GMIS SOFTWARE STANDARD
Policy Number: Project Office 07-01

Issue Date: re-issued formerly ITP 00-2
Effective Date: Immediate

1. Purpose

   Define the software standard for all Human Resources and Financial Management Systems in the Enterprise.

2. Revision History

Revision Date	Revision Number	Change Made	Reviser
03/30/2007	01		P.Nulty
07/02/2007	02	General Revisions	R. Bauchle
03/10/2017	03	General Revisions	D. Dorsey

3. Persons, Groups, Systems Affected

   All agencies within the Executive Branch of Indiana State Government

4. Policy

   The Indiana Office of Technology hereby establishes PeopleSoft as the sole standard for all Human Resources and Financial Management systems and shall refer to all such implementations as "Government Management Information Systems (GMIS)." State agencies developing new or significantly enhanced applications to address these functional areas will use GMIS. The Human Resource and Financial application functional areas covered under this policy can be found in the IOT Service Catalog. The PeopleSoft Enterprise Steering Committee (PSESC) in conjunction with the Indiana Office of Technology must approve any deviations from this policy.

   Statutory Authority: IC 4-13.1

5. Responsibilities

   5.1. Agency is responsible for requesting deviations from standard if needed.
   5.2. The PSESC in conjunction with the Indiana Office of Technology is responsible for reviewing all requests for deviations and maintaining the GMIS system.

6. Procedures

   Request to deviate from services or software provided through GMIS must be submitted through the Project Success Center.
