

Free to choose

Freedom Pass

Now you have more freedom to choose frames that match your style and personality—with a special offer from Target Optical® and participating Sears® Optical locations.

For \$0 out-of-pocket expense, get any available frame, any brand—no matter the original retail price point. You're free to choose any frame in the store at no additional cost to you.

For example, if you purchase a frame that retails for \$180, your out-of-pocket cost is still \$0—even if your vision plan has a \$130 frame allowance. That's up to a \$50 value! Plus, you get extra savings on lenses through your Blue View Vision benefits to complete your look.
