

# Dealer Owner – all other license types

Please use the below guide to determine who is a dealer owner or dealer manager for your organization.

If a dealer owner is a business entity, this same guide can be used to determine who from that business entity needs to be disclosed and pass a background check.

## Corporation

---

- Each officer, director, and shareholder having a 10% or greater ownership interest
- If no one has a 10% or greater ownership interest, one (1) or more officers, directors, or shareholders designated in writing by the board of directors

## LLC

---

- Each member of the company

## Partnership

---

- Each partner

## Sole Proprietorship

---

- The proprietor

## Dealer Manager

---

- works at the dealership's physical location;
- responsible for and in charge of the day to day operations; and
- responsible for management, direction, and control of the dealership.
