State of Indiana Re-order Form for Collection Kits/CCF

9-2019

Most collection sites in the eScheduling system will not require the employee/applicant to bring a kit or CCF in with them because the site will generate a form electronically. Testing kits and CCFs are only needed for the small number of sites that are not capable of generating a form electronically. The eScheduling system will indicate whether you need to use a kit/CCF or not.

Please choose one: DOT non-DOT
