA has a lien upon any money payable by any third party who is or may be liable for the medical expenses of a Medicaid recipient when Medicaid provides medical assistance. The Contractor may exercise any independent subrogation rights it may have under Indiana law in pursuit or collection of payments it has made when a legal cause of action for damages is instituted by the member or on behalf of the member.

8.6.1 Hoosier Healthwise Package A

If Hoosier Healthwise member primary insurer is a commercial HMO and the Contractor cannot efficiently coordinate benefits because of conflicts between the primary HMO's rules and the Contractor's rules, the Contractor may submit to the Enrollment Broker a written request for disenrollment. The request must provide the specific description of the conflicts and explain why benefits cannot be coordinated. The Enrollment Broker will consult with OMPP and the request for disenrollment will be considered and acted upon accordingly.

8.6.2 Coordination of Benefits –Hoosier Healthwise, Package C (CHIP)

An individual is not eligible for Hoosier Healthwise Package C if they have other health insurance coverage. If the Contractor discovers that a Hoosier Healthwise Package C

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

member has other health insurance coverage, they are not required to coordinate benefits but shall report the member's coverage to the State. The Contractor shall assist the State in its efforts to terminate the member from Hoosier Healthwise Package C due to the existence of other health insurance.

The types of other insurance coverage the Contractor should coordinate with include insurance such as worker's compensation insurance and automobile insurance.

8.6.3 Collection and Reporting

The Contractor will be responsible for identifying, collecting and reporting third party liability coverage and collection information to the State. As third party liability information is a component of capitation rate development, the Contractor shall maintain records regarding third party liability collections and report these collections to OMPP in the timeframe and format determined by OMPP.

8.6.3.1 Collection and Reporting –and Hoosier Healthwise, Package A and P

The Contractor will retain all third party liability collections made on behalf of its Hoosier Healthwise members. As third party liability information is a component of capitation rate development, the Contractor shall maintain records regarding third party liability collections and report these collections to OMPP in the timeframe and format determined by OMPP.

8.6.3.2 Collection and Reporting –Hoosier Healthwise, Package C

The Contractor will retain all TPL collections from any insurer or responsible party other than health insurers (e.g., automobile insurers, workers compensation insurers, etc.). In an effort to incentivize Contractors to investigate whether members have obtained health insurance that would exclude them from Hoosier Healthwise Package C eligibility, Contractors may keep thirty percent (30%) of the recovery collected from other health insurers, but shall transfer the remaining seventy percent (70%) to the State within thirty (30) calendar days of collection.

8.6.4 Cost Avoidance

The Contractor's TPL responsibilities include cost avoidance. When the Contractor is aware of other insurance coverage prior to paying for a health care service for a member, it should avoid payment by rejecting a provider's claim and direct that the provider first submit the claim to the appropriate third party. The Contractor shall be allowed to keep some or all of the costs it recovers from the third party, as set forth in Section 8.6.3 above.

When it has identified members who have newly discovered health insurance, members who have changed coverage or members who have casualty insurance coverage, the Contractor will provide the State and its fiscal agent the following information:

- Member name/MID number/Social Security number
- Carrier name/address/phone number/contact person
- Policyholder name/address/Social Security number/relationship to member
- Policy number/effective date/coverage type

If insurance coverage information is not available, or if one of the exceptions to the cost avoidance rule discussed in this section applies, then the Contractor shall make the payment and make a claim against the third party, if it is determined that the third party is

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

or may be liable. The Contractor shall ensure that its cost avoidance efforts do not prevent a member from receiving medically necessary services in a timely manner.

8.6.4.1 Cost Avoidance Exceptions

Cost avoidance exceptions in accordance with 42 CFR 433.139, which relates to third-party liability, include the following situations in which the Contractor shall first pay the provider and then coordinate with the liable third party:

- The claim is for prenatal care for a pregnant woman.
- The claim is for labor, delivery and post-partum care, and does not involve hospital costs associated with the inpatient hospital stay.
- The claim is for preventive pediatric services (including EPSDT) that are covered by the Medicaid program.
- The claim is for coverage derived from a parent whose obligation to pay support is being enforced by the State Title IV-D Agency and the provider of service has not received payment from the third party within thirty (30) calendar days after the date of service.
- The claim is for services provided that were covered by a third party at the time services were rendered or reimbursed (i.e., the Contractor was not aware of the third party coverage); the Contractor shall pursue reimbursement from potentially liable third parties.

8.7 Health Information Technology and Data Sharing

The use of Health Information Technology (HIT) has the potential to improve the quality and efficiency of health care delivery in numerous ways. Digitizing and sharing health care data can reduce medical errors, increase efficiency, decrease duplicative or unnecessary services and reduce fraud and abuse. Additionally, HIT initiatives are important in improving the data quality necessary for public health research, evidenced-based decision-making, population health management and reduction of manual, labor-intensive monitoring and oversight.

Contractors should develop, implement and participate in HIT and data sharing initiatives in order to improve the quality, efficiency and safety of health care delivery in Indiana. The Contractor shall also cooperate and participate in the development and implementation of future OMPP-driven HIT initiatives.

Contractors shall be required to enter into data sharing agreements with any health information technology entity that the State enters into data sharing agreements with.

OMPP reserves the right to require Contractors to establish personal health records (PHRs) for its members in the future. A PHR is an electronic health record of the member that is maintained by the Contractor. PHRs typically include a summary of member health and medical history such as diagnoses, allergies, family history, lab results, vaccinations, surgeries, etc., and may also include claims information. In the event the State adopts a standard PHR format, the Contractor shall be required to implement the State's standard format. The Contractor shall also be required to incorporate its member portal information.

In addition to a PHR, the following are examples of other types of HIT initiatives that the Contractor may consider developing:

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- **Electronic medical record (EMR).** An electronic medical record provides for electronic entry and storage of patients' medical record data. Depending on the local information technology infrastructure, EMRs may also allow for electronic data transmission and data sharing. More complex EMRs can integrate computerized provider order entry (CPOE) and e-prescribing functions.
- **Inpatient computerized provider order entry (CPOE).** CPOE refers to a computer-based system of ordering diagnostic and treatment services, including laboratory, radiology and medications. A basic CPOE system promotes legible and complete order entry and can provide basic clinical decision support such as suggestions for drug doses and frequencies. More advanced CPOE systems can integrate with an EMR for access to a patient's medical history.
- **Health information exchanges (including regional health information organizations – RHIOs).** These exchanges, such as the Indiana Health Information Exchange, allow participating providers to exchange clinical data electronically. The capacity of health information exchanges varies. Some initiatives provide electronic access only to lab or radiology results, while others offer access to shared, fully integrated medical records.
- **Benchmarking.** Contractors can pool data from multiple providers and “benchmark” or compare metrics related to outcomes, utilization of services and populations. Practice pattern analysis, with appropriate risk adjustment, can help to identify differences in treatment of patients and best practices. Information can be shared with Contractors and providers to help them identify opportunities for improvement, or can be linked to pay for performance initiatives.
- **Telemedicine.** Telemedicine allows provider-to-provider and provider-to-member live interactions, and is especially useful in situations where members do not have easy access to a provider, such as for members in rural areas. Providers also use telemedicine to consult with each other and share their expertise for the benefit of treating complex patients in Hoosier Healthwise. Contractors are encouraged to develop reimbursement mechanisms to encourage appropriate use of telemedicine.
- **Mobile and Self-Service Technology.** The Contractor is encouraged to utilize mobile and self-service technology in delivering services to members. This includes, but is not limited to, remote monitoring devices to enable members to record health measures for delivery to the Contractor and/or physician practices and medication and appointment reminders through personalized voice or text messages.

To ensure interoperability among providers including laboratory, pharmacy, radiology, inpatient hospital/surgery center, outpatient clinical care, home health, public health and others, organizations at the national level, including the Health IT Standards Panel and the Certification Commission for Health IT, are working to develop standards related to IT architecture, messaging, coding, and privacy/security and a certification process for technologies. The Contractor is encouraged to use these standards in developing their electronic data sharing initiatives, if any.

Currently, resources and infrastructure for HIT vary widely throughout Indiana. There are multiple strategies and tactics that Contractors can adopt to participate directly and to incent providers to participate in HIT. Some examples include:

- Contract or affiliate with existing health information exchanges and information networks;

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Develop coalitions with other health care providers to develop health information exchanges and information networks;
- Develop proposals for health information exchanges and information networks, and apply for grants to support those proposals;
- Require providers to participate in one of Indiana's established health data exchanges or information networks, in regions where those networks are currently established;
- Require high-volume prescribers to use some level of e-prescribing;
- Require high-volume providers to use EMRs;
- Identify providers that are and are not currently participating in information networks or using EMRs, e-prescribing, CPOE or other HIT in order to focus incentives; and
- Offer incentives to providers for adopting HIT, such as:
 - Provide free or subsidized handheld devices to physicians for electronic prescribing; and
 - Provide financial or non-financial incentives to providers who adopt EMRs or electronic prescribing.

9.0 Performance Reporting and Incentives

The State places great emphasis on the delivery of quality health care to Hoosier Healthwise members. Performance monitoring and data analysis are critical components in assessing how well the Contractor is maintaining and improving the quality of care delivered in the Hoosier Healthwise programs. The State uses various performance targets, industry standards, national benchmarks and program-specific standards in monitoring the Contractor's performance and clinical outcomes. The Contractor shall submit performance data specific to the Hoosier Healthwise program unless otherwise specified by OMPP. The State reserves the right to publish the Hoosier Healthwise program's performance and/or recognize the Contractor when it exceeds performance indicators.

The Contractor shall comply with all reporting requirements set forth in this Section 9, as well as the Hoosier Healthwise MCE Reporting Manual. The Contractor shall submit the requested data completely and accurately within the requested timeframes and in the formats identified by OMPP. The State reserves the option to require more frequent reporting for performance improvement (e.g., on a weekly or a monthly basis), until Contractor demonstrates that its performance is consistent and meets the State's requirements and standards. The State reserves the right to require the Contractor to work with and submit data to third-party data warehouses or analytic vendors.

The Contractor shall have policies, procedures and mechanisms in place to ensure that the financial and non-financial performance data submitted to OMPP is accurate. In accordance with 42 CFR 438.604 and 42 CFR 438.606, the Contractor shall submit its performance data and reports under the signatures of either its Financial Officer or Executive Officer (e.g., President, Chief Executive Office, Executive Director), certifying the accuracy, truthfulness and completeness of the Contractor's data. The MCE Reporting Manuals will detail the reporting requirements that are highlighted below.

OMPP reserves the right to audit the Contractor's self-reported data and change reporting requirements at any time with reasonable notice. OMPP may require corrective actions and will

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

assess liquidated damages, as specified in Exhibit 2, for Contractor non-compliance with these and other subsequent reporting requirements and performance standards. OMPP may change the frequency of reports and may require additional reports. OMPP shall provide at least thirty (30) calendar days' notice to the Contractor before changing reporting requirements. OMPP may request ad hoc reports at any time. See the MCE Reporting Manuals for detail regarding OMPP's reporting requirements and the full list of required reports. The Contractor shall comply with all State instructions regarding submission requirements, including, but not limited to, formatting, timeliness and data uploading instructions.

9.1 Financial Reports

Financial Reports assist OMPP in monitoring the Contractor's financial trends to assess its stability and continued ability to offer health care services to its members. If the Contractor does not meet the financial reporting requirements, OMPP shall notify the Contractor of the non-compliance and designate a period of time, not less than ten (10) calendar days, during which the Contractor shall provide a written response to the notification. Contractors shall meet the IDOI licensure and financial requirements. Examples of Financial Reports to be submitted by the Contractor, in accordance with the terms of the MCE Reporting Manuals, include but are not limited to:

- Financial Stability Indicators – includes Third Party Liability Collections;
- IDOI Filing;
- Reimbursement for FQHC and RHC Services;
- Physician Incentive Plan Disclosure;
- Insurance Premium Notice;
- Stop Loss; and
- Medical Loss Ratio.

On an annual basis, the Contractor must submit audited financial reports specific to this contracted Medicaid program. The audit must be conducted in accordance with generally accepted accounting principles and generally accepted auditing standards. Audits should be performed for calendar years using data on a services incurred basis with six months of claims run-out.

9.2 Member Service Reports

Member Service Reports identify the methods the Contractor uses to communicate to members about preventive health care and program services and monitor member satisfaction. Examples of Member Service Reports to be submitted by the Contractor, in accordance with the terms of the MCE Reporting Manuals, include but are not limited to:

- Member Helpline Performance Report, including reason codes for member calls;
- 24-Hour Nurse Call Line Performance Report;
- Member Grievances Report;
- Member Appeals Report;
- Member Grievances Log;
- Member Appeals Log;
- FSSA Hearing and Appeals;
- Summary of Consumer Assessment of Healthcare Providers and Systems (CAHPS) Survey;
- Member Website Utilization Report, including EOB and quality information hits;
- Marketing and Outreach Report; and
- Redetermination Outreach Report, including all outreach activities related to redetermination.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

OMPP shall have the right to require more frequent Member Service reporting, especially at the beginning of the Contract and during implementation of program changes as necessary to ensure satisfactory levels of member service throughout the Contract term.

9.3 Network Development Reports

Network Development Reports assist OMPP in monitoring the Contractor's network composition by specialty and geo-access ratios in order to assess member access and network capacity. The Contractor shall identify current enrollment, gaps in network services and the corrective actions that the Contractor is taking to resolve any potential problems relating to network access and capacity. Examples of Network Development Reports to be submitted by the Contractor, in accordance with the terms of the MCE Reporting Manuals, include but are not limited to:

- Network Geographic Access Assessment, including PMPs, Specialists, Behavioral Health, Dental and Pharmacy Providers;
- Pharmacy Utilization Reports
- Twenty four (24)-Hour Availability Audit;
- Subcontractor Compliance Summary Report; and
- Provider Directory.

OMPP will require more frequent Network Geographic Access Assessment reporting at the beginning of the Contract and during implementation of program changes as necessary to ensure satisfactory network access, until the Contractor demonstrates that the network access standards have been met.

9.4 Provider Service Reports

Provider Service Reports assist OMPP in monitoring the methods the Contractor uses to communicate to providers about clinical, technical and quality management and improvement issues relating to the program. Examples of Provider Service Reports to be submitted by the Contractor, in accordance with the terms of the MCE Reporting Manuals, include but are not limited to:

- Provider Helpline Performance Report;
- Formal Provider Claims Disputes;
- Provider Credentialing Timeframes;
- Binding Arbitration; and
- Results of Provider Surveys.

9.5 Quality Management Reports

Quality Management Reports document the methods and processes the Contractor uses to identify program and clinical improvements that enhance the appropriate access, level of care, quality and utilization of program services by its members and providers. These reports assist OMPP in monitoring the Contractor's quality management and improvement activities. Examples of Quality Management Reports to be submitted by the Contractor, in accordance with the terms of the MCE Reporting Manuals, include but are not limited to:

- Quality Management and Improvement Program Work Plan;
- Quality Management Committee Meeting Minutes;
- Quality Improvement Program and Pay-for-Outcomes Statistical Analysis;
- HEDIS Data Submission Tool;
- HEDIS Auditor Report;
- Disease Management Report;

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Case/Care Management Reports; and
- New Member Health Screenings Report.

9.6 Utilization Reports

Utilization Reports assist OMPP in monitoring the Contractor's utilization trends to assess its stability and continued ability to offer health care services to its members. Examples of Utilization Reports to be submitted by the Contractor, in accordance with the terms of the MCE Reporting Manual and this Scope of Work, including but are not limited to:

- Program Integrity Plan;
- Prior Authorization Report;
- Emergency Department Co-payment Waivers obtained through the 24-Hour Nurse Call Line;
- Capitation Rate Calculation Sheet; and
- Maternity Capitation Rate Calculation Sheet.

9.7 Claims Reports

These reports assist OMPP in monitoring the Contractor's claims processing activities to ensure appropriate member access to services and payments to providers. The Contractor shall submit claims processing and adjudication data. The Contractor shall also identify specific cases and trends to prevent and respond to any potential problems relating to timely and appropriate claims processing. Examples of Claims Reports to be submitted by the Contractor, in accordance with the terms of the MCE Reporting Manuals, include but are not limited to:

- Adjudicated Claims Summary, including Claims Aging Summary and Claims Lag Report;
- Top 10 Claims Denial Reasons; and
- Claims Processing Summary, including Outstanding Claims Inventory Summary and Interest Paid on Claims.

9.8 CMS Reporting

The Contractor shall be required to submit data requested by the Centers for Medicare and Medicaid Services (CMS), including but not limited to all required MCE reporting obligations described in the CMS Special Terms and Conditions (STCs) for the State's waiver. For example, in addition to the specific reports described in the STCs, CMS often requests additional data and reports in advance of OMPP's monthly conference calls with CMS. In preparation for these calls, OMPP will ask the Contractor for data requested by CMS. The Contractor shall submit this data in the timeframe specified by OMPP.

9.9 Other Reporting

OMPP shall have the right to require additional reports to address program-related issues that are not anticipated at the Contract start date but are determined by OMPP to be necessary for program monitoring.

10.0 Failure to Perform/Non-compliance Remedies

10.1 Non-compliance Remedies

It is the State's primary goal to ensure that the Contractor is delivering quality care to members. To assess attainment of this goal, the State monitors certain quality and performance standards, and holds the Contractor accountable for being in compliance with

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

Contract terms. OMPP accomplishes this by working collaboratively with the Contractor to maintain and improve programs, and not to impair health plan stability.

In the event that the Contractor fails to meet performance requirements or reporting standards set forth in Exhibit 2, or the Contractor Reporting Manual, the State will provide the Contractor with a written notice of non-compliance and may require any of the corrective actions or remedies discussed in Exhibit 2. The State will provide written notice of non-compliance to the Contractor within sixty (60) calendar days of the State's discovery of such non-compliance.

If FSSA elects not to exercise a corrective action clause contained anywhere in the Contract or Exhibit 2 in a particular instance, this decision shall not be construed as a waiver of the State's right to pursue future assessment of that performance requirement and associated damages, including damages that, under the terms of the Contract, may be retroactively assessed.

10.2 Evidence of Financial Responsibility

The Contractor shall provide a performance bond of standard commercial scope issued by a surety company registered with the IDOI or other evidence of financial responsibility to guarantee performance by the Contractor of its obligations under the Contract. A separate performance bond or other evidence of financial responsibility in the amount of \$1,000,000 is required for the Contractor's Hoosier Healthwise lines of business.

The State reserves the right to increase the financial responsibility requirements set forth in this section if enrollment levels indicate the need to do so. In the event of a default by the Contractor, the State must, in addition to any other remedies it may have under the Contract, obtain payment under the performance bond or other arrangement for the purposes of the following:

- Reimbursing the State for any expenses incurred by reason of a breach of the Contractor's obligations under the Contract, including, but not limited to, expenses incurred after termination of the Contract for reasons other than the convenience of the State.
- Reimbursing the State for costs incurred in procuring replacement services.

11.0 Termination Provisions

11.1 Contract Terminations

FSSA shall have the right to terminate the Contract, in whole or in part, due to the failure of the Contractor to comply with any term or condition of the Contract, or failure to take corrective action as required by FSSA to comply with the terms of the Contract. The Contract between the parties may be terminated on the following basis listed below:

- By the Contractor, subject to the remedies listed in the Contract.
- By the State, in whole or in part, whenever the State determines that the Contractor has failed to satisfactorily perform its contracted duties and responsibilities and is unable to cure such failure within sixty (60) calendar days after receipt of a notice specifying those conditions.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- By the State, in whole or in part, whenever, for any reason, the State determines that such termination is in the best interest of the State, with at least thirty (30) calendar days' prior notice to the Contractor.
- By the State, in whole or in part, whenever funding from state, federal or other sources are withdrawn, reduced or limited, with sufficient prior notice to the Contractor.
- By the State, in whole or in part, whenever the State determines that the instability of the Contractor's financial condition threatens delivery of Medicaid services and continued performance of Contractor responsibilities.

The State shall provide the Contractor with a hearing prior to contract termination in accordance with 42 CFR 438.708, which relates to MCE contract termination.

11.1.1 Termination by the State for Contractor Default

The State may terminate the Contract, in whole or in part, whenever the State determines that the Contractor or a subcontractor has failed to satisfactorily perform its contracted duties and responsibilities and is unable to cure such failure within sixty (60) calendar days, or such other reasonable period of time as specified in writing by the State, taking into consideration the gravity and nature of the default. Such termination shall be referred to herein as "Termination for Default."

Upon determination by the State that the Contractor has failed to satisfactorily perform its contracted duties and responsibilities, the Contractor shall be notified in writing, by either certified or registered mail, of the failure and of the time period which has been established to cure such failure. If the Contractor is unable to cure the failure within the specified time period, the State will notify the Contractor that the Contract, in full or in part, has been terminated for default.

If, after notice of termination for default, it is determined by the State or by a court of law that the Contractor was not in default or that the Contractor's failure to perform or make progress in performance was due to causes beyond the control of, and without error or negligence on the part of, the Contractor or any of its subcontractors, the notice of termination shall be deemed to have been issued as a termination for the convenience of the State, and the rights and obligations of the parties shall be governed accordingly.

In the event of termination for default, in full or in part, as provided under this clause, the State may procure, upon such terms and in such manner as is deemed appropriate by the State, supplies or services similar to those terminated, and the Contractor shall be liable for any costs for such similar supplies and services and all other damages allowed by law. In addition, the Contractor shall be liable to the State for costs incurred to procure such similar supplies or services as are needed to continue operations.

In the event of a termination for default prior to the start of operations, any claim the Contractor may assert shall be governed by the procedures defined in the Contract.

In the event of a termination for default during ongoing operations, the Contractor will be paid for any outstanding capitation payments due, less any assessed damages.

The rights and remedies of the State provided in this clause are not exclusive and are in addition to any other rights and remedies provided by law or under the Contract.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

11.1.2 Termination for Financial Instability

FSSA may terminate the Contract immediately upon the occurrence of any of the following events:

- The Contractor becomes financially unstable to the point of threatening the ability of the State to obtain the services provided for under the Contract;
- The Contractor ceases to conduct business in normal course;
- The Contractor makes a general assignment for the benefit of creditors; or
- The Contractor suffers or permits the appointment of a receiver for its business or assets.

The State may, at its option, immediately terminate the Contract effective at the close of business on the date specified. In the event the State elects to terminate the Contract under this provision, the Contractor shall be notified in writing, by either certified or registered mail, specifying the date of termination. In the event of the filing of a petition in bankruptcy by or against a principal subcontractor, the Contractor shall immediately advise the Contract Administrator as specified in the Contract between the State and the Contractor. The Contractor shall ensure that all tasks related to the subcontract are performed in accordance with the terms of the Contract.

11.1.3 Termination for Failure to Disclose Records

The State may terminate the Contract, in whole or in part, whenever the State determines that the Contractor has failed to make available to any authorized representative of the State, any administrative, financial and medical records relating to the delivery of services for which state Medicaid and/or CHIP program dollars have been expended.

In the event that the State terminates the Contract pursuant to this provision, the Contractor shall be notified in writing, either by certified or registered mail, either sixty (60) calendar days prior to or such other reasonable period of time prior to the effective date, of the basis and extent of the termination. Termination shall be effective as of the close of business on the date specified in the notice.

11.1.4 Termination by the Contractor

The Contractor shall give advance written notice of termination, or intent not to renew, to the State a minimum of one hundred and eighty (180) calendar days prior to termination. The effective date of the termination shall be no earlier than the last day of the month in which the one hundred and eightieth (180th) day falls. Termination of the Contract by the Contractor is subject to damages listed in Section 11.4.

11.2 Termination Procedures

When termination is anticipated, OMPP shall deliver to the Contractor written notice of termination by certified or registered mail specifying the nature of the termination and the date upon which such termination becomes effective ("Notice of Termination"). Within ten (10) calendar days of receipt of the Notice of Termination, the Contractor shall develop and submit a written plan to termination ("Transition Plan") for OMPP's approval. The Transition Plan shall, at minimum address the following:

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Stopping work under the Contract, on the date and to the extent specified in the Notice of Termination.
- Placing no further orders or subcontracts for materials, services or facilities.
- Notifying all of the Contractor's members regarding the date of termination and the process by which members will continue to receive medical care. OMPP must approve all member notification materials in advance of distribution.
- Terminating all orders and subcontracts, to the extent that they relate to the performance of work terminated by the Notice of Termination.
- Assigning activities to the State, its designee or successor contractor, in the manner and to the extent that they relate to the performance of work terminated by the Notice of Termination.
- Assigning to the State, its designee or successor MCE, in the manner and to the extent directed, all of the rights, titles and interests of the Contractor under the orders or subcontracts so terminated.
- With the approval of the State, settling outstanding liabilities and all claims arising out of such termination of orders and subcontracts.
- Within ten (10) business days from the effective date of the termination, transferring title to the State of Indiana (to the extent that title has not already been transferred) and deliver, in the manner and to the extent directed, all data, other information and documentation, in any form that relates to the work terminated by the Notice of Termination.
- Completing the performance of such part of work that has not been specified for termination by the Notice of Termination.
- Taking such action as may be necessary, or as the State may direct, for the protection and preservation of the property related to the Contract that is in the possession of the Contractor and in which the State has or may acquire an interest.
- Providing for all the Contractor's responsibilities set forth in Section 11.3 below.

The requirements listed above are illustrative only and do not limit or restrict the State's ability to require the Contractor to address additional issues in its Transition Plan.

The State shall withhold the Contractor's final capitation payment until the Contractor has 1) received FSSA approval of its Transition Plan and 2) completed the activities set forth in its Transition Plan, as well as any additional activities requested by FSSA, to the satisfaction of FSSA. Satisfactory completion of the Contractor's transition responsibilities pursuant to the FSSA-approved Transition Plan shall be made at the sole discretion of FSSA.

11.3 Contractor Responsibilities Upon Termination or Expiration of the Contract

Termination or expiration of the Contract does not discharge the obligations of the Contractor with respect to services or items furnished prior to termination or expiration of the Contract, including retention of records and verification of overpayments or underpayments.

Termination or expiration of the Contract does not discharge the State's payment obligations to the Contractor or the Contractor's payment obligations to its subcontractors and providers. Upon termination or expiration of the Contract, the Contractor shall:

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

- Assist the State in taking the necessary steps to ensure a smooth transition of services after expiration or termination of the Contract.
- Provide a written Transition Plan for the State's approval in accordance with Section 11.2. In the event of Contract termination, the Transition Plan shall be due within ten (10) calendar days of receiving Notice of Termination from the State. In the event of Contract expiration, the Transition Plan shall be due at least one hundred and eighty (180) calendar days prior to expiration of the Contract. The Contractor will revise and resubmit the Transition Plan to the State on a regular basis, the frequency of which will be determined by the State.
- Appoint a liaison for post-transition concerns
- Provide the State with all information requested by the State in the format and within the timeframes set forth by the State, which shall be no later than thirty (30) calendar days of the request, annual and lifetime benefit totals and member utilization of recommended preventive services.
- Assist the State and/or its subcontractors in FQHC/RHC settlement process for settlement periods prior to the day of termination or expiration of the Contract. Requested assistance may include but is not limited to data support for questions regarding FQHC/RHC claims data and reports and the submission of claims data files to the State and/or its vendors.
- Be financially responsible for all claims with dates of service through the day of termination or expiration of the Contract, including those submitted within established time limits after the day of termination or expiration of the Contract.
- Be responsible for submitting encounter data to the State for all claims incurred prior to the contract expiration date according to established timelines and procedures and for a period of at least fifteen (15) months after termination or expiration of the Contract.
- Be responsible for submitting all performance data with a due date following the termination or expiration of the Contract, but covering a reporting period prior to termination or expiration of the Contract, including but not limited to CAHPS, HEDIS, Reimbursement for FQHC and RHC Services and the Capitation Rate Calculation Sheet.
- Be responsible for resolving member grievances and appeals with respect to claims with dates of service prior to the day of contract expiration, including grievances and appeals filed on or after the day of Contract termination or expiration but with dates of service prior to the day of Contract termination or expiration.
- Be financially responsible for inpatient services for patients hospitalized on or before the day of Contract termination or expiration through the date of discharge, including the DRG payment and any outlier payments.
- Be financially responsible for services rendered through the day of termination or expiration of the Contract, for which payment is denied by the Contractor and subsequently approved upon appeal by the provider.
- Be financially responsible for member appeals of adverse decisions rendered by the Contractor concerning treatment of services requested prior to termination or

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

expiration of the Contract which are subsequently upheld on behalf of the member after an appeal proceeding or after a FSSA Fair Hearing.

- Arrange for the orderly transfer of patient care and patient records to those providers who will assume care for the member. For those members in a course of treatment for which a change of providers could be harmful, the Contractor shall continue to provide services until that treatment is concluded or appropriate transfer of care can be arranged. The Contractor shall transfer all applicable clinical information on file, including but not limited to approved and outstanding prior authorization requests and a list of members in case or care management, to the State and/or the successor MCE at least fourteen (14) calendar days prior to the day of termination or expiration of the Contract. A final file shall be provided within five (5) business days of the termination or expiration of the Contract.
- Notify all members about the Contract termination and the process by which members will receive medical care, at least sixty (60) calendar days in advance of the effective date of termination or Contract expiration. The Contractor shall be responsible for all expenses associated with member notification. OMPP shall approve all member notification materials in advance of distribution.
- Notify all providers about the Contract termination and the process by which members will continue to receive medical care, at least sixty (60) calendar days in advance of the effective day of termination or expiration of the Contract. The Contractor will be responsible for all expenses associated with provider notification. OMPP shall approve all provider notification materials in advance of distribution.
- Report any capitation or other overpayments made by the State to the Contractor within thirty (30) calendar days of discovery and cooperate with investigations by the State or its subcontractors into possible overpayments made during the contract term. The Contractor shall return any capitation or other overpayments, including those discovered after contract expiration, to the State within fourteen (14) calendar days of reporting the overpayment to the State.
- Coordinate the continuation of care for members who are undergoing treatment for an acute condition.
- Be responsible to submit the HEDIS Auditor Report listed in Section 9, in accordance with the applicable due date, and to participate in the External Quality Review, as required by 42 CFR 438, Subpart E, for the final year of the Contract.
- The State, CMS, the OIG, the Comptroller General, and their designees have the right to audit records or documents of the Contractor and their subcontractors for ten (10) years from the final date of the Contract period or from the date of completion of any audit, whichever is later.
- Comply with any additional items the State required the Contractor to address in its Transition Plan.

The State shall have the right to withhold some or all retroactive capitation adjustment payments due and owing to the Contract in the event the Contractor fails to comply with the responsibilities set forth in this section, including its responsibilities related to data submission and support.

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

11.4 Damages

The Contractor acknowledges that any failure or unreasonable delay on its part in affecting a smooth transition will cause irreparable injury to the State, which may not be adequately compensable in damages. The Contractor acknowledges that the State has incurred substantial expenses in connection with the preparation and entry into the Contract, including expenses relating to training staff, data collection and processing, actuarial determination of capitation rates, and ongoing changes to the State's and its fiscal agent's management information systems. The Contractor further acknowledges and agrees that in the event the Contract is terminated prior to the end of the initial term or any renewal term, due to the actions of the Contractor or due to the Contractor's failure to fully comply with the terms and conditions of the Contract, the State will incur substantial additional expense in processing the disenrollment of all members and the related MIS changes, in effecting staffing changes, in procuring alternative health care arrangements for members, and in other areas unknown to the State at this time. The Contractor accordingly agrees that the State may, in such event, seek and obtain actual damages.

The remedies available to the State under this Agreement include but are not limited to:

- Obtaining payment under the performance bond or other arrangement set forth in Section 10.2;
- Assessing actual damages measured by the cost to the State to transition members to other providers and/or another Contractor. This includes, but is not limited to, payments the State may make to other contractors to perform work related to the transition.

Payment of the performance bond or other arrangement established under Section 10.2 is due within ten (10) calendar days of the date of termination. Payment of liquidated damages is due within thirty (30) calendar days from the date of termination. Payment of actual damages is due within ten (10) calendar days of the Contractor's receipt of the State's demand for payment.

11.5 Assignment of Terminating Contractor's Membership and Responsibilities

If the Contract is terminated for any reason, the State may assign the Contractor's membership and responsibilities to one or more other MCEs who also provide services to the Hoosier Healthwise populations, subject to consent by the MCE that would gain the member enrollment.

In the event that OMPP assigns members or responsibility to another MCE, during the final quarter of the Contract, the Contractor will work cooperatively with, and supply program information to, any successor MCEs. Both the program information and the working relationship among the Contractor and successor MCEs will be defined by the State.

11.6 Refunds of Advanced Payments

The Contractor shall, within thirty (30) calendar days of receipt, return any funds advanced for coverage of members for periods after the date of termination of the Contract.

11.7 Termination Claims

If the Contract is terminated under this section, the Contractor shall be entitled to be paid a prorated capitation amount, determined by the State based on available information, for the month in which notice of termination was received for the service days prior to the effective

EXHIBIT 1.B

SCOPE OF WORK – HOOSIER HEALTHWISE

date of termination. The Contractor will have the right of appeal, as stated under the subsection on Disputes in the Contract, of any such determination. The Contractor will not be entitled to payment of any services performed after the effective date of termination.

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

Except as defined below or where the context requires otherwise, all capitalized terms shall have the meanings ascribed to them in the Contract.

Note that previous versions of this Exhibit that relate specifically to previous years (calendar years 2017 and 2018) exist, including within this Contract's associated Healthy Indiana Plan contract. The specific final requirements for each of these specified years, will regulate the requirements and calculations applied to each of these previous periods, unless changes specifically addressing previous years are made.

A. Contract Compliance

1. **Non-compliance Remedies.**

It is the State's primary goal to ensure that the Contractor and its subcontractors/vendors deliver quality care to members while maintaining the program integrity of the State of Indiana's Hoosier Healthwise program. To assess attainment of this goal, the State monitors certain quality and performance standards, and holds the Contractor accountable for being in compliance with Contract terms. FSSA accomplishes this by working collaboratively with the Contractor to maintain and improve programs, and not to impair Contractor stability.

In the event that the Contractor and/or its subcontractors/vendors fail to meet performance requirements or reporting standards set forth in the Contract or other standards established by the State, the State will provide the Contractor with a written notice of non-compliance and may require any of the corrective actions or remedies discussed below or in this Contract. The State will provide written notice of non-compliance to the Contractor within sixty (60) calendar days of the State's discovery of such non-compliance.

If FSSA elects not to exercise a corrective action clause contained anywhere in the Contract in a particular instance, this decision must not be construed as a waiver of the State's right to pursue future assessment of that performance requirement and associated damages, including damages that, under the terms of the Contract, may be retroactively assessed.

2. **Corrective Actions.**

In accordance with 42 CFR 438, Subpart I, FSSA may require corrective action(s) when the Contractor has failed to provide the requested services. The nature of the corrective action(s) will depend upon the nature, severity and duration of the deficiency and repeated nature of the non-compliance. The written notice of non-compliance corrective actions may be instituted in any sequence and include, but are not limited to, any of the following:

Written Warning: FSSA may issue a written warning and solicit a response regarding the Contractor's corrective action.

Formal Corrective Action Plan: FSSA may require the Contractor to develop a formal corrective action plan to remedy the breach. The corrective action plan must be submitted under the signature of the Contractor's chief executive and must be approved by FSSA. If the corrective action plan is not acceptable, FSSA may provide suggestions and direction to bring the Contractor into compliance.

Withholding Full or Partial Capitation Payments: FSSA may suspend capitation payments for the following month or subsequent months when the State determines that the Contractor is materially non-compliant. FSSA must give the Contractor written notice ten (10) business days prior to the suspension of capitation payments and specific reasons for non-compliance that result in suspension of payments. The State may continue to suspend all capitation payments until non-compliance issues are corrected.

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

Suspending Auto-assignment: FSSA may suspend auto-assignment of members to the Contractor. The State may suspend all auto-assignment or may selectively suspend auto-assignment for a region or county. The State will notify the Contractor in writing of its intent to suspend auto-assignment at least ten (10) business days prior to the first day of the suspension period. The suspension period may be for any length of time specified by the State. The State will base the duration of the suspension upon the nature and severity of the default and the Contractor's ability to cure the default.

Assigning the Contractor's Membership and Responsibilities to Another Contractor: The State may assign the Contractor's membership and responsibilities to one (1) or more other Contractors that also provide services to the Hoosier Healthwise population, subject to consent by the Contractor that would gain that responsibility. The State must notify the Contractor in writing of its intent to transfer members and responsibility for those members to another Contractor at least ten (10) business days prior to transferring any members.

Appointing Temporary Management of the Contractor's Plan: The State may assume management of the Contractor's plan or may assign temporary management of the Contractor's plan to the State's agent, if at any time the State determines that the Contractor can no longer effectively manage its plan and provide services to members.

Contract Termination: The State reserves the right to terminate the Contract, in whole or in part, due to the failure of the Contractor to comply with any term or condition of this Contract, or failure to take corrective action as required by FSSA to comply with the terms of this Contract. The State must provide thirty (30) calendar days written notice and must set forth the grounds for termination.

3. Liquidated Damages.

In the event that the Contractor fails to meet performance requirements or reporting standards set forth in the Contract, or other standards set forth by the State, it is agreed that damages shall be sustained by the State, and the Contractor shall pay to the State liquidated damages pursuant to this Contract, its actual damages, and/or penalties as expressly permitted under 42 USC Chapter Seven, Subchapter XIX, Section 1396u-2 (e).

It is agreed that in the event of a failure to meet specified performance or reporting requirements subject to liquidated damages, it is and will be impractical and extremely difficult to ascertain and determine the actual damages which the State will sustain in the event of, and by reason of, such failure; and it is therefore agreed that the Contractor will pay the State for such failures according to the following subsections. No punitive intention is inherent in the following liquidated damages provisions.

FSSA may impose remedies resulting from failure of the Contractor to provide the requested services depending on the nature, severity, and duration of the deficiency. In most cases, liquidated damages will be assessed based on this Exhibit. Should FSSA choose not to assess damages for an initial infraction or deficiency, it reserves the right to require corrective action or assess damages at any point in the future.

The State shall notify Contractor of liquidated damages due and Contractor shall pay the State the full amount of liquidated damages due within ten (10) business days of receipt of the State's notice. The State may, in its sole discretion, elect at any time to offset any amount of liquidated damages due against capitation payments otherwise due Contractor pursuant to the Contract.

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

In the event liquidated damages are imposed under the Contract, the Contractor must provide FSSA with a formal corrective action plan, as well as monthly reports on the relevant performance metrics until such time as the deficiency is corrected for a period of sixty (60) consecutive days.

4. Non-compliance with Reporting Requirements.

The Hoosier Healthwise Reporting Manual, distributed following the Contract award and periodically thereafter, details the required formats, templates and submission instructions for the reports listed in the Contract. FSSA may change the frequency of required reports, or may require additional reports, at FSSA's discretion. The Contractor will be given at least thirty (30) calendar days' notice of any change to reporting requirements.

If the Contractor's non-compliance with the reporting requirements impacts the State's ability to monitor the Contractor's solvency, and the Contractor's financial position requires the State to transfer members to another Contractor, the State will require the Contractor to pay any difference between the capitation rates that would have been paid to the Contractor and the actual rates being paid to the replacement Contractor as a result of member transfer. In addition, the Contractor must pay any costs the State incurs to accomplish the transfer of members. Further, FSSA will withhold all capitation payments or require corrective action until the Contractor provides satisfactory financial data.

5. Priority Performance and Reporting Requirements.

FSSA has assigned high priority to the following reports (collectively referred to herein as "Priority Reports"):

No	Title
A.	Systems and Claims Reports
1.	Claims Processing Summary
2.	Adjudicated Claims Inventory Summary
3.	Claims Denial Reasons
4.	Paid Abortion Claims Summary
B.	Member Services Reports
1.	Member Helpline Performance
2.	Member Grievances and Appeals
3.	Consumer Assessment of Healthcare Providers and Systems (CAHPS [®]) Summary
C.	Provider Services Reports
1.	Provider Helpline Performance
2.	Provider Claims Disputes
D.	Network Development and Access Reports
1.	Network Geographic Access Assessments
2.	24-Hour Availability Audit
3.	Subcontractor Compliance Summary Report
E.	Quality Management and Improvement Reports
1.	Quality Management and Improvement Work Plan
2.	HEDIS [®] Data Submission Tool Report
3.	HEDIS [®] Compliance Auditor's Final Report
4.	Quality Improvement Projects

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

I.	Pharmacy Reports
1.	Prospective Drug Utilization Review
2.	Pharmacy Utilization Reports
J.	Other Reports
1.	Monthly Onsite Monitoring Tool
2.	CMS Required Reports

Minimum recommended sample sizes for Hybrid and Survey measures must be met. Any report which requires a minimum sample size (e.g., CAHPS, HEDIS) will be rejected if they do not meet the established minimum standards for sampling.

If Contractor fails to submit any Priority Report in a timely, complete and accurate manner (other than the HEDIS and CAHPS reports), Contractor shall pay liquidated damages of four thousand, six hundred and fifty dollars (\$4,650) for each Priority Report (other than the HEDIS or CAHPS reports) that is not submitted in a timely, complete and accurate manner.

If Contractor fails to submit a HEDIS or CAHPS report that was based on the National Committee for Quality Assurance (NCQA) methodology for sampling data, Contractor shall pay liquidated damages of four thousand, nine hundred and fifty dollars (\$4,950) for each business day the report is not submitted in a timely, complete, and accurate manner.

Payment of liquidated damages does not relieve Contractor of its responsibility to provide complete and accurate reports required under the Contract.

6. Non-compliance with Other Reporting Requirements.

If Contractor fails to submit in a timely, complete, and accurate manner any report which Contractor is required to provide under the Contract or the Hoosier Healthwise MCE Reporting Manual, Contractor will pay liquidated damages of five hundred dollars (\$500) per

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

report for each business day for which such report has not been submitted correctly, complete, on time, and in the correct reporting format. The reports which Contractor is required to provide are identified in the Hoosier Healthwise Plan MCE Reporting Manual. Payment of liquidated damages does not relieve Contractor of its responsibility to provide any report required under the Contract.

7. Encounter Data Quality (previously CRCS) Report

FSSA recognizes the importance of monitoring Contractor performance throughout the calendar year, and Contractor will be required to submit quarterly Encounter Data Quality reports to FSSA in a timely, complete and accurate manner, for the Hoosier Healthwise programs. Encounter Data Quality reports are due within one hundred and thirty-five (135) calendar days of the end of each calendar quarter. Each quarterly report must include year-to-date information and must be verified to a degree of at least ninety-eight percent (98%) completeness for all claims (i.e., an incompleteness rate of no more than 2.0%). The Hoosier Healthwise Reporting Manual details the requirements for submission of Encounter Data Quality reports.

FSSA will use Contractor's encounter data, or other method of data completion verification deemed reasonable by FSSA, to verify the completeness of the Encounter Data Quality report in comparison to Contractor's encounter claims. FSSA reserves the right to change the method of data completion verification upon reasonable advance notice to the Contractor.

Encounter Data Quality reports are considered Priority Reports. To the extent Encounter Data Quality submissions or underlying encounter data is used in a public report, it must be received by stated deadline in order to be published.

If, during any quarter after the first year of the Contract, Contractor fails to submit Encounter Data Quality reports to FSSA in a timely, complete and accurate manner, and does not meet the ninety-eight percent (98%) completeness threshold, the Contractor shall pay liquidated damages of forty-nine thousand, two hundred (\$49,200), per quarter.

Payment of liquidated damages does not relieve Contractor of its responsibility to provide complete and accurate Encounter Data Quality reports required under the Contract.

8. Non-compliance with Shadow/Encounter Claims Submission Requirements.

Payment of liquidated damages as outlined below does not relieve Contractor of its responsibility to provide complete and accurate shadow/encounter claims required under the Contract.

a. Weekly Batch Submission.

The Contractor must submit at least one (1) batch of shadow claims, in the format specified by the State, before 5 p.m. on Wednesday of each week, for both institutional and professional claims, in accordance with the terms of the Contract and Scope of Work. If, during any calendar month, Contractor fails to submit all shadow/encounter claims on a weekly basis when due, unless delay is caused by technical difficulties of FSSA or its designee, Contractor will pay liquidated damages in the amount of four thousand, eight hundred and fifty dollars (\$4,850) for each type of claim type for which shadow/encounter claims were not submitted in a timely manner.

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

b. Pre-cycle Edits.

For each weekly shadow claims batch submission, Contractor must achieve no less than a ninety-eight percent (98%) compliance rate with pre-cycle edits. The State will assess pre-cycle edit compliance based upon the average compliance rate of the weekly shadow claims batch submissions made during the calendar month and will calculate compliance separately for institutional, professional and pharmacy claims. If the average compliance rate is below ninety-eight percent (98%) for any type of shadow claim, Contractor shall pay liquidated damages in the amount of four thousand, eight hundred and fifty dollars (\$4,850) for each deficient shadow claim type. Payment of liquidated damages does not relieve Contractor of its responsibility to provide complete and accurate shadow claims required under the Contract.

c. Prescription Drug Rebate File.

Contractor shall comply with the required layouts for submitting pharmacy claim extracts used to support federal drug rebate invoicing and collection. The frequency of file submissions and the content of the files supporting drug rebate invoicing and collection are defined by FSSA and pertain to all pharmacy claim transactions and medical claim transactions that contain physician administered drugs as set forth in Section 3.4 of the Scope of Work. Contractor shall provide this reporting to FSSA in the manner and timeframe prescribed by FSSA, including, but not limited to, through a rebate file to the State or its designee. For any instance in which the Contractor fails to provide required files for drug rebate purposes in a timely, accurate, or complete manner, the Contractor shall be responsible for interest, based on the interest calculation for late rebate payments methodology published by CMS, on delayed rebate money owed to the State. For example, if the Contractor fails to meet the FSSA established deadline for submission of the claim extracts and/or rebate file and the drug rebate contractor completes the quarterly drug rebate invoicing process without the Contractor's claim information for the invoicing quarter, the Contractor shall reimburse the State for interest on the rebate amount later calculated by the drug rebate contractor, for the period of delay in collecting the rebate amount. Such reimbursement shall be due within thirty (30) days of presentation of the interest calculation.

9. Network Access.

If FSSA determines that the Contractor has not met the network access standards established in the Contract, FSSA shall require submission of a Corrective Action Plan to FSSA within ten (10) business days following notification by the State. Determination of failure to meet network access standards shall be made following a review of the Contractor's Network Geographic Access Assessment Report. The frequency of required report submission shall be outlined in the Hoosier Healthwise MCE Reporting Manual. Contractor will pay liquidated damages in the amount of five thousand, two hundred, and fifty dollars (\$5,250) for each reporting period that the Contractor fails to meet the network access standards. Upon discovery of noncompliance, the Contractor shall be required to submit monthly Network Geographic Access Assessment Reports until compliance is demonstrated for sixty (60) consecutive days. FSSA may also require the Contractor to maintain an open network for the provider type for which the Contractor's network is non-compliant. Further, should Contractor be out of compliance for three (3) consecutive months as a result of failure to meet network access standards, FSSA shall immediately suspend auto-enrollment of members with the Contractor, until such time as Contractor successfully demonstrates compliance with the network access standards.

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

10. Marketing Violations.

If FSSA determines that Contractor has violated the requirements of Contractor's obligations with respect to marketing and marketing materials as set forth in Section 4.1 of the Scope of Work and 42 CFR 438.104, Contractor shall pay liquidated damages of nine hundred and fifty dollars (\$950) for each instance that such determination of a violation is made. For illustration purposes only, a violation will be determined to exist if Contractor distributed, directly or indirectly through any agent or independent contractor, marketing materials that have not been approved by FSSA or that contain inaccurate, false or misleading information.

11. Member and Provider Communication and Education Violations.

If FSSA determines that Contractor has violated the requirements of Contractor's obligations with respect to member and or provider communication or education materials as set forth in Section 4.5 of the Scope of Work and 42 CFR 438.104, Contractor shall pay liquidated damages of one thousand, one hundred dollars (\$1,100) for each instance that such determination of a violation is made. In addition, FSSA reserves the right to require an immediate retraction or correction by the Contractor, in a format acceptable to FSSA. For illustration purposes only, a violation will be determined to exist if Contractor promulgated or distributed, directly or indirectly through any agent or independent contractor, member and or provider communication or education material that have not been approved by FSSA or those that have been approved by FSSA that Contractor identifies as that contain inaccurate, false or misleading information. For further illustration, a violation will be determined to exist if the Contractor distributes any member or provider communication, including member or provider letters, bulletins, alerts, press releases or other press communications, bulletins and forms, without prior approval by FSSA. For purposes of this Section, provider communications are limited to provider communications related to the Hoosier Healthwise program.

12. Claims Payment.

If Contractor fails to pay or deny ninety-eight per cent (98%) or more of any type of clean claims within the required timeframe, Contractor shall pay liquidated damages in the amount of five thousand, seven hundred dollars (\$5,700) for each deficient claims type. For the purposes of this section, there are six claims types: professional paper claims, professional electronic claims, facility paper claims, facility electronic claims, pharmacy paper claims, and pharmacy electronic claims.

13. Readiness Review.

If Contractor fails to satisfactorily pass the readiness review at least thirty (30) calendar days prior to scheduled member enrollment (or other deadline as may be established at the sole discretion of the State), the State may delay member enrollment and/or may require other remedies (including, but not limited to Contract termination), and Contractor shall be responsible for all costs incurred by the State as a result of such delay.

In addition, for each business day that Contractor fails to submit readiness review processes beyond their expected due date, Contractor shall pay liquidated damages in the amount of five thousand, four hundred and fifty dollars (\$5,450). Damages will be assessed each time the requirements are not met. In each instance that Contractor fails to submit substantially complete and accurate readiness review responses, Contractor shall pay liquidated damages in the amount of three thousand fifty dollars (\$3,050).

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

14. Member/Provider Helpline and Website Services.

There are eleven (11) separate Helpline and Website metrics. For each instance in which FSSA finds the Contractor has failed to meet a metric for a given quarter, the Contractor shall pay liquidated damages in the amount of one thousand, three hundred and fifty dollars (\$1,350).

Helpline and Website Metrics: The eleven (11) metrics are as follows:

- i. For any calendar month, at least ninety-seven percent (97%) of all phone calls to the Helpline must reach the call center menu within thirty (30) seconds or the prevailing benchmark established by NCQA.
- ii. For any calendar month, at least eighty-five percent (85%) of all phone calls to an approved automated Helpline must be answered by a Helpline representative within thirty (30) seconds after the call has been routed through the call center menu. Answered means that the call is picked up by a qualified Helpline staff person.
- iii. If Contractor does not maintain an approved automated call distribution system, for any calendar month, at least ninety-five percent (95%) of all phone calls to the Helpline must be answered within thirty (30) seconds.
- iv. For any calendar month, the busy rate associated with the Helpline shall not exceed zero percent (0%).
- v. Hold time shall not exceed one minute in any instance, or thirty (30) seconds, on average.
- vi. For any calendar month, the lost call (abandonment) rate associated with the Helpline shall not exceed five percent (5%).
- vii. Contractor must maintain an answering machine, voice mail system, or answering service to receive calls to the Helpline that take place after regular business hours. For any calendar month, one hundred percent (100%) of all after hours calls received must be returned or attempted to be returned within one (1) business day.
- viii. Contractor must maintain a system to receive and address electronic inquiries via e-mail and through the member website. For any calendar month, one hundred percent (100%) of all electronic inquiries received must be responded to within one (1) business day.
- ix. Contractor's Helpline 100% of operating hours must be properly equipped to accept calls including, without limitation, calls from members with limited English proficiency and calls from members who are deaf, hearing impaired or have other special needs.
- x. For any calendar month, eighty-five percent (85%) of all calls to the Helpline must be resolved during the initial call.
- xi. Contractor must make pertinent information available to members and providers through an Internet website in an FSSA-approved format in accordance with the terms of the Contract. The website must be available for access by members no less than twenty three and one-half (23.5) hours per day, on average.

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

15. Prior Authorization.

Contractor must respond to requests for authorization of services in the format and within the timeframes set forth in the Contract. For each quarter in which the Contractor fails to adjudicate ninety-seven percent (97%) or more of prior authorization requests within the required timeframes, Contractor shall pay liquidated damages in the amount of five thousand, seven hundred fifty dollars (\$5,750).

16. Member Grievances.

Contractor must resolve one hundred percent (100%) of member grievances within thirty (30) calendar days of receipt of the grievance. For each quarter in which Contractor fails to provide and communicate a timely resolution on one hundred percent (100%) of member grievances, Contractor shall pay liquidated damages in the amount of three thousand dollars (\$3,000).

17. Member Appeals.

Contractor must resolve one hundred percent (100%) of member appeals within forty-four (44) calendar days of receipt of the appeal. For each quarter in which Contractor fails to provide and communicate a timely resolution on one hundred percent (100%) of member appeals, Contractor shall pay liquidated damages in the amount of two thousand, two hundred dollars (\$2,200). The Contractor must also provide a timely and satisfactory response to documentation required to facilitate member appeals in accordance with the FSSA Fair Hearing process. In addition, the Contractor shall provide a representative to participate in the FSSA fair hearing process to represent the State. For each instance in which the Contractor fails to either (i) provide a timely response to documentation required for the member appeal within the time frames set forth by FSSA, or (ii) upon adequate notice, represent the State at the FSSA fair hearing, Contractor shall pay liquidated damages in the amount of one thousand, fifty dollars (\$1,050).

18. Complaints and Internet Quorum Inquiries.

The Contractor must resolve complaints and Internet Quorum (IQ) inquiries to FSSA's satisfaction, within the timeframes set forth by FSSA. Unless an alternative deadline is identified by FSSA for a specific IQ inquiry, IQ inquiries must be resolved in no more than five (5) business days. The Contractor may request additional time to respond, but FSSA is under no obligation to grant extensions. For each instance in which the Contractor fails to provide a timely or accurate response to complaints or IQ inquiries within the timeframes set forth by FSSA, Contractor shall pay liquidated damages in the amount of three hundred dollars (\$300).

19. Plan Solvency.

If Contractor fails to meet solvency performance standards set forth below and as may be amended by the State, Contractor shall be subject to corrective actions as set forth in the Contract, including but not limited to Contract termination.

- a. On a quarterly basis, current ratio (assets to liability) shall be greater than or equal to one (1).
- b. On a quarterly basis, the number of day's cash on hand shall not be fewer than sixty (60) business days. FSSA reserves the right to adjust the required number of days of cash on hand based on historical Contractor performance and the ability of the Contractor to demonstrate solvency.

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

- c. On a quarterly basis, days in unpaid claims shall not be greater than sixty-five (65) business days.
- d. On a quarterly basis, days in claims receivables shall not be greater than thirty (30) business days.
- e. On a quarterly basis, equity (net worth) shall be maintained at or above \$50 per member.

20. Non-compliance with General Contract Provisions.

The objective of this requirement is to provide the State with an administrative procedure to address issues where the Contractor is not compliant with the Contract. Through routine monitoring, the State may identify Contract non-compliance issues. If this occurs, the State will notify the Contractor in writing of the nature of the non-performance issue. The State will establish a reasonable period of time, but not more than ten (10) business days, during which the Contractor shall provide a written response to the notification. If the Contractor does not correct the non-performance issue within the specified time, the State may enforce any of the remedies listed in this Exhibit.

Specifically, the State may enforce any of the remedies listed in this Exhibit if the Contractor does the following:

- Fails substantially to provide medically necessary services that the Plan is required to provide, under law or under its Contract with the State, to a member;
- Imposes on members premiums or charges that are in excess of the premiums or charges permitted under the Hoosier Healthwise Program;
- Acts to discriminate among members on the basis of their health status or need for health care services, such as unlawful termination or refusal to re-enroll a member or engaging in any practice that would reasonably be expected to discourage enrollment by a potential enrollee whose medical condition or history indicates probable need for substantial future medical services;
- Misrepresents or falsifies information that it furnishes to CMS or to the State.
- Misrepresents or falsifies information that it furnishes to a member, potential enrollee, or health care provider;
- Fails to comply with the requirements for physician incentive plans, as set forth in 42 CFR 422.208 and 422.210;
- Has violated any of the other applicable requirements of sections 1903(m) or 1932 of the Act and any implementing regulations.

21. Other Non-Performance.

If Contractor fails to meet the other performance standards set forth in the Contract, Contractor shall be subject to corrective actions as set forth in the Contract.

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

B. Pay for Outcomes Program

1. Program Establishment and Eligibility.

FSSA has established a pay for outcomes program under which Contractor may receive additional compensation if certain conditions are met. The state encourages plans to share earned incentive payments with members and providers. The compensation under the pay for outcomes program is subject to Contractor's complete and timely satisfaction of its obligations under the Contract. This includes but is not limited to timely submission of the Contractor's HEDIS Report for the measurement year and the Certified HEDIS Compliance Auditor's attestation, as well as timely submission of the Priority Reports listed in Section A.5 of this Exhibit. In furtherance of the foregoing and not by limitation, the Contractor may, in FSSA's discretion, lose eligibility for its compensation under the pay for outcomes program if:

- a. FSSA has suspended, in whole or in part, capitation payments or enrollment to the Contractor;
- b. FSSA has assigned, in whole or in part, the membership and responsibilities of Contractor to another participating managed care plan contractor;
- c. FSSA has assumed or appointed temporary management with respect to the Contractor;
- d. The Contract has been terminated;
- e. The Contractor has, in the determination of the Director of the Office of Medicaid Policy and Planning, failed to execute a smooth transition at the end of the Contract term, including failure to comply with the MCE responsibilities set forth in the Scope of Work; or
- f. Pursuant to the Contract, including without limitation this Exhibit, FSSA has required a corrective action plan or assessed liquidated damages against Contractor in relation to its performance under the Contract during the measurement year.

FSSA may, at its option, reinstate Contractor's eligibility for participation in the pay for outcomes program once Contractor has properly cured all prior instances of non-compliance of its obligations under the Contract, and FSSA has satisfactory assurances of acceptable future performance.

2. Incentive Payment Potential.

a. **Withhold.**

During each measurement year, FSSA will withhold a portion of the approved capitation payments from Contractor as follows:

- Year 1, 2017 – one point five eight percent (1.58%)
- Year 2, 2018 – one point seven seven percent (1.77%)
- Year 3, 2019 – one point seven seven percent (1.77%)
- Year 4, 2020 – two point seven six percent (2.76%)
- Year 5, 2021 – three point three five percent (3.35%)
- Year 6, 2022 – three oint nine four percent (3.94%)

Capitation payments will be withheld separately for the Contractor's Hoosier Healthwise line of business. Contractor shall be eligible to receive some or all of the withheld funds based on Contractor's performance in the areas outlined in Section B.4.a of this Exhibit. Withhold payments will be calculated as set forth in Section B.4.a, of this Exhibit. The State reserves the right to adjust performance measures and targets in future Contract years.

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

3. Outcome Measures and Incentive Payment Structure.

The outcome measures, targets, and incentive payment opportunities outlined below. The outcome measures and targets are based on the priority areas established by FSSA and data available in year one (1) of the Contract. Performance measures and targets may change on a year-to-year basis as program priorities shift and as necessary to support continuous quality improvement. Outcome measures and priorities may change with the findings of the annual External Quality Review. Performance measures and targets applicable during subsequent years of the Contract will be established annually by FSSA and reflected in an amendment to the Contract.

4. Performance Measures and Incentive Payment Structure

Contractor performance shall be calculated based on care delivered during the calendar year. Incentive payments after calendar year 2017, may be conditioned upon Contractor substantially maintaining or improving Contractor's outcome on that individual measure from the previous year.

Measures will be paid based on custom specifications and performance as determined by FSSA. Contractor shall submit information to FSSA, in the format and detail specified by FSSA, with respect to each performance measure set forth below. Any data received after the required submission date will not be eligible for an incentive payment.

The amount of performance withhold at risk for pay for outcomes measures will be established for the first year (2017) and any changes year over year will be at the sole discretion of the State based on determined priorities.

For each performance measure, it is anticipated that there will be three (3) tiers of withhold available to be earned. Rates will be set based upon the priority measure for the Contractor to earn fifty percent (50%), seventy-five percent (75%), or one hundred percent (100%) of the amount of the Performance Withhold at risk. Contractor is eligible to receive its incentive payment based on measurement year rate regardless of prior year performance.

a. Incentive Payments – Withholds – Hoosier Healthwise.

The following incentives are payable in the form of release of funds withheld. For purposes of this subsection only, the amount withheld shall be referred to as the "Performance Withhold." The amount of the Performance Withhold at risk varies by measure. The amounts of Performance Withhold at risk listed below are rounded to the nearest hundredth decimal point.

i. Ambulatory Care.

Utilization of ambulatory services in the category of ED visits. HEDIS measure (HEDIS AMB) using administrative data. The following standards for Ambulatory Care shall also apply for 2019 contract year incentive payments, superseding section B.4.a.i.

ED Visits

Amount of Performance Withhold at risk: 10%

If Contractor's 2019 measurement year rate is at or below the 50th percentile and above the 25th percentile of NCQA 2020 Quality Compass, Contractor is eligible to

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

receive an incentive payment equal to fifty percent (50%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or below the 25th percentile and above the 10th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to seventy-five percent (75%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or below the 10th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to one hundred percent (100%) of the amount of the Performance Withhold at risk.

ii. **Well child visits (0-15 months).**

Percentage of members with six or more visits during the first 15 months of life. HEDIS measure (HEDIS W15) using hybrid data.

Amount of Performance Withhold at risk: 20%

If Contractor's 2019 measurement year rate is at or above the 50th percentile and below the 75th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to fifty percent (50%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 75th percentile and below the 90th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to seventy-five percent (75%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 90th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to one hundred percent (100%) of the amount of the Performance Withhold at risk.

iii. **Well child visits (3-6 years).**

Percentage of members ages 3-6 years with one or more well child visit during the measurement year. HEDIS measure (HEDIS W34) using hybrid data.

Amount of Performance Withhold at risk: 15%

If Contractor's 2019 measurement year rate is at or above the 50th percentile and below the 75th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to fifty percent (50%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 75th percentile and below the 90th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to seventy-five percent (75%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 90th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

equal to one hundred percent (100%) of the amount of the Performance Withhold at risk.

iv. Adolescent well child visits (12-21 years).

Percentage of members 12-21 years who had at least one comprehensive well child exam with a PCP or OB/GYN practitioner. HEDIS measure (HEDIS AWC) using hybrid data.

Amount of Performance Withhold at risk: 15%

If Contractor's 2019 measurement year rate is at or above the 50th percentile and below the 75th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to fifty percent (50%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 75th percentile and below the 90th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to seventy-five percent (75%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 90th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to one hundred percent (100%) of the amount of the Performance Withhold at risk.

v. Follow-up after hospitalization for mental illness.

Percentage of members who received follow-up within 7 days of discharge from hospitalization for mental health disorders. HEDIS measure (HEDIS FUH) using administrative data.

Amount of Performance Withhold at risk: 10%

If Contractor's 2019 measurement year rate is at or above the 50th percentile and below the 75th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to fifty percent (50%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 75th percentile and below the 90th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to seventy-five percent (75%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 90th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to one hundred percent (100%) of the amount of the Performance Withhold at risk.

vi. Lead Screening in Children

Percentage of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday. HEDIS measure (HEDIS LSC) using hybrid data.

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

Amount of Performance Withhold at risk: 10%

If Contractor's 2019 measurement year rate is at or above the 25th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to fifty percent (50%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 50th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to seventy five percent (75%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement rate is at or above the 75th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to one hundred (100%) of the amount of the Performance Withhold at risk.

vii. Medication Management for People with Asthma

Percentage of members, aged 5-11 years, who remained on an asthma controller medication for at least 75% of their treatment period. HEDIS measure (HEDIS MMA) using administrative data.

Amount of Performance Withhold at risk: 10%

If Contractor's 2019 measurement year rate is at or above the 50th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to fifty percent (50%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 75th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to seventy five percent (75%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 90th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to one hundred (100%) of the amount of the Performance Withhold at risk.

viii. Annual Dental Visit

Percentage of members, aged 2-20 years, who had at least one dental visit during the measurement year. HEDIS measure (HEDIS ADV) using administrative data.

Amount of Performance Withhold at risk: 10%

If Contractor's 2019 measurement year rate is at or above the 25th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to fifty percent (50%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 50th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment equal to seventy five percent (75%) of the amount of the Performance Withhold at risk.

If Contractor's 2019 measurement year rate is at or above the 75th percentile of NCQA 2020 Quality Compass, Contractor is eligible to receive an incentive payment

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

equal to one hundred (100%) of the amount of the Performance Withhold at risk.

5. Timing of Payments.

a. Performance Outcomes and Targets.

FSSA will make its best efforts to distribute a report identifying Contractor's performance for the previous calendar year before the end of the current calendar year and the amount of incentive payments, if any, earned for such year for each outcome measured during the calendar year. FSSA will make its best efforts to distribute payment to Contractor, subject to Section B.8 below, by December 31 of each year.

6. Conditions to Incentive Payments.

FSSA will not have any obligation to distribute the Contractor's incentive payment to Contractor if FSSA has made a determination that Contractor is not eligible to participate in the pay for performance program, as described in Section B.1. The State encourages plans to share earned incentive payments with members and providers.

7. Disposition of Undistributed Incentive Payment Funds.

In the event the maximum amount of the incentive payment funds available to all managed care plan contractors is not earned and distributed based on the performance of Contractor and/or other managed care plan contractors, FSSA will retain the difference (hereinafter referred to as the "undistributed incentive payment funds"). The undistributed incentive payment funds, which may include unearned withhold funds forfeited by other managed care plan contractors, may be available to Contractor to fund all or a portion of quality improvement initiatives proposed by Contractor, subject to the conditions set forth by OMPP for priorities identified in the OMPP Quality Strategy Plan. Such quality improvement initiatives may include, but are not limited to, healthcare IT initiatives (such as but not limited to incentives for provider adoption of electronic health records, e-prescribing and/or data sharing with the Indiana Health Information Exchange or other regional health information exchanges); cost and quality transparency initiatives; number of provider and member complaints handled; overall HEDIS scores; PMP access; behavioral health and physical health integration initiatives; timeliness of claims payment; and clinical initiatives.

The Director of the Office of Medicaid Policy and Planning must approve requests for any initiatives proposed to earn undistributed incentive payment funds.

FSSA has full discretion to determine whether and the extent to which any such distributions will be made and the FSSA may choose not to award undistributed incentive payment funds.

8. Non-Financial Incentives.

In addition to the potential to earn incentive payments based on performance in the identified areas, FSSA may establish other means to incent performance improvement.

FSSA retains the right to publicly report Contractor performance. Information which may be provided in public reports includes but is not limited to Contractor's audited HEDIS report, Contractor's Consumer Assessment of Healthcare Providers and Systems (CAHPS) data, and information based on Encounter Data Quality submission or underlying encounter data submitted by Contractor. FSSA intends to distribute information on key performance indicators to participating managed care plan contractors and the public on a regular basis, identifying Contractor's performance, and comparing that performance to other managed care plan contractors, standards set by FSSA and/or external benchmarks or industry

EXHIBIT 2.A

CONTRACT COMPLIANCE AND PAY FOR OUTCOMES – HOOSIER HEALTHWISE

standards. FSSA may recognize managed care plan contractors that attain superior performance and/or improvement by publicizing their achievements. For example, FSSA may post information concerning exceptional performance on its website, where it will be available to both stakeholders and members of the public. To the extent data is used in a public report, it must be received by stated deadline in order to be published.

In year two (2) of the Contract, FSSA intends to include Contractor quality and performance indicators on materials distributed to potential members to facilitate MCE selection. The State reserves the right to develop a rating system advertising Contractor performance on areas such as consumer satisfaction, network access and quality improvement.

Following the initial year of the Contract, after which sufficient quality data is anticipated to be available, the State seeks to reward high performing MCEs through the auto-assignment logic. For example, in developing the auto-assignment methodology, the State reserves the right to consider factors such as Contractor performance on clinical quality outcomes as reported through HEDIS data, enrollee satisfaction as delineated through the CAHPS survey results, network access and other outcome measures.

EXHIBIT 5.B

CAPITATION RATES – HOOSIER HEALTHWISE

Actuarial Certification:

The actuarial certification for each Contract year is incorporated in this Contract by reference. Actuarial certifications or amendments to certifications that have been signed by contracted entities and approved by CMS will be considered binding on all parties. As a matter of convenience, rates and other information from the certification are reproduced in this section of the Contract, but the certifications generally contain additional detail that should also be considered a part of this Contract.

Note on Capitation Rates:

The capitation rates listed in this exhibit shall apply for the rating periods January 1, 2017 through December 31, 2019.

Note on Rates and Rate Adjustment:

To the extent covered benefits or State-directed fee schedules are adjusted, capitation rates will be subject to revision in order to reflect the required program change. Future capitation rates will also be adjusted each year to reflect new base year data.

From time to time the State may adjust other fee schedules related to covered services for which reimbursement is not State-directed, as defined in 42 CFR 438.6(c)(iii), under this Contract. Where reimbursement is not State-directed, the Contractor may negotiate separate and distinct reimbursement with service providers, constrained only by other Contract provisions, such as access requirements. Should the State change these other fee schedules, there will be no related capitation rate adjustment.

Note on Risk Adjustment:

Each Contractor's rates have been adjusted to reflect the relative morbidity of their enrolled members. FSSA reserves the right to change risk adjustment models and tools. Total payments by FSSA will be cost neutral. Risk adjustment was calculated separately for each major rate grouping, using an aggregate approach, and will be applied to age / gender specific rates. FSSA reserves the right to adjust rates retrospectively. Members enrolled for less than six (6) months were risk adjusted according to each Contractor's average risk adjustment factor.

Note on Incentive Payment Withholding:

The capitation rates listed in this exhibit do not reflect any withhold amounts. FSSA will withhold a portion of the approved capitation payments from the Contractor on the following schedule:

- Year 1, 2017 – one point five eight percent (1.58%)
- Year 2, 2018 – one point seven seven percent (1.77%)
- Year 3, 2019 – one point seven seven percent (1.77%)
- Year 4, 2020 – two point seven six percent (2.76%)
- Year 5, 2021 – three point three five percent (3.35%)
- Year 6, 2022 – three point nine four percent (3.94%)

The Contractor may be eligible to receive some or all of the withheld funds based on Contractor's performance in the areas outlined in Section B.4.a of Contract Exhibit 2. Withhold payments will be calculated as set forth in Section B.4.a of Contract Exhibit 2.

Note on Section 9010 Health Insurer Fees:

The capitation rates listed in this exhibit do not reflect the health insurer fee (HIF) implemented under Section 9010 of the Affordable Care Act. Actuarial soundness requires all applicable fees and taxes be reflected in the rates, FSSA will adjust the rates both retrospectively and prospectively to reflect any HIF paid during the contract year and associated income taxes. FSSA intends retroactive HIF adjustment to be a uniform percentage change to the rates, to be applied to the entire rating period. The amount of the adjustment will be determined after the actual amount of the HIF is known.

EXHIBIT 5.B

CAPITATION RATES – HOOSIER HEALTHWISE

Note on Calendar Year 2017 Capitation Rates:

The following rate adjustments have been reflected in this amendment and in the capitation rates documented in this section:

- Adjustments to reflect updated ABA and OTP benefit costs, based on actual CY 2017 experience
- Adjustments to reflect increased reimbursement for cardiac-related surgeries, due to a change to the State's outpatient hospital fee schedule, effective 12/1/2017
- Adjustments to reflect updated CY 2017 risk adjustment results

No further adjustments to the Calendar Year 2017 capitation rates are anticipated.
