August 1, 2006

The Honorable Mitchell E. Daniels
Governor of the State of Indiana
Room 206, The Statehouse
Indianapolis, IN 46204

Dear Governor Daniels,

The following pages will give you a glimpse of the horse racing industry in Indiana for the calendar year of 2005. We are proud to report that Hoosier Park and Indiana Downs, and our five off-track betting facilities had an all-time record handle of \$190 million in 2005.

The five commissioners you appointed in April, 2005 worked diligently through the year to listen to concerns and regulate in the best interests of our participants and betting public. Indiana's regulatory program continues to be held in high esteem among our counterparts in other states.

This year we faced challenges, too. In May an equine disease known as "strangles" threatened to curtail racing at Indiana Downs. Due to quick action by Commission and track personnel, in addition to help from the Indiana State Veterinarian, Dr. Brett Marsh and his fine staff, Indiana lost only one evening of racing and horses were successfully quarantined and treated. In late 2005, the industry endured negative media attention over educational presentations we attempted at the tracks, and for investigative actions we had taken with licensees in 2003 at Hoosier Park. In both instances, I believe the Commission staff acted thoughtfully and appropriately to deal with the issues at hand.

During 2005, the first turf race for standardbreds was held at Indiana Downs. This one-of-a-kind event was won by trainer and Hoosier harness legend Jerry Landess.

The Indiana Derby at Hoosier Park drew 6,822 spectators and generated a nationwide handle of \$2,597,826. The \$500,000 Derby is Indiana's premier thoroughbred horse race. The annual Grade II event attracts both trainers and horses of national prominence and in many cases will have Breeders' Cup contenders among its starting field.

The Indiana Horse Racing Commission remains committed to fairly and effectively regulating this sector of our economy. We thank you for the opportunity to be of service.

Sincerely,

Sarah McNaught
Commission Chairman

(Handle - money wagered by the betting public on pari-mutuel races.)

Distribution of the Wagering Dollar

The following is a breakdown of the distribution of all monies wagered at both Hoosier Park and Indiana Downs and their satellite facilities:

*Breakage - the difference in the rounding off of pari-mutuel payoffs.

State Revenues

The following are the direct state revenues collected in accordance with the pari-mutuel statute IC 4-31:

| Hoosier Park | |
|---|--------------------|
| Pari-Mutuel Tax | \$ 3,326,360 |
| Track Reimbursement for Officials | 287,021 |

| Track Permit and License Fees | 7,000 |
| Total | \$2,238,322 |
| Total State Revenue \$6,055,226 | |

The direct revenue received by the State of Indiana exceeded the cost of regulation. Indiana Horse Racing Commission operating expenditures for calendar year 2005 were \$2,294,284.

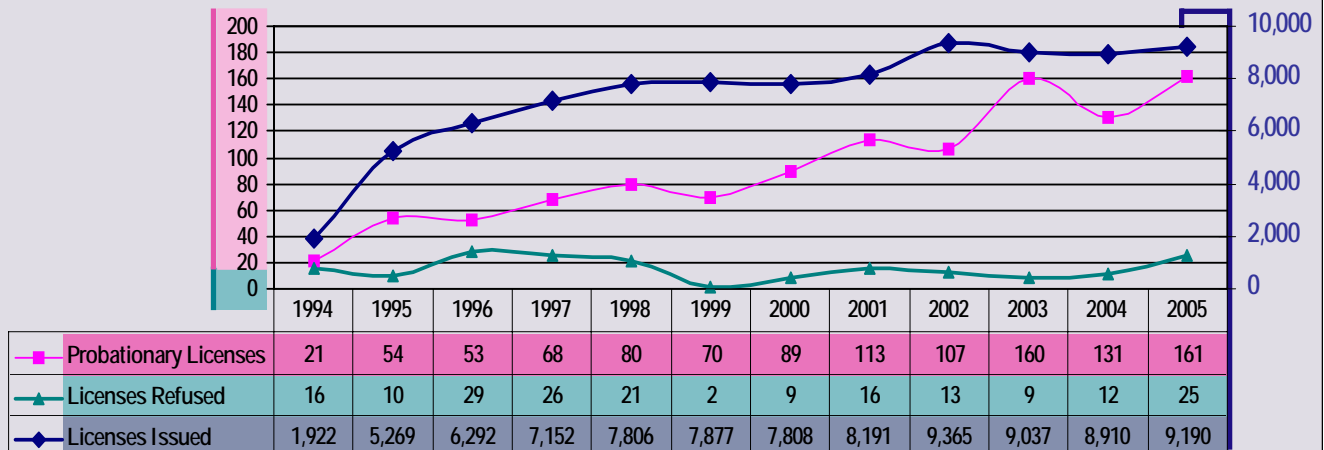

Occupational Licensing

Pursuant to IC 4-31-6 and 71 IAC 5-1-1, all persons participating in pari-mutuel racing under the jurisdiction of the Commission are required to be licensed. The licensing process is the backbone of the Commission's regulatory efforts. Each prospective licensee is fingerprinted. The Federal Bureau of Investigation (FBI) provides the Commission with criminal histories of all applicants. The Commission may refuse or deny the application for licensure of any person whose criminal or racing violation record is contrary to the public's best interest.

Equine Drug Testing

Pari-mutuel horse racing can succeed as a legitimate major league sport only if its races are perceived by the wagering public to be honest, competitive contests, free from manipulation by man or drugs. With the exception of furosemide (salix) and phenylbutazone (bute), under regulatory restrictions, state law and Commission rules prohibit the presence of any drug in horses racing at a pari-mutuel track. The Commission's drug detection program is one of the nation's most comprehensive and its laboratory, one of the most respected in the racing industry.

| Breed | Race Dates | Urine | Blood | Positive Tests |
|--------------|------------|-------------|-------------|----------------|
| Standardbred | 143 | 2128 | 2577 | 20 |
| Thoroughbred | 105* | 2074 | 2352 | 14 |
| Total | 248 | 4202 | 4929 | 34 |

Truesdail Laboratory in Tustin, California, serves as the primary testing laboratory for the Indiana Horse Racing Commission. Truesdail Laboratory has been

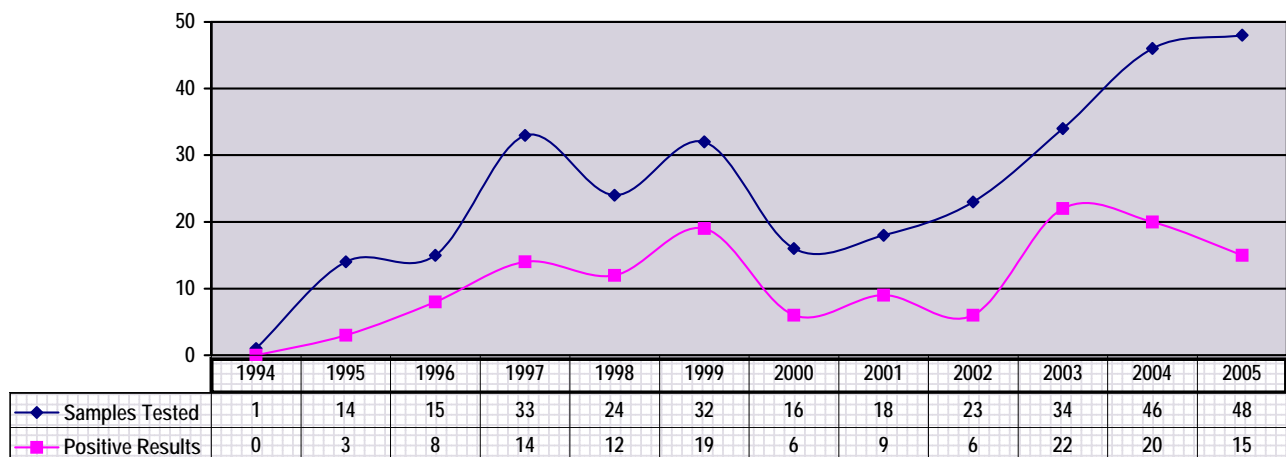

a leader in racing chemistry and drug-related research for over 50 years. In each instance, the offending horse was disqualified and placed last. In accordance with the pari-mutuel statute, all purse money earned is ordered returned and redistributed. (*Loss of three race dates due to inclement weather.)

The table below represents a further breakdown, by breed, of the name and types of drugs reported by the laboratory.

| Number of Violations | | ARCI Drug Classification | Type |
|----------------------|--------------|--------------------------|--------------------------------|
| Standardbred | Thoroughbred | | |
| 3 | 3 | Bute (Overage) | nonsteroidal anti-inflammatory |
| 1 | 1 | Banamine (Class 4) | analgesic |
| 8 | | Ergonovine (Class 4) | alkaloid |
| 1 | | Dexamethasone (Class 4) | corticosteroid |
| 1 | 1 | Methocarbamol (Class 4) | muscle relaxant |

| | 1 | Clenbuterol (Class 3) | bronchodilator |
| 1 | 7 | Cocaine (Class 1) | contaminant at trace levels |

Human Drug Testing

Commission regulations provide that a licensee or an applicant for licensure may be required, if reasonable suspicion exists, to submit to a drug test.

Breed Development

Overview

Pursuant to IC 4-31-11, breed development funds have been established to promote the breeding of horses while stimulating the agri-business sector of the state's economy. Standardbred, Thoroughbred and Quarter Horse breed development advisory committees make recommendations to the Commission regarding the distribution of these monies.

The Breed Development Fund was established by the Indiana pari-mutuel statute and is administered by Governor-appointed members of the Breed Development committees and boards. The Fund consists of breakage (the difference in the rounding off of pari-mutuel payoffs), outs (all uncashed tickets), and the riverboat admissions tax allocation. The Indiana Horse Racing Commission receives 65 cents for every admission on an Indiana riverboat. Twenty (20) percent of the 65 cents goes into the Breed Development Fund. The Breed Development Fund is divided forty-eight (48) percent to the Indiana Thoroughbred Breed Development Fund and forty-eight (48) percent to the Standardbred Breed Development Fund and four (4) percent to the Quarter Horse Breed Development Fund.

Thoroughbred & Quarter Horse Programs

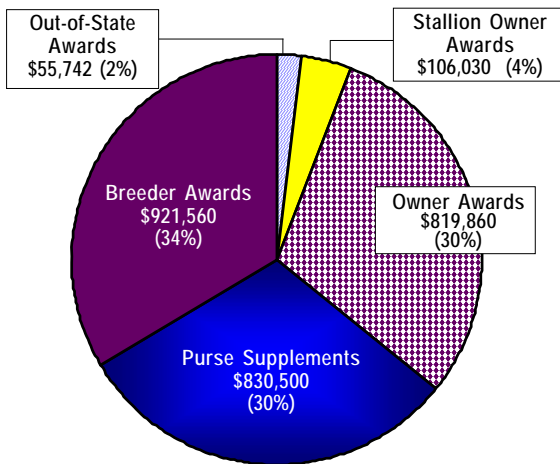

The mission of the Thoroughbred and Quarter Horse Development Advisory Committees is to register thoroughbred horses for the Indiana bred program and provide incentives and awards to three important elements of the Indiana thoroughbred industry: the owner, the breeder and the stallion owner. The intent of these incentives and awards is to promote investment of capital into the Indiana economy (via thoroughbred breeding, racing and related agri-business) and maximize the positive impact to the state's economy. The incentives reward risk, and the awards reward success on the racetrack...through winning!

Breed Development

Standardbred Program

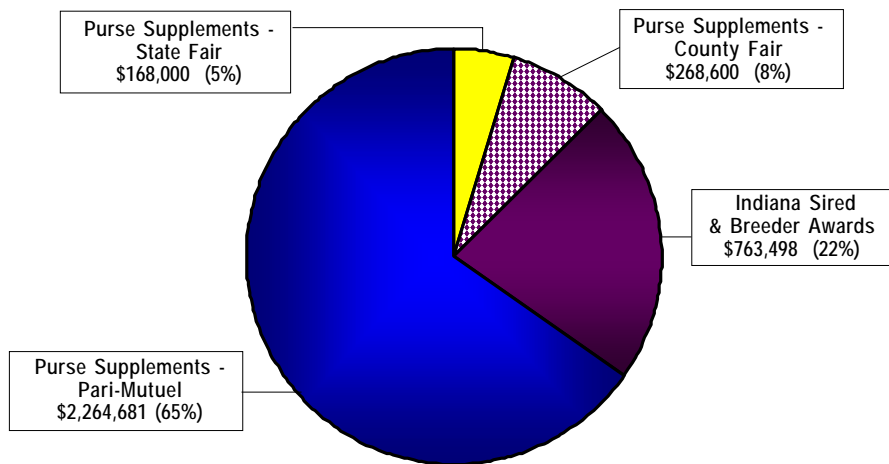

The Standardbred Breed Development Program concluded its 2005 year by continuing to offer a lucrative program for Indiana sired horses at Hoosier Park, Indiana Downs, and Indiana's County and State Fairs. This program provided racing opportunities and incentives for Indiana Sired horses through the Indiana Sired Late Closing Events, Indiana Sires Stakes, Genesis Series, Indiana Sired Fair Circuit Program, Overnight Race Supplements and Indiana Sired Bonus and Breeder's Awards. The success of the Indiana Sired Program during 2005 has resulted in over 7.8 million dollars paid in purses at Indiana's pari-

mutuel tracks to Indiana Sired horses, through breed development funds and track purse supplements. This is an increase of over 6.3% from 2004. In addition, Indiana's county fairs and State Fair, a mainstay in the history of Indiana horse racing, hosted 29 days of racing and 296 races during the Indiana Sired Fair Circuit Program. Overall, over 9.3 million dollars in purses and awards were paid to owners and breeders of Indiana Sired horses racing in the State of Indiana during 2005.

As a result of these efforts, the Indiana Standardbred Breed Development Program continues to develop and promote a high quality Standardbred industry in the State of Indiana, which in turn, continues to foster more agri-business growth for the State. Please visit the commission website (www.in.gov/ihr) to obtain information regarding the Indiana Sired Program, nomination requirements, necessary applications, historical information, deadlines and more.

Riverboat Revenue

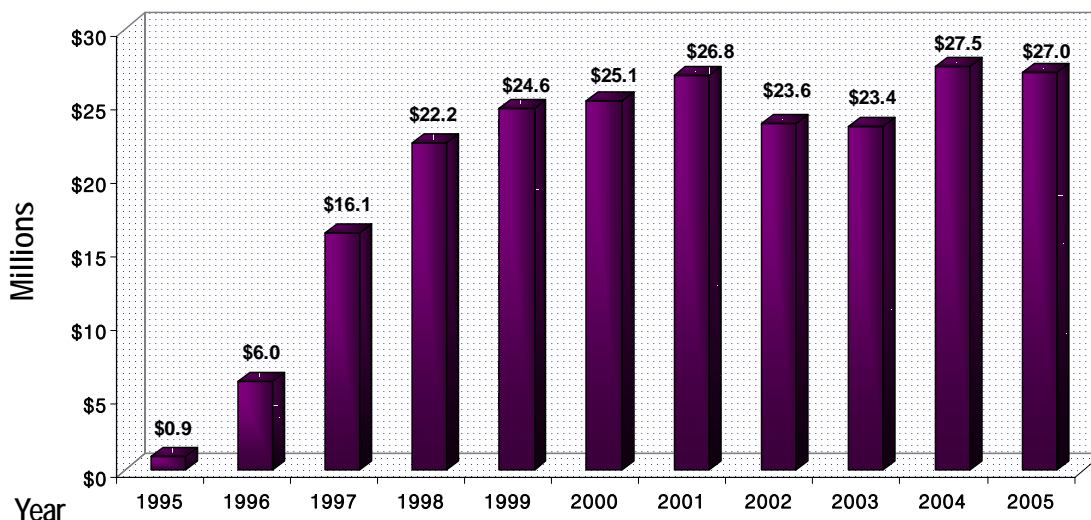

The statute permitting riverboat gaming in Indiana earmarks sixty-five (65) cents of the three dollar admission tax to the pari-mutuel horse racing industry. These funds are distributed to various segments of the racing industry in accordance with Commission rule 71 IAC 12-2-15.

2005 Riverboat Revenue Allocation to Racing From Admission Tax (65 cents)

Distribution Formula: Pursuant to 71 IAC 12-2-15, riverboat revenue is allotted 40% to purses, 40% to the tracks and 20% to breed development funds.
