State Health Commissioner

DATE: July 21, 2014

TO: All Local Health Departments  
Attn: Chief Food Inspection Officer

FROM:   
Laurie Kidwell, RRT Supervisor  
Food Protection Program

SUBJECT: Wawona Packing Company - RECALL [Food]

AFFECTED  
PRODUCT: Whole peaches (white and yellow), nectarines (white and yellow), plums and pluots

SUMMARY: Unclassified Recall; This recall has been initiated due to the potential of the products being contaminated with Listeria monocytogenes.

Certain lots of whole peaches (white and yellow), nectarines (white and yellow), plums and pluots packed between June 1, 2014 through July 12, 2014. For the List of Wawona Packing Recalls Product List go to:  
<http://www.fda.gov/downloads/Safety/Recalls/UCM405955.pdf>

SUGGESTED  
ACTION: Recommend notification of affected parties via phone, fax, or e-mail. Anyone who has the recalled products in their possession should not consume them and should discard them. Consumers with questions may contact Wawona Packing at 1-888-232-9912, M-F, 8am-5pm ET , or visit [www.wawonapacking.com](http://www.wawonapacking.com) for a copy of this press release. Furthermore, if any recalled products are found, notify this office at 317-233-8475.

**FOR IMMEDIATE RELEASE** - July 19, 2014 - Wawona Packing Company of Cutler, Calif is voluntarily recalling certain lots of whole peaches (white and yellow), nectarines (white and yellow), plums and pluots packed between June 1, 2014 through July 12, 2014 due to the potential of the products being contaminated with *Listeria monocytogenes*. Wawona Packing has notified retailers of the specific lots being recalled. No other products are impacted by this recall. No illnesses have been linked to this recall to date.

*Listeria monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, Listeria infection can cause miscarriages and stillbirths among pregnant women.

The recalled products were shipped directly to retailers and wholesalers who resell the products. Because we do not know the locations of the companies that purchased the products from our direct customers, the company is issuing a nationwide recall. **Consumers** can identify the recalled products by the information provided in the attached list and photographs. Anyone who has the recalled products in their possession should not consume them and should discard them. Consumers with questions may contact Wawona Packing at 1-888-232-9912, M-F, 8am-5pm ET, or visit [www.wawonapacking.com](http://www.wawonapacking.com) for a copy of this press release.

Wawona Packing has already notified its business customers and requested that they remove the recalled products from commerce. Wawona Packing is voluntarily recalling these products in consultation with the U.S. Food and Drug Administration

The recall was initiated based on internal company testing. The company shut down the implicated packing lines, retrofitted equipment, sanitized the facility and retested. Subsequent daily test results have been negative.

"We are aware of no illnesses related to the consumption of these products" said Brent Smittcamp, President of Wawona Packing Co. " By taking the precautionary step of recalling product, we will minimize even the slightest risk to public health, and that is our priority."
