*Revised August 18, 2020*

## **Trainer Request HAIR Sampling and Collection Procedure**

### Trainer Requested **HAIR** Testing

At any time, a trainer may request that the IHRC conduct a hair test (at the trainer's cost) on any horse racing at Indiana Grand. If the horse receives a confirmed positive for clenbuterol or albuterol, the horse will be placed on the Veterinarian's List/Stewards List. A trainer that receives a positive test following a trainer requested test will not be subject to any trainer penalty.

### Cost of **Hair** Testing

A hair test will take a minimum of 14 days and cost \$250. Should those results indicate the presence of clenbuterol or albuterol, the Indiana Grand Stewards will automatically place the horse on the Veterinarian's/Stewards List. All hair testing (excluding post-race testing & out of competition testing) is at the cost of the trainer. Trainer requested HAIR testing must be paid at the time of sample collection.

Contact the Indiana Horse Racing Commission Licensing office at Indiana Grand Racetrack (317-713-3350) for assistance on how to schedule an appointment for sample collection.
