# INSTRUCTIONS FOR THE FOOD ASSISTANCE MAP

*FSSA has developed a [statewide, interactive map](#) that will help Hoosiers seeking food assistance find what they need. This map can be used on desktop/laptop computers and mobile devices.*

1. When opened, the map appears like this:

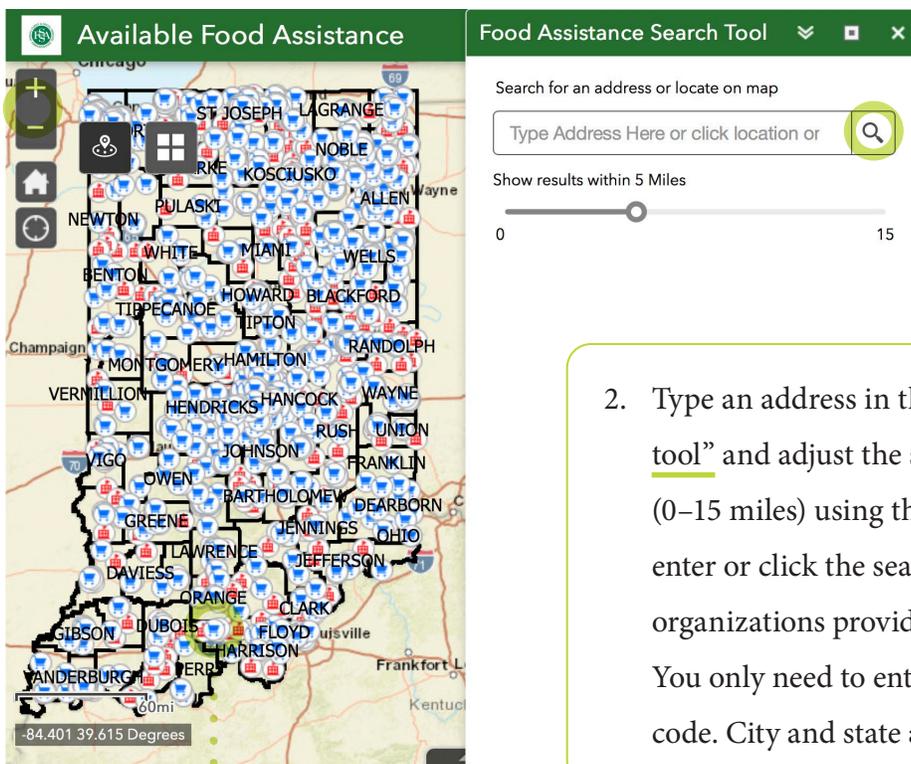

2. Type an address in the "Food Assistance Search tool" and adjust the slider to the desired search range (0–15 miles) using the slider below the address. Press enter or click the search icon 🔍 to display a list of organizations providing food assistance near you. You only need to enter the street address and the ZIP code. City and state are not needed.

3. If you do not want to enter an address, click a location on the map. On a computer or laptop, click and hold the left mouse button to move to other sections of the map. On a mobile device, single finger press and slide to move to other sections of the map. To zoom in or out, you can rotate the center mouse button or use the plus or minus sign icons in the upper left section of the screen.

4. Results will be displayed in the lower portion of the display, listed by distance from the address entered. • • • • •
