I. PURPOSE:

The purpose of this policy and administrative procedure is to present guidelines for the initiation, maintenance, use and review of the accounts established to hold offender monies in trust.

II. POLICY STATEMENT:

The Department of Correction shall establish an Inmate Trust Fund account for all offenders confined in Department facilities and shall deposit all monies held in trust for offenders in a federally insured depository, in accordance with applicable statutes.

Any personal funds that an offender brings into the Department or that are deposited with the Department for the use and benefit of the offender shall be held in trust in the offender's Inmate Trust Fund account. The Department may restrict the sources of funds sent to offenders and the disbursements that offenders may make.

The Department shall maintain individual records for each offender's account in order to ensure exact accounting of all receipts and disbursements for funds held in trust. A system of review shall be used to ensure compliance with all laws, rules, accepted accounting procedures, and proper accounting of all funds received or disbursed.

Any funds received with the offender shall be deposited in the offender's Inmate Trust Fund account in accordance with this policy and administrative procedure.

A facility directive shall specify the manner in which the above actions are taken.

V. RE-ENTRY ADMINISTRATIVE ACCOUNT:

In order to assist adult offenders at the time of their release, the Department shall establish a Re-Entry Administrative Account for all adult offenders. However, offenders whose Earliest Possible Release Date (EPRD) is after the date when the offender would be eighty (80) years of age are not eligible for a Re-Entry Administrative Account, unless:

- The offender's appeals have not been exhausted;
- The Department determines that the offender may have a Re-Entry Administrative Account; and,

If a Re-Entry Administrative Account is established for these offenders, the offender shall be required to adhere to all Department procedures regarding the operation and use of the Re-Entry Administrative Account.

(NOTE: Monetary gifts, donations, checks or money orders from other sources, such as retirement checks, tax refund checks, etc., placed in the offender's Inmate Trust Fund or monies the offender may have in other private accounts are not subject to the fifteen percent (15%) deduction for the Re-Entry Administrative Account.) This account shall be mandatory for all offenders who have a work assignment and receive pay for that assignment, except as indicated above.

The offender shall be advised that fifteen percent (15%) of his/her earnings from a work assignment shall be deducted from the offender's earnings after all other statutorily required deductions, including court fees and restitution, are taken. This fifteen per cent (15%) of

11. Pay to the victims or others for any unpaid obligations of the offender with the written consent of the offender and the approval of the Warden. If the offender's dependents are receiving welfare assistance, the appropriate welfare department shall be notified of these disbursements
12. Any remaining amount shall be given to the offender or retained by the Department in accordance with Procedure C, 4.

The offender shall not be given access to the funds in his/her Re-Entry Administrative Account until the offender is released from the Department, either to Parole or Probation, to a Community Transition Program (CTP), by court order releasing the offender from the custody of the Department through a modification of the offender's sentence, or by discharge. The funds in the Re-Entry Administrative Account shall be returned to the offender at the time of his/her release along with any other funds due the offender from the Inmate Trust Fund account.

In order to assist the offender in planning for his/her release and Re-Entry into the community, during each Case Plan review, staff shall review any Financial Responsibility Plan (FRP) that has been developed for the offender. Staff shall indicate on the FRP the total amount of funds currently in the offender's Inmate Trust Fund account, the amount of funds available to the offender in the offender's Inmate Trust Fund and the amount of funds in the offender's Re-Entry Administrative Account. The offender's FRP shall be available for review on OCMS.

VI. DETERMINING INDIGENT STATUS OF OFFENDER:

When an offender submits a request (e.g., for legal copying, legal mail for an indigent hygiene kit, etc.) and indicates that he/she is indigent, designated staff shall review the offender's Inmate Trust Fund account to determine whether the offender meets the criteria for being considered indigent. In order to be indigent, an offender must have a balance in his/her Inmate Trust Fund account of less than \$15.00 on the date of the request AND must not have had more than \$15.00 credited to his/her Inmate trust fund account within the last 30 (thirty) days. When making this determination, funds in the offender's Re-Entry

Administrative Account or funds placed in that account during the last 30 (thirty) days shall not be considered. Only funds in the offender’s regular Inmate Trust Fund account to which the offender may have access shall be considered.

An offender who does not meet the criteria for indigent status, but who does not have sufficient funds in his/her Inmate Trust Fund account shall be treated as an indigent offender for purposes of providing legal copies, legal mail, and personal hygiene supplies, in accordance with Policy and Administrative Procedure 00-01-102, “Offender Access to the Courts,” and Policy and Administrative Procedure 02-01-104, “Offender Clothing, Grooming and Personal Hygiene.” A “hold” may be placed on the offender’s account requiring the offender to pay for any copying costs or postage for legal mail that was provided to the offender when the offender had insufficient funds to cover these costs. Under no circumstances shall funds be withdrawn from the offender’s Re-Entry Administrative Account to pay for these items or to reimburse the facility for the cost of copying or postage.

Whenever funds are taken from an offender’s account to pay court filing fees, restitution, etc., the facility shall attempt to allow the offender to retain at least five dollars (\$5.00) in the Inmate Trust Fund account in order to purchase personal hygiene items and over-the-counter medications.

VII. MONIES IN PHYSICAL POSSESSION OF OFFENDER:

After monies are received from an offender at an intake unit or other facility, all monies in the physical possession of an offender shall be considered prohibited property and shall be confiscated. Any monies confiscated shall not be placed in the offender's Inmate Trust Fund Account. Instead, the offender may be charged with a disciplinary violation and the money deposited into the facility's Inmate Recreation Fund Account.

Community Re-Entry Centers and Level One facilities that allow offenders to possess money in accordance with the facility's operational procedure or facility directive shall be exempt from this section of this policy and administrative procedure. However, if an offender is found to be in possession of more money than authorized by the facility’s operational procedures or facility directives, the excess monies may be confiscated and a disciplinary violation prepared if it appears that the offender has obtained these monies in violation of the facility’s rules and operational procedures/directives.

VIII. INTEREST BEARING ACCOUNTS AND CHECKING ACCOUNTS (See Facility Directive):

Offenders committed or ordered to the Department who possess an interest-bearing account or checking account at the time of intake may keep such accounts and shall be entitled to all interest. The check book, saving passbook, certificate of deposit book, customer copy of money orders or cashier's checks, or other instrument of transfer shall be prohibited property and may be stored by the facility or sent to a friend or relative of the offender at the offender's request. Such items may be obtained for use only upon approval of the Warden. Approval for such requests shall be based on the security needs of the facility. Offenders may not open accounts other than the Inmate Trust Fund Account without approval of the Warden. Approval for such requests shall be based on:

- A. Security and safety needs of the facility;
- B. The purpose for opening the account;
- C. The amount of money involved; and,
- D. The rehabilitative value of the account to the offender.

The opening of an account with a bank shall be subject to the bank's requirements and applicable laws for opening a bank account. With the exception of offenders assigned to a Community Re-Entry Center, an offender shall not be released to go to a bank to open an account. The Department or facility shall not be responsible for a bank refusing to open an account due to the offender not being permitted to go to the bank to do so.

Possession of an interest bearing account or checking account shall not be considered an offender business activity as determined by Policy and Administrative Procedure 02-01-116, "Offender Business Activities."

In no instance shall two (2) or more offenders open a joint account. With the approval of the Warden or designee, an offender may request that an immediate family member, or a friend, open the bank account on his/her behalf. Under no circumstances shall a staff member or volunteer in the Department be a co-signatory on an account with an offender. This procedure shall apply to all offenders under the care, custody and control of the Department.

A Facility Directive shall specify the manner in which an offender may open such accounts, the manner in which access is obtained to these accounts, and the notification and accounting procedures to be followed for identifying interest entries and all other deposits and withdrawals.

Offenders found to be attempting or completing financial transactions, including the sending of monies from one offender to another or the sending of monies from the family/friends of one offender to another, shall be subject to disciplinary action in accordance with the administrative procedures for Policy 02-04-101, "The Disciplinary Code for Adult Offenders," or Policy 03-02-101, "Code of Conduct for Juvenile Offenders." Any such monies confiscated by a facility shall be returned to the sender, if the sender is not an offender and the name and address of the sender is available. The monies shall be deposited in the Inmate Recreation Fund if the sender is an offender or the sender's name and address cannot be determined.

Financial transactions between staff or volunteers and offenders, other than those transactions authorized in this, or other administrative procedures, shall be strictly prohibited without the prior written approval of the Warden of the facility housing the offender and, if the facility where the staff person is employed or the volunteer provides services is different, the Warden of that facility. In making a decision regarding such transactions between staff or volunteers and offenders, the Warden(s) shall review the reason for such transaction and the potential impact on the safety, security, and integrity of the facility. If the financial transaction is approved, the Warden shall provide a written approval to the staff person or volunteer and the offender, as well as placing a copy of the approval in the offender's facility packet.

- C. State pay or pay from an approved work program/assignment (e.g. PEN Products, joint ventures, Community Re-Entry employer, etc.);
- D. Facility approved program participation (arts, crafts, etc.);
- E. Another facility upon the offender's inter-facility transfer; or,
- F. Other sources, such as pension checks, government checks, legal settlements, inheritances, etc., as approved by the Warden.

The Warden of a Division of Youth Services facility shall determine whether money, including cash, may be left by visitors or shall be sent through the mail.

Money may be placed in the offender's Inmate Trust Fund account through electronic means, such as a direct deposit from an employer, or through other approved electronic transfers of funds, such as through a contractual clearinghouse. A Facility Directive shall specify the manner in which monies may be obtained from family and friends in accordance with this policy and administrative procedure.

XII. RECEIPT OF MONIES FOR THE INMATE TRUST FUND:

used for this purpose. These receipts shall be numbered and issued sequentially. If a facility receives funds in more than one location, a separate receipt book shall be used at each location. The Warden or designee shall be accountable for funds deposited into the Inmate Trust Fund account.

The receipt shall be distributed as follows:

- A. A copy shall be forwarded to the Business Office, along with the money to be deposited, to post the money into the offender's Trust Fund account;
- B. A copy shall be given to the visitor, when visitors are permitted to leave money, or to the offender, if the money is received through the mail or submitted to the facility by the offender (e.g., an offender in a Community Re-Entry Center turning in a paycheck); and,
- C. A copy shall remain in the receipt book or in a file in the receiving area if individual receipts are used.

The white and pink copies shall be maintained in accordance with all appropriate record retention schedules.

XIII. ACCOUNTING OF FUNDS:

Each Warden or designee shall be accountable for any money, held in trust for an offender, lost as a result of official misconduct. Staff involved with the accounting of money in the Inmate Trust Fund account shall adhere to the highest accounting standards and shall abide by all accounting rules of the State of Indiana.

The facility shall maintain a complete record of all receipts to, and disbursements from, the Inmate Trust Fund account. The Inmate Trust Fund Program portion of the offender information system shall be used to maintain the individual offender accounts within the Inmate Trust Fund account.

In addition to the individual accounts, the facility shall maintain a Control Section. All receipts to, and disbursements from, the Trust Fund account shall be entered in total in the Control Section. Receipts to the account shall be posted to the ledger on the date that the funds are received. Disbursements shall be posted to this ledger on the date the withdrawal of the funds is processed.

The employee responsible for posting receipts and disbursements of offender funds shall not receive money from visitors or through the mail nor issue receipts for money received.

Additionally, the employee responsible for the posting of receipts shall not be permitted to execute a withdrawal from the Trust Fund account.

Each individual receipt and disbursement shall be entered on the proper account page of the appropriate offender in the offender information system Trust Fund Program.

A trial balance shall be taken at the end of the business day. The daily ending balance of the sum of the individual offender accounts should equal the ending daily balance in the Control Section. If these amounts are not equal, an error has been made since the last trial balance. All entries since the last trial balance are to be examined until the error is identified and corrected.

At the end of each month, the account bank statements shall be reconciled with the Control Section as well as reconciled with the computer trial balance. Any bank service charges shall be paid with a check from the facility's operating account. The bank statement showing a deduction for the service charges may be used as an invoice to obtain reimbursement for these expenditures from the State Auditor.

XIV. REQUEST FOR WITHDRAWAL OF FUNDS (See Facility Directive):

Each offender shall be required to complete a written request in order to withdraw money from his/her Trust Fund account. State Form 35720, "Request for Remittance," or similarly approved form shall be used for this purpose. Every effort shall be made to provide the funds authorized by the offender within ten (10) business days after receipt by staff of the approved written request for withdrawal. This maximum time limitation is not intended to delay the weekly draw process which is usually accomplished in a shorter time frame.

Adult offenders who refuse to sign the "Limited Power of Attorney" form during the intake process or who rescind the "Limited Power of Attorney" form shall not be permitted to request withdrawals from the Inmate Trust Fund account. The facility shall continue to withdraw funds for mandated reasons, such as court ordered judgments, court filing fees or restitution. However, the offender shall not be permitted to purchase items from the commissary other than personal hygiene and over-the-counter medications, purchase mail order items or send money to family or friends, etc. The offender's funds shall remain in the Inmate Trust Fund account until the offender's release at which time these funds shall be provided to the offender in accordance with this policy and administrative procedure.

The following are allowable purposes for withdrawal of funds from the Inmate Trust Fund account:

INMATE TRUST FUND			

A. Payment to an Offender upon Release:

At the time an offender is released from the Department, the offender's available balance from the Trust Fund account may be given to the offender in the form of a check, an approved debit card, or any other form as approved by the Department. The facility shall ensure that only those funds which have been posted to the offender's account and have cleared the bank are given to the offender. Staff shall ensure that any monies which have been deposited, but have not cleared the originator's account, shall not be given to the offender until the monies have cleared and been credited to the Trust Fund account. Staff shall not anticipate State pay nor credit it to the offender before the actual warrant has been received from the Auditor's Office and credited to the offender's account. The Warden or designee shall ensure that any outstanding amounts, such as commissary purchases, release advances, and orders for restitution are deducted from the account prior to giving funds to the offender.

Additionally, those offenders who have a Re-Entry Administrative Account shall have all of the available funds in this account provided to the offender upon the offender's release. These monies shall be provided to the offender in the same manner as the balance in the offender's Inmate Trust Fund account and may be included in the same check or on the same debit card as the offender's other funds.

Any funds held after the offender's release shall be sent to the offender at his/her last known address within sixty (60) calendar days of release.

B. Transfer of Offender:

When an offender is transferred from one Department facility to another (including contract facilities), the offender's Trust Fund account shall be transferred to the receiving facility within ten (10) business days from the date of the transfer. If the Trust Fund account cannot be transferred within the ten (10) business day period, a letter shall be sent to the receiving facility and filed in the offender's facility packet indicating the reason. The sending facility shall ensure that all appropriate deductions are made from the Trust Fund account prior to transferring the Trust Fund account to the receiving facility, including deductions for the offender's Re-Entry Administrative Account. Any funds received by the sending facility after the offender has been transferred shall be sent to the receiving facility as soon as possible. The receiving facility shall ensure that the funds received are placed in the appropriate account (i.e., funds in the offenders Re-Entry Administrative Account are placed in that account and not in the general Inmate Trust Fund account).

This list shall be updated on a weekly basis. If the offender's funds are not transferred within the ten (10) business day period, the Business Administrator or designated staff shall notify the Warden and explain why the funds have not been transferred. The Warden or designee shall notify the receiving facility. Waiting for the offender's final State pay shall not be sufficient reason for delaying the transfer of any available funds to the receiving facility.

C. Commissary Purchases:

An offender may authorize money to be withdrawn from his/her Trust Fund account for the purchase of commissary items or other items that are purchased through an approved vendor or contractor. The offender shall be required to complete the approved commissary order form which shall serve as his/her authorization for funds to be withdrawn from his/her Inmate Trust Fund account.

D. Payment of Medical Co-Payment:

Offenders who request certain medical services or goods from the contracted medical services provider shall be assessed a co-payment. Offenders shall be assessed a five dollar (\$5.00) co-payment for non-emergency / non-injury visits to Health Care Services staff and a five dollar (\$5.00) co-payment for all new prescriptions, unless otherwise provided in this policy and administrative procedure.

An offender shall not be assessed co-pays if;

1. The offender does not have funds in his/her trust fund account at the time the service is provided;
2. The offender does not have funds in his/her trust fund account within thirty (30) days after the service is provided;

In those cases where it is determined that an offender’s Inmate Trust Fund account is to be “frozen” or a hold placed on it, staff shall notify the offender of such action in writing with a copy given to the facility’s business office and a copy placed in the offender’s facility packet. This notice shall include the date that the hold was placed on the account, the reason for the action and, if known, the anticipated date when the hold will be lifted. Once a determination is made to remove a hold on an offender’s Inmate Trust Fund account, the offender shall be notified in writing that the hold has been removed and the date that the hold will be lifted.

A hold may be placed on the offender’s Trust Fund account for the following purposes:

A. Court Ordered Judgments:

When the facility receives a court ordered judgment against an offender, the Warden or designee shall ensure that the order is authentic. Any question regarding the court order shall be referred to the Department's Legal Services Division. After the court order has been verified, the facility's Business Administrator or designated staff shall disburse the amount ordered from the offender's Trust Fund account. The offender shall be advised of the court order and the disbursement of the funds whenever funds are withdrawn from the account for this purpose. If the balance in the offender's Trust Fund account is less than the court ordered amount, the Business Administrator or designated staff shall "freeze" the offender's Trust Fund account. However, expenditures for purchase of legal copies/mail, personal hygiene items, over-the-counter medications or court fees shall continue to be authorized. This "freeze" shall remain in effect until the court order is satisfied. Upon satisfaction of the court order, the offender shall be advised in writing that the "freeze" has been removed.

B. Court-Ordered Filing Fees:

Offenders who file civil actions in either State or Federal court and who are permitted to proceed *in forma pauperis* may be required to pay court filing fees. These filing fees may be paid in full or the court may order that the facility make an initial payment followed by monthly payments until the fees have been paid in full. The facilities shall abide by the administrative procedure for Policy 00-01-102, “Offender Access to the Courts.”

The offender shall be notified in writing of his/her Trust Fund account status and the amount of any withdrawal for court-ordered filing fees on a periodic basis.

Additionally, the Trust Fund Clerk shall note in the offender's facility packet, Section III, when an offender has a court order to pay filing fees and the balance due. Whenever an offender is transferred from one facility to another, staff at the receiving facility shall review Section III of the offender's packet. The receiving facility's Business Administrator or designated administrative staff shall be advised of any existing court order for fees.

C. Restitution:

An offender who acknowledges the responsibility for the loss, damage and/or destruction of State-owned property, or property belonging to another shall make restitution. The offender shall complete State Form 35720, "Request for Remittance," indicating the amount owed.

An offender who is found guilty through disciplinary action may be asked to complete a "Request for Remittance." It is not necessary to complete this form if it is indicated on State Form 39585, "Report of Disciplinary Hearing," that restitution is a sanction.

When insufficient funds are available in an offender's Trust Fund account to make restitution, further expenditures from the fund shall be prohibited until the restitution is paid in full. Expenditures for legal copies/mail, personal hygiene items, over-the-counter medications and to satisfy court orders or court fees shall be allowed.

The offender shall be notified in writing of his/her Trust Fund account status and the amount of any withdrawal on a periodic basis.

Designated staff shall issue a check from the Trust Fund account made payable to the facility when restitution is made to the State for the destruction of State-owned property. State Form 14311, "Report of Collections and Receipts Due the State Treasurer," shall be completed and submitted. The designated staff shall ensure that all appropriate bookkeeping entries are made relative to the withdrawal of funds.

D. Protection of the offender:

During this investigation, with the approval of the Warden, the offender's account may be frozen and only withdrawals approved by the Warden

or designee may be authorized. Upon completion of the investigation, the Warden or designee shall determine whether it is in the best interests of the offender and the facility to freeze the offender's Trust Fund account. The results of the investigation and the Warden's or designee's actions shall be documented in writing and made a part of the offender's facility packet.

If the Warden determines that it is appropriate to freeze the Trust Fund account of the offender allegedly attempting to extort another offender's funds, the facility may freeze the alleged extortionist's account until the completion of the investigation and any disciplinary action. The Warden shall determine the appropriate length of time the Trust Fund account shall be frozen. If the offender is not charged with a disciplinary violation or is found not guilty, the account shall be unfrozen immediately.

If a decision is made to freeze the account for the offender's protection, the Warden or designee shall advise the designated staff in the Business Office to place a hold on the offender's account. The offender shall be notified of the decision to freeze his/her Trust Fund account. The offender also shall be advised that disbursements shall only be permitted for the purchase of legal copies, personal hygiene items, and over-the-counter medications and to satisfy court orders or court filing fees and other purchases approved by the Warden or designee. The offender may appeal this decision in accordance with Policy and Administrative Procedure 00-02-301, "The Offender Grievance Process."

The Warden or designee shall notify the affected offender in writing of the decision to unfreeze his/her Trust Fund account.

A Facility Directive shall be developed by each facility to ensure that withholding of funds from an offender's Inmate Trust Fund are in accordance with this policy and administrative procedure.

XVI. INVESTMENT OF EXCESS INMATE TRUST FUNDS:

Each facility Business Office shall determine the average weekly draw against the Inmate Trust Fund account. Funds on deposit in the Inmate Trust Fund account in excess of daily withdrawal needs may be invested in Federally Insured Banks or Savings and Loan Institutions by the Business Administrator. These excess funds may be placed in savings accounts, certificates of deposits (CDs), or government securities. It shall be the Business Administrator's responsibility to obtain the highest rate of interest available from these financial institutions.
