

The Indiana State Department of Health would like to inform you of a change in the way you will be required to file death certificates. As of **January 1, 2011**, the Indiana Death Registration System (IDRS) must be utilized for submitting all death certificates. This system allows vital statistics events to be submitted electronically to the Indiana State Department of Health (ISDH) in a more secure and efficient manner. Indiana Code section 16-37-1-3.1 codified these required changes.

Violations

Sec 13 (a) Except as otherwise provided, a person who recklessly violates or fails to comply with this chapter commits a Class B misdemeanor.

(b) Each day a violation constitutes a separate offense.
