Good afternoon IPAC!

I just wanted to send you all a final remember about the IPAC Meeting on Friday, May 18th, 2018, at 10 AM. The meeting will be both online and in-person at ISDH. We are focusing on childhood injuries and mortality mostly.

If you are driving to see in person, we will be in Rice Auditorium (the basement of ISDH, 2 North Meridian Street, Indianapolis, IN 46204). Please check in the front desk and you will receive a guest badge. You can take the stairs in the lobby straight down to the auditorium.

Parking can be found anywhere downtown that you can find that's public! Circle Center Mall is a close option, but there are other parking garages\lots in the area that are nearby.

My cell is 317-232-3121 if you need anything urgently that day.

Thanks for keeping our Hoosiers safe!!!

Preston Harness (PHarness@isdh.IN.gov)

Here is the final agenda so far:

IPAC Meeting Agenda

In-Person AND Live Webcast!

Childhood Injuries and Mortality Focus Area May 18th, 10 AM-12 PM:

Video Conferencing Web Address: http://videocenter.isdh.in.gov/videos/

Click on the "Live Videos" link at the top of the webpage. Click on the link to today's webcast.

During the webcast, please submit your questions to: indianatrauma@isdh.in.gov

1. **Welcome, introduction, and updates.**
2. **Dawn Smith, MS, Indiana State Department of Health, Trauma and Injury Prevention Associate:**
   1. Interpersonal Violence Prevention Repository: The Interpersonal Violence Evidence Based Repository for Health Care Facilities was developed in order to provide a quick reference tool for health care facilities on evidence-based prevention and screening programs and tools that are available locally and nationally. A major aspect of the repository is the listing of the evidence-based programs with available evaluations in order to provide information for health care facilities on the effectiveness of the programs and how the programs were evaluated. The evaluation information can assist health care sites in determining what programs best fit for their health care facility.
3. **Jeremy Funk, MPH, Indiana State Department of Health, Trauma and Injury Epidemiologist:**

1. Traumatic Brain Injuries (TBI) Among Hoosiers: Defining the statewide TBI trends, a description of how the CDC and ISDH capture & analyze mortality and morbidity data and a review of the various resources available to the public.

4. **Charnel Forbes, Indiana State Department of Health, MCH MOMS Helpline, Helpline Follow-up Coordinator/Lead Community Outreach Liaison:**
   1. The presentation provides an overview of the MOMS Helpline and the LIV Pregnancy Mobile Application and what the program and mobile app provides to help improve the health of children, infants, and mothers.

5. **Karl Nichols & Kelli Brien, Community Wellness Partners:**
   1. Speak Life: Here to Stay Initiative: Speak Life is the only doula led, peer-supported, culturally relevant program in the State. Over 150 families have been supported to date in Northern Indiana. Creating a model to cross-train doulas as community health workers to assists the whole family in the social determinants of health spectrum. The project is serving African-American and Hispanic/Latina moms aged 13-35 throughout 12 counties in Indiana.

6. **Tiffany Egan-Rojas, MPH. Injury Prevention Coordinator, Riley Hospital for Children, Injury Prevention & Trauma Services Department:**
   1. Injury Prevention for Your Baby: Developing & evaluating an injury prevention pilot program for a target population of substance-abusing mothers

7. **Terri Bogue MSN, RN, PCNS-BC and Robert Bogue BS, Thor Projects LLC:**
   1. "Don't Get Sucked In, Maintaining Professional Boundaries": Presentation will cover how to not get "sucked into the story", provide great care, and protect yourself.
   2. "Kin to Kid Child Safety Cards": Using child safety cards to support communication and safety education in a fun way.

8. **Preston Harness, MPH, CPST. Injury Prevention Program Coordinator, Indiana State Department of Health:**
   1. ISDH Updates on Child Passenger Safety.

9. **Closing Remarks & Updates**
