

Kumon Math and Reading Center

5660 Caito Drive #100

Indianapolis, In 46226

Located just West of Lawrence Central High School

**offer good at this Location only*

State Employees will receive free student assessment and testing and their registration fee FREE. This is a \$50 savings. After that a fee of \$100 per student per subject per month is charged. No long term contracts.

The greatest gift you can give your child is confidence. Nothing gives a child more confidence in school than a solid command of the basics: the fundamental building blocks of math and reading. Kumon is an after school learning program designed to help children master those basics and study math and reading above their grade level. Classes are taught twice a week and there is 15 minutes of homework each night. We remediate and accelerate.

Hours M-F 10am-9pm

Saturday Evaluation by appointment
