

INDIANA BOARD OF TAX REVIEW

Final Determination Findings and Conclusions Lake County

Petition #: 45-001-02-1-5-00806
Petitioners: J. Edward & Monica A. Johnston
Respondent: The Department of Local Government Finance
Parcel #: 001-25-45-0255-0044
Assessment Year: 2002

The Indiana Board of Tax Review (the Board) issues this determination in the above matter, and finds and concludes as follows:

Procedural History

1. The informal hearing as described in Ind. Code § 6-1.1-4-33 was held on February 23, 2004, in Lake County, Indiana. The Department of Local Government Finance (the DLGF) determined that the Petitioners' property tax assessment for the subject property is \$2,800 and notified the Petitioners on March 31, 2004.
2. The Petitioners filed a Form 139L petition on April 30, 2004.
3. The Board issued a notice of hearing to the parties dated February 10, 2005.
4. Special Master Ellen Yuhan held the hearing on March 14, 2005, in Crown Point, Indiana.

Facts

5. The subject property is located at 1072 Warren St., Gary in Calumet Township.
6. The subject property is a vacant lot measuring 25' by 120'.
7. The Special Master did not conduct an on-site visit of the property.
8. The DLGF determined the assessed value of the subject property to be \$2,800 for the land. There are no improvements on the parcel.
9. The Petitioners requested an assessment of \$900.
10. Monica A. Johnston, one of the owners of the property, and Stephen H. Yohler, with the DLGF, appeared at the hearing and were sworn as witnesses.

Findings & Conclusions

Issues

11. Summary of Petitioners' contentions in support of an error in the assessment:
 - a. The Petitioners contend the property is over-assessed in light of the fact that Lot 46 is assessed at \$35.29 per front foot, or \$600 total. The subject property is assessed at \$385 per front foot. *Petitioner Exhibit 13; Johnston testimony.*
 - b. The lot is below the minimum size required by the City of Gary for construction. It is also part of the yard surrounding the house. It is not level and has no lake view. According to the Petitioners, it should not be assessed more per frontage foot than the rest of the yard. *Petitioner Exhibit 11; Johnston testimony.*

12. Summary of Respondent's contentions in support of the assessment:
 - a. The Respondent testified that the subject lot was originally in neighborhood 02512 with an influence factor of 70%, 20% for unimproved and 50% for not being on the lakefront. When the neighborhood was changed to 02513, the 50% influence factor should probably have been removed, but it wasn't. *Respondent Exhibit 2; Yohler testimony.*
 - b. If this parcel was assessed as part of the yard, as it should have been, the property would have a 22% negative influence factor for excessive frontage. However, the assessment would increase on the property from \$2,800 to \$7,200. *Yohler testimony.*

Record

13. The official record for this matter is made up of the following:

Analysis

14. The most applicable governing cases are:
- a. A Petitioner seeking review of a determination of an assessing official has the burden to establish a prima facie case proving that the current assessment is incorrect, and specifically what the correct assessment would be. *See Meridian Towers East & West v. Washington Twp. Assessor*, 805 N.E.2d 475, 478 (Ind. Tax Ct. 2003); *see also, Clark v. State Bd. of Tax Comm'rs*, 694 N.E.2d 1230 (Ind. Tax Ct. 1998).
 - b. In making its case, the taxpayer must explain how each piece of evidence is relevant to the requested assessment. *See Indianapolis Racquet Club, Inc. v. Washington Twp. Assessor*, 802 N.E.2d 1018, 1022 (Ind. Tax Ct. 2004) (“[I]t is the taxpayer's duty to walk the Indiana Board . . . through every element of the analysis”).
 - c. Once the Petitioner establishes a prima facie case, the burden shifts to the assessing official to rebut the Petitioner's evidence. *See American United Life Ins. Co. v. Maley*, 803 N.E.2d 276 (Ind. Tax Ct. 2004). The assessing official must offer evidence that impeaches or rebuts the Petitioner's evidence. *Id.*; *Meridian Towers*, 805 N.E.2d at 479.
15. The Petitioners did not provide sufficient evidence to establish a prima facie case for a reduction in value. This conclusion was arrived at because:
- a. The Petitioners contend the property is over-valued because Lot 46 is assessed at \$35.29 per front foot, or \$600 total. The subject lot is assessed at \$385 per front foot. *Petitioner Exhibit 13; Johnston testimony*. The Petitioners did not submit a property record for Lot 46. The petitioner must submit ‘probative evidence’ that adequately demonstrates all alleged errors in the assessment. Mere allegations, unsupported by factual evidence, will not be considered sufficient to establish an alleged error. *See Whitley Products, Inc. v. State Bd. of Tax Comm'rs*, 704 N.E. 2d 1113 (Ind. Tax Ct. 1998); *Herb v. State Bd. of Tax Comm'rs*, 656 N.E. 2d 890 (Ind. Tax Ct. 1995).

- b. The Petitioners also contend that the lot is not buildable because of zoning ordinances and because the lot not level. Generally, land values in a given neighborhood are determined through the application of a Land Order that was developed by collecting and analyzing comparable sales data for the neighborhood and surrounding areas. *See Talesnick v. State Bd. of Tax Comm'rs*, 693 N.E.2d 657, 659 n. 5 (Ind. Tax Ct. 1998). However, properties often possess peculiar attributes that do not allow them to be lumped with each of the surrounding properties for purposes of valuation. The term "influence factor" refers to a multiplier "that is applied to the value of land to account for characteristics of a particular parcel of land that are peculiar to that parcel." PROPERTY ASSESSMENT GUIDELINES OF 2002, glossary at 10. Petitioners have the burden to produce "probative evidence that would support an application of a negative influence factor and a quantification of that influence factor." *See Talesnick v. State Bd. of Tax Comm'rs.*, 756 N.E.2d 1104, 1108 (Ind. Tax Ct. 2001). The DLGF testified that a 70% negative adjustment factor was applied to the property to reflect the nature of the lot and its unimproved status. While the property's size or terrain may be relevant to the issue of whether a different negative influence factor should apply here, the Petitioners failed to show how these conditions would impact the market value-in-use of the subject property, or show what the actual market value of the property is. *See Talesnick*, 756 N.E.2d at 1108.
- c. Where the Petitioner has not supported the claim with probative evidence, the Respondent's duty to support the assessment with substantial evidence is not triggered. *Lacy Diversified Indus. v. Dep't of Local Gov't Fin.*, 799 N.E.2d 1215, 1221-1222 (Ind. Tax Ct. 2003).

Conclusion

16. The Petitioners did not provide sufficient evidence to establish a prima facie case. The Board finds for the Respondent.

Final Determination

In accordance with the above findings and conclusions the Indiana Board of Tax Review now determines that the assessment should not be changed.
